§ 1028.1. Required coverage for breast and ovarian cancer susceptibility screening

A. The legislature hereby finds that a woman's lifetime risk of developing breast or ovarian cancer is greatly increased if she inherits a harmful mutation in the BRCA1 or BRCA2 genes. Testing for the presence of BRCA1 or BRCA2 gene mutations may allow for interventions to reduce the risk for cancer or cancer-related death in women who are BRCA mutation carriers.

B. (1) Any health coverage plan delivered or issued for delivery in this state shall include coverage for the cost of the genetic testing of the BRCA1 and

BRCA2 genes to detect an increased risk for breast and ovarian cancer when recommended by a healthcare provider in accordance with the United States Preventive Services Task Force recommendations for testing.

(2) The coverage provided in this Section may be subject to annual deductibles, coinsurance, and copayment provisions as are consistent with those established under the health coverage plan.

C. For purposes of this Section, "health coverage plan" means any hospital, health, or medical expense insurance policy, hospital or medical service contract, employee welfare benefit plan, contract, or other agreement with a health maintenance organization or a preferred provider organization, health and accident insurance policy, or any other insurance contract of this type in this state, including a group insurance plan, a self-insurance plan, and the Office of Group Benefits programs. "Health coverage plan" shall not include a plan providing coverage for excepted benefits as defined in R.S. 22:1061, limited benefit health insurance plans, and short-term policies that have a term of less than twelve months.

§ 1028.2. Required coverage for diagnostic imaging

A. (1) Any health coverage plan delivered or issued for delivery in this state shall include coverage for diagnostic imaging at the same level of coverage provided for the minimum mammography examination pursuant to R.S. 22:1028.

(2) The health coverage plan may require a referral by the treating physician based on medical necessity for the diagnostic imaging to be eligible for the coverage required pursuant to Paragraph (1) of this Subsection.

(3) Any coverage required pursuant to the provisions of this Section shall not be subject to any policy or health coverage plan deductible amount.

B. For purposes of this Section:

(1) "Diagnostic imaging" means a diagnostic mammogram or breast ultrasound screening for breast cancer designed to evaluate an abnormality in the breast that is any of the following:

(a) Seen or suspected from a screening examination for breast cancer.

(b) Detected by another means of examination.

(c) Suspected based on the medical history or family medical history of the individual.

(2) "Health coverage plan" means any hospital, health, or medical expense insurance policy, hospital or medical service contract, employee welfare benefit plan, contract, or other agreement with a health maintenance organization or a preferred provider organization, health and accident insurance policy, or any other insurance contract of this type in this state, including a group insurance plan, a self-insurance plan, and the Office of Group Benefits programs. C. Any provision in a health insurance policy, benefit program, or health coverage plan delivered, renewed, issued for delivery, or otherwise contracted for in this state which is contrary to the provisions of this Section shall, to the extent of the conflict, be void.

Added by Acts 2019, No. 119, § 1, eff. Jan. 1, 2021.

§ 1028.3. Required coverage for genetic testing for cancer

A. The legislature hereby finds that cancer is a leading cause of death in this state. Medical advances in genetic testing for various types of cancer including but not limited to breast, ovarian, colon, thyroid, prostate, pancreatic, lung, melanoma, sarcoma, kidney, and stomach cancers greatly assist in estimating the chance of developing cancer in an individual's lifetime. Genetic testing can help predict the risk of a particular cancer and assist in determining if a patient has genes that may pass increased cancer risks to their children.

B. (1) Any health coverage plan renewed, delivered, or issued for delivery in this state shall include coverage for genetic or molecular testing for cancer including but not limited to tumor mutation testing, next generation sequencing, hereditary germline mutation testing, pharmacogenomic testing, whole exome and genome sequencing, and biomarker testing.

(2) The coverage provided in this Section may be subject to annual deductibles, coinsurance, and copayment provisions as are consistent with those established

under the health plan. The biomarker test shall be covered for the purposes of diagnosis, treatment, appropriate management, or ongoing monitoring of an individual's disease or condition when the test is supported by medical and scientific evidence, including any one of the following:

(a) Labeled indications for diagnostic tests to direct treatment decisions that are approved or cleared by the United States Food and Drug Administration or indicated diagnostics tests for a drug that is approved by the United States Food and Drug Administration.

(b) Centers for Medicare and Medicaid Services National Coverage Determinations or Medicare Administrative Contractor Local Coverage Determinations.

(c) Nationally recognized consensus statements and clinical practice guidelines such as but not limited to those of the National Comprehensive Cancer Network or the American Society of Clinical Oncology.

C. For purposes of this Section, "health coverage plan" means any hospital, health, or medical expense insurance policy, hospital or medical service contract, employee welfare benefit plan, contract, or other agreement with a health maintenance organization or a preferred provider organization, health and accident insurance policy, or any other insurance contract of this type in this state, including a group insurance plan or self-insurance plan. "Health coverage plan" does not include a plan providing coverage for excepted benefits defined in R.S. 22:1061, limited benefit health insurance plans, short-term policies that have a term of less than twelve months, nor any plan offered through the office of group benefits.

D. As used in this Section, the following definitions apply unless the context indicates otherwise:

(1) "Biomarker" means a characteristic that is objectively measured and evaluated as an indicator of normal biological processes, pathogenic processes, or pharmacologic responses to a specific therapeutic intervention. Biomarkers include but are not limited to gene mutations or protein expression.

(2) "Biomarker testing" means the analysis of a patient's tissue, blood, or fluid biospecimen for the presences of a biomarker. Biomarker testing includes but is not limited to single-analyte tests, multi-plex panel tests, and partial or whole genome, whole exome, and whole transcriptome sequencing.

(3) "Consensus statements" means statements developed by an independent, multidisciplinary panel of experts utilizing a transparent methodology and reporting structure and with a conflict-of-interest policy. Such statements are aimed at specific clinical circumstances and based on the best available evidence for the purpose of optimizing the outcomes of clinical care.

(4) "Nationally recognized clinical practice guidelines" means evidence-based clinical guidelines developed by independent organizations or medical professional societies utilizing a transparent methodology and reporting structure and with a conflict-of-interest policy. Such guidelines establish standards of care informed by a systematic review of evidence and an assessment of the benefits and costs alternative care options and include recommendations intended to optimize patient care.

Added by Acts 2021, No. 43, § 1, eff. Jan. 1, 2022. Amended by Acts 2022, No. 412, § 1, eff. Jan. 1, 2023.

Application—Acts 2021, No. 43

Section 2 of Acts 2021, No. 43 provides:

"Section 2. This Act shall become effective on January 1, 2022, and shall apply to any health coverage plan as defined in this Act that is renewed, delivered, or issued for delivery, in this state on or after January 1, 2022."

§ 1028.4. Required coverage for genetic testing for critically ill infants

A. The legislature hereby finds that employing the most comprehensive diagnostic testing available using advanced molecular techniques including but not limited to traditional whole genome sequencing, rapid whole genome sequencing, and other genetic and genomic screening for critically ill infants who are receiving care in intensive care units who have an unexplained rare disease is yielding life-changing outcomes for critically ill infants.

B. If ordered by the provider, rapid whole genome sequencing testing shall be covered by all plans in this state. With rapid whole genome sequencing, physicians have been able to identify the exact cause of rare genetic diseases in an average of three days, instead of the standard four to six weeks that genetic testing offers and allows physicians to deliver timely treatment tailored to the infant's specific condition. Rapid whole genome sequencing empowers parents to join physicians in making informed care decisions, has resulted in avoiding other costly procedures like tracheotomies or gastric tube insertions, and has led to fewer days in the hospital.

C. (1) Every health coverage plan renewed, delivered, or issued for delivery in this state shall include coverage for advanced molecular techniques including but not limited to traditional whole genome sequencing, rapid whole genome sequencing, and other genetic and genomic screening that includes individual sequencing, trio sequencing for a parent or parents of the infant, and ultra-rapid sequencing for an infant who is one year of age or younger, is receiving inpatient hospital services in an intensive care unit or in a pediatric care unit, and has a complex illness of unknown etiology.

(2) The coverage provided in this Section may be subject to annual deductibles, coinsurance, and copayment provisions as are consistent and established under the health coverage plan. The coverage provided pursuant to this Section may be subject to applicable evidence-based medical necessity criteria that shall be based on all of the following:

(a) The infant is suspected of having a rare genetic condition that is not diagnosable by a standard clinical work-up.

(b) The infant has symptoms that suggest a broad differential diagnosis that requires an evaluation by multiple genetic tests if advanced molecular techniques including but not limited to traditional whole genome sequencing, rapid whole genome sequencing, and other genetic and genomic screening are not performed.

(c) Timely identification of a molecular diagnosis is necessary to guide clinical decision-making, and the advanced molecular techniques including but not limited to traditional whole genome sequencing, rapid whole genome sequencing, and other genetic and genomic screening results may guide the treatment or management of the infant's condition.

(d) The infant has at least one of the following conditions:

(i) Multiple congenital anomalies.

(ii) Specific malformations highly suggestive of a genetic etiology.

(iii) Abnormal laboratory tests suggesting the presence of a genetic disease or complex metabolic phenotype like but not limited to an abnormal newborn screen, hyperammonemia, or lactic acidosis not due to poor perfusion.

(iv) Refractory or severe hypoglycemia.

(v) Abnormal response to therapy related to an underlying medical condition affecting vital organs or bodily systems.

(vi) Severe hypotonia.

(vii) Refractory seizures.

(viii) A high-risk stratification on evaluation for a brief resolved unexplained event with any of the following:

(aa) A recurrent event without respiratory infection.

(bb) A recurrent event witnessed seizure-like event.

(cc) A recurrent cardiopulmonary resuscitation.

(ix) Abnormal chemistry levels including but not limited to electrolytes, bicarbonate, lactic acid, venous blood gas, and glucose suggestive of inborn error of metabolism.

(x) Abnormal cardiac diagnostic testing results suggestive of possible channelopathies, arrhythmias, cardiomyopathies, myocarditis, or structural heart disease.

(xi) Family genetic history related to the infant's condition.

D. For purposes of this Section, "health coverage plan" means any hospital, health, or medical expense insurance policy, hospital or medical service contract, employee welfare benefit plan, contract, or other agreement with a health maintenance organization or a preferred provider organization, health and accident insurance policy, or any other insurance contract of this type in Louisiana, including group insurance plan, a self-insurance plan, and the office of group benefits programs. "Health coverage plan" does not include a plan providing coverage for excepted benefits defined in R.S. 22:1061, limited benefit health insurance plans, and short-term policies that have a term of

less than twelve months.

~~Date Effective~~—Acts 2022, No. 501

Sections 3 and 4 of Acts 2022, No. 501 provides:

"Section 3. The provisions of Section 1 of this Act shall become effective on January 1, 2023.

"Section 4. The provisions of this Section and Sections 2 and 3 of this Act shall become effective on August 1, 2022."

C. This Section shall not be construed to interfere with or diminish any protection already provided pursuant to collective bargaining agreements and employer-sponsored plans that are more favorable to the surviving spouses benefited thereby than the protection offered by this Section.

The terms and conditions set forth in this Section are intended as minimum requirements and shall not be construed to impose additional or different requirements upon those group hospital, surgical, or major medical plans already in force, or hereafter placed into effect, that provide continuation benefits equal to or better than those required in this Section.

C. Continuation shall be available under this Section only if the employee or member has been continuously insured under the group policy, or for similar

benefits under any other group policy that it replaced, during the period of three consecutive months immediately prior to the date of termination.

D. The employee or member shall not be required to pay the amount of the contribution less often than monthly. In order to be eligible for continuation of coverage, the employee or member shall make a written election of continuation, on a form provided by the group policyholder, and pay the first contribution, in advance, to the policyholder or employer no later than the end of the month following the month in which the event that made the employee or member eligible for coverage under this Section occurs. Such form shall be as prescribed in this Section. If the dependent is eligible due to divorce, the event shall be deemed to have occurred on the date of the judgment of divorce.

G. Continuation of insurance under the group policy for any person shall terminate on the earliest of the following dates:

You have been provided a list of specific services and benefits mandated to be covered under Louisiana law. This flexible health benefits policy, contract, or agreement may provide a more affordable health insurance policy, contract, or agreement for you. At the same time, it may provide you with fewer health benefits than those normally imposed on health insurance policies, contracts, or agreements in Louisiana. If you are considering this option, please consult with your insurance producer to learn the degree to which the flexible health benefits policy, contract, or agreement does not provide benefits equal to those policies, contracts, or agreements subject to state-mandated health benefits."

The co-payments shall not be greater than the co-payments that apply to other benefits under the plan. The repair and replacement of prosthetic devices also shall be covered subject to co-payments, coinsurance, and deductibles that are no more restrictive than the co-payments, coinsurance, and deductibles that apply to other benefits under the plan, unless necessitated by misuse or loss.

E. A health coverage plan shall include a requirement that prosthetic devices be provided by an accredited facility and a requirement that prosthetic services be prescribed by a licensed physician and provided by an accredited facility.

F. Coverage of prosthetic devices and prosthetic services may be made subject to but no more restrictive than the provisions of a health coverage plan that apply to other benefits under the plan.

(2) This Subsection does not prohibit a health benefit plan from providing coverage that is greater or more favorable to an insured than the requirements of this Subsection.

(3) An insured may choose a prosthetic device that is priced higher than the benefit payable under the health benefit plan and may pay the difference between the price of the device and the benefit payable, without financial or contractual penalty to the provider of the device.

C. As used in this Section, "health coverage plan" means any hospital, health, or medical expense insurance policy, hospital or medical service contract, employee welfare benefit plan, contract, or other agreement with a health maintenance organization or a preferred provider organization, health and accident insurance policy, or any other insurance contract of this type in this state, including a group insurance plan, a self-insurance plan, and the Office of Group Benefits programs.

§ 1053. Requirement for coverage of step therapy or fail first protocols

A. (1) Any health coverage plan specified in Subsection L of this Section which includes prescription benefits as part of its policy or contract, which utilizes step therapy or fail first protocols, and which is issued for delivery, delivered, renewed, or otherwise contracted for in this state shall comply with the provisions of this Section.

(2) The provisions of this Section shall not be construed to prohibit the substitution of an AB-rated generic equivalent or interchangeable biological product as designated by the federal Food and Drug Administration.

B. (1) Any step therapy or fail first protocol established by a health coverage plan shall consider clinical review criteria and clinical practice guidelines that are developed and endorsed by a multidisciplinary panel of experts who manage conflicts of interest among the members of writing and review groups by doing all of the following:

(a) Requiring members to disclose any potential conflicts of interest with health coverage plans or pharmaceutical manufacturers and to recuse themselves from voting if they have a conflict of interest.

(b) Using a methodologist to work with writing groups to provide objectivity in data analysis and ranking of evidence through the preparation of evidence tables and facilitating consensus.

(c) Offering opportunities for public review and comments.

(d) Creating an explicit and transparent decisionmaking process.

(j) Considering the needs of atypical patient populations and diagnoses when establishing clinical review criteria.

(k) Recommending that the prescription drugs be taken in the specific sequence required by the step therapy protocol.

(l)(i) Continuously reviewing new evidence, research, and newly developed treatments to update the clinical review criteria and clinical practice guidelines.

(ii) If clinical practice guidelines are not reasonably available, any step therapy or fail first protocol established by a health coverage plan shall consider peer-reviewed publications or expert guidance from independent experts, which may include practitioners with expertise applicable to the relevant health condition.

(2) This Subsection shall not be construed to require health coverage plans to establish a new entity to develop clinical review criteria used for step therapy or fail first protocols.

C. When medications for the treatment of any medical condition are restricted for use by any health coverage plan through a step therapy or fail first protocol, the prescribing practitioner shall have access to a clear and convenient process to expeditiously request an override of the restriction. The override process shall be made easily accessible on the health coverage plan's website. An override of the restriction shall be expeditiously granted by the health coverage plan if the prescribing practitioner, using sound clinical evidence, can demonstrate any of the following:

(1) The preferred treatment required under the step therapy or fail first protocol has been ineffective in the treatment of the patient's disease or medical condition. The prescribing practitioner shall demonstrate to the health coverage plan that the patient has tried the required prescription drug while under his current or a previous health insurance or health coverage plan, or another prescription drug in the same pharmacologic class or with the same mechanism of action, and the prescription drug was discontinued due to lack of efficacy or effectiveness, diminished effect, or an adverse event.

(2) The preferred treatment required under the step therapy or fail first protocol is reasonably expected to be ineffective based on the known relevant physical or mental characteristics and medical history of the patient and known characteristics of the drug regimen.

(3) The preferred treatment required under the step therapy or fail first protocol is contraindicated or will likely cause an adverse reaction or physical or mental harm to the patient.

(4) The patient is currently receiving a positive therapeutic outcome on a prescription drug for the medical condition under consideration if, while on his current health coverage plan or the immediately preceding health coverage plan, the patient received coverage for the prescription drug.

(5) The required prescription drug is not in the best interest of the patient based on medical necessity as evidenced by valid documentation submitted by the prescriber.

D. Approval of a step therapy or fail first protocol override request, when issued by a health coverage plan, shall include clear authorization of coverage for the prescription drug prescribed by the patient's prescribing practitioner, provided the drug is covered under the health coverage plan.

E. Denial of a step therapy or fail first protocol override request shall not be considered a final adverse determination and shall be eligible for an appeal of coverage determination pursuant to R.S. 22:2401.

F. A health coverage plan shall approve or deny a step therapy or fail first protocol override request within seventy-two hours of receipt. In cases where exigent circumstances exist, a health coverage plan shall approve or deny a step therapy or fail first protocol override request within twenty-four hours of receipt. If a health coverage plan fails to comply with the timelines provided for in this Subsection, the override request shall be considered approved.

G. In the case of a denial, the health coverage plan shall provide the patient and the prescribing practitioner with the reason for the denial, an alternative covered medication, if applicable, and information regarding the procedure for submitting an appeal to the denial.

H. In the case of an appeal, the practitioner or, if appropriate, other healthcare provider deciding the appeal shall consider atypical diagnoses and the needs of atypical patient populations.

I. The duration of any step therapy or fail first protocol shall not be longer than the customary period for the medication when the treatment is demonstrated by the prescribing practitioner to be clinically ineffective. When the health coverage plan can demonstrate, through sound clinical evidence, that the originally prescribed medication is likely to require more than the customary period for the medication to provide any relief or an amelioration to the patient, the step therapy or fail first protocol may be extended for an additional period of time no longer than the original customary period for the medication.

J. (1) No health coverage plan shall use step therapy or fail first protocols as the basis to restrict any prescription benefit for the treatment of stage-four advanced, metastatic cancer or associated conditions if at least one of the following criteria is met:

(a) The prescribed drug or drug regimen has the United States Food and Drug Administration approved indication.

(b) The prescribed drug or drug regimen has the National Comprehensive Cancer Network Drugs and Biologics Compendium indication.

(c) The prescribed drug or drug regimen is supported by peer-reviewed, evidenced-based medical literature.

(2) The provisions of this Subsection shall not apply if the preferred drug or drug regimen is considered clinically equivalent for therapy, contains the identical active ingredient or ingredients, and is proven to have the same efficacy. For purposes of this Subsection, different salts proven to have the same efficacy shall not be considered as different active ingredients.

(3) For drugs prescribed for associated conditions as defined in this Section, the treating healthcare provider shall inform the health coverage plan that the condition is a condition associated with stage-four advanced, metastatic cancer when requesting authorization.

K. (1) If a prescribed drug is denied by a health coverage plan based upon step therapy or fail first protocols, the health coverage plan shall provide the prescriber with a list of the alternative comparable formulary medications in writing and attached to the letter of denial of prescription drug coverage.

(2) It shall be deemed sufficient to meet the requirements of this Subsection if a health coverage plan includes the information required by this Subsection in the denial letter sent by the health coverage plan or its agent. For any request made by providers utilizing electronic health records with capabilities, the notice may be sent electronically.

(3) Simple notification of the availability and location of the formulary shall not be deemed sufficient to meet the requirements of this Subsection.

L. As used in this Section, the following definitions shall apply:

(1) "Health coverage plan" means:

(a) An individual or group plan or program which is established by contract, certificate, law, plan, policy, subscriber agreement, or by any other method and which is entered into, issued, or offered for the purpose of arranging for, delivering, paying for, providing, or reimbursing any of the costs of health or medical care, including pharmacy services, drugs, or devices.

(b) Any hospital, health, or medical expense insurance policy, hospital or medical service contract, employee welfare benefit plan, contract or agreement with a health maintenance organization or a preferred provider organization, health and accident insurance policy, or any other insurance contract of this type, including a group insurance plan and the Office of Group Benefits programs.

(4) The issuer is ceasing to offer coverage in such market in accordance with Subsection C of this Section and applicable state law.

(5) In the case of a health insurance issuer that offers health insurance coverage in the market through a network plan, there is no longer any enrollee in connection with such plan who lives, resides, or works in the service area of the issuer, or in the area for which the issuer is authorized to do business, and, in the case of the small group market, the issuer would deny enrollment with respect to such plan under R.S. 22:1067(B) (1) (a).

(6) In the case of health insurance coverage that is made available in the small or large group market, as the case may be, only through one or more bona fide associations, the membership of an employer in the association, on the basis of which the coverage is provided, ceases but only if such coverage is terminated under this Paragraph uniformly without regard to any health status-related factor relating to any covered individual.

C. (1) In any case in which an issuer decides to discontinue offering a

particular type of group health insurance coverage offered in the small or large group market, coverage of such type may be discontinued by the issuer in such market only if:

(a) The issuer provides notice to each plan sponsor provided coverage of this type in such market, and participants and beneficiaries covered under such coverage, of such discontinuation at least ninety days prior to the date of the discontinuation of such coverage.

(b) The issuer offers to each plan sponsor provided coverage of this type in such market, the option to purchase all, or, in the case of the large group market, any other health insurance coverage currently being offered by the issuer to a group health plan in such market.

(c) In exercising the option to discontinue coverage of this type and in offering the option of coverage under Subparagraph (b) of this Paragraph, the issuer acts uniformly without regard to the claims experience of those sponsors or any health status-related factor relating to any participants or beneficiaries covered or new participants or beneficiaries who may become eligible for such coverage.

(d) Prior to providing the notice required by Subparagraph (a) of this Paragraph, the issuer files such notice and the insurance product being discontinued with the commissioner of insurance.

(2)(a) In any case in which a health insurance issuer elects to discontinue offering all health insurance coverage in the small group market or the large group market, or both markets, in the state, health insurance coverage may be discontinued by the issuer if:

(i) The issuer provides notice to the commissioner of insurance and to each plan sponsor, and participants and beneficiaries covered under such coverage, of such discontinuation at least one hundred eighty days prior to the date of the discontinuation of such coverage.

(ii) All health insurance issued or delivered for issuance in this state in such market or markets is discontinued and coverage under such health insurance coverage in such market or markets is not renewed.

(iii) Prior to providing the notice required by Item (i) of this Subparagraph, the issuer files with the commissioner of insurance the notice and the insurance product being discontinued for certification that the notice is in compliance with this Section. Notice shall not be issued to the insureds or enrollees until the expiration of twenty days after the notice and insurance product being discontinued have been filed unless the commissioner of insurance gives his written approval prior to that time.

(b) In the case of a discontinuation in the small group market or large group market under Subparagraph (a) of this Paragraph, any plan sponsor's policy or coverage that is not subject to renewal during the minimum one-hundred-eighty-day notice period shall remain in force until the termination date upon which the contracted period of coverage ends. Any plan sponsor's policy or coverage whose renewal date falls within the minimum one-hundred-eighty-day notice period shall remain in force for one hundred

eighty days from the date that the notice of discontinuation was issued.

(c) In the case of a discontinuation under Subparagraph (a) of this Paragraph in a market, the issuer may not provide for the issuance of any health insurance coverage in the market and state during the five-year period beginning on the date of the discontinuation of the last health insurance coverage not so renewed.

(3) No health insurance issuer shall not renew any policy or contract of coverage in the small or large group market prior to the end of the last period of coverage as stated in such policy or contract.

