

LOUISIANA DEPARTMENT OF INSURANCE

JAMES J. DONELON
COMMISSIONER

March 25, 2009

NOTICE OF POSSIBLE RELEASE OF CONFIDENTIAL, PRIVILEGED OR PROPRIETARY INFORMATION

The Louisiana Department of Insurance (DOI) is subject to periodic audit by the Louisiana Legislative Auditor (LLA). Under applicable state law, the LLA is responsible to audit all state agencies, and the audit is conducted according to, among other standards, the Government Auditing Standards (also referred to as the Yellow Book). See, in general, LSA-R.S. 24:513 et. seq. The standards are issued by the Comptroller General of the United States of the U.S. Government Accountability Office and apply to audits of governmental entities, programs, activities, and functions, and of governmental assistance administered by contractors, not-for-profit organizations, and other nongovernmental entities when required by statute or other mandates or when auditors hold themselves out as following those standards. The standards contain requirements and guidance for financial audits, attestation engagements, and performance audits.

The DOI periodically receives information from regulated entities that the DOI considers to be confidential, privileged, and proprietary information of such entities. In some cases, the DOI has formal third party confidentiality agreements ("TPCAs") with such entities which prevent the DOI from disclosing this information. The DOI believes that your company is or may be a party to one or more TPCAs with the DOI or may have submitted or may submit in the future information which you consider to be confidential, privileged, and proprietary. During its periodic audits, the LLA may request that the DOI provide to the LLA information that may arguably be covered under the terms of a TPCA signed by the DOI and your company or that may otherwise be considered to be confidential, privileged, and proprietary. You should also be aware that Louisiana law applicable to the LLA generally provides that all information obtained by the LLA for audit purposes is to be maintained as confidential except to the extent that it is deemed material to the purposes of the audit and incorporated in the audit findings.

This letter is notice from the DOI that, pursuant to any request of the LLA and applicable Louisiana law, the DOI may be required to release to the LLA information your company provided under the terms of one or more TPCAs or that may otherwise be considered to be confidential, privileged, and proprietary. This notice letter will serve to advise you that confidential, privileged and proprietary information may be released by the DOI to the LLA without further notice from the DOI. If for any reason you object to such release, you should take any action you deem appropriate by April 15, 2009. Please note that you will not receive any other notice from the DOI regarding this matter.

If you have any questions, please contact either Barry E. Ward or Arlene D. Knighten at (225) 342-4673.

Very truly yours,

James J. Donelon,
Commissioner of Insurance
Louisiana Department of Insurance

Barry E. Ward
Chief Attorney
