REQUEST FOR PROPOSAL FOR

Network and Information Technology Infrastructure Support
Maintenance and Staff Augmentation

PART I: ADMINISTRATIVE AND GENERAL INFORMATION

1.1 Purpose
The purpose of this Request for Proposal (RFP) is to obtain competitive proposals from qualified Proposers who are interested in providing the LDI with information systems maintenance and service support for existing computer information system hardware and software.

1.2 Background
The Louisiana Department of Insurance (herein referred to as LDI) runs a 24x7 server based network system to serve the citizens of the State and the LDI’s regulated entities. In an effort to provide these services on a continuous basis, LDI has developed redundant server farms located at the Poydras Building and The Department of Public Safety Computer Operation Center, as well as a special disaster site located at England Air Force Base in Alexandria. The Contractor will aid LDI and its IT staff in the administration, maintenance, and implementation of new infrastructure, servers, network appliances, and desktop systems for LDI.

LDI’s operations have increased in the past decade while the IT staff size has decreased, and more contracted services are managed by LDI IT staff than in the past. New and emerging technologies are implemented by IT staff and Contractors on a monthly basis to meet the ever-growing internal demands of network resources by LDI staff and external IT infrastructure for the citizens and regulated entities. LDI is proud of past achievements but realizes that the progress cannot continue if appropriate IT resources are not available to the Department through the use of staff augmentation.

1.3 Goals and Objectives
The LDI desires to receive information systems maintenance and service support for existing network infrastructure, switches, routers, servers, storage area networks, desktops, help desk, and other systems and appliances that form the LDI information system infrastructure.

The Contractor will provide 24-hour maintenance and service support seven days a week during the contract period. Response time for maintenance and service support shall be one hour or less.

The Contractor will provide staff for a minimum of 364 hours per month, including onsite support staff Monday through Friday between the hours of 8:00 A.M. and 5:30 P.M., except for office closures during LDI business hours.

ATTACHMENT IV: ELECTRONIC VENDOR PAYMENT SOLUTION

In an effort to increase efficiencies and effectiveness as well as be strategic in utilizing technology and resources for the State and Contractor, the State intends to make all payments to Contractors electronically. The LaCarte Procurement Card will be used for purchases of $5,000 and under, and where feasible, over $5,000. Contractors will have a choice of receiving electronic payment for all other payments by selecting the Electronic Vendor Payment solution (EVP) or Electronic Funds Transfer (EFT). If you receive an award and do not currently accept the LaCarte card or EVP or have not already enrolled in EFT, you will be asked to comply with this request by choosing either the LaCarte Procurement Card and/or **ONLY** one (1) of the following options: EVP or EFT. You may indicate your acceptance below.

The **LaCarte** Procurement Card uses a Visa card platform. Contractors receive payment from state agencies using the card in the same manner as other Visa card purchases. Contractors cannot process payment transactions through the credit card clearinghouse until the purchased products have been shipped or received or the services performed.

For all statewide and agency term contracts:
- Under the LaCarte program, purchase orders are not necessary. Orders must be placed against the net discounted products of the contract. All contract terms and conditions apply to purchases made with LaCarte.
- If a purchase order is not used, the Contractor must keep on file a record of all LaCarte purchases issued against this contract during the contract period. The file must contain the particular item number, quantity, line total and order total. Records of these purchases must be provided to the Office of State Purchasing on request.

**EVP** method converts check payments to a Visa credit card thereby streamlining payments to your organization. Participants receive a credit card account number with unique security features. This card will have $0 available funds until an invoice is approved for payment. As payments are approved, electronic remittance notifications are sent via email along with approval to charge the card for that amount. EVP requires no change to current invoice procedures; it is secure, and does not require your bank information. Charges may apply.

**EFT** payments are sent from the State’s bank directly to the payee’s bank each weekday. The only requirement is that you have an active checking or savings account at a financial institution that can accept Automated Clearing House (ACH) credit files and remittance information electronically. Additional information is available at: [http://www.doa.la.gov/OSRAP/EFTforWebsite.pdf](http://www.doa.la.gov/OSRAP/EFTforWebsite.pdf).