D. A health insurance issuer may modify health insurance coverage offered to a group health plan if each of the following conditions is met:

(1) The modification occurs at the time of coverage renewal.

(2) The modification is approved by the commissioner and is effective on a uniform basis among all small or large employers covered by that group health plan. However, for purposes of this Section, modifications affecting drug coverage shall not require approval by the commissioner.

(3) The issuer notifies, on a form approved by the Department of Insurance, each affected covered small or large employer and enrollee of the modification, including modification of coverage of a particular product or modification of drug coverage, not later than the sixtieth day before the date the modification is effective. Notwithstanding the requirements of Paragraph (1) of this Subsection, modification of drug coverage for any drug increasing over three hundred dollars per prescription or refill with an increase in the wholesale acquisition cost of at least twenty-five percent in the prior three hundred sixty-five days may occur at any time provided that thirty-day notice of the modification of coverage is given. The thirty-day notice of modification of coverage shall include information on the issuer's process for an enrollee's physician to request an exception from the issuer's modification of drug coverage for purposes of continuity of care of the patient.

E. In applying this Section in the case of health insurance coverage that is made available by a health insurance issuer in the small or large group market to employers only through one or more associations, a reference to "plan sponsor" is deemed, with respect to coverage provided to an employer member of the association, to include a reference to such employer.

F. The Department of Insurance shall have the authority, pursuant to the Administrative Procedure Act, to promulgate and adopt rules and regulations necessary to implement the provisions of this Section.

"EMERGENCY SUSPENSION OF CERTAIN INSURANCE CODE PROVISIONS

"WHEREAS, pursuant to the Louisiana Homeland Security and Emergency Assistance and Disaster Act, La. R.S. 29:721, et seq., the Governor declared a state of emergency in Proclamation No. 111 JBE 2016;

"WHEREAS, due to unprecedented rainfall, portions of southern Louisiana are currently experiencing a flood of historical proportions, with thousands of homes flooded and thousands of peoples being rescued from flooded homes that can only be reached by boat or high water trucks;

"WHEREAS, the flooding poses a threat to citizens, businesses, and communities across Southern Louisiana and has created conditions which place lives, livelihoods, and property in a state of jeopardy;

"WHEREAS, the enormity of the current and impending crisis has forced thousands of people to evacuate their homes and in many cases will cause a significant

interruption of residency in their homes and occupancy of businesses;

"WHEREAS, due to the mass disruptions caused and still occurring, Louisiana citizens and businesses may be unable to timely pay their insurance premiums, access their insurance policies, satisfy certain conditions of insurance contracts, and communicate with insurance agents and their respective insurance companies for insurance-related matters, all of which can result in the risk of insurance cancelation and claims denials under ordinary circumstances and will prevent, hinder, and delay necessary action in coping with and recovering from this emergency;

"WHEREAS, Louisiana Revised Statute 29:724 confers upon the Governor emergency powers to deal with emergencies and disasters and to ensure that preparations of this state will be adequate to deal with such emergencies or disasters, and to preserve the lives and property of the citizens of the State of Louisiana, including the authority to suspend the provisions of any regulatory statute prescribing the procedures for conduct of state business, or the orders, rules, or regulations of any state agency, if strict compliance with the provisions of any statute, order, rule, or regulation would in any way prevent, hinder, or delay necessary action in coping with the emergency; and

"WHEREAS, Commissioner of Insurance James J. Donelon has advised the Governor that citizens in Louisiana are at risk with regard to any and all kinds of insurance and requested limited transfer of authority to suspend certain provisions of Title 22.

"NOW THEREFORE, I, JOHN BEL EDWARDS, Governor of the State of Louisiana, by virtue of the authority vested by the Constitution and the laws of the State of Louisiana, do hereby order and direct as follows:

"SECTION 2: This Order shall not relieve an insured who has a claim caused by this historic flooding, or its aftermath, from compliance with the insured's obligation to provide information and cooperate in the claim adjustment process relative to such claim, or to pay insurance premiums upon termination of the provisions of this Order.

"SECTION 3: This Order shall apply retroactively from Friday, August 12, 2016, and shall continue through Monday, September 12, 2016, unless amended,

modified, terminated, or rescinded by the Governor prior thereto.

"IN WITNESS WHEREOF, I have set my hand officially and caused to be affixed the Great Seal of Louisiana in the City of Baton Rouge, on this 17th day of August, 2016."

"WHEREAS, Proclamation No. 111 JBE 2016, issued on August 12, 2016, and continued by Proclamation No. 127 JBE 2016, declared a state of emergency for the State of Louisiana due to the heavy rain and flooding, which continues to threaten the safety and security of the citizens of Louisiana;

"WHEREAS, the Commissioner has requested and deemed it necessary to extend the time period for which he is extended the authority to suspend provisions of any regulatory statute of Title 22 of the Louisiana Revised Statutes of 1950 concerning the cancellation, termination, nonrenewal and/or reinstatement provisions of Title 22 due to the continued impact of the flooding.

In determining whether a preexisting condition exclusion applies to a covered person, any health and accident insurance policy or health maintenance organization subscriber agreement covered by this Section shall credit the time the person was covered under a previous policy covered by this Section, if the previous coverage was continuous to a date not more than sixty-three days prior to the effective date of the new coverage, exclusive of any applicable waiting period under such policy.

§ 1073. Guaranteed availability of individual health insurance coverage to certain individuals with prior group or individual coverage

A. (1) Except as otherwise provided for in this Section, each health insurance issuer that offers health insurance coverage, as defined in R.S. 22:1061(2)(a), in the individual market of the state may not, with respect to an eligible individual, as defined in Subsection B of this Section, desiring to enroll in individual health insurance coverage:

(a) Decline to offer such coverage to, or deny enrollment of, such individual.

(b) Impose any preexisting condition exclusion, as defined in R.S. 22:1061(5)(p), with respect to such coverage.

(2) The requirement of Subparagraph (1)(a) of this Subsection shall not apply to health insurance coverage offered in the individual market where the state has adopted an alternative mechanism authorized by the Health Insurance Portability and Accountability Act of 1996 which has not been found to be unacceptable by the secretary of the United States Department of Health and Human Services.

B. As used in this Section, the term "eligible individual" means an individual who meets the requirements of Subsection H of this Section or an individual:

(1)(a) For whom, as of the date on which the individual seeks coverage under this Section, the aggregate of the periods of creditable coverage is eighteen or more months.

(b) Whose most recent prior creditable coverage was under a group health plan, governmental plan, or church plan, or health insurance coverage offered in connection with any such plan.

(2) Who does not have other insurance coverage and is not eligible for coverage under:

(a) A group health plan.

(b) Medicare coverage under 42 USC 1395 et seq.

(c) A state Medicaid program or any successor program.

(3) With respect to whom the most recent coverage within the coverage period described in Subparagraph (1)(a) of this Subsection was not terminated based on a factor described in R.S. 22:1068(B)(1) or (2), relating to nonpayment of premiums or fraud.

(4) Who, if offered the option of continuation of coverage under a COBRA continuation provision or under a similar state program, elected this coverage.

(5) Who, if the individual elected such continuation coverage, has exhausted such continuation coverage under such provision or program.

C. (1) In the case of health insurance coverage offered in the individual market where the state has not adopted an acceptable alternative mechanism, the health insurance issuer may elect to limit the coverage offered under Subsection A of this Section so long as it offers at least two different policy forms of health insurance coverage both of which:

(a) Are designed for, made generally available to, and actively marketed to, and enroll both eligible and other individuals by the issuer.

(b) Meet the requirement of Paragraph (2) or (3) of this Subsection, as elected by the issuer. For purposes of this Subsection, policy forms which have different cost-sharing arrangements or different riders shall be considered to be different policy forms.

(2) The requirement of this Paragraph is met, for health insurance coverage policy forms offered by an issuer in the individual market, if the issuer offers the policy forms for individual health insurance coverage with the largest, and next to largest, premium volume of all such policy forms offered by the issuer in the state or applicable marketing or service area, as may be prescribed in regulation, by the issuer in the individual market in the period involved.

(3)(a) The requirement of this Paragraph is met, for health insurance coverage policy forms offered by an issuer in the individual market, if the issuer offers a lower-level coverage policy form, as defined in Subparagraph (b) of this Paragraph, and a higher-level coverage policy form, as defined in Subparagraph (c) of this Paragraph, each of which includes benefits substantially similar to other individual health insurance coverage offered by the issuer in the state and each of which provides for risk adjustment, risk spreading, or a risk spreading mechanism, among the policies of an issuer or otherwise provides for some financial subsidization for eligible individuals.

(b) A policy form is described in this Subparagraph if the actuarial value of the benefits under the coverage is at least eighty-five percent but not greater than one hundred percent of a weighted average, described in Subparagraph (d) of this Paragraph.

(c) A policy form is described in this Subparagraph if:

(i) The actuarial value of the benefits under the coverage is at least fifteen percent greater than the actuarial value of the coverage described in

Subparagraph (b) of this Paragraph offered by the issuer in the state.

(ii) The actuarial value of the benefits under the coverage is at least one hundred percent but not greater than one hundred and twenty percent of a weighted average, described in Subparagraph (d) of this Paragraph.

(d) For purposes of this Paragraph, the weighted average described in this Subparagraph is the average actuarial value of the benefits provided by all the health insurance coverage issued, as elected by the issuer, either by that issuer or by all issuers in the state in the individual market during the previous year, not including coverage issued under this Section, weighted by enrollment for the different coverage.

(4) The issuer elections under this Subsection shall apply uniformly to all eligible individuals in the state for that issuer. Such an election shall be effective for policies offered during a period of not shorter than two years.

(5) For purposes of Paragraph (3) of this Subsection, the actuarial value of benefits provided under individual health insurance coverage shall be calculated based on a standardized population and a set of standardized utilization and cost factors.

D. (1) In the case of a health insurance issuer that offers health insurance coverage in the individual market through a network plan, the issuer may:

(a) Limit the individuals who may be enrolled under such coverage to those who live, reside, or work within the service area for such network plan.

(b) Within the service area of such plan, deny such coverage to such individuals if the issuer has demonstrated to the commissioner of insurance that:

(i) It will not have the capacity to deliver services adequately to additional individual enrollees because of its obligations to existing group contract holders and enrollees and individual enrollees.

(ii) It is applying this Paragraph uniformly to individuals without regard to any health status-related factor of such individuals and without regard to whether the individuals are eligible individuals.

(2) An issuer, upon denying health insurance coverage in any service area in accordance with Subparagraph (1)(b) of this Subsection, may not offer coverage in the individual market within such service area for a period of one hundred eighty days after such coverage is denied.

E. (1) A health insurance issuer may deny health insurance coverage in the individual market to an eligible individual if the issuer has demonstrated to the commissioner of insurance that:

(a) It does not have the financial reserves necessary to underwrite additional coverage.

(b) It is applying this Paragraph uniformly to all individuals in the individual market in the state consistent with applicable state law and without

regard to any health status-related factor of such individuals and without regard to whether the individuals are eligible individuals.

(2) An issuer upon denying individual health insurance coverage in any service area in accordance with Paragraph (1) of this Subsection may not offer such coverage in the individual market within such service area for a period of one hundred eighty days after the date such coverage is denied or until the issuer has demonstrated to the commissioner of insurance that the issuer has sufficient financial reserves to underwrite additional coverage, whichever is later. The commissioner of insurance may apply the requirements of this Paragraph on a service-area-specific basis.

F. (1) The provisions of Subsection A of this Section shall not be construed to require that a health insurance issuer offering health insurance coverage only in connection with group health plans or through one or more bona fide associations, or both, offer such health insurance coverage in the individual market.

(2) A health insurance issuer offering health insurance coverage in connection with group health plans under this Subpart shall not be deemed to be a health insurance issuer offering individual health insurance coverage solely because such issuer offers a conversion policy.

G. Nothing in this Section shall be construed:

(1) To restrict the amount of the premium rates that an issuer may charge an individual for health insurance coverage provided in the individual market under applicable state law.

(2) To prevent a health insurance issuer offering health insurance coverage in the individual market from establishing premium discounts or rebates or modifying otherwise applicable copayments or deductibles in return for adherence to programs of health promotion and disease prevention.

H. For purposes of this Section, "eligible individual" also means an individual who has had his individual health insurance coverage discontinued pursuant to R.S. 22:1074(C) and who is a resident of this state:

(1) For whom, as of the date on which the individual seeks coverage under this Section, the aggregate of the periods of continuous health insurance coverage in this state is eighteen or more months with no breaks in such coverage in excess of sixty-three days.

(2) Whose most recent prior creditable coverage was under individual health insurance coverage.

(3) Who does not have other health insurance coverage and is not eligible for coverage under:

(a) A group health plan.

(b) Medicare coverage under 42 USC 1395 et seq.

(c) A state Medicaid program or any successor program.

(d) An offer of individual health insurance coverage by a health insurance issuer that does not include exclusions from coverage.

(4) With respect to whom the most recent coverage within the coverage period described in Paragraph (1) of this Subsection was not terminated based on a factor described in R.S. 22:1074(B)(1) or (2) relating to nonpayment of premiums or fraud.

Renumbered from R.S. 22:250.12 by Acts 2008, No. 415, § 1, eff. Jan. 1, 2009. Added by Acts 1997, No. 1138, § 1, eff. July 14, 1997; Acts 2001, No. 174, § 1, eff. May 31, 2001. Amended by Acts 2010, No. 123, § 1, eff. June 8, 2010.

§ 1074. Guaranteed renewability of individual health insurance coverage

A. Except as provided in this Section, a health insurance issuer that provides individual health insurance coverage to an individual shall renew or continue in force such coverage at the option of the individual.

B. A health insurance issuer may non-renew or discontinue health insurance coverage of an individual in the individual market based only on one or more of the following:

(1) The individual has failed to pay premiums or contributions in accordance with the terms of the health insurance coverage or the issuer has not received timely premium payments.

(2) The individual has performed an act or practice that constitutes fraud or made an intentional misrepresentation of material fact. Such health insurance coverage may not be cancelled except with prior notice to the enrollee or insured, and shall comply with any applicable federal law or regulation. The provisions of this Paragraph shall not apply to limited benefit health insurance policies or contracts authorized to be issued in this state. The provisions of this Subsection shall not apply to limited benefit health insurance policies or contracts, disability income, long-term care, nursing home care, home health care, community based care, dental or vision benefits, Medicare supplement, specified disease or illness, hospital indemnity or other fixed indemnity insurance, workers' compensation or similar insurance.

(3) The issuer is ceasing to offer coverage in the individual market in accordance with Subsection C of this Section and applicable state law.

(4) In the case of a health insurance issuer that offers health insurance coverage in the market through a network plan, the individual no longer resides, lives, or works in the service area, or in an area for which the issuer is authorized to do business, but only if such coverage is terminated under this Paragraph uniformly without regard to any health status-related factor of covered individuals.

(5) In the case of health insurance coverage that is made available in the individual market only through one or more bona fide associations, the membership of the individual in the association, on the basis of which the coverage is provided, ceases but only if such coverage is terminated under this Paragraph uniformly without regard to any health status-related factor of

covered individuals.

C. (1) In any case in which an issuer decides to discontinue offering a particular type of health insurance coverage offered in the individual market, coverage of such type may be discontinued by the issuer only if:

(a) The issuer provides notice to each covered individual provided coverage of this type in such market of such discontinuation at least ninety days prior to the date of the discontinuation of such coverage.

(b) The issuer offers to each individual in the individual market provided coverage of this type, the option to purchase any other individual health insurance coverage currently being offered by the issuer for individuals in such market.

(c) In exercising the option to discontinue coverage of this type and in offering the option of coverage under Subparagraph (b) of this Paragraph, the issuer acts uniformly without regard to any health status-related factor of enrolled individuals or individuals who may become eligible for such coverage.

(d) Prior to providing the notice required by Subparagraph (a) of this Paragraph, the issuer files such notice and the insurance product being discontinued with the commissioner of insurance.

(2)(a) Subject to Subparagraph (b) of this Paragraph, in any case in which a health insurance issuer elects to discontinue offering all health insurance coverage in the individual market in a state, health insurance coverage may be discontinued by the issuer only if:

(i) The issuer provides notice to the applicable state authority and to each individual of such discontinuation at least one hundred eighty days prior to the date of the expiration of such coverage.

(ii) All health insurance issued or delivered for issuance in the state in such market are discontinued and coverage under such health insurance coverage in such market is not renewed.

(iii) Prior to providing the notice required by Item (i) of this Subparagraph, the issuer files with the commissioner of insurance the notice and the insurance product being discontinued for certification that the notice is in compliance with this Section. Notice shall not be issued to the insureds or enrollees until the expiration of twenty days after the notice and insurance product being discontinued have been filed unless the commissioner of insurance gives his written approval prior to that time.

(b) In the case of a discontinuation in the individual market under Subparagraph (a) of this Paragraph, any individual's policy or coverage that is not subject to renewal during the minimum one-hundred-eighty-day notice period shall remain in force until the termination date upon which the contracted period of coverage ends. Any individual's policy or coverage whose renewal date falls within the minimum one-hundred-eighty-day notice period shall remain in force for one hundred eighty days from the date that the notice of discontinuation was issued.

(c) In the case of a discontinuation under Subparagraph (a) of this Paragraph in the individual market, the issuer may not provide for the issuance of any health insurance coverage in the market and state involved during the five-year period beginning on the date of the discontinuation of the last health insurance coverage not so renewed.

(3) No health insurance issuer shall not renew any policy or contract of coverage in the individual market prior to the end of the last period of coverage as stated in such policy or contract.

(4) This Subsection shall apply to a discontinuation resulting from any federal statutory change or federal court ruling repealing or otherwise rendering unenforceable the Patient Protection and Affordable Care Act, P.L. 111-148.

D. A health insurance issuer may modify the health insurance coverage for a policy form offered to individuals in the individual market if each of the following conditions is met:

(1) The modification occurs at the time of coverage renewal.

(2) The modification is approved by the commissioner, is consistent with state law, and is effective on a uniform basis among all the individuals with that policy form. However, for purposes of this Section, modifications affecting drug coverage shall not require approval by the commissioner.

(3) The issuer notifies, on a form approved by the Department of Insurance, each affected individual of the modification, including modification of coverage of a particular product or modification of drug coverage, not later than the sixtieth day before the date the modification is effective. Notwithstanding the requirements of Paragraph (1) of this Subsection, modification of drug coverage for any drug increasing over three hundred dollars per prescription or refill with an increase in the wholesale acquisition cost of at least twenty-five percent in the prior three hundred sixty-five days may occur at any time provided that thirty-day notice of the modification of coverage is given. The thirty-day notice of modification of coverage shall include information on the issuer's process for an enrollee's physician to request an exception from the issuer's modification of drug coverage for purposes of continuity of care of the patient.

E. In applying this Section in the case of health insurance coverage that is made available by a health insurance issuer in the individual market to individuals only through one or more associations, a reference to an "individual" is deemed to include a reference to such an association, of which the individual is a member.

F. The Department of Insurance shall have the authority, pursuant to the Administrative Procedure Act, to promulgate and adopt rules and regulations necessary to implement the provisions of this Section.

Executive Order No. JBE 2016-58 entitled "Emergency Suspension of Certain Insurance Code Provisions" provides:

"EMERGENCY SUSPENSION OF CERTAIN INSURANCE CODE PROVISIONS

"WHEREAS, pursuant to the Louisiana Homeland Security and Emergency Assistance and Disaster Act, La. R.S. 29:721, et seq., the Governor declared a state of emergency in Proclamation No. 111 JBE 2016;

"WHEREAS, due to unprecedented rainfall, portions of southern Louisiana are currently experiencing a flood of historical proportions, with thousands of homes flooded and thousands of peoples being rescued from flooded homes that can only be reached by boat or high water trucks;

"WHEREAS, the flooding poses a threat to citizens, businesses, and communities across Southern Louisiana and has created conditions which place lives, livelihoods, and property in a state of jeopardy;

"WHEREAS, the enormity of the current and impending crisis has forced thousands of people to evacuate their homes and in many cases will cause a significant interruption of residency in their homes and occupancy of businesses;

"WHEREAS, due to the mass disruptions caused and still occurring, Louisiana citizens and businesses may be unable to timely pay their insurance premiums, access their insurance policies, satisfy certain conditions of insurance contracts, and communicate with insurance agents and their respective insurance companies for insurance-related matters, all of which can result in the risk of insurance cancelation and claims denials under ordinary circumstances and will prevent, hinder, and delay necessary action in coping with and recovering from this emergency;

"WHEREAS, Louisiana Revised Statute 29:724 confers upon the Governor emergency powers to deal with emergencies and disasters and to ensure that preparations of this state will be adequate to deal with such emergencies or disasters, and to preserve the lives and property of the citizens of the State of Louisiana, including the authority to suspend the provisions of any regulatory statute prescribing the procedures for conduct of state business, or the orders, rules, or regulations of any state agency, if strict compliance with the provisions of any statute, order, rule, or regulation would in any way prevent, hinder, or delay necessary action in coping with the emergency; and

"WHEREAS, Commissioner of Insurance James J. Donelon has advised the Governor that citizens in Louisiana are at risk with regard to any and all kinds of insurance and requested limited transfer of authority to suspend certain provisions of Title 22.

"NOW THEREFORE, I, JOHN BEL EDWARDS, Governor of the State of Louisiana, by virtue of the authority vested by the Constitution and the laws of the State of Louisiana, do hereby order and direct as follows:

"SECTION 1: Commissioner of Insurance James J. Donelon shall have limited transfer of authority from the Governor to suspend provisions of any regulatory statute of Title 22 of the Louisiana Revised Statutes of 1950 concerning the cancellation, termination, nonrenewal, and nonreinstatement provisions of Title 22, including, but not limited to, La. R.S. 22:272, 22:887, 22:1068, 22:977, 22:978, 22:1074, 22:1266, 22:1267, 22:1311, and 22:1335, where such statutory or regulatory requirements prevent, hinder, or delay necessary action in coping with the current emergency, including providing additional time for policyholders to complete existing claims, providing additional time for policyholders to remit premium payments to avoid cancelation of policies, prohibiting cancelations where a policyholder is incapable of fulfilling requirements due to evacuation or inhabitability, and suspending any licensure or similar requirement that might hinder the ability of regulated entities to employ non-Louisiana licensees during the immediate aftermath of the disaster, including claims adjusters or other licensed regulated entities.

"SECTION 2: This Order shall not relieve an insured who has a claim caused by this historic flooding, or its aftermath, from compliance with the insured's obligation to provide information and cooperate in the claim adjustment process relative to such claim, or to pay insurance premiums upon termination of the provisions of this Order.

"SECTION 3: This Order shall apply retroactively from Friday, August 12, 2016, and shall continue through Monday, September 12, 2016, unless amended, modified, terminated, or rescinded by the Governor prior thereto.

"IN WITNESS WHEREOF, I have set my hand officially and caused to be affixed the Great Seal of Louisiana in the City of Baton Rouge, on this 17th day of August, 2016."

"WHEREAS, insurers have been working diligently to adjust and pay claims, however, due to a shortage in building materials, contractors, construction workers or delays in claim payments, many policyholders will be unable to repair and/or reconstruct their residential, commercial residential or commercial property within typical time frames;

"WHEREAS, the extended time period to repair and/or reconstruct residential, commercial residential or commercial property continues to affect the ability of Louisiana insureds to maintain or obtain personal residential, commercial residential or commercial property insurance for residential property or commercial property and has created an immediate threat to the public health, safety and welfare of Louisiana citizens; and

A. (1) The provisions of R.S. 22:1065(A), (B), and (C) shall apply to health insurance coverage offered by a health insurance issuer in the individual market in the same manner as it applies to health insurance coverage offered by a health insurance issuer in connection with a group health plan in the small or large group market.

§ 1077. Required coverage for mastectomies and reconstructive surgery following mastectomies

A. The legislature hereby finds that approximately three thousand women will be diagnosed with breast cancer each year in Louisiana. Studies documenting breast cancer statistics indicate that Louisiana has the highest mastectomy rate in the nation: fifty-one percent of all women diagnosed with breast cancer will undergo a mastectomy or bilateral mastectomy as part of their treatment regimen. Despite laws which require insurers and physicians to inform women that breast reconstruction is an insured surgical option, seven of ten women are not provided this information. The purpose of this Section is to assure that state law mirrors the federal Women's Health and Cancer Rights Act, to extend its application to all health insurance issuers in Louisiana, to stress that decisions regarding mastectomies and the reconstructive procedures to be performed shall be made solely by the patient in consultation with attending physicians, and to clarify that mastectomies and all stages of breast reconstruction as defined pursuant to this Section are medically necessary and shall not be excluded from coverage.

B. Any health benefit plan offered by a health insurance issuer that provides medical and surgical benefits with respect to a partial mastectomy or a full unilateral or bilateral mastectomy shall also provide medical and surgical benefits for breast reconstruction. The coverage shall be for mastectomies, including contralateral prophylactic mastectomies, and breast reconstruction procedures selected by the patient in consultation with attending physicians. The coverage provided in this Section may be subject to annual deductibles, coinsurance, and copayment provisions as are consistent with those established for mastectomy procedures under the health benefit plan. Written notice of the availability of coverage shall be delivered to the insured or enrollee upon enrollment and annually thereafter as approved by the commissioner of

insurance.

C. Any health benefit plan offered by a health insurance issuer shall provide notice to each insured or enrollee under such plan regarding the coverage required by this Section in accordance with regulations adopted by the Department of Insurance. This notice shall be in writing and prominently positioned in any literature or correspondence made available or distributed by the plan or issuer and shall be transmitted in one of the following ways, whichever is earlier:

- (1) In the next mailing made by the plan or issuer to the insured or enrollee.
- (2) As part of any annual informational packet sent to the insured or enrollee.

D. Any health benefit plan offered by a health insurance issuer shall not:

- (1) Deny to a patient eligibility, or continued eligibility, to enroll or to renew coverage under the terms of the plan, solely for the purpose of avoiding the requirements of this Section.
- (2) Penalize or otherwise reduce or limit the reimbursement of an attending provider, or provide monetary or nonmonetary incentives to an attending provider, to induce such provider to provide care to an insured or enrollee in a manner inconsistent with this Section.
- (3) Require that the mastectomy procedures and reconstructive procedures be performed under the same policy or plan.
- (4) Reduce or limit coverage benefits to a patient for the reconstructive procedures performed pursuant to this Section as determined in consultation with the attending physician and patient.

E. In the case of a health benefit plan maintained pursuant to one or more collective bargaining agreements between employee representatives and one or more employers, any plan amendment made pursuant to a collective bargaining agreement relating to the plan which amends the plan solely to conform to any requirement imposed pursuant to this Section shall not be treated as a termination of the collective bargaining agreement.

F. For purposes of this Section:

- (1) "Breast reconstruction" means both of the following:

- (a) All stages of reconstruction of the breast on which a unilateral mastectomy has been performed and on the other breast to produce a symmetrical appearance, including but not limited to contralateral prophylactic mastectomies, liposuction performed for transfer to a reconstructed breast or to repair a donor site deformity, tattooing the areola of the breast, surgical adjustments of the non-mastectomized breast, unforeseen medical complications which may require additional reconstruction in the future, and prostheses and physical complications, including but not limited to lymphedemas.

- (b) All stages of reconstruction of both breasts if a bilateral mastectomy has been performed, including but not limited to liposuction performed for transfer

to a reconstructed breast or to repair a donor site deformity, tattooing the areola of the breast, unforeseen medical complications which may require additional reconstruction in the future, and prostheses and physical complications, including but not limited to lymphedemas.

(2) "Health benefit plan" means a policy, contract, certificate, or agreement entered into, offered, or issued by a health insurance issuer to provide, deliver, arrange for, pay for, or reimburse any of the costs of health care services. "Health benefit plan" shall not include a plan providing coverage for excepted benefits as defined in R.S. 22:1061 and short-term policies that have a term of less than twelve months.

(3) "Health insurance issuer" means an entity subject to the insurance laws and regulations of this state, or subject to the jurisdiction of the commissioner, that contracts or offers to contract to provide, deliver, arrange for, pay for, or reimburse any of the costs of health care services, including through a health benefit plan as defined in this Section, and shall include a sickness and accident insurance company, a health maintenance organization, a preferred provider organization, or any similar entity, or any other entity providing a plan of health insurance or health benefits.

§ 1077.1. Required coverage for preventive cancer screening following a bilateral mastectomy

A. The legislature hereby finds that after women who are diagnosed with breast

cancer finish active treatment, they may transition into a different system for long-term survivorship care. An often overlooked, but nonetheless important, component of follow-up care for cancer survivors is screening for new primary cancers.

B. (1) Any health benefit plan delivered or issued for delivery in this state shall include coverage for preventive cancer screening for a qualified covered person on no less than an annual basis.

(2) The coverage provided in this Section may be subject to annual deductibles, coinsurance, and copayment provisions as are consistent with those established under the health benefit plan.

(3) Written notice of the availability of coverage pursuant to this Section shall be delivered to the insured or enrollee upon enrollment and annually thereafter as approved by the commissioner of insurance.

C. (1) Any health benefit plan offered by a health insurance issuer shall provide notice to each insured or enrollee under the plan regarding the coverage required by this Section in accordance with regulations adopted by the Department of Insurance.

(2) The notice shall be in writing and prominently positioned in any literature or correspondence made available or distributed by the plan or issuer and shall be transmitted in one of the following ways, whichever is earlier:

(a) In the next mailing made by the plan or issuer to the insured or enrollee.

(b) As part of any annual informational packet sent to the insured or enrollee.

D. A health benefit plan offered by a health insurance issuer shall not do any of the following:

(1) Deny to a patient eligibility, or continued eligibility, to enroll or to renew coverage under the terms of the plan, solely for the purpose of avoiding the requirements of this Section.

(2) Penalize or otherwise reduce or limit the reimbursement of an attending provider, or provide monetary or nonmonetary incentives to an attending provider, to induce the provider to provide care to an insured or enrollee in a manner inconsistent with this Section.

(3) Reduce or limit coverage benefits to a patient for the preventive services performed pursuant to this Section as determined in consultation with the attending physician and patient.

E. For purposes of this Section:

(1) "Health benefit plan" means any hospital, health, or medical expense insurance policy, hospital or medical service contract, employee welfare benefit plan, contract, or other agreement with a health maintenance organization or a preferred provider organization, health and accident insurance policy, or any other insurance contract of this type in this state, including a group insurance plan, a self-insurance plan, and the Office of

Group Benefits programs. "Health benefit plan" shall not include a plan providing coverage for excepted benefits as defined in R.S. 22:1061, limited benefit health insurance plans, and short-term policies that have a term of less than twelve months.

(2) "Health insurance issuer" means an entity subject to the insurance laws and regulations of this state, or subject to the jurisdiction of the commissioner, that contracts or offers to contract to provide, deliver, arrange for, pay for, or reimburse any of the costs of healthcare services, including through a health benefit plan as defined in this Section, and shall include a sickness and accident insurance company, a health maintenance organization, a preferred provider organization, or any similar entity, or any other entity providing a plan of health insurance or health benefits.

(3) "Preventive cancer screening" means healthcare services necessary for the detection of cancer in an individual including but not limited to magnetic resonance imaging, ultrasound, or some combination of tests.

"Section 3(A). This Act shall become effective on January 1, 2019.

"(B) This Act shall apply to any new policy, contract, program, or health coverage plan issued on and after January 1, 2019. Any policy, contract, or health coverage plan in effect prior to January 1, 2019, shall convert to conform to the provisions of this Act on or before the renewal date, but no later than January 1, 2019."

§ 1077.2. Required coverage for a patient's choice of medical and surgical treatment following a diagnosis of breast cancer

A. The legislature hereby finds all of the following:

(1) Breast cancer was the most common cancer in Louisiana women from 2010 to 2014.

(2) Between 2010 and 2014, the average annual incidence rate of female breast cancer in Louisiana ranked twenty-ninth in the nation and approximately three thousand women will be diagnosed with breast cancer each year in Louisiana.

(3) The Carter Stokes Oral and Written Summary of Breast Cancer Treatment Alternatives and Access to Breast Reconstruction Surgery Information Law, R.S. 40:1103.1 et seq., requires the treating physician or surgeon to inform a patient diagnosed with any form of breast cancer of the alternative efficacious methods of treatment by discussing the alternative methods of treatment with

the patient.

(4) Each woman facing breast cancer has to decide which treatment is right for her.

(5) Helping patients to maximize their autonomy in breast cancer decision-making is an important aspect of patient-centered care.

(6) Shared decision-making is a strategy that aims to maximize patient autonomy by integrating the values and preferences of the patient with the biomedical expertise of the physician.

B. The purpose of this Section is to stress that decisions regarding the treatment procedures to be performed following a diagnosis of breast cancer shall be made solely by the patient in consultation with attending physicians, and to clarify that all levels of medical and surgical treatment as provided for in this Section are medically necessary and shall not be excluded from coverage. Consulting physicians shall consider recognized, evidence-based standards such as the guidelines of the National Comprehensive Cancer Network in making treatment recommendations.

C. (1) Any health benefit plan offered by a health insurance issuer that provides medical and surgical benefits with respect to a partial mastectomy or a full unilateral or bilateral mastectomy shall provide coverage for the medical and surgical treatment and corresponding breast reconstruction chosen by a patient diagnosed with breast cancer in consultation with the attending physician regardless of whether a partial mastectomy or a full unilateral or bilateral mastectomy is chosen by the patient and physician.

(2) No health benefit plan offered by a health insurance issuer that provides medical and surgical benefits with respect to a partial mastectomy or a full unilateral or bilateral mastectomy shall deny coverage for those surgical procedures, including corresponding breast reconstruction, chosen by a patient diagnosed with breast cancer in consultation with the attending physician.

D. For purposes of this Section:

(1) "Breast reconstruction" has the same meaning as provided in R.S. 22:1077.

(2) "Health benefit plan" means any hospital, health, or medical expense insurance policy, hospital or medical service contract, employee welfare benefit plan, contract, or other agreement with a health maintenance organization or a preferred provider organization, health and accident insurance policy, or any other insurance contract of this type in this state, including a group insurance plan, a self-insurance plan, and the Office of Group Benefits programs. "Health benefit plan" shall not include a plan providing coverage for excepted benefits as defined in R.S. 22:1061, limited benefit health insurance plans, and short-term policies that have a term of less than twelve months.

(3) "Health insurance issuer" means an entity subject to the insurance laws and regulations of this state, or subject to the jurisdiction of the commissioner, that contracts or offers to contract to provide, deliver, arrange for, pay for, or reimburse any of the costs of healthcare services, including through a

health benefit plan as defined in this Section, and shall include a sickness and accident insurance company, a health maintenance organization, a preferred provider organization, or any similar entity, or any other entity providing a plan of health insurance or health benefits.

Date Effective; Application; Conversion of Provisions—Acts 2019, No. 119

Section 2 of Acts 2019, No. 119 provides:

"Section 2. (A) This Act shall become effective on January 1, 2021.

"(B) This Act shall apply to any new policy, contract, program, or health coverage plan issued on and after January 1, 2021. Any policy, contract, or health coverage plan in effect prior to January 1, 2021, shall convert to conform to the provisions of this Act on or before the renewal date, but no later than January 1, 2022."

§ 1078. Protections required for victims of the crime of domestic violence

A. As used in this Section, the following terms shall be defined as follows:

(1) "Abuse" means bodily injury as a result of battery or any offense against the person as defined in the Louisiana Criminal Code, except negligent injury and defamation, when such battery or offense is committed by one family or household member against another. "Abuse" shall also mean abuse of adults as defined in R.S. 15:1503 when committed by an adult child or adult grandchild.

(2) "Abuse status" means the fact or perception that a person is, has been, or may be a subject of abuse, irrespective of whether the person has sustained abuse-related medical conditions.

(3) "Confidential abuse information" means information about acts of abuse or the abuse status of a subject of abuse, the fact that a person's medical condition is abuse-related if the issuer knows or has reason to know it is abuse-related, the home and work address and telephone number of a subject of abuse, or the status of an applicant or insured as a family member, employer, or associate of a subject of abuse, or as a person in a relationship with a subject of abuse.

(4) "Insurance professional" means an agent, broker, adjuster, or third party administrator as defined in this Title.

(5) "Subject of abuse" means a person against whom an act of abuse has been directed; who has current or prior injuries, illnesses, or disorders that result from abuse; or who seeks, may have sought, or had reason to seek medical or psychological treatment for abuse or protection, court-ordered protection, or shelter from abuse.

B. No health insurance issuer or nonfederal governmental plan shall engage in any of the following acts or practices on the basis of the abuse status of an applicant or insured:

(1) Restricting, excluding, or limiting health benefit plan coverage solely as a result of abuse status.

(2) Adding a rate differential solely because of abuse status.

(3) Denying or limiting payment of a claim incurred by an insured, enrollee, member, subscriber, or dependent solely because the claim was incurred as a result of abuse status.

C. A spouse who is the subject of domestic abuse and who, together with any other dependents, is covered as a dependent on an individual policy or subscriber agreement naming an abusive spouse as the policyholder shall have the right to convert such individual dependent coverage to an individual policy without medical underwriting upon the judgment of divorce or judgment of legal separation from the abusive spouse. The converted policy shall be on the same policy form and shall provide the same benefits, including deductibles, coinsurance, and copayments, as the policy from which coverage is being converted. The spouse converting coverage shall thereafter have the same right to change benefits upon the anniversary date of the policy as in the policy from which coverage is being converted. The right to convert coverage shall become effective upon receipt of notice of termination of coverage under an abusive spouse's policy or subscriber agreement, only if the abused spouse gives written notice within thirty days and provides the health insurance issuer with a copy of the divorce decree or separation order.

D. No health insurance issuer, nonfederal governmental plan, or person employed by or contracting with such entities shall disclose or transfer information related to the abuse status of an applicant or insured for any purpose or to any person except:

(1) To the subject of abuse or an individual specifically designated in writing by the subject of abuse.

(2) To a health care provider for the direct provision of health care services.

(3) To a licensed physician identified and designated by the subject of abuse.

(4) When ordered by a court of competent jurisdiction or otherwise required by law.

(5) When necessary for a valid business purpose to transfer information that includes confidential abuse information that cannot reasonably be segregated without undue hardship. Confidential abuse information may be disclosed only if the recipient has executed a written agreement to be bound by the prohibitions of this Section in all respects and to be subject to the enforcement of this Section by the courts of this state for the benefit of the applicant or the insured and only to the following persons:

(a) A reinsurer that seeks to indemnify or indemnifies all or any part of a policy covering a subject of abuse and that cannot underwrite or satisfy its obligations under the reinsurance agreement without that disclosure.

(b) A party to a proposed or consummated sale, transfer, merger, or consolidation of all or part of the business of the health insurance issuer or

insurance professional.

(c) Medical or claims personnel contracting with the health insurance issuer or insurance professional, but only when necessary to process an application, to perform the health insurance issuer's or the insurance professional's duties under the policy, or to protect the safety or privacy of a subject of abuse. For purposes of this Paragraph, a health insurance issuer or insurance professional shall include a parent or affiliate company of the health insurance issuer or an insurance professional who has a service agreement with the health insurance issuer or insurance professional.

(d) With respect to the address and telephone number of a subject of abuse, to entities with whom the health insurance issuer or insurance professional transacts business when the business cannot be transacted without the address and telephone number.

(6) To an attorney who needs the information to represent the health insurance issuer or insurance professional effectively only if the health insurance issuer or insurance professional notifies the attorney of its obligations under this Section and requests that the attorney exercise due diligence to protect the confidential abuse information consistent with the attorney's obligation to represent the health insurance issuer or insurance professional.

(7) To the policyowner or assignee, in the course of delivery of the policy, if the policy contains information about abuse status.

(8) To any other entities authorized by regulations adopted by the commissioner of insurance pursuant to the Administrative Procedure Act.

E. Nothing in this Section shall prohibit a health insurance issuer or a nonfederal governmental plan from asking about a medical condition or from using medical information to underwrite or to carry out its duties under the policy, even if the medical information is related to a medical condition that the insurer or insurance professional knows or has reason to know is abuse-related, to the extent otherwise permitted under this Section and other applicable laws.

SUBPART D. RATE REVIEW

Change of Heading—Acts 2014, No. 718

Acts 2014, No. 718, § 1 changed the Subpart D heading from "Rates" to "Rate Review".

§ 1091. Health insurance plans subject to rate review

A. The provisions of this Subpart shall apply to any health benefit plan which provides coverage in the small group market or individual market, including any policy or subscriber agreement covering residents of this state. The provisions of this Section shall apply regardless of where such policy or subscriber agreement was issued or issued for delivery in this state and shall include any employer, association, or trustee of a fund established by an employer, association, or trust for multiple associations who shall be deemed the policyholder, covering one or more employees of such employer, one or more members or employees of members of such association or multiple associations, for the benefit of persons other than the employer, the association, or the multiple associations, as well as their officers or trustees. The provisions of this Subpart shall not apply to the following, unless specifically provided for:

- (1) An Archer medical savings account that meets all requirements of Section 220 of the Internal Revenue Code of 1986.
- (2) A health savings account that meets all requirements of Section 223 of the Internal Revenue Code of 1986.
- (3) Excepted benefit or limited benefits as defined in this Title.

B. As used in this Subpart, the following terms shall have the meanings

ascribed to them in this Section:

(1) "Actuarial certification" means a written statement by a member of the American Academy of Actuaries that a health insurance issuer is in compliance with the provisions of this Subpart, based upon the actuary's examination, including a review of the appropriate records and of the actuarial assumptions and methods utilized by the health insurance issuer in establishing rates for applicable health benefit plans.

(2) "Excessive" means the rate charged for the health insurance coverage causes the premium or premiums charged for the health insurance coverage to be unreasonably high in relation to the benefits provided under the particular product. In determining whether the rate is unreasonably high in relation to the benefits provided, the department shall consider each of the following:

(a) Whether the rate results in a projected medical loss ratio below the federal medical loss ratio standard in the applicable market to which the rate applies, after accounting for any adjustments allowable under federal law.

(b) Whether one or more of the assumptions on which the rate is based is not supported by substantial evidence.

(c) Whether the choice of assumptions or combination of assumptions on which the rate is based is unreasonable.

(3) "Federal review threshold" means any rate increase that results in a ten percent or greater rate increase, or such other threshold as required by federal law or regulation or any rate that, when combined with all rate increases and decreases during the previous twelve-month period, would result in an aggregate ten percent or greater rate increase. For reporting purposes, the federal threshold shall mean any rate increase above zero percent or such other threshold as required by federal law or regulation.

(4) "Grandfathered health plan coverage" has the same meaning as that in 45 CFR 147.140 or other subsequently adopted federal law, rule, regulation, directive, or guidance.

(5) "Health benefit plan", "plan", "benefit", or "health insurance coverage" means services consisting of medical care, provided directly, through insurance or reimbursement, or otherwise, and including items and services paid for as medical care under any hospital or medical service policy or certificate, hospital or medical service plan contract, preferred provider organization, or health maintenance organization contract offered by a health insurance issuer.

However, excepted benefits as defined in R.S. 22:1061(3) (a) are not included as a "health benefit plan".

(6) "Health insurance issuer" means any entity that offers health insurance coverage through a policy, certificate of insurance, or subscriber agreement subject to state law that regulates the business of insurance. A "health insurance issuer" shall include a health maintenance organization, as defined and licensed pursuant to Subpart I of Part I of Chapter 2 of this Title.

(7) "Health savings accounts" means those accounts for medical expenses authorized by 26 U.S.C. 220 et seq.

(8) "Inadequate" means rates for a particular product are clearly insufficient to sustain projected losses and expenses, or the use of such rates.

(9) "Index rate" means the average rate resulting from the estimated combined claims experience for all Essential Health Benefits, pursuant to 42 U.S.C. 18022, Section 1302(b) of the Patient Protection and Affordable Care Act, of all nontransitional and nongrandfathered health plan coverage within a health insurance issuer's single, statewide risk pool in the individual market and within a health insurance issuer's single, statewide risk pool in the small group market, with a separate index rate being calculated for each market. Health insurance issuers may make any market-wide and plan- or product-specific adjustments to an index rate as permitted or as required by federal law, rules, or regulations. In the event this rate cannot be determined by reference to 42 U.S.C. 18022, Section 1302(b) of the Patient Protection and Affordable Care Act, the commissioner of insurance shall promulgate rules pursuant to the Administrative Procedure Act, R.S. 49:950 et seq., to define a substantially similar alternative.

(10) "Individual health insurance coverage" or "individual policy" means health insurance coverage offered to individuals in the individual market or through an association.

(11) "Individual market" means the market for health insurance coverage offered to individuals other than in connection with a group health plan.

(12) "Insured" includes any policyholder, including a dependent, enrollee, subscriber, or member, who is covered through any policy or subscriber agreement offered by a health insurance issuer.

(13) "Large group" or "large employer" means, in connection with a group health plan with respect to a calendar year and a plan year, an employer who employed an average of at least fifty-one employees on business days during the preceding calendar year and who employs at least two employees on the first day of the plan year.

(14) "Large group market" means the health insurance market under which individuals obtain health insurance coverage directly or through any arrangement on behalf of themselves and their dependents through a group health plan maintained by a large employer.

(15) "Medical loss ratio" means the ratio of expected incurred benefits to expected earned premium over the time period of coverage, subject to the requirements of federal law, regulation, or rule.

(16) "New rate filing" means a rate filing for any particular product which has not been issued or delivered in this state.

(17) "Particular product" means a basic insurance policy form, certificate, or subscriber agreement delineating the terms, provisions, and conditions of a specific type of coverage or benefit under a particular type of contract with a discrete set of rating and pricing methodologies that a health insurance issuer offers in the state.

(18) "Rate" means the rate initially filed or filed as a result of determination of rates by a health insurance issuer for a particular product.

(19) "Rate change" means the rates for any health insurance issuer for a particular product differ from the rates on file with the department, including but not limited to any change in any current rating factor, periodic recalculation of experience, change in rate calculation methodology, change in benefits, or change in the trend or other rating assumptions.

(20) "Rate increase" means any increase of the rates for a particular product. When referring to federal review thresholds, "rate increase" includes a premium volume-weighted average increase for all insureds for the aggregate rate changes during the twelve-month period preceding the proposed rate increase effective date.

(21) "Rating period" means the calendar period for which rates established by a health insurance issuer are in effect.

(22) "Small group" or "small employer" means any person, firm, corporation, partnership, trust, or association actively engaged in business which has employed an average of at least one but not more than fifty employees on business days during the preceding calendar year and who employs at least one employee on the first day of the plan year. "Small group" or "small employer" shall include coverage sold to small groups or small employers through associations or through a blanket policy. For purposes of rate calculation by a health insurance issuer, a small employer group consisting of one employee shall be rated within a health insurance issuer's individual market risk pool, unless that health insurance issuer provides only employer coverage and thus has only a small group market risk pool.

(23) "Unfairly discriminatory" means rates that result in premium differences between insureds within similar risk categories that do not reasonably correspond to differences in expected costs. When applied to rates charged, "unfairly discriminatory" shall refer to any rate charged by small group or individual health insurance issuers in violation of R.S. 22:1095.

(24) "Unjustified" means a rate for which a health insurance issuer has provided data or documentation to the department in connection with rates for a particular product that is incomplete, inadequate, or otherwise does not provide a basis upon which the reasonableness of the rate may be determined or is otherwise inadequate insofar as the rate charged is clearly insufficient to sustain projected losses and expenses.

(25) "Unreasonable" means any rate that contains a provision or provisions that are any of the following:

(a) Excessive.

(b) Unfairly discriminatory.

(c) Unjustified.

(d) Otherwise not in compliance with the provisions of this Title, or with other provisions of law.