To facilitate this payment process, you will need to complete and return both EFT enrollment forms found at: [http://www.doa.la.gov/Pages/osrap/Forms/Forms.aspx](http://www.doa.la.gov/Pages/osrap/Forms/Forms.aspx) and [http://www.doa.la.gov/OSRAP/EFTforWebsite.pdf](http://www.doa.la.gov/OSRAP/EFTforWebsite.pdf).

If an award is made to your company, please check which option you will accept or indicate if you are already enrolled.

Unless
otherwise specifically enumerated herein or in the work order mutually agreed between the parties, neither party shall be liable to the other for special, indirect or consequential damages, including lost data or records (unless the Contractor is required to back-up the data or records as part of the work plan), even if the party has been advised of the possibility of such damages. Neither party shall be liable for lost profits, lost revenue or lost institutional operating savings.

Conversely, as required, the Contractor must accept and be able to process electronic documents and files created by the State's current desktop applications as described in Attachment II.

4.0 ACCEPTANCE OF DELIVERABLES

Contract deliverables will be submitted, reviewed, and accepted according to the following procedure:

A. General. Except where this Contract provides different criteria, work will be accepted if it has been performed in accordance with the applicable specifications for the Contractor's work in the
Statement of Work, the Request for Proposals, the Contractor’s Proposal, and/or as subsequently modified in State-approved design documents developed within this Project, and in the accepted final documentation.

B. **Submittal and Initial Review.** Upon written notification by the Contractor that a Deliverable is completed and available for review and acceptance, the State Project Director will use his/her best efforts to review the Deliverable within five (5) business days after the Deliverable is presented to the State Project Director, but in no event later than ten (10) business days after the Deliverable is presented to the State Project Director. Within the applicable period, the State Project Director will direct the appropriate review process, coordinate any review outside the Project team, and present results to any user committees and/or Steering Committee for approval, as needed. The initial review process will be comprehensive with a view toward identifying all items which must be modified or added to enable a Deliverable to be approved. A failure to deliver all or any essential part of a Deliverable shall be cause for non-acceptance.

C. **Notification of Acceptance or Rejection.** If no notification is delivered to the Contractor within the applicable period, the Deliverable will be considered approved. If the State disapproves a Deliverable, the State will notify the Contractor in writing of such disapproval, and will specify those items which, if modified or added, will cause the Deliverable to be approved.

D. **Resubmitting Corrected Deliverables.** With respect to such Deliverables, the Contractor will resubmit the Deliverable with requested modifications and the State Project Director will review such modifications within five (5) business days. If no notification is delivered to the Contractor within those five (5) business days, the Deliverable is considered approved. If the State disapproves that Deliverable, the State will notify the Contractor in writing of any additional deficiencies which result from such modifications, and the Contractor will resubmit the Deliverable with the requested modifications. The parties agree to repeat this process as required until all such identified deficiencies are corrected or a determination of breach or default is made. The payment by the State for each activity is contingent upon correction of all such deficiencies and acceptance by the State.

E. **Payment of Retainage Based on Acceptance.** Final payment of any retainage will be contingent on completion and acceptance of all contract deliverables.

**5.0 COMPENSATION AND MAXIMUM AMOUNT OF CONTRACT**

In consideration of the services required by this contract, the State hereby agrees to pay to Contractor a maximum fee of $ . The Contractor will comply with the Division of Administration State General Travel Regulations, as set forth in Division of Administration Policy and Procedure Memorandum No. 49. Payment will be made only on approval of ________________________________ (Name of Designee).

(There are many payment terms that can be negotiated with the Contractor. Below are examples of some that are used. Any one or combination of these is acceptable as long as payment is tied to the Acceptance of the Deliverables. The terms used are illustrative only)
Example A. Payment by Task.

The Contract resulting from this Request for Proposal shall be compensated on a firm fixed price basis with progress payments upon completion of all deliverables within a series of tasks. Certain tasks have been identified as payment tasks (see below).

Payments, less retainage, will be made upon successful completion and after review and written approval by the State of the tasks and deliverables. All completed work and deliverables shall be in conformity with the Request for Proposal specifications and commonly accepted industry standards.