§ 1092. Health insurance issuers; rate filings and rate increases

A. Every health insurance issuer shall file with the department every proposed rate to be used in connection with all of its particular products. Every such filing shall clearly state the date of the filing, the proposed rate, and the effective date of the proposed rate. All rate filings required by this Subpart shall be made in accordance with the following:

(1) Rate filings shall be made within the time prescribed by the department.

(2) All health insurance issuers assuming, merging, or acquiring blocks of business shall be considered as proposing new rates.

(3) The commissioner may set the date upon which index rates in a market are not subject to revision by an issuer.

B. All proposed rate filings shall be filed in the manner and form prescribed by the department.

C. When a rate filing made pursuant to this Subpart is not accompanied by the information upon which the health insurance issuer supports the rate filing, with the result that the department does not have sufficient information to determine whether the rate filing meets the requirements of this Subpart, the department may require the health insurance issuer to refile the information upon which it supports its filing. The time period provided in this Section shall begin anew and commence as of the date the proper information is furnished to the department.

D. All proposed rate filings may be reviewed for compliance with R.S. 22:1095 and with other provisions of law governing rates in the individual market and the small group market. A review of rates made pursuant to this Subpart shall not constitute a determination under the Administrative Procedure Act, R.S. 49:950 et seq., nor shall such a review of rates be subject to other administrative or judicial relief.

E. Each rate filing shall be reviewed by the department to determine whether such filing is reasonable and compliant with this Subpart.

F. The department shall consider the following criteria to determine whether a rate is unreasonable:

(1) Whether the rate is excessive.

(2) Whether the rate is unfairly discriminatory.

(3) Whether the rate is unjustified.

(4) Whether the rate does not otherwise comply with the provisions of this Title or with other provisions of law.

G. The review of any proposed rate may take into consideration the following nonexhaustive list of factors and any other factors established by federal rule or regulation to the extent applicable, to determine whether the filing under review is unreasonable:

- (1) The impact of medical trend changes by major service categories.
- (2) The impact of utilization changes by major service categories.
- (3) The impact of cost-sharing changes by major service categories.
- (4) The impact of benefit changes.
- (5) The impact of changes in an insured's risk profile.
- (6) The impact of any overestimate or underestimate of medical trend for prior year periods related to the rate increase, if applicable.
- (7) The impact of changes in reserve needs.
- (8) The impact of changes in administrative costs related to programs that improve healthcare quality.
- (9) The impact of changes in other administrative costs.
- (10) The impact of changes in applicable taxes or licensing or regulatory fees.
- (11) Medical loss ratio.
- (12) The financial performance of the health insurance issuer, including capital and surplus levels.

H. Within fifteen days of submission of any proposed rate increase that meets or exceeds the federal review threshold, the department shall publish on its website any documents or forms as required by federal law, rule, or regulation to maintain an effective rate review program. After publication, the public shall have thirty days to submit comments.

I. For any rate increase that meets or exceeds the federal review threshold, the department shall post a notice of final determination on its website and undertake any other actions necessary pursuant to federal law.

§ 1092.1. Grandfathered health coverage; rating practices

The rating practices and rating methods and the rating restrictions imposed by law upon grandfathered health coverage in the individual market and small group

No insurance company shall unfairly discriminate in the payments of dividends, other benefits payable under a policy, or in any of the terms and conditions of such policy or contract solely because the owner of the policy or contract has a severe disability.

B. Upon such notice, the commissioner may, in addition to the penalties in Subsection C of this Section, issue and cause to be served upon such health insurance issuer an order requiring the health insurance issuer to cease and desist from any violation.

B. Any health insurance issuer who violates a cease and desist order issued by the commissioner pursuant to this Subpart while such order is in effect shall be subject to one or more of the following at the commissioner's discretion:

(1) A monetary penalty of not more than twenty-five thousand dollars for each act or violation and every day the health insurance issuer is not in compliance with the cease and desist order, not to exceed an aggregate of two hundred fifty thousand dollars for any six-month period.

(2) Suspension or revocation of the health insurance issuer's certificate of authority to operate in this state.

(3) Injunctive relief from the district court of the district in which the violation may have occurred or in the Nineteenth Judicial District Court.

SUBPART E. MEDICARE SUPPLEMENT MINIMUM STANDARDS

§ 1111. Medicare supplement minimum standards

A. (1) Except as otherwise specifically provided, this Section shall apply to:

(a) All Medicare supplement policies and subscriber contracts delivered or issued for delivery in this state on or after the effective date hereof, and

(b) All certificates issued under group Medicare supplement policies or subscriber contracts which have been delivered or issued for delivery in this state.

(2) Except as otherwise specifically provided in Paragraph F(3), the provisions of this Section are not intended to prohibit or apply to insurance policies or health care benefit plans, including group conversion policies, provided to Medicare eligible persons which are not marketed or held to be Medicare supplement policies or benefit plans.

B. For purposes of this Section, the following terms shall have the meaning indicated herein:

(1) "Applicant" means:

(a) In the case of an individual Medicare supplement policy or subscriber contract, the person who seeks to contract for insurance benefits, and

(b) In the case of a group Medicare supplement policy or subscriber contract, the proposed certificate holder.

(2) "Medicare supplement policy" means a group or individual policy of health insurance or a subscriber contract of hospital and medical service associations or health maintenance organizations, other than a policy issued pursuant to a contract under Section 1876 of the federal Social Security Act (42 U.S.C. 1395 et seq.), or an issued policy under a demonstration project specified in 42 U.S.C. 1395ss(g)(1), which is advertised, marketed, or designed primarily as a

supplement to reimbursement under Medicare for the hospital, medical, or surgical expenses of a person eligible for Medicare. The term does not include a policy or contract of one or more employers or labor organizations, or of the trustees of a fund established by one or more employers or labor organizations, or a combination thereof, for employees or former employees, or a combination thereof, or for members or former members, or a combination thereof, of the labor organizations.

(3) "Certificate" means a certificate issued under a group Medicare supplement policy, which policy has been delivered or issued for delivery in this state.

(4) "Medicare" means the "Health Insurance for the Aged Act", Title XVIII of the Social Security Amendments of 1965, as then constituted or later amended.

C. (1) The commissioner shall issue reasonable regulations to establish specific standards for policy provisions of Medicare supplement policies and certificates. Such standards shall be in addition to and in accordance with applicable laws of this state. No requirement of the Louisiana Insurance Code relating to minimum required policy benefits, other than the minimum standards contained in this Section, shall apply to Medicare supplement policies. The standards may cover but shall not be limited to:

- (a) Terms of renewability.
- (b) Initial and subsequent conditions of eligibility.
- (c) Nonduplication of coverage.
- (d) Probationary periods.
- (e) Benefit limitations, exceptions, and reductions.
- (f) Elimination periods.
- (g) Requirements for replacement.
- (h) Recurrent conditions.
- (i) Definition of terms.

(2) The commissioner may issue reasonable regulations that specify prohibited policy provisions not otherwise specifically authorized by statute, which in the opinion of the commissioner, are unjust, unfair, or unfairly discriminatory to any person insured or proposed for coverage under a Medicare supplement policy.

(3) Notwithstanding any other provisions of law, a Medicare supplement policy shall not deny a claim for losses, incurred more than six months from the effective date of coverage, for a preexisting condition. The policy shall not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by, or received from, a physician within six months before the effective date of coverage.

D. The commissioner shall issue reasonable regulations to establish minimum

standards for benefits, claims payment, marketing practices, compensation arrangements, and reporting practices for Medicare supplement policies. No Medicare supplement insurance policy, contract, or certificate in force in the state shall contain benefits which duplicate benefits provided by Medicare.

E. (1) Every insurer providing group Medicare supplement insurance benefits to a resident of this state pursuant to this Section shall file for approval by the commissioner a copy of the master policy and any certificate used in this state in accordance with the filing requirements and procedures applicable to group Medicare supplement policies issued in this state.

(2)(a) Medicare supplement policies shall return to policyholders benefits which are reasonable in relation to the premium charged. The commissioner shall issue reasonable rules and regulations to establish minimum standards for loss ratios of Medicare supplement policies on the basis of incurred claims experience, or incurred health care expenses where coverage is provided by a health maintenance organization on a service rather than reimbursement basis, and earned premiums in accordance with accepted actuarial principles and practices.

(b) Each entity providing Medicare supplement policies or certificates in this state shall annually file its rates, rating schedule, and supporting documentation demonstrating that it is in compliance with the applicable loss-ratio standards of this state. All filings of rates and rating schedules shall demonstrate that the actual and expected losses in relation to premiums comply with the requirements of this Subpart.

(3) Repealed by Acts 1990, No. 656, § 2.

F. (1) In order to provide for full and fair disclosure in the sale of Medicare supplement policies, no Medicare supplement policy or certificate shall be delivered in this state unless an outline of coverage is delivered to the applicant at the time application is made. The commissioner shall prescribe the format and content of the outline of coverage required by this Subsection.

In this Subsection, "format" means style, arrangements, and overall appearance, including such items as the size, color, and prominence of type and arrangement of text and captions. The outline of coverage shall include:

(a) A description of the principal benefits and coverage provided in the policy.

(b) A statement of the exceptions, reductions, and limitations contained in the policy.

(c) A statement of the renewal provisions, including any reservation by the insurer of a right to change premiums.

(d) A statement that the outline of coverage is a summary of the policy issued or applied for, and that the policy should be consulted to determine governing contractual provisions.

(2) The commissioner may prescribe by regulation a standard form and the contents of an informational brochure for persons eligible for Medicare, which is intended to improve the buyer's ability to select the most appropriate

coverage and improve the buyer's understanding of Medicare. Except in the case of direct response insurance policies, the commissioner may require by regulation that the informational brochure be provided to any prospective insureds eligible for Medicare concurrently with delivery of the outline of coverage. With respect to direct response insurance policies, the commissioner may require by regulation that the prescribed brochure shall be provided to any prospective insureds eligible for Medicare upon request, but in no event later than the time of policy delivery.

(3) The commissioner may promulgate regulations for captions or notice requirements, determined to be in the public interest and designed to inform prospective insureds that particular insurance coverages are not Medicare supplement coverages, for all accident and sickness insurance policies sold to persons eligible for Medicare, other than:

(a) Medicare supplement policies;

(b) Disability income policies;

(c), (d) Repealed by Acts 1997, No. 633, § 2, eff. July 3, 1997.

G. Medicare supplement policies or certificates shall have a notice prominently printed on the first page of the policy or certificate or attached thereto stating in substance that the applicant shall have the right to return the policy or certificate within thirty days of its delivery and to have the premium refunded if, after examination of the policy or certificate, the applicant is not satisfied for any reason. Any refund made pursuant to this Subsection shall be paid directly to the applicant by the insurer in a timely manner.

H. Every insurer, health care service plan, or other entity providing Medicare supplement insurance or benefits in this state shall provide a copy of any Medicare supplement advertisement intended for use in this state, whether through written, radio, or television medium, to the commissioner for his review and approval to the extent permitted under the Insurance Code, particularly under R.S. 22:1967.

I. Rules and regulations promulgated pursuant to this Section shall be subject to the Administrative Procedure Act.¹

J. In addition to any other applicable penalties for violation of provisions of the Louisiana Insurance Code, the commissioner may require an insurer who violates any provision of this Section or regulations promulgated pursuant to this Section to cease marketing any Medicare supplement policy or certificate in this state which is related directly or indirectly to a violation, or may require such insurer to take such actions as are necessary to comply with the provisions of this Section, or both.

K. Payment for premiums for Medicare supplement policies shall be made only as

follows:

(1) By check, money order, credit or debit card, or bank draft made payable to the insurer.

(2) By cash, provided that an insurer's receipt which binds the insurer for receipt of such premium shall be issued to the insured.

L. The commissioner may adopt reasonable regulations as are necessary to conform Medicare supplement policies and certificates with the requirements of federal law and regulations promulgated thereunder, including but not limited to:

(1) Requiring refunds or credits if the policies or certificates do not satisfy loss ratio requirements.

(2) Establishing a uniform methodology for calculating and reporting loss ratios.

(6) Prescription drugs.

(7) Rehabilitative and habilitative services and devices.

(8) Laboratory services.

(9) Preventive and wellness services and chronic disease management.

(10) Pediatric services, including oral and vision care.

D. In defining essential health benefits for purposes of this Section, the commissioner shall do the following:

(1) Ensure that the essential health benefits reflect an appropriate balance among the categories enumerated in Subsection C of this Section, so that benefits are not unduly weighted toward any category.

(2) Ensure that coverage decisions, determination of reimbursement rates, establishment of incentive programs, and designation of benefits are effected in ways that do not discriminate against individuals because of age, disability, or life expectancy.

(3) Take into account the healthcare needs of diverse segments of the population, including women, children, persons with disabilities, and other groups.

(4) Ensure that health benefits established as essential are not subject to denial to an individual, against the individual's wishes, on the basis of the individual's age or life expectancy or of the individual's present or predicted disability, degree of medical dependency, or quality of life.

(5) Provide that a qualified health plan shall not be treated as providing coverage for the essential health benefits package described in Subsection B of this Section unless the plan complies with the provisions of the Patient Protection and Affordable Care Act, P. L. 111-148, relative to coverage and payment for emergency department services.

(6) Provide that if a plan is offered through an exchange, another health plan offered through that exchange shall not fail to be treated as a qualified health plan solely because the plan does not offer coverage of benefits offered through the stand-alone plan that are otherwise required under Paragraph (C)(10) of this Section.

(7) Annually review the essential health benefits package under Subsection B of this Section and submit a report to the legislature that contains the following:

(a) An assessment of whether enrollees are facing any difficulty accessing needed services for reasons of coverage or cost.

(b) An assessment of whether the essential health benefits package needs to be modified or updated to account for changes in medical evidence or scientific advancement.

(c) Information on how the essential health benefits package will be modified to address any gaps in access or changes in the evidence base.

(d) An assessment of the potential of additional or expanded benefits to increase costs and the interactions between the addition or expansion of benefits and reductions in existing benefits to meet actuarial limitations.

(8) Periodically update the essential health benefits package under Subsection B of this Section to address any gaps in access to coverage or changes in the evidence base the commissioner identifies in the review conducted under Paragraph (7) of this Subsection.

E. The commissioner shall establish annual limitations on cost sharing and deductibles that are substantially similar to the limitations for health plans subject to the federal Patient Protection and Affordable Care Act as of January 1, 2019. The commissioner may increase the annual limitation as needed to reflect any premium adjustment percentage. For purposes of this Subsection, "premium adjustment percentage" means the percentage, if any, by which the average per capita premium for health insurance coverage in the United States for the preceding calendar year, as estimated by the commissioner no later than October first of the preceding calendar year, exceeds the average per capita premium for 2019.

F. The commissioner shall define levels of coverage that are substantially similar to the levels of coverage required for health plans subject to the federal Patient Protection and Affordable Care Act as of January 1, 2019.

G. The commissioner shall promulgate rules pursuant to the Administrative Procedure Act to define "essential health benefits" pursuant to Subsection C of this Section, to establish annual limitations on cost sharing and deductibles pursuant to Subsection E of this Section, and to define required levels of coverage pursuant to Subsection F of this Section.

H. Within thirty days of the effective date of rules promulgated that define essential health benefits as required pursuant to Subsection G of this Section or within thirty days after promulgating rules adopting any changes to the definition of essential health benefits, the commissioner shall submit a report summarizing the definition of essential health benefits to the House and Senate committees on insurance.

I. This Section shall not be construed to prohibit a health plan from providing benefits in excess of the essential health benefits described in this Section.

(a) Prevent any person who is a party to or beneficiary of any such health insurance policy or employee benefit plan from selecting the dentist of his choice to furnish the dental care services offered by the policy or plan, or interfere with such selection.

(c) Authorize any person to regulate, interfere, or intervene in any manner in the diagnosis or treatment rendered by a dentist to his patient.

(2) Nothing herein shall prohibit the predetermination of benefits for dental care expenses prior to treatment by the attending dentist.

C. Any health insurance policy or employee benefit plan which is delivered, renewed, issued for delivery, or otherwise contracted for in this state, to the extent that it provides benefits for dental care expenses, shall:

(1) Disclose, if applicable, that the benefit offered is limited to the least costly treatment.

(2)(a) Define and explain the standard upon which the payment of benefits or reimbursement for the cost of dental care services is based, such as "usual and customary", "reasonable and customary", "usual customary and reasonable" fees or words of similar import, or shall specify in dollars and cents the amount of the payment or reimbursement for dental care services to be provided.

(b) The payment or reimbursement for a noncontracting provider dentist shall be the same as or greater than the payment or reimbursement for a contracting provider dentist; however, the health insurance policy or the employee benefit plan shall not be required to make payment or reimbursement in an amount that

is greater than the amount so specified in the policy or plan or that is greater than the fee charged by the providing dentist for the dental care services rendered.

(b) Establish an administrative mechanism which facilitates payment for dental care services by insureds, beneficiaries, participants, employees, or members to the dentist of their choice.

(c) Pay or reimburse, on a nondiscriminatory basis, its insureds, beneficiaries, participants, employees, or members for the cost of dental care services rendered by the dentist of their choice.

§ 1155. Denial of claims; appeal; prior authorization; preexisting conditions

A. (1) A dental service contractor or a contract of dental insurance shall establish and maintain appeal procedures for any claim by a dentist or a subscriber that is denied based upon lack of medical necessity.

(2)(a) Any denial shall be based upon a determination by a dentist who holds a nonrestricted license issued in the United States in the same or an appropriate specialty that typically manages the dental condition, procedure, or treatment

under review.

(b) Subsequent to an initial denial, the licensed dentist making the adverse determination shall not be an employee of the dental service contractor or dental insurer.

(3) Any written communication to an insured or a dentist that includes or pertains to a denial of benefits for all or part of a claim on the basis of a lack of medical necessity shall include the name, applicable speciality designation, license number together with state of issuance, and the direct telephone number of the licensed dentist making the adverse determination.

B. (1) For the purposes of this Subsection, a "prior authorization" shall mean any predetermination, prior authorization, or similar authorization that is verifiable, whether through issuance of letter, facsimile, e-mail, or similar means, indicating that a specific procedure is, or multiple procedures are, covered under the patient's plan and reimbursable at a specific amount, subject to applicable coinsurance and deductibles, and issued in response to a request submitted by a dentist using a prescribed format.

(2) A dental service contractor shall not deny any claim subsequently submitted for procedures specifically included in a prior authorization unless at least one of the following circumstances applies for each procedure denied:

(a) Benefit limitations such as annual maximums and frequency limitations not applicable at the time of prior authorization are reached due to utilization subsequent to issuance of the prior authorization.

(b) The documentation for the claim provided by the person submitting the claim clearly fails to support the claim as originally authorized.

(c) If, subsequent to the issuance of the prior authorization, new procedures are provided to the patient or a change in the patient's condition occurs such that the prior authorized procedure would no longer be considered medically necessary, based on the prevailing standard of care.

(d) If, subsequent to the issuance of the prior authorization, new procedures are provided to the patient or a change in the patient's condition occurs such that the prior authorized procedure would at that time require disapproval pursuant to the terms and conditions for coverage under the patient's plan in effect at the time the prior authorization was issued.

(e) The dental service contractor's denial is because of one of the following:

(i) Another payor is responsible for the payment.

(ii) The dentist has already been paid for the procedures identified on the claim.

(iii) The claim was submitted fraudulently or the prior authorization was based in whole or material part on erroneous information provided to the dental service contractor by the dentist, patient, or other person not related to the carrier.

(iv) The person receiving the procedure was not eligible to receive the procedure on the date of service and the dental service contractor did not know, and with the exercise of reasonable care could not have known, of the person's eligibility status.

(3) A dental service contractor shall not require any information be submitted for a prior authorization request that would not be required for submission of a claim.

(4) A dental service contractor shall issue a prior authorization within thirty days of the date a request is submitted by a dentist.

(5) The provisions of Subsection A of this Section shall apply to any denial of a claim pursuant to Paragraph (2) of this Subsection for a procedure included in a prior authorization.

C. Any recoupment by a dental service contractor shall be in accordance with R.S. 22:1838. The contractor shall not recoup a claim solely due to a patient's loss of coverage or ineligibility if, at the time of treatment, the contractor erroneously confirms coverage and eligibility, but had sufficient information available to it indicating that the patient was no longer covered or was ineligible for coverage.

D. (1) A dental service contractor shall not deny a benefit for covered dental services to treat conditions existing prior to the date the coverage begins.

(2) A dental service contractor may impose up to a twelve-month waiting period for covered services.

§ 1156. Dental reimbursement or payments

A. (1) The frequency of the determination of the usual and customary fee.

(2) A specific and detailed description of the methodology used to determine the usual and customary fee.

(3) The percentile that determines the maximum benefit that the company will pay for each dental procedure, if the usual and customary fee is determined by taking a sample of fees submitted on actual claims from licensed dentists and then determining the benefit by selecting a percentile of those fees.

B. Each insurer providing dental health coverage shall, upon request, provide a complete copy of the dental health coverage provisions, including the information enumerated in Subsection A of this Section, to each insured. Every

employee benefit explanation or description and any proposal for dental insurance coverage shall also contain such information regarding the determination of the usual and customary fee.

C. As used in this Section, the following definitions shall apply:

(1) "Usual fee" is the fee which an individual dentist most frequently charges for a specific dental procedure.

(2) "Customary fee" is the fee level determined by the administrator of the dental benefit plan from actual submitted fees for a specific dental procedure to establish the maximum benefit payable under a given plan for that specific procedure.

D. The disclosure must be provided upon request to all group and individual policyholders and group certificate holders. All proposals for dental insurance must notify the prospective policyholder that information regarding usual and customary fee determinations are available from the insurer. The employee benefit descriptions or supplemental documents must notify the employee that information regarding dental reimbursements rates are available from the employer.

(2) "Covered service" means any dental service rendered or authorized by a licensed dentist on a covered person for which a dental service contractor or insurer is required to pay benefits to the dentist under a contractual agreement with such dentist. Such a service includes any service on which reimbursement is limited by a deductible, copayment, coinsurance, waiting period, annual maximum, or frequency limitation.

(3) "Credit card payment" means a type of electronic funds transfer in which a dental plan or its contracted vendor issues a single-use series of numbers associated with the payment of healthcare services performed by a dentist chargeable for a predetermined dollar amount, requiring the dentist to be responsible for processing the payment by a credit card terminal or internet portal. "Credit card payment" includes a virtual or online credit card payment, in which no physical credit card is presented to the healthcare provider and the single-use credit card expires upon payment processing.

(4) "Dental plan" means any insurance policy, benefit plan, or dental service contract providing for the payment of benefits for dental healthcare services.

(5) "Electronic funds transfer" means an electronic funds transfer through the

C. Nothing in this Section shall prohibit a dental service contractor or insurer from offering a dentist optional agreements for participation in a dental plan in which a dentist may choose to participate either with or without a provision to provide discounts to covered persons for non-covered services provided that all of the following apply:

(1) No dental service contractor or insurer may restrict in any manner the choice of any dentist to participate in the plan with or without an optional agreement providing for discounts on non-covered services except that the option for any dentist choosing to participate in the plan under such an optional agreement to cease providing such discounts under said optional agreement but still continue participating in the plan may be limited to each time said optional agreement is up for renewal.

(2) The provision for discounts on non-covered services shall be the only material difference between agreements entered into with a dentist who accepts such an optional agreement and those with a dentist who accepts a contract without said optional agreement.

D. (1) No dental plan that is delivered, renewed, issued for delivery, or otherwise contracted for in this state shall restrict methods of payment from the dental plan to the dentist for the purpose of making a credit card payment the only means of payment acceptable for healthcare services provided by the dentist to an insured.

(2) If initiating or changing payments to a dentist using electronic funds transfers or credit card payments, a dental plan shall do both of the following:

(a) Notify the dentist if any fees are associated with a particular payment method.

(b) Advise the dentist of all the available methods of payment and provide clear instructions to the dentist on how to select an alternative payment method.

(3) The provisions of this Subsection shall not be waived by contract, and any contractual clause in conflict with the provisions of this Subsection or that purports to waive any requirements of this Subsection is void.

(3) The explanation of benefits shall not state or infer that the dentist or other healthcare provider's charge was excessive unless there is clear evidence the charge was substantially higher than the dentist's or provider's regular fees.

Section 2 of Acts 2021, No. 26 provides:

"Section 2. The provisions of this Act shall apply to any contract issued or renewed after August 1, 2021."

§ 1172. Fair and transparent network contracting; responsible leasing requirements; applicability; penalties; enforcement; waiver of contractual regulations prohibited; rules and regulations

A. A contracting entity may grant a third party access to a provider network contract or a provider's dental services or contractual discounts pursuant to a provider network contract if all of the following terms are met:

(1) The contract specifically states that the contracting entity may enter into an agreement with a third party allowing the third party to obtain the contracting entity's rights and responsibilities as if the third party is the contracting entity.

(a) If the contracting entity is a dental carrier, the provider chose to participate in third-party access at the time the provider network contract was entered into or renewed, and for contracts with dental carriers, the dentist has the right to choose not to participate in third-party access.

(b) If the contracting entity is an insurer, the third-party access provision of any provider network contract specifically states that the contract grants third-party access to the provider network.

(2) The third party accessing the contract agrees to comply with all terms of the provider network contract.

(3) The contracting entity identifies, in writing or electronic form to the provider, all third parties in existence as of the date of the contract.

(4) The contracting entity identifies all third parties in existence in a list on its internet website that is updated at least once every ninety days.

(8) A third party's right to a provider's discounted rate ceases as of the termination date of the provider network contract.

(9) The contracting entity makes available a copy of the provider network contract relied on in the adjudication of a claim to a participating provider within thirty days of a request from the provider.

B. (1) At the time the provider network contract is entered into or renewed, or when there are material modifications to a contract relevant to granting access of a provider network contract to a third party, a dental carrier shall allow any provider which is part of the carrier's provider network to choose not to participate in third-party access to the contract or to enter into a contract directly with the health insurer that acquired the provider network. If a provider opts out of a network lease arrangement, this does not permit the contracting entity to cancel or otherwise end a contractual relationship with the provider. When initially contracting with a provider, a contracting entity shall accept a qualified provider even if a provider rejects a network lease provision.

(2) The provisions of this Subsection do not apply to a contracting entity that is not a health insurer or dental carrier.

C. A provider is not bound by or required to perform dental treatment or services pursuant to a provider network contract that has been granted to a third party in violation of this Subpart.

G. The commissioner of insurance may promulgate rules in accordance with the

Administrative Procedure Act that are consistent with the provisions of this Subpart and the laws of this state.

(bb) Except for credit unions, the association or associations collect dues or

solicit contributions from members; and

(cc) The members have voting privileges and representation on the governing board and committees.

(i) The issuance of the group policy is not contrary to the best interest of the public;

(iii) The benefits are reasonable in relation to the premiums charged.

(5)(a) "Long-term care insurance" means any insurance policy or rider advertised, marketed, offered, or designed to provide coverage for not less than twelve consecutive months for each covered person on an expense incurred, indemnity, prepaid, or other basis for one or more necessary or medically necessary diagnostic, preventive, therapeutic, rehabilitative, maintenance, or personal care services, provided in a setting other than an acute care unit of a hospital.

(d) With regard to life insurance, this term does not include life insurance policies which accelerate the death benefit specifically for one or more of the qualifying events of terminal illness, medical conditions requiring extraordinary medical intervention, or permanent institutional confinement, and which provide the option of a lump-sum payment for those benefits and where neither the benefits nor the eligibility for the benefits is conditioned upon the receipt of long-term care.

(6) "Policy" means any policy, contract, subscriber agreement, rider, or endorsement delivered or issued for delivery in this state by an insurer; fraternal benefit society; nonprofit health, hospital, or medical service corporation; prepaid health plan; health maintenance organization; or any similar organization.

(i) The only insurance protection provided under the contract is coverage of qualified long-term care services. A contract shall not fail to satisfy the requirements of this Item by reason of payments being made on a per diem or other periodic basis without regard to the expenses incurred during the period to which the payments relate.

(ii) The contract does not pay or reimburse expenses incurred for services or items to the extent that the expenses are reimbursable under Title XVIII of the Social Security Act, as amended, or would be so reimbursable but for the application of a deductible or coinsurance amount. The requirements of this Item do not apply to expenses that are reimbursable under Title XVIII of the Social Security Act only as a secondary payor. A contract shall not fail to satisfy the requirements of this Item by reason of payments being made on a per diem or other periodic basis without regard to the expenses incurred during the period to which the payments relate.

(iii) The contract is guaranteed renewable, within the meaning of Section 7702B(b) (1) (C) of the Internal Revenue Code of 1986, as amended.

(iv) The contract does not provide for a cash surrender value or other money that can be paid, assigned, pledged as collateral for a loan, or borrowed except as provided in Item (v) of this Subparagraph.

(v) All refunds of premiums, and all policyholder dividends or similar amounts, under the contract are to be applied as a reduction in future premiums or to increase future benefits, except that a refund on the event of death of the insured or a complete surrender or cancellation of the contract cannot exceed the aggregate premiums paid under the contract.

(vi) The contract meets the consumer protection provisions set forth in Section 7702B(g) of the Internal Revenue Code of 1986, as amended.

(b) "Qualified long-term care insurance contract" or "federally tax-qualified long-term care insurance contract" also means the portion of a life insurance contract that provides long-term care insurance coverage by rider or as part of the contract and that satisfies the requirements of Sections 7702B(b) and (e) of the Internal Revenue Code of 1986, as amended.

Renumbered from R.S. 22:1734 by Acts 2008, No. 415, § 1, eff. Jan. 1, 2009. Added by Acts 1989, No. 448, § 1, eff. Sept. 1, 1989. Amended by Acts 1993, No. 658, § 1, eff. Jan. 1, 1994; Acts 1997, No. 308, § 1, eff. June 17, 1997; Acts 2004, No. 780, § 1, eff. Jan. 1, 2005.

§ 1185. Extraterritorial jurisdiction; group long-term care insurance

No group long-term care insurance coverage may be offered to a resident of this state under a group policy issued in another state to a group described in R.S. 22:1184(4)(d), unless this state has made a determination that such requirements have been met.

Renumbered from R.S. 22:1735 by Acts 2008, No. 415, § 1, eff. Jan. 1, 2009. Added by Acts 1989, No. 448, § 1, eff. Sept. 1, 1989. Amended by Acts 2004, No. 780, § 1, eff. Jan. 1, 2005.

§ 1186. Disclosure and performance standards for long-term care insurance

A. The commissioner may adopt rules and regulations that include standards for full and fair disclosure setting forth the manner, content, and required disclosures for the sale of long-term care insurance policies, terms of renewability, initial and subsequent conditions of eligibility, nonduplication of coverage provisions, coverage of dependents, preexisting conditions, termination of insurance, continuation or conversion, probationary periods, limitations, exceptions, reductions, elimination periods, requirements for replacement, recurrent conditions, and definitions of terms.

B. No long-term care insurance policy may:

(1) Be cancelled, nonrenewed, or otherwise terminated on the grounds of the age or the deterioration of the mental or physical health of the insured individual or certificate holder.

(2) Contain a provision establishing a new waiting period in the event existing coverage is converted to or replaced by a new or other form within the same company, except with respect to an increase in benefits voluntarily selected by the insured individual or group policyholder.

(3) Provide coverage for skilled nursing care only or provide significantly more coverage for skilled care in a facility than coverage for lower levels of care.

(4) Be marketed or sold as a federally tax-exempt policy, unless such policy contains provisions for automatic amendment to conform with mandatory federal requirements necessary to maintain such tax-exempt status and provides notice thereof approved by the commissioner.

C. (1) No long-term care insurance policy or certificate other than a policy or certificate thereunder issued to a group as defined in R.S. 22:1184(4)(a) shall use a definition of "preexisting condition" which is more restrictive than the following: "preexisting condition" means a condition for which medical advice or treatment was recommended by, or received from, a provider of health care services, within six months preceding the effective date of coverage of an insured person.

(2) No long-term care insurance policy or certificate other than a policy or certificate thereunder issued to a group as defined in R.S. 22:1184(4)(a) may exclude coverage for a loss or confinement which is the result of a preexisting condition unless such loss or confinement begins within six months following the effective date of coverage of an insured person.

(3) The commissioner may extend the limitation periods set forth in Paragraphs (C)(1) and (2) of this Section as to specific age group categories in specific policy forms upon findings that the extension is in the best interest of the public.

(4) The definition of "preexisting condition" does not prohibit an insurer from using an application form designed to elicit the complete health history of an applicant, and on the basis of the answers on that application, from underwriting in accordance with that insurer's established underwriting standards. Unless otherwise provided in the policy or certificate, a preexisting condition, regardless of whether it is disclosed on the application, need not be covered until the waiting period described in R.S. 22:1186(C)(2) expires. No long-term care insurance policy or certificate may exclude or use waivers or riders of any kind to exclude, limit, or reduce coverage or benefits for specifically named or described preexisting diseases or physical conditions beyond the waiting period described in R.S. 22:1186(C)(2).

D. Prior hospitalization/institutionalization. (1) No long-term care insurance policy may be delivered or issued for delivery in this state if such policy does any of the following:

(a) Conditions eligibility for any benefits on a prior hospitalization requirement.

(b) Conditions eligibility for benefits provided in an institutional care setting on the receipt of a higher level of institutional care.

(c) Conditions eligibility for any benefits other than a waiver of the premium, post-confinement, post-acute care, or recuperative benefits on a prior institutionalization requirement.

(2)(a) A long-term care insurance policy containing post-confinement, post-acute care, or recuperative benefits shall clearly label in a separate paragraph of the policy or certificate entitled "Limitations or Conditions on Eligibility for Benefits", such limitations or conditions, including any required number of days of confinement.

(b) A long-term care insurance policy or rider which conditions eligibility of non-institutional benefits on the prior receipt of institutional care shall not require a prior institutional stay of more than thirty days.

E. The commissioner may adopt regulations establishing loss ratio standards for long-term care insurance policies provided that a specific reference to long-term care insurance policies is contained in the regulation.

F. Right to return-free look. Long-term care insurance applicants shall have

the right to return the policy or certificate within thirty days of its delivery and to have the premium refunded if, after examination of the policy or certificate, the applicant is not satisfied for any reason. Long-term care insurance policies and certificates shall have a notice prominently printed on the first page or attached thereto stating in substance that the applicant shall have the right to return the policy or certificate within thirty days of its delivery and to have the premium refunded if, after examination of the policy or certificate, the applicant is not satisfied for any reason. This Subsection shall also apply to denials of applications, and any refund shall be made within thirty days of the return or denial.

G. (1) An outline of coverage shall be delivered to a prospective applicant for long-term care insurance at the time of initial solicitation through means which prominently direct the attention of the recipient of the document and its purpose.

(a) The commissioner shall prescribe a standard format, including style, arrangement, and overall appearance, and the content of an outline of coverage.

(b) In the case of producer solicitations, a producer shall deliver the outline of coverage prior to the presentation of an application or enrollment form.

(c) In the case of direct response solicitations, the outline of coverage must be presented in conjunction with any application or enrollment form.

(2) The outline of coverage shall include each of the following:

(a) A description of the principal benefits and coverage provided in the policy.

(b) A statement of the principal exclusions, reductions, and limitations contained in the policy.

(c) A statement of the terms under which the policy or certificate, or both, may be continued in force or discontinued, including any reservation in the policy of a right to change premium. Continuation or conversion provisions of group coverage shall be specifically described.

(d) A statement that the outline of coverage is a summary only, not a contract of insurance, and that the policy or group master policy contains governing contractual provisions.

(e) A description of the terms under which the policy or certificate may be returned and premium refunded.

(f) A brief description of the relationship of cost of care and benefits.

(g) A statement that discloses to the policyholder or certificateholder whether the policy is intended to be a federally tax-qualified long-term care insurance contract under 7702B(b) of the Internal Revenue Code of 1986, as amended.

H. If an applicant for a long-term care insurance contract or certificate is approved, the issuer shall deliver the contract or certificate of insurance to

the applicant no later than thirty days after the date of approval.

I. At the time of policy delivery, a policy summary shall be delivered for an individual life insurance policy which provides long-term care benefits within the policy or by rider. In the case of direct-response solicitations, the insurer shall deliver the policy summary upon the applicant's request, but regardless of request shall make delivery no later than at the time of policy delivery. In addition to complying with applicable requirements, the summary shall also include:

(1) An explanation of how the long-term care benefit interacts with other components of the policy, including deductions from death benefits.

(2) An illustration of the amount of benefits, the length of the benefit, and the guaranteed lifetime benefits, if any, for each covered person.

(3) Any exclusions, reductions, and limitations on benefits of long-term care.

(4) A statement that any long-term care inflation protection option required by § 1919 of Regulation 46 is not available under this policy.

(5) If applicable to the policy type, the summary shall also include each of the following:

(a) A disclosure of the effects of exercising other rights under the policy.

(b) A disclosure of guarantees related to long-term care costs of insurance charges.

(c) Current and projected maximum lifetime benefits.

(6) The provisions of the policy summary listed above may be incorporated into a basic illustration required to be delivered in accordance with § 3309 and § 3311 of Regulation 55.

J. Any time a long-term care benefit, funded through a life insurance vehicle by the acceleration of the death benefit, is in benefit payment status, a monthly report shall be provided to the policyholder. The report shall include the following:

(1) Any long-term care benefits paid out during the month.

(2) An explanation of any changes in the policy, including death benefits or cash values, due to the long-term care benefits being paid out.

(3) The amount of long-term care benefits existing or remaining.

K. If a claim under a long-term care insurance contract is denied, the issuer shall within sixty days from the date of a written request by the policyholder or certificate holder, or a representative thereof do the following:

(1) Provide a written explanation of the reasons for the denial.

(2) Make available all information directly related to the denial.

L. No policy may be advertised, marketed, or offered as long-term care or nursing home insurance unless it complies with the provisions of this Subpart.

Renumbered from R.S. 22:1736 by Acts 2008, No. 415, § 1, eff. Jan. 1, 2009. Added by Acts 1989, No. 448, § 1, eff. Sept. 1, 1989. Amended by Acts 1993, No. 658, § 1, eff. Jan. 1, 1994; Acts 1997, No. 308, § 1, eff. June 17, 1997; Acts 2004, No. 780, § 1, eff. Jan. 1, 2005.

§ 1187. Incontestability period

A. For a policy or certificate that has been in force for less than six months, an insurer may rescind a long-term care insurance policy or certificate or deny an otherwise valid long-term care insurance claim upon a showing of misrepresentation that is material to the acceptance of the coverage.

B. For a policy or certificate that has been in force for at least six months but less than two years, an insurer may rescind a long-term care insurance policy or certificate or deny an otherwise valid long-term care insurance claim upon a showing of misrepresentation that is both material to the acceptance for coverage and which pertains to the condition for which benefits are sought.

C. After a policy or certificate has been in force for two years, it is not contestable upon the grounds of material misrepresentation alone; such policy or certificate may be contested only upon a showing that the insured knowingly and intentionally misrepresented material facts relating to the insured's health.

D. (1) No long-term care insurance policy or certificate may be field issued based on medical or health status.

(2) For purposes of this Section, "field issued" means a policy or certificate issued by a producer or a third-party administrator pursuant to the underwriting authority granted to the producer or third-party administrator by an insurer.

E. If an insurer has paid benefits under the long-term care insurance policy or certificate, the benefit payments may not be recovered by the insurer in the event that the policy or certificate is rescinded.

F. In the event of the death of the insured, this Section shall not apply to the remaining death benefit of a life insurance policy that accelerates benefits for long-term care. In this situation, the remaining death benefits under these policies shall be governed by R.S. 22:931. § 1188. Nonforfeiture benefits

A. Except as provided in Subsection B of this Section, a long-term care

The offer of a nonforfeiture benefit may be in the form of a rider that is attached to the policy. In the event the policyholder or certificate holder declines the nonforfeiture benefit, the insurer shall provide a contingent benefit upon lapse that shall be available for a specified period of time following a substantial increase in premium rates.

However, if the policy is issued as group long-term care insurance as defined in R.S. 22:1184(4), other than to a continuing care retirement community or other similar entity, the offering shall be made to each proposed certificate holder.

C. The commissioner shall promulgate regulations specifying the type or types of nonforfeiture benefits to be offered as part of long-term care insurance policies and certificates, the standards for nonforfeiture benefits, and the rules regarding contingent benefit upon lapse, including a determination of the specified period of time during which a contingent benefit upon lapse will be available and the substantial premium rate increase that triggers a contingent benefit upon lapse as described in Subsection A of this Section.

it is a clean claim or send a written notice that the insurer is declining to pay all or part of the claim and the specific reason or reasons for denial.

D. If an insurer fails to comply with Subsection B or C of this Section, such insurer shall pay interest at the rate of one percent per month on the amount of the claim that should have been paid but that remains unpaid forty-five business days after the receipt of the claim pursuant to Subsection B of this Section or after receipt of all requested additional information pursuant to Subsection C of this Section. The interest payable pursuant to this Subsection shall be included in any late reimbursement without requiring the person who filed the original claim to make any additional claim for such interest.

E. The provisions of this Section shall not apply where the insurer has a reasonable basis supported by specific information that such claim was fraudulently submitted.

SUBPART J. LOUISIANA HEALTH PLAN

§ 1201. Legislative findings; purpose; short title

A. Existing law does not establish a health coverage program to provide health insurance to Louisiana domiciliaries who are not otherwise able to obtain health insurance meeting prescribed criteria.

B. Uninsurable Louisianians, left to face the cost of major medical care without health coverage, must look to publicly funded programs in the event of severe illness or injury, thereby placing a burden on the resources of the state.

C. Insurance is a business which affects the public interest and which has been subject to regulation in the public interest in this state since 1855; Louisiana's interest in the regulation of insurance is effectuated by the provisions of the Louisiana Insurance Code, R.S. 22:1 et seq., and in other statutes of this state, and is affirmed in the McCarran-Ferguson Act, 15 U.S.C. § 1011 et seq.

D. It is the purpose and intent of the legislature to establish a mechanism to

insure the availability of health and accident insurance coverage to those citizens of this state who, because of health conditions, cannot secure such coverage.

E. Federal law authorizes the state, subject to federal review and approval, to utilize the Louisiana Health Plan to ensure the availability of comprehensive health coverage to those citizens of this state who lose their group health care coverage and are guaranteed access to continuing coverage. Under this authority, the state can provide the plan with the ability to utilize alternate funding sources to reduce rates, provided rates do not fall below one hundred twenty-five percent of the standard market average for similar coverage. Under this authority, the financial solvency of the plan for federally defined eligible individuals is guaranteed by fees assessed for plan costs in excess of premiums applicable to participating insurers. It is the purpose and intent of the legislature to establish a mechanism which meets the federal requirements for access to comprehensive health insurance for federally defined eligible individuals and provides options for receipt of alternate funding to improve the affordability of coverage as allowed by federal law.

F. This Subpart shall be known and may be cited as the "Louisiana Health Plan Act".

G. It is the purpose and intent of the legislature to establish a mechanism to increase the availability of health insurance coverage to small businesses that because of the cost of health insurance are not able to offer such coverage to their employees.

H. The Louisiana Health Plan was created to provide health care coverage for individuals to whom comprehensive health care coverage is not available in the individual health insurance market because of preexisting health conditions. As of January 1, 2014, federal law provides that health insurance carriers in the individual market cannot reject applicants for health insurance coverage based upon the presence of preexisting health conditions or exclude health care coverage for preexisting conditions.

(1) Contract with an outside independent actuarial firm to assess the solvency of the plan and for consultation as to the sufficiency and means of the funding of the plan, and the enrollment in and the eligibility, benefits, and rate structure of the benefits plan to ensure the solvency of the plan.

(2) Close enrollment in benefit plans of non-federally defined eligible individuals at any time upon a determination by the outside independent actuarial firm that funds of the plan are insufficient to support the enrollment of additional non-federally defined eligible individuals.

(3) Enter into contracts as are necessary or proper to carry out the provisions and purposes of this Subpart, including the authority to enter into contracts, with the approval of the commissioner, with similar plans or pools of other states for the joint performance of common administrative functions, or with persons or other organizations for the performance of administrative functions.

(4) Enter into contracts for the establishment and maintenance of health care cost containment programs as in the discretion of the board are necessary or proper to establish the most cost-efficient levels of coverage as provided herein.

(5) Sue or be sued, including taking any legal actions necessary or proper for recovery of any monies due the plan under this Subpart.

(6) Take such legal action as necessary to avoid the payment of improper claims against the plan or the coverage provided by or through the plan.

(7) Establish appropriate rates, rate schedules, rate adjustments, expense allowances, agent's referral fees, and claim reserve formulas, and perform or contract for the performance of any other actuarial function appropriate to the operation of the plan, subject to the following limitations:

(a) Rates for federally defined individuals and nonfederally defined individuals. (i) For federally defined individuals, subject to approval by the Department of Insurance, the plan shall determine a standard risk rate for each coverage option offered by considering the premium rates charged by other insurers offering similar health insurance coverage to individuals and family groups, if applicable. The standard risk rate shall be established using reasonable actuarial techniques and shall reflect anticipated experience and expenses for such coverage. Subject to the limits provided in this Paragraph, initial rates for each plan year shall be established to provide fully for the expected costs of claims, including recovery of prior losses, expenses of operation, investment income of claim reserves, and any other cost factors subject to the limitations described herein, provided such rates shall not exceed two hundred percent of rates applicable to individual standard risks. Upon the receipt of governmental appropriations or alternative funding sources, other than assessments under R.S. 22:1210, such as authorized service charges, governmental transfer payments, donations, or grants, the board shall be authorized to reduce rates for the plan year based on established actuarial and underwriting practices. In no event shall rates for plan coverage be less than

the greater of one hundred twenty-five percent of rates established as applicable for individual standard risks or rates established for other individuals provided coverage by or through the plan unless such rates would exceed the maximum amount allowed under this Paragraph. In no instance shall the rates discriminate between covered individuals on the basis of health-related factors.

(ii) Rates for nonfederally defined individuals. For nonfederally defined individuals, subject to approval by the Department of Insurance, the plan shall determine a standard risk rate for each coverage option offered by considering the premium rates charged by other insurers offering similar health insurance coverage to individuals and family groups, if applicable. The standard risk rate shall be established using reasonable actuarial techniques and shall reflect anticipated experience and expenses for such coverage. Subject to the limits provided in this Paragraph, initial rates for each plan year shall be established to provide fully for the expected costs of claims, including recovery of prior losses, expenses of operation, investment income of claim reserves, and any other cost factors subject to the limitations of prior losses, expenses of operation, investment income of claim reserves, and any other cost factors subject to the limitations described herein, provided such rates shall not exceed two hundred percent of rates applicable to individual standard risks. Upon the receipt of governmental appropriations or alternative funding sources, such as authorized service charges, governmental transfer payments, donations, or grants, the board shall be authorized to reduce rates for the plan year based on established actuarial and underwriting practices. In no event shall rates for plan coverage be less than one hundred ten percent of rates established as applicable for individual standard risks or rates established for other individuals provided coverage by or through the plan, provided such rates shall not exceed the maximum amount of two hundred percent of rates applicable to individual standard rates. In no instance shall the rates discriminate between covered individuals on the basis of health-related factors.

(iii) Notwithstanding any other provision of this Subpart to the contrary, for persons eligible under a federal waiver pursuant to R.S. 22:1207(B)(2), the board may authorize a premium subsidy if such a premium subsidy is authorized by the federal waiver. If the board authorizes a premium subsidy, the total amount of the subsidy may not be more than sixty-six percent of the premium otherwise specified by this Subpart. The board may authorize the Louisiana Health Plan to provide for the nonfederal share of such premium subsidy. Nothing herein shall permit rates to be calculated other than as described in this Subpart, or otherwise restrict the board from participating in other components of the federal waiver.