Payment Schedule

The State has identified certain tasks as payment tasks. Payment tasks are those which represent the completion of major milestones of the project. Payment tasks are as follows:

$000.00 Task 4 Verify Functional Requirements
$000.00 Task 5 Develop Detailed Design for Modified WIS System
$000.00 Task 7 WIS System Modifications and Testing
$000.00 Task 9 Develop System Documentation
$000.00 Task 12 Conduct Pilot Test
$000.00 Task 14 Statewide Implementation

Payments are predicated upon successful completion and written approval by the State of the described tasks and deliverables as provided in the Acceptance of Deliverables Section 4.0. Payments will be made to the Contractor after written acceptance by the State of the payment task and receipt of an invoice. The State will make every reasonable effort to make payments within 25 work days of the receipt of invoice.

The amount of the payment will be determined in the following manner.

- Tasks specified as non-payment tasks will accumulate forward to the next payment task. For example, the first payment task is Task 4. Upon completion of Task 4, the Contractor will be paid for all allowable charges incurred up through Task 4, less retainage.
- The allowable payment amount will be multiplied by 90 percent, giving the amount which will be remitted to the Contractor. Ten percent of the allowable milestone payment will be
retained until written acceptance is provided by the State of all deliverables listed in the contract.

- Upon written State acceptance of the system's successful implementation, one-half of the retained funds will be paid to the Contractor.

- The remaining retained funds will be paid to the Contractor upon State acceptance of the system following the warranty/maintenance period.

- No interest on retained funds shall accrue to the Contractor.

**Prohibition Against Advance Payments.** No compensation or payment of any nature will be made in advance of services actually performed and/or supplies furnished.

**Example B. Payment by Percentage of Completion**

Payment for the development of the Project will be based on completion of project milestones by Contractor and accepted as per Section 4.0. Each Project milestone has been assigned a percentage. This percentage will be used to determine the portion of Contractor's fee for developing the Project that shall be paid upon successful completion and acceptance of deliverables resulting from the Project milestone as provided in Section 4.0. The project milestones and payment percentages are listed below:

**Project Milestone Percentage:**

- **10%** - Project Schedule showing start and end dates for key project milestones accepted by the State, and conclusion of initial project meeting where objectives and time tables are agreed to by the State and the Contractor.

- **40%** - Applications and analysis completed.

- **30%** - Testing procedures accepted by the State and training of State personnel.

- **20%** - Final plan accepted by the State.

**6.0 TERMINATION**

**6.1 TERMINATION FOR CAUSE**

The State may terminate this Contract for cause based upon the failure of the Contractor to comply with the terms and/or conditions of the Contract; provided that the State shall give the
Contractor written notice specifying the Contractor's failure. If within thirty (30) days after receipt of such notice, the Contractor shall not have either corrected such failure or, in the case of failure which cannot be corrected in thirty (30) days, begun in good faith to correct said failure and thereafter proceeded diligently to complete such correction, then the State may, at its option, place the Contractor in default and the Contract shall terminate on the date specified in such notice. Contractor may exercise any rights available to it under Louisiana law to terminate for cause upon the failure of the State to comply with the terms and conditions of this contract; provided that the Contractor shall give the State written notice specifying the State's failure and a reasonable opportunity for the State to cure the defect.

6.2 TERMINATION FOR CONVENIENCE

The State may terminate the Contract at any time without penalty by giving thirty (30) days written notice to the Contractor of such termination or negotiating with the Contractor an effective date thereof. Contractor shall be entitled to payment for deliverables in progress, to the extent work has been performed satisfactorily.

7.0 REMEDIES FOR DEFAULT

Any claim or controversy arising out of the contract shall be resolved by the provisions of LSA - R.S. 39:1672.2-1672.4.

8.0 TERMINATION FOR NON-APPROPRIATION OF FUNDS

The continuation of this contract is contingent upon the appropriation of funds by the legislature to fulfill the requirements of the contract by the legislature. If the legislature fails to appropriate sufficient monies to provide for the continuation of the contract, or if such appropriation is reduced by the veto of the Governor or by any means provided in the appropriations act of Title 39 of the Louisiana Revised Statutes of 1950 to prevent the total appropriation for the year from exceeding revenues for that year, or for any other lawful purpose, and the effect of such reduction is to provide insufficient monies for the continuation of the contract, the contract shall terminate on the date of the beginning of the first fiscal year for which funds have not been appropriated.