(b) Rates for other individuals. (i) Rates shall not be unreasonable in relation to the coverage provided, the risk experience, and expenses of providing the coverage. Rates and rate schedules may be adjusted for appropriate risk factors such as age and area variation in claim cost and shall take into consideration appropriate risk factors in accordance with established actuarial and underwriting practices. In no instance shall the rates discriminate between covered individuals on the basis of health-related factors.

(ii) Notwithstanding any other provision of this Subpart to the contrary, for

persons eligible under a federal waiver pursuant to R.S. 22:1207(D)(2), the board may authorize a premium subsidy if such a premium subsidy is authorized by the federal waiver. If the board authorizes a premium subsidy, the total amount of the subsidy may not be more than sixty-six percent of the premium otherwise specified by this Subpart. The board may authorize the Louisiana Health Plan to provide for the non-federal share of such premium subsidy. Nothing herein shall permit rates to be calculated other than as described in this Subpart, or otherwise restrict the board from participating in other components of the federal waiver.

(c) Policy fees or other compensation, or consideration paid to agents. No agent's fees or other compensation, or consideration shall be payable for coverage offered through the plan unless:

(i) The agent is duly registered and certified by the plan under a plan approved by the commissioner of insurance.

(ii) The agent certifies in writing that to the best of his knowledge the individual is a qualifying individual as defined by R.S. 22:1207 or 1073(B).

(iii) The agent has entered into a participation agreement with the plan which provides for recoupment of amounts paid for certifications found to be erroneous.

(d) Reimbursement of expenses. The board shall be authorized to establish policy fees or other compensation, or consideration for reimbursement of the reasonable expenses of participating agents. The plan shall be authorized to recoup any amounts paid for an agent certification found to be erroneous or improper.

(8) Issue individual and family group policies of insurance in accordance with the requirements of this Subpart.

(9) Appoint appropriate legal, actuarial, and other committees as necessary to provide technical assistance in the operation of the plan, policy and other contract design, and any other function within the authority of the plan.

(10) Repealed by Acts 2004, No. 493, § 2, eff. June 25, 2004.

Renumbered from R.S. 22:236 by Acts 2008, No. 415, § 1, eff. Jan. 1, 2009. Added by Acts 1990, No. 131, § 1, eff. Sept. 1, 1990. Amended by Acts 1997, No. 1154, § 1, eff. § 1207. Eligibility

A. Any natural person who has been domiciled in this state for six consecutive months shall be eligible for coverage as a nonfederally defined individual as provided in this Subpart, except the following:

(1) Any person who, on the effective date of coverage by the plan or at any time thereafter, is eligible for coverage under health and accident insurance offered by an insurer, reinsurer, or insurance arrangement. A person shall be

considered eligible for coverage by an insurer or insurance arrangement as described herein if he meets the criteria for eligibility under any group health benefits plan provided by his employer, union, or other organization of which he is a member, whether or not the person actually is covered under such plan.

(2) Any person who is, at the time of application for coverage by the plan, eligible for health benefits under Medicaid or Medicare as defined in R.S. 22:1202.

(3) Any person whose coverage by the plan was terminated for nonpayment of premiums unless twelve months have lapsed since such termination.

(4) Any person on whose behalf the plan has paid out the maximum lifetime benefits under the benefits plan as may be established by the plan.

(5) Inmates of public institutions.

(6) Persons eligible for public programs as defined in R.S. 22:1202.

(7) Persons who are not domiciled in this state.

B. (1) Any federally defined eligible individual who is and continues to be a resident of this state shall be eligible for plan coverage as an individual or family group. Each dependent of a person who is eligible for plan coverage shall also be eligible for plan coverage.

(2) Any person meeting any and all eligibility requirements under any approved federal waiver shall be eligible for plan coverage, provided all other eligibility criteria for plan coverage as a federally defined eligible individual are met.

C. Any person who ceases to meet the eligibility requirements of this Section may be terminated from coverage by the plan at the time of loss of eligibility, but any unearned premium shall be refunded. However, this Subsection shall not apply to any person receiving cancer treatment or cancer therapy or any person with an immune system disorder requiring immunosuppression drug treatment or maintenance not covered by Medicaid or Medicare unless such person is eligible for or has attained Medicare at age sixty-five or older.

D. (1) Nonfederally defined eligible individuals whose health and accident insurance coverage has been involuntarily terminated may apply for coverage under the plan. If such coverage is applied for within sixty-three days after the involuntary termination and if premiums assessed by the plan are paid for the entire coverage period, the effective date of the coverage by the plan shall be the date of termination of the previous coverage.

(2) Any person meeting any and all eligibility requirements under any approved federal waiver shall be eligible for plan coverage, provided all other eligibility criteria for plan coverage as a nonfederally defined eligible individual are met.

E. Any natural person who changes his domicile to this state and who at the time domicile is established in this state is insured by the health insurance

plan or similar organization for his former domiciliary state shall be eligible for coverage by the plan if:

(1) The health insurance plan or similar organization of the former domiciliary state provides coverage similar to that offered by the plan.

(2) The health insurance plan or similar organization of the former domiciliary state certifies, on a form acceptable to the plan, that the person seeking coverage by the plan is currently insured in such other state.

(3) The commissioner determines that the law of the former domiciliary state provides similar coverage to Louisianians insured by the plan upon their establishment of domicile in such other state.

F. (1) Notwithstanding the provisions of Paragraph (A)(1) of this Section, upon certification by an independent actuarial firm that funds of the plan are sufficient to support the enrollment of additional persons, the board may authorize the enrollment of additional persons as provided for in this Subsection. Any person whose individual insurance premium rate for comparable coverage exceeds by more than two hundred percent the maximum rate which the plan may be authorized to charge under R.S. 22:1213(F)(3), for persons of comparable age, sex, and geographical location, shall be eligible for coverage as provided in this Subpart.

(2) As used in this Subsection, the term "eligible" shall not include persons whose employer, union, or other organization provides a group health benefits plan through an insurer or insurance arrangement to its employees or members, or their dependents, and such person is eligible for coverage under such group health benefits plan.

(3) Plan coverage for which a person is eligible under this Subsection shall exclude charges or expenses incurred or caused by preexisting conditions, as provided in R.S. 22:1213(G).

(4) The board shall establish policies and procedures to effectuate the provisions of this Subsection, which policies and procedures shall:

(a) Guarantee uninterrupted enrollment of federally defined eligible individuals.

(b) Give preference to the applications for membership of persons who, at the time of application, are uninsured and uninsurable, and satisfy the eligibility requirements of Subsection A of this Section.

(5)(a) It shall constitute an unfair trade practice under the provisions of R.S. 22:1961 et seq., for any insurer, reinsurer, insurance agent or broker, or employer, to refer an individual employee to the plan, or to arrange for an individual employee to apply to the program, for the purpose of separating such employee from a group health benefits plan provided in connection with the employee's employment.

(b) In the event that an individual receives coverage by the plan in contravention of this Subsection, the plan may terminate the coverage of the individual but shall maintain a cause of action against any offender of this

Subsection for a total amount not less than double the amount of any or all claims paid on behalf of the individual whenever made, without limitation, plus ten thousand dollars for each incident, and attorney fees, court costs, and interest from date of demand by the plan.

§ 1208. Administration

A. The board shall select an administrator or administrators, which may consist of an insurer or insurers, a third-party administrator or administrators, medical or pharmaceutical providers, or a combination thereof, through a competitive bidding process to administer the benefits plan of the plan. The board shall evaluate bids submitted based on criteria established by the board which shall include:

- (1) The administrator's proven ability to handle individual health and accident insurance.
- (2) The efficiency of the administrator's claim payment procedures.
- (3) An estimate of total charges for administering the benefits plan.
- (4) The administrator's ability to administer the benefits plan in a cost-efficient manner.

B. (1) The commissioner shall appoint the administrator or administrators if the administrator or administrators have not been selected within sixty days of the appointment of the board.

(2) The administrator or administrators shall serve for a period of three years, subject to removal for cause.

(3) At least six months prior to the expiration of each three-year period of service by an administrator, the board shall invite all administrators, including the current administering administrator or administrators, to submit bids to serve as an administrator for the succeeding three-year period. Selection of an administrator for the succeeding period shall be made at least three months prior to the end of the current three-year period. Nothing in this Section shall prohibit a competitive bid process prior to the three-year period in the event of termination of an administrator or administrators.

C. (1) The administrator shall perform all eligibility and administrative claims payment functions relating to the plan.

(2) The administrator shall establish a premium billing procedure for collection of premiums from persons insured by the plan. Billings shall be made on a periodic basis as determined by the board.

(3) The administrator shall perform all necessary functions to assure timely

payment of benefits to persons insured by the plan, including:

(a) Making available information relating to the proper manner of submitting a claim for benefits to the plan and distributing forms upon which submission shall be made.

(b) Evaluation of the eligibility of each claim for payment by the plan.

(4) The administrator shall submit regular reports to the board regarding the operation of the plan. The frequency, content, and form of the report shall be determined by the board.

(5) Following the close of each calendar year, the administrator and actuarial consultants shall determine net written and earned premiums, the expense of administration, and the paid and incurred losses for the year, and report this information to the board.

(6) The administrator shall be paid as provided in the plan of operation for its expenses incurred in the performance of its services.

§ 1209. Service charges

Pursuant to subsec. H, this section is effective upon approval of the plan provided for in R.S. 22:1203(E)(2).

A. (1) Each patient who is not a private-pay patient, is not covered by Medicare or any other public program, is not covered by the Office of Group Benefits program, and is not covered by an insolvent insurer who is admitted to a hospital for treatment, other than psychiatric care or alcohol or substance abuse, shall be assessed a service charge in the amount provided in Subsection G of this Section for each day or portion thereof during which the patient is confined in that facility.

(2) Each hospital in which a patient is confined shall calculate the total service charge due for that patient's period of confinement and shall include the total service charge in the bill for services rendered to the patient. The individual patient may be obligated to pay the service charge assessed in the event that an insurance arrangement pays for any medical charges or benefits but fails to pay the service charge assessed pursuant to this Section. The service charge shall be collected as provided for in the plan of operation of the plan established pursuant to R.S. 22:1205.

(3) For purposes of this Section, "hospital" shall not include any hospital operated by the state or any hospital created or operated by the Department of Veterans Affairs or other agency of the United States of America or any facility operated solely to provide psychiatric care or treatment of alcohol or substance abuse or both.

B. Each patient who is not a private-pay patient, is not covered by Medicare or any other public program directly subsidized by the federal government, is not

covered by the Office of Group Benefits program, and is not covered by an insolvent insurer who is admitted to an ambulatory surgical center or to a hospital for outpatient ambulatory surgical care shall be assessed a service charge of one dollar for each admission to that facility. The service charge shall be included in the bill for services or supplies or both rendered to the patient by the ambulatory surgical center or hospital.

C. (1) Each hospital and ambulatory surgical center shall bill for and collect the service charges assessed pursuant to this Section from monies remitted to it in payment thereof in accordance with R.S. 22:1216, if authorized by the plan of operation under R.S. 22:1205. In the event that no payment is made by or on behalf of the patient for services rendered, the health care provider shall be liable for the remittance of only those fees collected. Each hospital and ambulatory surgical center shall remit to the plan for each reporting period, as established in the plan of operation, the total amount of service charges collected during that reporting period in accordance with the reporting and remittance procedures established by the plan pursuant to R.S. 22:1205.

(2) Unless permitted by the board, the intentional failure to bill, pay, report, or delineate service charges in accordance with this Section shall cause the hospital or ambulatory surgical center to be liable to the plan for a fine in an amount determined by the board, not to exceed five hundred dollars plus interest per failure. Any hospital or ambulatory surgical center found to have intentionally failed to bill, pay, report, or delineate service charges in accordance with this Section, unless permitted by the board, on three or more occasions during a six-month period shall be liable for a fine in an amount determined by the board, not to exceed one thousand five hundred dollars per failure, together with attorney fees and court costs.

(3) The plan or the commissioner or both are specifically authorized to conduct audits of hospitals and ambulatory surgical centers in order to enforce compliance with this Section. Fines levied pursuant to this Section shall be consistent with those levied against insurers pursuant to this Subpart.

D. The service charges imposed on hospital and ambulatory surgical center patients by this Section shall be payable by the patient's insurer or insurance arrangement, if any, as applicable, except the charges shall not be payable by an insolvent insurer. In no event shall a hospital or ambulatory surgical center be required to remit to the plan uncollected service charges for any patient who is a private-pay patient or for any patient whose insurer or insurance arrangement is not legally required to pay the service charges.

E. If monies in the plan at the end of any fiscal year exceed actual losses and administrative expenses of the plan, the excess shall be held at interest and used by the board to offset future losses. As used in this Subsection, "future losses" includes reserves for incurred but not reported claims.

F. For the purposes of this Section, "insurance", "insurance arrangement", or "policy of an insurer" includes any policy or plan of insurance or of self-insurance that provides payment, indemnity, or reimbursement for charges resulting from accident, injury, or illness when an employer or insurer is responsible for those charges. The terms "insurance", "insurance arrangement", or "policy of an insurer" shall not include short-term, accident-only, fixed indemnity, credit insurance, automobile and homeowner's medical payment

coverage, or coverage issued as a supplement to liability insurance.

G. The service charge required by this Section shall be an amount set by the commissioner upon approval of the plan provided for in R.S. 22:1203(E)(2) and annually thereafter. The commissioner shall establish the amount of the service charge by rule promulgated in accordance with the Administrative Procedure Act no later than August thirty-first of the calendar year preceding the implementation of the service charge. The charge shall apply only to dates of service falling in the calendar year following promulgation of the rule. In establishing the service charge, the commissioner shall determine the amount necessary to fund the plan provided for in R.S. 22:1203(E)(2) but shall not establish a service charge in excess of three dollars plus an inflation factor of four percent per annum.

H. This Section shall not be effective until approval of the plan provided for in R.S. 22:1203(E)(2).

Added by Acts 2020, No. 313, § 1, eff. upon approval of plan in R.S. 22:1203(E)(2).

Date of Approval of New Plan of Operation; Louisiana State Law Institute—Acts 2020, No. 313

Section 3 of Acts 2020, No. 313 provides:

"The commissioner shall inform the Louisiana State Law Institute of the date of the approval of the new plan of operation of the Louisiana Health Plan pursuant to the provisions of this Act."

§ 1210. Fees assessed to participating health insurers for plan losses attributable to federally defined eligible individuals

Pursuant to subsec. F, this section is effective upon approval of the plan provided for in R.S. 22:1203(E)(2).

A. (1) For the purposes of this Section, "participating insurer" includes any insurer providing insurance, as defined by R.S. 22:1209(F), to citizens of this state.

(2)(a) For the purposes of this Section, fees assessed to participating insurers shall apply to gross premiums for hospital and medical expense incurred policies, nonprofit service plan corporation contracts, hospital-only coverage, medical and surgical expense policies, major medical insurance, coverages provided by health maintenance organizations, individual practices, associations, and every insurance appertaining to any portion of medical expense liability incurred under a group health plan as defined in R.S. 22:1061(1)(a), including stop-loss and excess-loss coverage unless the gross premium for the coverage is included under any other type of coverage stated in this Section that is issued for delivery in this state.

(b) The fees assessed to participating insurers shall also apply to the same or similar services as provided for in Subparagraph (a) of this Paragraph when the services are administered by a third-party administrator on behalf of a plan that is not fully insured by a health insurance issuer, health maintenance

organization, or group self-insurer. For the purposes of third-party administrators, "major medical insurance" shall not include the provision of pharmacy benefits by a third-party administrator or by a health insurance issuer or health maintenance organization when the pharmacy benefits provisions do not include comprehensive coverage.

(c) Fee assessments to participating insurers shall not apply to policies or contracts for provision of short-term, accident-only, hospital indemnity, credit insurance, automobile and homeowner's medical-payment coverage, workers' compensation medical benefit coverage, Medicare, Medicaid, federal governmental benefit plans, supplemental health insurance, limited benefit health insurance, or coverage issued as a supplement to liability.

B. In addition to the powers enumerated in R.S. 22:1206, the plan shall have the authority to assess fees to participating insurers in accordance with the provisions of this Section and to make advance interim fee assessments as may be reasonable and necessary for the plan's organizational and interim operating expenses. Any interim fees assessed are to be credited as offsets against any regular fees assessed that become payable following the close of the fiscal year.

C. Following the close of each fiscal year, the administrator shall determine the net premiums, premiums less reasonable administrative expense allowances, the plan expenses of administration, and the incurred losses for the year which are attributable to federally defined eligible individuals. The administrator shall take into account investment income and other appropriate gains and losses reasonably attributable to federally defined eligible individuals. Any deficit incurred by the plan shall be identified and recouped as follows:

(1) The board shall identify the source of any deficit related to the provision of coverage to federally defined eligible individuals before assessing any fees authorized under this Section.

(2) The board shall verify the adequacy of any governmental appropriations or alternative funding sources, other than fees assessed under this Section, used to reduce rates for the plan year. Where such funds were not sufficient to support the rate reduction provided, that portion of the deficit reasonably related to the funding shortfalls shall be recouped from any subsequent governmental appropriations or alternative funding sources, other than fees assessed under this Section, prior to making any rate reduction for a subsequent plan year. The board shall take reasonable action to prevent future deficits related to reducing rates based on receipt of government appropriations or alternate funding sources.

(3) The board shall verify the amount of any deficit reasonably resulting from plan losses not attributable to governmental or alternative funding shortfalls used to reduce rates. Any verified deficit amount attributed to federally defined eligible individuals shall be recouped by fees assessed pursuant to this Section to participating insurers.

(4) The board shall provide the commissioner of insurance with a detailed report on any deficit being recouped by fee assessments apportioned pursuant to this Section. The report shall include information on services and utilization patterns which can reasonably be attributed to the deficit as well as analysis

and recommendations on cost containment measures which can be taken to minimize future deficits.

(5) The board shall provide the commissioner of insurance with a detailed report on the sources and use of government appropriations and alternate sources of funding used to make rates more affordable. The report shall include information on the activities of similar plans maintained by other states and recommendations for actions that can be taken to make coverage more affordable for plan members.

D. (1) Each participating insurer's fee assessment shall be in proportion to gross premiums earned on business in this state for policies or contracts covered under this Section for the most recent calendar year for which information is available.

(2) Each participating insurer's fee assessment shall be determined by the board based on annual statements and other reports deemed to be necessary by the board and filed by the participating insurer with the board. The board may use any reasonable method of estimating the amount of gross premium of a participating insurer if the specific amount is unknown. The plan of operation shall provide the details of the calculation of each participating insurer's assessment which shall require the approval of the commissioner.

E. A participating insurer may petition the commissioner of insurance for deferral of all or part of any fee assessed by the board. If, in the opinion of the commissioner, payment of the fee assessment would endanger the solvency of the participating insurer, the commissioner may defer, in whole or in part, the fee assessment as part of a voluntary rehabilitation or supervisory plan established to prevent the plan's insolvency. The duration of any deferral approved under a voluntary rehabilitation or supervisory plan shall be limited to four years. The voluntary rehabilitation or supervisory plan shall require repayment of all deferrals by the end of the period plus legal interest. Until notice of payment in full is received from the board, the insurer shall remain under the voluntary rehabilitation or supervisory plan. In the event a fee assessment against a participating insurer is deferred in whole or in part, the amount by which the fee assessment is deferred may be assessed to the other participating insurers in a manner consistent with the basis for fee assessments set forth in this Section. Collection of deferrals and legal interest shall be used to offset fee assessments against the other participating insurers in a manner consistent with the basis for fee assessments set forth in this Section.

F. This Section shall not be effective until approval of the plan provided for in R.S. 22:1203(E) (2).

A. In addition to the duties and powers enumerated elsewhere in this Subpart, and in other provisions of law, the commissioner shall upon request of the board of directors, and notwithstanding any provision of law to the contrary, provide the plan with a statement of the premiums, in this and other appropriate states, for each participating insurer.

B. The commissioner may suspend or revoke, in accordance and compliance with R.S. 49:961, the certificate of authority to transact insurance in this state of any participating insurer who fails to pay assessed fees when due or fails to comply with the plan of operation. As an alternative, the commissioner may levy a fine on any participating insurer who fails to pay an assessed fee when due. The fine shall not exceed five percent of the unpaid fee assessment per month, but no fine shall be less than one hundred dollars per month.

C. An aggrieved party affected by the commissioner's decision, act, or order may demand a hearing in accordance with Chapter 12 of this Title, R.S. 22:2191 et seq.

§ 1212. Miscellaneous provisions

A. Nothing in this Subpart shall be construed to reduce or offset the liability for unpaid fees assessed to an impaired or insolvent insurer operating a plan with liability for fees assessed under this Subpart.

B. For purposes of carrying out its obligations under this Subpart, the plan shall be deemed to be a creditor of an impaired or insolvent participating insurer to the extent of assets attributable to covered policies reduced by any amounts to which the plan is entitled for unpaid fees assessed. As provided for under R.S. 22:2093, payment of contractual obligations of an impaired or insolvent insurer shall include fees assessed under this Subpart.

C. Any unpaid fees assessed to a participating insurer shall become the liability of any continuing or successor insurer.

§ 1213. Benefits; availability

A. The plan shall offer comprehensive coverage to every eligible person who is not eligible for Medicare and public programs as defined in this Subpart. Comprehensive coverage offered by the plan shall pay an eligible person's covered expenses, subject to limits on the deductible and coinsurance payments authorized under Paragraph (4) of Subsection E of this Section, up to a maximum lifetime benefit as established by the board of not less than five hundred thousand dollars per covered person, payable up to a maximum of two hundred fifty thousand dollars per covered person per twelve consecutive months of coverage. For federally defined eligible persons, the board shall establish benefits and maximum benefit amounts in accordance with applicable federal law and regulations.

B. Covered expenses shall be the usual, customary, and reasonable charge, as established by the board, in the locality for the following services and articles when prescribed by a physician and determined by the plan to be medically necessary for the following areas of services:

(1) Hospital services.

(2) Professional services for the diagnosis or treatment of injuries, illnesses, or conditions which are rendered by a health care provider or by other licensed professionals at the direction of a health care provider.

(3) Services of a licensed skilled nursing facility for up to a maximum of one hundred twenty days per twelve consecutive months of coverage, unless extended for additional days under any cost containment program implemented by the board pursuant to Subsection H of this Section.

(4) Services of a home health agency up to a maximum of two hundred seventy

services per twelve consecutive months of coverage, unless increased under any cost containment program implemented by the board pursuant to Subsection H of this Section.

(5) Use of radium or other radioactive materials.

(6) Oxygen.

(7) Anesthetics.

(8) Prostheses other than dental.

(9) Rental of durable medical equipment, other than eyeglasses and hearing aids, for which there is no personal use in the absence of the conditions for which it is prescribed.

(10) Diagnostic X-rays and laboratory tests.

(11) Oral surgery for excision of partially or completely unerupted, impacted teeth or the gums and tissues of the mouth when not performed in connection with the extraction or repair of other teeth.

(12) Services of a physical therapist.

(13) Transportation provided by a licensed ambulance service to the nearest facility qualified to treat the condition.

(14) Services for diagnosis and treatment of mental and nervous disorders provided that a covered person may be required to pay up to a fifty percent coinsurance payment, and the plan's payment may not exceed twenty-five thousand dollars. Notwithstanding the previous provision, the department may conduct a periodic actuarial cost analysis to determine whether the plan's maximum payment for outpatient services for diagnosis and treatment of mental and nervous disorders should be adjusted.

C. The board shall establish reasonable reimbursement amounts for any services covered under the benefits plans which are not included in Subsection B of this Section.

D. Covered expenses shall not include the following, except as mandated by applicable federal law for federally defined eligible individuals:

(1) Any charge for treatment for cosmetic purposes other than surgery for the repair or treatment of an injury or a congenital bodily defect to restore normal bodily functions.

(2) Care which is primarily for custodial purposes.

(3) Any charge for confinement in a private room to the extent surcharge is in excess of the institution's charge for its most common semiprivate room, unless a private room is prescribed as medically necessary by a physician.

(4) That part of any charge for services rendered or articles prescribed by a physician, dentist, or other health care provider which exceeds the reasonable

reimbursement amounts established in Subsections B and C of this Section or for any charge not medically necessary.

(5) Any charge for services or articles the provision of which is not within the scope of authorized practice of the institution or individual providing the services or articles.

(6) Any expense incurred prior to the effective date of coverage by the plan for the person on whose behalf the expense is incurred.

(7) Dental care except as provided in Subsection B of this Section.

(8) Eyeglasses and hearing aids.

(9) Illness or injury due to acts of war.

(10) Services of blood donors and any fee for failure to replace the first three pints of blood provided to an eligible person each policy year.

(11) Personal supplies or personal services provided by a hospital or nursing home, or any other nonmedical or nonprescribed supply or service.

E. (1) Premiums charged for coverages issued by the plan may not be unreasonable in relation to the benefits provided, the risk experience, and the reasonable expenses of providing the coverage.

(2) Separate schedules of premium rates based on age, sex, and geographical location may apply for individual risks. Separate schedules of premium rates for federally defined eligible individuals may be based on age, sex, and geographical location, in accordance with applicable federal laws and regulations.

(3)(a) The plan, with the assistance of the commissioner, shall determine the standard risk rate by calculating the average individual standard rate charged by the five largest insurers offering coverages in the state comparable to the plan coverage. In the event five insurers do not offer comparable coverage, the standard risk rate shall be established using reasonable actuarial techniques and shall reflect anticipated experience and expenses for such coverage.

(b) Standard risk rates for federally defined eligible individuals shall comply with all applicable federal laws and regulations. Initial rates for plan coverage for federally defined eligible individuals shall not be less than one hundred twenty-five percent of rates established as applicable for individual standard risks. In no event shall plan rates exceed two hundred percent of rates applicable to the individual standard risks.

(c) Initial rates for plan coverage provided to nonfederally defined eligible individuals shall not be less than one hundred fifty percent of rates established as applicable for individual standard risks, or the minimum monthly rates as provided for herein, whichever is greater. Subsequent rates provided to nonfederally defined eligible individuals shall be established to provide fully for the expected costs of claims, including recovery of prior losses, expenses of operation, investment income of claim reserves, and any other cost

factors subject to the limitations described herein. In no event shall plan rates exceed two hundred percent of rates applicable to individual standard risks. In no event shall rates be lower than one hundred ten percent of rates applicable to individual standard risks.

(4) The plan coverage defined in this Section shall provide benefits, deductibles, coinsurance, and copayments to be established by the board. In addition, the board may establish optional benefits, deductibles, coinsurance, and copayments.

F. Plan coverage provided to non-federally defined eligible individuals shall exclude charges or expenses incurred for or caused by preexisting conditions as allowed under R.S. 22:1073(A)(1)(b), except that no preexisting condition exclusion shall be applied to a federally defined eligible individual.

G. (1) Notwithstanding any other law to the contrary, the coverage provided by the plan shall be considered excess coverage, and benefits otherwise payable under plan coverage shall be reduced by all hospital and medical expense benefits paid or payable under any workers' compensation coverage, automobile medical payment, or liability insurance whether provided on the basis of fault or nonfault, and by any hospital or medical benefits paid or payable by any insurer or insurance arrangement or any hospital or medical benefits paid or payable under or provided pursuant to any state or federal law or program.

(2) The plan shall have a cause of action against an eligible person for the recovery of the amount of benefits paid by it which are not covered expenses. Benefits due from the plan may be reduced or refused as a set-off against any amount recoverable under this Paragraph.

H. The benefits plan offered pursuant to this Section shall include such managed care provisions as the board deems necessary and proper for:

(1) Compliance with applicable federal laws and regulations regarding choices of benefit coverage for federally defined eligible individuals.

(2) Containment of costs, including precertification and concurrent or continued stay review of hospital admissions, mandatory outpatient surgical procedures, preadmission testing, or any other provisions determined by the board to be cost effective and consistent with the purposes of this Subpart.

I. Except as otherwise provided in this Subpart and in R.S. 22:976, this Section shall establish the exclusive means for determining the benefits required to be offered by the plan, notwithstanding any mandatory benefits or required policy provisions in this Title to the contrary.

PART IV. PROPERTY AND CASUALTY

SUBPART A. INSURANCE AND CONTRACT REQUIREMENTS IN GENERAL

§ 1261. Renewal of policy; increase in premiums prohibited

A. Any insurance policy terminating by its terms at a specified expiration date and not otherwise renewable may be renewed or extended at the option of the insurer. Such renewal shall be made upon a currently authorized renewal form and at the premium rate then required for a specific additional period or periods by a certificate or by endorsement of the policy, and without requiring the issuance of a new policy.

B. No insurer shall increase the premium charged for an automobile liability

insurance policy at the time of renewal for any insured solely on the grounds that the insured's policy has lapsed if the policy is renewed within ten days after the date of termination.

§ 1262. Annulment of liability policies

No insurance contract insuring against loss or damage through legal liability for the bodily injury or death by accident of any individual, or for damage to the property of any person, shall be retroactively annulled by any agreement between the insurer and insured after the occurrence of any such injury, death, or damage for which the insured may be liable, and any such annulment attempted shall be null and void.

Renumbered from R.S. 22:639 by Acts 2008, No. 415, § 1, eff. Jan. 1, 2009. Acts 1958, No. 125. Amended by Acts 2010, No. 703, § 1, eff. Jan. 1, 2011.

§ 1263.1. Renumbered as R.S. 22:438 by Acts 2008, No. 415, § 1, eff. Jan. 1, 2009

§ 1264. Presumption of coverage

A. For losses that arose due to a catastrophic event for which a state of disaster or emergency was declared pursuant to law by civil officials, for those areas within the declaration, no damages to covered property shall be automatically denied by the inability of the policyholder to provide sufficient proof of loss within the time limits and requirements of the policy. The time limit for the submission of proof of loss shall be not less than one hundred eighty days. The time limit shall not commence as long as a declaration of emergency is in existence and civil authorities are denying the insured access to the property.

B. For losses that arose due to a catastrophic event for which a state of disaster or emergency was declared pursuant to law by civil officials, for

those areas within the declaration, any policyholder with replacement cost provisions shall be entitled to complete repairs to the property within one year from the date of the loss or the issuance of applicable insurance proceeds, whichever is later. Adherence to this provision shall entitle the policyholder with a replacement cost provision to receive full value of the covered damage that has been repaired, without reduction due to depreciation.

C. The provisions of this Section shall be applicable to all new policies and renewal policies delivered in the state of Louisiana after April 18, 2006.

Added by Acts 2006, 1st Ex.Sess., No. 23, § 1.

§ 1265. Property, casualty, and liability insurance policies; cancellation and nonrenewal provisions; nonrenewal for rate inadequacy; certain prohibitions

A. (1) Any insurer cancelling or refusing to renew a policy providing property, casualty, or liability insurance on any property shall, upon written request of the policy's named insured, specify in writing the reason or reasons for such cancellation or refusal to renew. Such request shall be mailed or delivered to the insurer within six months after the effective date of cancellation or expiration.

(2) There shall be no liability and no cause of action of any nature against any insurer or its producers, employees, or representatives for any action taken by them to provide the reasons for cancellation as required by this Subsection.

(3) Any nonrenewal for which the reason, in whole or in part, is inadequacy or insufficiency of the rate or premium for coverage shall be permitted only after the insurer has sought actuarially justified rate relief from the commissioner of insurance and such rate relief has been rejected by the commissioner.

B. There shall be no liability and no cause of action of any nature against the commissioner of insurance or against any insurer, its authorized representative, its producers, its employees, or any firm, person, or corporation furnishing to the insurer information as to reasons for cancellation or refusal to renew, or in any other communication, oral or written, specifying the reasons for cancellation or refusal to renew, or the providing of information pertaining thereto, or for statements made or evidence submitted at any hearings conducted in connection therewith.

C. No insurer providing property, casualty, or liability insurance shall cancel or refuse to issue or fail to renew a homeowner's policy solely on the basis that the insured owns or possesses an all-terrain vehicle (ATV). The provisions of this Subsection shall not prohibit an insurer providing property, casualty, or liability insurance from specifically excluding coverage for damage incurred or arising from the operation of an all-terrain vehicle.

D. No insurer providing property, casualty, or liability insurance shall cancel or fail to renew a homeowner's policy of insurance or to increase the policy deductible that has been in effect and renewed for more than three years unless based on nonpayment of premium, fraud of the insured, a material change in the risk being insured, two or more claims within a continuous three-year period of

time within the five years preceding the current policy renewal date, or if continuation of such policy endangers the solvency of the insurer. This Subsection shall not apply to an insurer that withdraws from the homeowners' insurance market in this state or to policy deductibles increased for all homeowners' policies in this state. For the purposes of this Subsection, an incident shall be deemed a claim only when there is a demand for payment by the insured or the insured's representative under the terms of the policy. A report of a loss or a question relating to coverage shall not independently establish a claim. As used in this Subsection, the phrase "two or more claims within a continuous three-year period of time within the five years preceding the current policy renewal date" shall not include any loss incurred or arising from an "Act of God" incident which is due directly to forces of nature and exclusively without human intervention.

E. The department shall review annually every insurer that cancels or fails to renew any insurance policy providing property, casualty, or liability insurance on any property which policy has been in effect and renewed for more than three years when the cancellation or nonrenewal is based on the reason that continuation of the policy endangers the solvency of the insurer or when based on the reason, in whole or in part, of inadequacy or insufficiency of the rate or premium for coverage after the insurer has sought actuarially justified rate relief from the commissioner and such relief has been rejected by the commissioner. Any action against an insurer taken by the department for a violation of the provisions of this Section shall remain in effect until changed or modified by the commissioner based upon the review required under the provisions of this Subsection.

F. Notwithstanding the provisions of Subsection D of this Section, an insurer may make a filing with the commissioner pursuant to R.S. 22:1464 for authorization to deviate from the provisions of Subsection D of this Section for the sole purpose of changing the policy deductible to a total deductible of not more than four percent of the value of the property being insured for named storms or hurricanes on a homeowner's policy of insurance that has been in effect for more than three years. Any insurer filing with the commissioner pursuant to this Subsection shall file with the commissioner a business plan setting forth the insurer's plan to write new business in the particular region or area of the state in which the new deductible is to apply. The commissioner's approval is to be based on the insurer's commitment to the writing of new business in the respective region or area of the state in which the new deductible is to apply. The commissioner may also approve a filing that he determines to be in the best interest of the policyholders. The commissioner may subsequently rescind his approval of any filing made pursuant to this Subsection in the event the insurer fails to write new business in accordance with the business plan. Any business plan filed shall be considered proprietary or trade secret pursuant to information under the provisions of R.S. 44:3.2 and the Uniform Trade Secrets Act. The commissioner shall provide an annual report to the legislative committees on insurance on the application and effectiveness of the provisions of this Section. The commissioner shall promulgate regulations pursuant to the Administrative Procedure Act setting forth the criteria for the filing, including any financial or other requirements that he deems necessary to act on the request by an insurer. Any regulation promulgated by the commissioner pursuant to this Subsection shall require the insurer to itemize to the insured the premium savings based on the increase in the insured's deductible.

G. No homeowner's policy of insurance shall contain any provision that would apply more than one deductible to a loss resulting from any single incident covered by the policy. Any such provision shall be null and void and unenforceable as contrary to public policy.

H. Any company which makes a filing pursuant to Subsection F of this Section shall reduce the rates paid by the individual homeowner by the amount determined to be actuarially justified by the commissioner.

I. Any authorized property and casualty insurer that avails itself of the provisions of Subsection D of this Section relative to withdrawing from the homeowners' insurance market may not issue any homeowners' insurance coverage in this state during the five-year period beginning on the date of the discontinuation of the last homeowners' insurance coverage not so renewed. The commissioner may, for good cause shown pursuant to a written request by the insurer, permit the insurer to reenter the homeowners' insurance market prior to the expiration of the five-year period.

J. Any approved unauthorized property and casualty insurer that avails itself of the provisions of Subsection D of this Section relative to withdrawing from the homeowners' insurance market may not issue any homeowners' insurance coverage in this state during the five-year period beginning on the date of the discontinuation of the last homeowners' insurance coverage not so renewed. The commissioner may, for good cause shown pursuant to a written request by the insurer, permit the insurer to reenter the homeowners' insurance market prior to the expiration of the five-year period.

Renumbered from R.S. 22:636.2 by Acts 2008, No. 415, § 1, eff. Jan. 1, 2009. Added by Acts 1968, No. 51, § 1. Amended by Acts 1987, No. 510, § 1; Acts 1988, No. 953, § 1, eff. § 1266. Automobile, property, casualty, and liability insurance policies; cancellations

A. As used in this Part:

(1) "Policy" means an automobile liability, automobile physical damage, or automobile collision policy, or any combination thereof, delivered or issued for delivery in this state, or any binder based on such a policy, insuring a single individual or husband and wife resident of the same household, as named insured, and under which the insured vehicles therein designated are of the following types only:

(a) A private passenger vehicle that is not used as a public or livery conveyance for passengers, nor rented to others.

(b) Any other four-wheel motor vehicle with a load capacity of sixteen hundred pounds or less which is not used in the occupation, profession or business of the insured; however, this shall not apply to:

(i) Any policy issued under an automobile assigned risk plan.

(ii) Any policy insuring more than four automobiles.

(iii) Any policy covering garage, automobile sales agency, repair shop, service station, or public parking place operation hazards.

(2) "Automobile liability coverage" includes only coverages of bodily injury and property damage liability, medical payments and uninsured motorists coverage.

(3) "Automobile physical damage coverage" includes all coverage of loss or damage to an automobile insured under the policy except loss or damage resulting from collision or upset.

(4) "Automobile collision coverage" includes all coverage of loss or damage to an automobile insured under the policy resulting from collision or upset.

(5) "Renewal" or "to renew" means the issuance and delivery by an insurer of a policy replacing at the end of the policy period a policy previously issued and delivered by the same insurer, or the issuance and delivery of a certificate or notice extending the term of a policy beyond its policy period or term. However, no policy of insurance for a period of less than six months shall be issued by an insurer to any person who has been issued two or more citations for violations of R.S. 32:851 et seq. or R.S. 32:861 et seq., and any policy issued to a person receiving two or more citations shall be considered as if written for a policy period or term of six months. Any policy which is written for a term longer than one year or any policy which is renewed by an insurer shall be for the same term as the original or expired policy, or any policy with no fixed expiration date shall for the purpose of this Subpart be considered as if written for successive policy periods or terms of one year. Such a policy may be terminated at the expiration of any annual period upon giving twenty days notice of cancellation prior to such anniversary date. This cancellation shall not be subject to any other provisions of this Subpart.

(6) "Nonpayment of premium" means failure of the named insured to discharge when due any of his obligations in connection with the payment of premiums on a policy, or any installment of such premium, whether the premium is payable directly to the insurer or its agent or indirectly under any premium finance plan or extension of credit.

B. (1) A notice of cancellation of a policy shall be effective only if it is based on one or more of the following reasons:

(a) Nonpayment of premium.

(b) The driver's license or motor vehicle registration of the named insured or of any other operator who either resides in the same household or customarily operates an automobile insured under the policy has been under suspension or revocation during the policy period, or, if the policy is a renewal, during its policy period or the one hundred eighty days immediately preceding its effective date.

(c) Fraud or material misrepresentation in the presentation of a claim.

(d) Nonreceipt by the insurer of an application for insurance in which a valid binder has been issued.

(2) This Subsection shall not apply to nonrenewal or to any policy or coverage which has been in effect less than sixty days at the time notice of cancellation is mailed or delivered by the insurer unless it is a renewal policy. After an insurer has paid and satisfied an insured's third physical damage claim within a period of five years, the modification of such insured's automobile physical damage coverage by the inclusion of or a change in a deductible not exceeding five hundred dollars shall not be deemed a cancellation of the coverage or of the policy.

C. No insurer shall cancel or fail to renew a policy purely because of age. Some legitimate reason, such as physical or mental infirmity, must be specified before an insurer may cancel or refuse to renew a policy.

D. (1) No notice of cancellation of a policy to which Subsection B or C of this Section applies shall be effective unless mailed by certified mail or delivered by the insurer to the named insured at least thirty days prior to the effective date of cancellation; however, when cancellation is for nonpayment of premium at least ten days notice of cancellation accompanied by the reason shall be given. In the event of nonpayment of premiums for a binder, a ten-day notice of cancellation shall be required before the cancellation shall be effective. Notice of cancellation for nonpayment of premiums shall not be required to be sent by certified mail. Unless the reason accompanies the notice of cancellation, the notice of cancellation shall state or be accompanied by a statement that upon written request of the named insured, mailed or delivered to the insurer within six months after the effective date of cancellation, the insurer will specify the reason for such cancellation. This Subsection shall not apply to nonrenewal.

(2) There shall be no liability and no cause of action of any nature against any insurer or its producers, employees, or representatives for any action taken by them to provide the reasons for cancellation as required by this Subsection.

(3)(a)(i) Payment of an initial, renewal, or installment insurance premium by the insured to an insurer or a producer with a check or other negotiable instrument which is returned to the payee by the institution upon which it is drawn for insufficient funds available in the account, for lack of credit, for the reason the account is closed, for stopped payment, or for any other reason shall be deemed grounds for the insurer to cancel the binder or policy from the date the premium payment was due for the initial or renewal term, whichever is applicable.

(ii) The provisions of this Paragraph shall apply to automobile liability policies and to property, casualty, and liability policies.

(b)(i) The producer shall immediately, and in no case later than ten days after the producer or premium finance company has received notice of the returned check or negotiable instrument, notify the insurer of the receipt of the returned check or negotiable instrument.

(ii) The insurer shall immediately, and in no case later than ten days after the producer or premium finance company has notified the insurer, notify the named insured, by certified mail or delivering to the named insured a written notice that the policy is canceled from the date the premium payment was due. The insurer shall advise the named insured that the policy shall be reinstated effective from the date the premium payment was due for the term of the policy only if the named insured or his legal representative presents to the insurer a cashier's check or money order for the full amount of the returned check or other negotiable instrument within ten days of the date that the notice of cancellation was mailed.

(c) Upon expiration of the ten-day period, either:

(i) The insurer shall reinstate the insured's policy, from the date that the premium was due, and shall pay directly to the producer all funds paid to the insurer by the insured or his legal representative to replace the dishonored check or other negotiable instrument.

(ii) Cancellation of the policy shall remain effective, when the insured or his legal representative has failed to redeem the dishonored check or other negotiable instrument before expiration of the ten-day period.

(d)(i) Within ten days of the expiration of the ten-day notice, the insurer shall return all funds paid by the producer to the insurer on behalf of the insured, except that when an insurance premium finance company has funded an insured's policy the insurer shall return those funds directly to the insurance premium finance company. These funds shall be returned by check or other negotiable instrument and shall not be placed on the producer's or premium finance company's account current unless the producer or premium finance company and the insurer have agreed to other methods for handling these funds.

Funds received by the insurance premium finance company in excess of the amount funded by the insurance premium finance company shall be forwarded to the producer. When funds are returned to the premium finance company by an insurer, the insurer shall also mail a copy of the check or other negotiable instrument to the insured at the insured's last-known address.

(ii) The original or a copy of the returned dishonored check or negotiable instrument, front and back, mailed or faxed, to the insurance company shall be proof of the returned dishonored check or negotiable instrument by the financial institution and shall be considered sufficient evidence in any future litigation.

(iii) When an insured pays the dishonored check by delivery to the producer of cash or a certified check, the producer shall notify the insurer within ten days of the payment of the dishonored check.

(e) In the event the policy has been canceled back to the date of inception or premium payment due in accordance with this Paragraph, the sixty-day periods referred to in R.S. 9:3550(H) and R.S. 22:887(F) shall not apply. The funds shall be returned by the insurer by check within ten days of the expiration of the ten-day notice of cancellation.

(4)(a) In the event that a producer incorrectly states the premium amount for

the automobile liability policy, the insured may cancel the policy and shall be returned the initial payment of premium, including fees and costs, less the prorated cost for the period of time of coverage at the initial stated premium, including fees and costs, and may cancel the insurance coverage, without penalty or loss of coverage, for the period of time that the premium, including fees and costs, was paid.

(b) When an insurance premium finance company has funded an insured's policy and the policy is cancelled, the insurer shall return the funds directly to the insurance premium finance company. Any funds received by the insurance premium finance company in excess of the amount owed to the insurance premium finance company by the insured shall be forwarded to the producer to be returned to the insured, and the insurance premium finance company shall also mail to the insured a copy of the check or other negotiable instrument representing the amount of the payment. The insurer shall not withhold any more funds from the insurance premium finance company than would otherwise be withheld from the insured. No insurer shall assess a service charge for this transaction.

E. (1) No insurer shall fail to renew a policy unless it shall mail or deliver to the named insured, at the address shown in the policy, at least twenty days advance notice of its intention not to renew. This Subsection shall not apply:

(a) If the insurer has manifested its willingness to renew.

(b) In case of nonpayment of premium; however, notwithstanding the failure of an insurer to comply with this Subsection, the policy shall terminate on the effective date of any other insurance policy with respect to any automobile designated in both policies.

(c) If the insurer or a company within the same group as the insurer has offered to issue a renewal policy to the named insured.

(d) If the named insured has provided written notification to the insurer of the insured's intention not to renew the policy.

(2) Renewal of a policy shall not constitute a waiver or estoppel with respect to grounds for cancellation which existed before the effective date of such renewal.

(3) Upon the written request of the named insured, the insurer shall provide to the insured in writing the reasons for nonrenewal of the policy. There shall be no liability and no cause of action of any nature against any insurer or its producers, employees, or representatives for any action taken by them to provide the reasons for nonrenewal as required by this Paragraph.

F. Proof of mailing of notice of cancellation, or of intention not to renew or of reasons for cancellation, to the named insured at the address shown in the policy, shall be sufficient proof of notice.

G. When a policy of automobile liability insurance is cancelled, other than for nonpayment of premium, or in the event of failure to renew a policy of automobile liability insurance to which Subsection D applies, the insurer shall notify the named insured of his possible eligibility for automobile liability insurance through the automobile liability assigned risk plan. Such notice

shall accompany or be included in the notice of cancellation or the notice of intent not to renew.

H. Repealed by Acts 1987, No. 510, § 2.

I. There shall be no liability and no cause of action of any nature against the commissioner of insurance or against any insurer, its authorized representative, its producers, its employees, or any firm, person, or corporation furnishing to the insurer information as to reasons for cancellation, for any statement made by any of them in any written notice of cancellation, or in any other communication, oral or written, specifying the reasons for cancellation, or the providing of information pertaining thereto, or for statements made or evidence submitted at any hearings conducted in connection therewith.

J. Where written notice of cancellation or nonrenewal is required and the insurer elects to mail the notice, the running of the time period between the date of mailing and the effective date of termination of coverage shall commence upon the date of mailing.

K. No insurer shall cancel an automobile insurance policy written or issued for delivery in this state belonging to an insured over the age of sixty-five based upon the age of the insured provided the insured is mentally and physically capable of driving an automobile and possesses a valid Louisiana operator's license issued by the office of motor vehicles of the Louisiana Department of Public Safety and Corrections.

L. No insurer shall cancel an automobile insurance policy for any insured solely on the ground that the insured has submitted a single claim under the policy for damage incurred or arising from the operation of an automobile. The provisions of this Subsection shall not prohibit an insurer from increasing the cost of the insured's premium based on the number of claims submitted under the policy for damage incurred or arising from the operation of an automobile. For the purposes of this Subsection, an incident shall be deemed a claim only when there is a demand for payment under the terms of the policy. A report of loss or a question relating to coverage shall not independently establish a claim.

M. (1) An insurance premium finance company that finances any part of an insurance policy governed by this Section shall cooperate with the department in any investigation regarding such insurance policy.

(2) Upon request by the department, the insurance premium finance company shall make available to the department all documents, correspondence, and cancellation notices related to the insurance policy that is the subject of an investigation as provided in Paragraph (1) in this Subsection that have been received or sent by the insurance premium finance company.