9.0 OWNERSHIP OF PRODUCT

Upon completion of this contract, or if terminated earlier, all software, data files, documentation, records, worksheets, or any other materials related to this contract shall become the property of State. All such software, records, worksheets, or materials shall be delivered to the State within thirty days of the completion or termination of this contract.
10.0 NONASSIGNABILITY

No Contractor shall assign any interest in this contract by assignment, transfer, or novation, without prior written consent of the State. This provision shall not be construed to prohibit the contractor from assigning his bank, trust company, or other financial institution any money due or to become due from approved contracts without such prior written consent. Notice of any such assignment or transfer shall be furnished promptly to the State.

11.0 RIGHT TO AUDIT

The State Legislative Auditor, agency, and/or federal auditors and internal auditors of the Division of Administration shall have the option to audit all accounts directly pertaining to the contract for a period of five (5) years from the date of the last payment made under this contract. Records shall be made available during normal working hours for this purpose.

12.0 RECORD RETENTION

Contractor agrees to retain all books, records, and other documents relevant to this contract and the funds expended hereunder for at least three years after final payment, or as required by applicable Federal law, if Federal funds are used to fund this contract.

13.0 CONTRACT MODIFICATION

No amendment or variation of the terms of this contract shall be valid unless made in writing, signed by the parties and approved as required by law. No oral understanding or agreement not incorporated in the contract shall be binding on any of the parties.

14.0 FUND USE

Contractor agrees not to use funds received for services rendered under this Contract to urge any elector to vote for or against any candidate or proposition on an election ballot nor shall such funds be used to lobby for or against any proposition or matter having the effect of law being considered by the Louisiana Legislature or any local governing authority. This provision shall not prevent the normal dissemination of factual information relative to a proposition on any election ballot or a proposition or matter having the effect of law being considered by the Louisiana Legislature or any local governing authority.
15.0 NON-DISCRIMINATION

Contractor agrees to abide by the requirements of the following as applicable: Title VI of the Civil Rights Act of 1964 and Title VII of the Civil Rights Act of 1964, as amended by the Equal Employment Opportunity Act of 1972, Federal Executive Order 11246 as amended, the Rehabilitation Act of 1973, as amended, the Vietnam Era Veteran's Readjustment Assistance Act of 1974, Title IX of the Education Amendments of 1972, the Age Discrimination Act of 1975, the Fair Housing Act of 1968 as amended, and Contractor agrees to abide by the requirements of the Americans with Disabilities Act of 1990.

Contractor agrees not to discriminate in its employment practices, and will render services under this contract without regard to race, color, religion, sex, national origin, veteran status, political affiliation or disabilities. Any act of discrimination committed by Contractor, or failure to comply with these obligations when applicable shall be grounds for termination of this contract.

16.0 HEADINGS

Descriptive headings in this contract are for convenience only and shall not affect the construction or meaning of contractual language.

17.0 SUBCONTRACTORS

The Contractor may, with prior written permission from the State, enter into subcontracts with third parties for the performance of any part of the Contractor's duties and obligations. In no event shall the existence of a subcontract operate to release or reduce the liability of the Contractor to the State and/or State Agency for any breach in the performance of the Contractor's duties. The contractor will be the single point of contact for all subcontractor work.

18.0 GOVERNING LAW

This contract shall be governed by and interpreted in accordance with the laws of the State of Louisiana. Venue of any action brought with regard to this contract shall be in the Nineteenth Judicial District Court, parish of East Baton Rouge, State of Louisiana.

19.0 CODE OF ETHICS

The contractor acknowledges that Chapter 15 of Title 42 of the Louisiana Revised Statutes (R.S. 42:1101 et. seq., Code of Governmental Ethics) applies to the Contracting Party in the performance of services called for in this contract. The contractor agrees to immediately notify the state if potential violations of the Code of Governmental Ethics arise at any time during the term of this contract.
20.0 SEVERABILITY

If any term or condition of this Contract or the application thereof is held invalid, such invalidity shall not affect other terms, conditions, or applications which can be given effect without the invalid term, condition, or application; to this end, the terms and conditions of this contract are declared severable.

21.0 ENTIRE AGREEMENT AND ORDER OF PRECEDENCE

This contract, (together with the Request for Proposals and addenda issued thereto by the State, the proposal submitted by the Contractor in response to the State's Request for Proposals, and any exhibits specifically incorporated herein by reference) constitutes the entire agreement between the parties with respect to the subject matter.