(3) An insurance premium finance company that violates any provision of this Section shall be subject to the monetary penalties provided for in R.S. 22:13(A).

"WHEREAS, Hurricane Laura made landfall on the Louisiana coast during the early morning hours on Thursday, August 27, 2020, bringing devastating winds, widespread power-outages, and severe damage to Louisiana;

"WHEREAS, the damage resulting from Hurricane Laura continue to pose a threat to citizens and communities in the storm's path and create conditions which place lives and property in the state in jeopardy;

"EMERGENCY SUSPENSION OF CERTAIN INSURANCE CODE PROVISIONS

"WHEREAS, pursuant to the Louisiana Homeland Security and Emergency Assistance and Disaster Act, La. R.S. 29:721, et seq., the Governor declared a state of emergency in Proclamation No. 111 JBE 2016;

"WHEREAS, due to unprecedented rainfall, portions of southern Louisiana are currently experiencing a flood of historical proportions, with thousands of homes flooded and thousands of peoples being rescued from flooded homes that can only be reached by boat or high water trucks;

"WHEREAS, the flooding poses a threat to citizens, businesses, and communities across Southern Louisiana and has created conditions which place lives, livelihoods, and property in a state of jeopardy;

"WHEREAS, the enormity of the current and impending crisis has forced thousands of people to evacuate their homes and in many cases will cause a significant interruption of residency in their homes and occupancy of businesses;

"WHEREAS, due to the mass disruptions caused and still occurring, Louisiana citizens and businesses may be unable to timely pay their insurance premiums, access their insurance policies, satisfy certain conditions of insurance contracts, and communicate with insurance agents and their respective insurance companies for insurance-related matters, all of which can result in the risk of insurance cancelation and claims denials under ordinary circumstances and will

prevent, hinder, and delay necessary action in coping with and recovering from this emergency;

"WHEREAS, Louisiana Revised Statute 29:724 confers upon the Governor emergency powers to deal with emergencies and disasters and to ensure that preparations of this state will be adequate to deal with such emergencies or disasters, and to preserve the lives and property of the citizens of the State of Louisiana, including the authority to suspend the provisions of any regulatory statute prescribing the procedures for conduct of state business, or the orders, rules, or regulations of any state agency, if strict compliance with the provisions of any statute, order, rule, or regulation would in any way prevent, hinder, or delay necessary action in coping with the emergency; and

"WHEREAS, Commissioner of Insurance James J. Donelon has advised the Governor that citizens in Louisiana are at risk with regard to any and all kinds of insurance and requested limited transfer of authority to suspend certain provisions of Title 22.

"NOW THEREFORE, I, JOHN BEL EDWARDS, Governor of the State of Louisiana, by virtue of the authority vested by the Constitution and the laws of the State of Louisiana, do hereby order and direct as follows:

"SECTION 1: Commissioner of Insurance James J. "SECTION 2: This Order shall not relieve an insured who has a claim caused by this historic flooding, or its aftermath, from compliance with the insured's obligation to provide information and cooperate in the claim adjustment process relative to such claim, or to pay insurance premiums upon termination of the provisions of this Order.

"SECTION 3: This Order shall apply retroactively from Friday, August 12, 2016, and shall continue through Monday, September 12, 2016, unless amended, modified, terminated, or rescinded by the Governor prior thereto.

JBE 16-71, signed October 11, 2016, and JBE 17-04, signed February 6, 2017, transferred to the Commissioner of Insurance limited authority to suspend provisions of any regulatory statute of Title 22 of the Louisiana Revised Statutes of 1950 concerning the cancellation, termination, nonrenewal and/or reinstatement provisions of Title 22;

"WHEREAS, thousands of Louisiana citizens have suffered damage to their residential, commercial residential or commercial property due to the historic flooding, and many such properties have been severely damaged or destroyed;

"WHEREAS, insurers have been working diligently to adjust and pay claims, however, due to a shortage in building materials, contractors, construction workers or delays in claim payments, many policyholders will be unable to repair and/or reconstruct their residential, commercial residential or commercial property within typical time frames;

"WHEREAS, the extended time period to repair and/or reconstruct residential, commercial residential or commercial property continues to affect the ability of Louisiana insureds to maintain or obtain personal residential, commercial residential or commercial property insurance for residential property or commercial property and has created an immediate threat to the public health, safety and welfare of Louisiana citizens; and

"WHEREAS, the Commissioner has requested and deemed it necessary to extend the time period for which he is extended the authority to suspend provisions of any regulatory statute of Title 22 of the Louisiana Revised Statutes of 1950 concerning the cancellation, termination, nonrenewal and/or reinstatement provisions of Title 22 due to the continued impact of the flooding.

"NOW THEREFORE, I, JOHN BEL EDWARDS, Governor of the State of Louisiana, by virtue of the authority vested by the Constitution and the laws of the State of Louisiana, do hereby order and direct as follows:

"SECTION 1: Section 3 of Executive Order JBE 2016-58, signed August 17, 2016, shall be amended as follows:

"This Order shall apply retroactively from Friday, August 12, 2016, and shall continue through Monday, August 14, 2017, unless amended, terminated, or rescinded by the Governor prior thereto.

"SECTION 2: All other paragraphs, subsections, and sections of Executive Order JBE 2016-58 shall remain in full force and effect.

"SECTION 3: This Order is effective upon signature and shall continue in

effect through Monday, August 14, 2017, unless amended, terminated, or rescinded by the Governor prior thereto.

"IN WITNESS WHEREOF, I have set my hand officially and caused to be affixed the Great Seal of Louisiana, at the Capitol, in the City of Baton Rouge, on this 8th day of May, 2017."

§ 1267. Commercial insurance; cancellation and renewal

A. This Section shall apply to commercial property insurance policies, commercial automobile insurance policies, commercial multi-peril insurance policies, workers' compensation insurance, professional errors and omissions policies, and commercial liability insurance policies, other than aviation and employers' liability insurance policies. It shall not apply to reinsurance, excess and surplus lines insurance, residual market risks, multistate location risks, policies subject to retrospective rating plans, excess or umbrella policies, and such other policies that are exempted by the commissioner of insurance.

B. For the purposes of this Section, the following terms shall mean:

(1) "Cancellation" means termination of a policy at a date other than its expiration date.

(2) "Expiration date" means the date upon which coverage under a policy ends. It also means, for a policy written for a term longer than one year or with no fixed expiration date, each annual anniversary date of such policy.

(3) "Nonpayment of premium" means the failure or inability of the named insured to discharge any obligation in connection with the payment of premiums on a policy of insurance subject to this regulation, whether such payments are payable directly to the insurer or its producer or indirectly payable under a premium finance plan or extension of credit.

(4) "Nonrenewal" means termination of a policy at its expiration date.

(5) "Renewal" or "to renew" means the issuance of or the offer to issue by the insurer a policy succeeding a policy previously issued and delivered by the same insurer or an insurer within the same group of insurers, or the issuance of a certificate or notice extending the term of an existing policy for a specified period beyond its expiration date.

C. (1) If coverage has not been in effect for sixty days and the policy is not a renewal, cancellation shall be effected by mailing or delivering a written notice to the first-named insured at the mailing address shown on the policy at least sixty days before the cancellation effective date, except in cases where cancellation is based on nonpayment of premium. Notice of cancellation based on nonpayment of premium shall be mailed or delivered at least ten days prior to the effective date of cancellation. After coverage has been in effect for more than sixty days or after the effective date of a renewal policy, no insurer shall cancel a policy unless the cancellation is based on at least one of the following reasons:

(a) Nonpayment of premium.

(b) Fraud or material misrepresentation made by or with the knowledge of the named insured in obtaining the policy, continuing the policy, or in presenting a claim under the policy.

(c) Activities or omissions on the part of the named insured which change or increase any hazard insured against, including a failure to comply with loss control recommendations.

(d) Change in the risk which increases the risk of loss after insurance coverage has been issued or renewed, including an increase in exposure due to regulation, legislation, or court decision.

(e) Determination by the commissioner of insurance that the continuation of the policy would jeopardize a company's solvency or would place the insurer in violation of the insurance laws of this state or any other state.

(f) Violation or breach by the insured of any policy terms or conditions.

(g) Other reasons that are approved by the commissioner of insurance.

(2) (a) A notice of cancellation of insurance coverage by an insurer shall be in writing and shall be mailed or delivered to the first-named insured at the mailing address as shown on the policy. Notices of cancellation based on R.S. 22:1267(C) (1) (b) through (g) shall be mailed or delivered at least thirty days prior to the effective date of the cancellation; notices of cancellations based upon R.S. 22:1267(C) (1) (a) shall be mailed or delivered at least ten days prior to the effective date of cancellation. The notice shall state the effective date of the cancellation.

(b) The insurer shall provide the first-named insured with a written statement setting forth the reason for the cancellation where the insured requests such a statement in writing and the named insured agrees in writing to hold the insurer harmless from liability for any communication giving notice of or specifying the reasons for a cancellation or for any statement made in connection with an attempt to discover or verify the existence of conditions which would be a reason for cancellation under this regulation.

(3) An insurer shall provide a notice of cancellation or a statement of reasons for cancellation where cancellation for nonpayment of premium is effected by a premium finance company or other entity pursuant to a power of attorney or other agreement executed by or on behalf of the insured.

D. (1) An insurer may decide not to renew a policy if it delivers or mails to the first-named insured at the address shown on the policy written notice it will not renew the policy. Such notice of nonrenewal shall be mailed or delivered at least sixty days before the expiration date. Such notice to the insured shall include the insured's loss run information for the period the policy has been in force within, but not to exceed, the last three years of coverage. If the notice is mailed less than sixty days before expiration, coverage shall remain in effect under the same terms and conditions until sixty days after notice is mailed or delivered. Earned premium for any period of coverage that extends beyond the expiration date shall be considered pro rata based upon the previous year's rate. For purposes of this Section, the

transfer of a policyholder between companies within the same insurance group shall not be a refusal to renew. In addition, changes in the deductible, changes in rate, changes in the amount of insurance, or reductions in policy limits or coverage shall not be refusals to renew.

(2) Notice of nonrenewal shall not be required if the insurer or a company within the same insurance group has offered to issue a renewal policy, or where the named insured has obtained replacement coverage or has agreed in writing to obtain replacement coverage.

(3) If an insurer provides the notice described in Paragraph (1) of this Subsection and thereafter the insurer extends the policy for ninety days or less, an additional notice of nonrenewal is not required with respect to the extension.

E. (1) An insurer shall mail or deliver to the named insured at the mailing address shown on the policy written notice of any rate increase, change in deductible, or reduction in limits or coverage at least thirty days prior to the expiration date of the policy. If the insurer fails to provide such thirty-day notice, the coverage provided to the named insured at the expiring policy's rate, terms, and conditions shall remain in effect until notice is given or until the effective date of replacement coverage obtained by the named insured, whichever first occurs. For the purposes of this Subsection, notice is considered given thirty days following date of mailing or delivery of the notice. If the insured elects not to renew, any earned premium for the period of extension of the terminated policy shall be calculated pro rata at the lower of the current or previous year's rate. If the insured accepts the renewal, the premium increase, if any, and other changes shall be effective the day following the prior policy's expiration or anniversary date.

(2) This Subsection shall not apply to the following:

(a) Changes in a rate or plan filed with the commissioner of insurance and applicable to an entire class of business.

(b) Changes based upon the altered nature or extent of the risk insured.

(c) Changes in policy forms filed and approved with the commissioner and applicable to an entire class of business.

(d) Changes requested by the insured.

F. Proof of mailing of notice of cancellation, or of nonrenewal or of premium or coverage changes, to the named insured at the address shown in the policy, shall be sufficient proof of notice.

G. (1) An insurance premium finance company that finances any part of an insurance policy governed by this Section shall cooperate with the department in any investigation regarding such insurance policy.

(2) Upon request by the department, the insurance premium finance company shall make available to the department all documents, correspondence, and cancellation notices related to the insurance policy that have been received or sent by the insurance premium finance company.

(3) An insurance premium finance company that violates any provision of this Section shall be subject to the monetary penalties provided for in R.S. 22:13(A).

"WHEREAS, due to unprecedented rainfall, portions of southern Louisiana are currently experiencing a flood of historical proportions, with thousands of homes flooded and thousands of peoples being rescued from flooded homes that can only be reached by boat or high water trucks;

"WHEREAS, the flooding poses a threat to citizens, businesses, and communities across Southern Louisiana and has created conditions which place lives, livelihoods, and property in a state of jeopardy;

"WHEREAS, the enormity of the current and impending crisis has forced thousands of people to evacuate their homes and in many cases will cause a significant interruption of residency in their homes and occupancy of businesses;

"WHEREAS, due to the mass disruptions caused and still occurring, Louisiana citizens and businesses may be unable to timely pay their insurance premiums, access their insurance policies, satisfy certain conditions of insurance

contracts, and communicate with insurance agents and their respective insurance companies for insurance-related matters, all of which can result in the risk of insurance cancelation and claims denials under ordinary circumstances and will prevent, hinder, and delay necessary action in coping with and recovering from this emergency;

"WHEREAS, Louisiana Revised Statute 29:724 confers upon the Governor emergency powers to deal with emergencies and disasters and to ensure that preparations of this state will be adequate to deal with such emergencies or disasters, and to preserve the lives and property of the citizens of the State of Louisiana, including the authority to suspend the provisions of any regulatory statute prescribing the procedures for conduct of state business, or the orders, rules, or regulations of any state agency, if strict compliance with the provisions of any statute, order, rule, or regulation would in any way prevent, hinder, or delay necessary action in coping with the emergency; and

"WHEREAS, Commissioner of Insurance James J. Donelon has advised the Governor that citizens in Louisiana are at risk with regard to any and all kinds of insurance and requested limited transfer of authority to suspend certain provisions of Title 22.

"SECTION 2: This Order shall not relieve an insured who has a claim caused by this historic flooding, or its aftermath, from compliance with the insured's obligation to provide information and cooperate in the claim adjustment process relative to such claim, or to pay insurance premiums upon termination of the provisions of this Order.

§ 1267.1. Commercial insurance deductibles applied to named storm, hurricane, and wind and hail deductibles

A. For purposes of this Section:

(1) "Hurricane" means a storm system that has been declared a hurricane by the National Hurricane Center of the National Weather Service.

(2) "Named storm" means a storm system that has been declared a named storm by the National Hurricane Center of the National Weather Service.

(3) "Separate deductible" means a deductible that applies to direct physical loss or damage resulting from a specified weather event and may be expressed as a percentage of the insured value of the property or as a specific dollar amount and includes hurricane, named storm, and wind and hail deductibles.

B. For all commercial property insurance policies and commercial multi-peril insurance policies issued or issued for delivery in this state by an authorized insurer on or after January 1, 2023, except for policies with a total insured value equal to or greater than twenty million dollars, any separate deductible that applies in place of any other deductible to direct physical loss or damage resulting from a named storm or hurricane shall be applied on an annual basis to all named storm or hurricane losses that are subject to the separate deductible during the calendar year.

C. If an insured suffers direct physical loss or damage resulting from more than one named storm or hurricane during a calendar year that is subject to the separate deductible provided in Subsection B of this Section, the insurer may apply a deductible to any succeeding named storm or hurricane that is equal to the remaining amount of the separate deductible or the amount of the deductible that applies to all perils other than a named storm or hurricane, whichever is greater. Insurers may require commercial policyholders to maintain receipts or other records of any losses in order to apply any losses to subsequent named storm or hurricane claims.

D. If an insured pays a named storm or hurricane deductible for a covered loss as provided in this Section, but changes insurance companies during the calendar year for the previously claimed property or renews a policy which includes a deductible of a different amount, the insured is subject to a new named storm or hurricane deductible under the new or renewed insurance policy for that same property if the new policy includes such a deductible.

E. This Section shall apply only to property located in this state.

However, when the insured continues to maintain a policy of insurance with the insurer, or an affiliated insurer, and the amount of the refund plus interest is twenty-five dollars or less, the insurer may credit the amount of the payment against future premiums. The insurer shall give written notice to the insured of the credit and the amount at policy renewal.

B. The provisions of this Section shall not apply to those policies issued by an insurance company which require an audit.

lapses in coverage, as defined in this Section, shall not be the sole basis for an insurer's denial of an application for a policy of motor vehicle insurance nor shall such lapse in coverage be considered by an insurer in determining the rates for such a policy. In addition, no insurer shall require that such coverage be provided by another insurer based solely upon such a lapse in coverage.

§ 1285. Automobile insurance policies; refusal to issue or renew; age discrimination

No insurer shall refuse to issue or renew an automobile insurance policy to any person over the age of sixty-five based upon the age of the insured provided the insured is mentally and physically capable of driving an automobile and possesses a valid Louisiana operator's license issued by the office of motor vehicles of the Louisiana Department of Public Safety and Corrections.

§ 1287. Overpayments; surplus premium; endorsement credits

All automobile insurers shall as soon as reasonably possible, but in no event later than sixty days, pay to the premium finance company, if the premium has been financed or if not financed, to the insured, or the person entitled thereto as shown by the automobile insurer's records any overpayment or surplus and commission paid or due on the policy. The failure to pay the person owed the money within the sixty-day period shall entitle that person to recover monetary penalties and interest. In the event the insured is due a credit from an endorsement or change to the policy, the return premium and commission shall be computed on a pro rata basis. However, when the insured continues to maintain a policy of insurance with the insurer, or an affiliated insurer, and the amount of the refund plus interest is twenty-five dollars or less, the insurer may credit the amount of the payment against future premiums. The insurer shall give written notice to the insured of the credit and the amount at policy renewal.

§ 1288. Discrimination in automobile liability insurance prohibited

A. No insurer shall refuse to issue or renew, increase the premium, or cancel an automobile insurance policy solely because the insured is deaf or hard of hearing, provided such person is mentally and physically capable of driving an automobile and possesses a valid Louisiana operator's license issued by the office of motor vehicles of the Department of Public Safety and Corrections.

B. Where the owner of the covered vehicle has a physical or mental disability that prevents him from operating his own motor vehicle, an insurance company issuing a policy of motor vehicle liability insurance shall not require the operator of the vehicle to carry liability insurance.

§ 1289. Automobile policies; discrimination against paid or volunteer firemen prohibited

No insurer doing business in this state who issues a personal automobile insurance policy to an insured who is a paid or volunteer fireman shall charge a higher premium rate, increase or add a surcharge, cancel, or fail to renew a policy for the insured, based solely on the insured's activities as a paid or volunteer fireman.

§ 1291. Automobile liability coverage; loaner vehicle; driver's policy primary policy

A. Notwithstanding any provision of the policy, the primary liability, physical damage, or collision coverage for a loaner vehicle shall be the policy of the driver, not the policy of the vehicle sales or service dealer who provided the loaner vehicle.

B. (1) In this Section, "loaner vehicle" means any vehicle which is provided to an insured driver by a vehicle sales or service dealer for his temporary use as a replacement vehicle while the insured's vehicle is being serviced or repaired. The term shall also mean any vehicle which is provided to an insured driver by a vehicle service or sales dealer for the purpose of allowing the driver to demonstrate or test drive the vehicle.

(2) In this Section, "vehicle sales or service dealer" means any person engaged in the business of selling, repairing, or servicing motor vehicles.

§ 1292. Towing and storage of motor vehicles; insurance policies; storage fees; exceptions

A. A motor vehicle insurance policy shall not be construed to allow an insurer to assume or accede to the legal title of a motor vehicle without assuming credit obligations of the insured owner of the motor vehicle for charges for towing and storage services associated with the incident from which the insurance coverage arises. Such charges for storage services shall not exceed any maximum charge set by the Public Service Commission pursuant to its legal authority under R.S. 45:180.1, or as otherwise provided by law.

B. An insurer which has succeeded to the title of a motor vehicle is not authorized to abandon such vehicle to a towing or storage service without consent of the provider of such service.

C. (1) A debt incurred by or on behalf of a named insured for towing or storage services may be collected from an insurer which succeeds to the legal title of the motor vehicle covered under the policy for physical damage, property damage, or uninsured motorist coverage.

(2) An insurer may be authorized by the provisions of a motor vehicle insurance policy to act for a named insured in any matter regarding the towing and storage of a covered disabled vehicle.

D. (1) Repealed by Acts 1999, No. 1108, § 3, eff. Jan. 1, 2000.

(2) Any storage facility which charges and receives a fee in excess of that set in this Section shall return all storage fees received for storage of the vehicle for which an excess fee was charged and shall be subject to a fine not to exceed one hundred dollars. Each daily overcharge shall constitute a separate violation for which a fine may be assessed.

(3) The daily storage fee shall be the only fee charged by the storage facility during storage of a vehicle. There shall be no additional charges for locating the vehicle in the storage facility, viewing of the vehicle, photography of the vehicle, removal of items from the vehicle, or for any other similar activity which does not require towing or moving of the vehicle during regular business hours.

(4) Nothing in this Section shall be construed to diminish the authority of the Public Service Commission to regulate wreckers and towing services and their rates, fares, tolls, or charges as provided by R.S. 45:180.1.

(5) For the purposes of this Section "inside" shall be limited to storage in or under a fixed structure.

§ 1293. Automobile insurance; total loss provision

An insurer may use the cost to repair or replace airbags used or damaged in an automobile accident to determine if the automobile is a total loss under the total loss provisions of the insurance policy if the policyholder agrees in writing. As used in this Section a "total loss" provision is any provision in an automobile insurance contract that allows the insurer to purchase the vehicle from the insured in lieu of paying for damages to the vehicle. Nothing in this Section shall require an insurer to pay more than the actual cash value of the vehicle, including the value of the airbags.

Renumbered from R.S. 22:676 by Acts 2008, No. 415, § 1, eff. Jan. 1, 2009. Added by Acts 2005, No. 262, § 1.

§ 1294. Automobile insurance; substitute vehicle; notice of discontinuance; payment to provider

A. Whenever any policy of automobile insurance provides a substitute vehicle for an insured, the insurer shall continue its payment for the substitute vehicle until either seventy-two hours after the named insured has been notified that the insurer will cease such payment or until the cost or time limits which the policy provides for substitute vehicles have been met, whichever is earlier.

B. The notice provided by this Section shall not be required when the repair of the insured vehicle has been completed and the insured has received the repaired insured vehicle.

C. The notice provided by this Section shall not be required when the insured requests the discontinuance of the substitute vehicle provided by the insurer.

D. Whenever any policy of automobile insurance provides a substitute vehicle for an insured, the insurer shall guarantee payment at the request of the insured for use of such vehicle pursuant to the policy provisions and shall pay

the provider of the vehicle directly for use of the substitute vehicle pursuant to the provisions of the policy.

§ 1295. Uninsured motorist coverage

The following provisions shall govern the issuance of uninsured motorist coverage in this state:

(1)(a)(i) No automobile liability insurance covering liability arising out of the ownership, maintenance, or use of any motor vehicle shall be delivered or issued for delivery in this state with respect to any motor vehicle designed for use on public highways and required to be registered in this state or as provided in this Section unless coverage is provided therein or supplemental thereto, in not less than the limits of bodily injury liability provided by the policy, under provisions filed with and approved by the commissioner of insurance, for the protection of persons insured thereunder who are legally entitled to recover nonpunitive damages from owners or operators of uninsured or underinsured motor vehicles because of bodily injury, sickness, or disease, including death resulting therefrom; however, the coverage required under this Section is not applicable when any insured named in the policy either rejects coverage, selects lower limits, or selects economic-only coverage, in the manner provided in Item (1)(a)(ii) of this Section. In no event shall the policy limits of an uninsured motorist policy be less than the minimum liability limits required under R.S. 32:900, unless economic-only coverage is selected as authorized in this Section. Such coverage need not be provided in or supplemental to a renewal, reinstatement, or substitute policy when the named insured has rejected the coverage or selected lower limits in connection with a policy previously issued to him by the same insurer or any of its affiliates. The coverage provided under this Section may exclude coverage for punitive or exemplary damages by the terms of the policy or contract. Insurers may also make available, at a reduced premium, the coverage provided under this Section with an exclusion for all noneconomic loss. This coverage shall be known as "economic-only" uninsured motorist coverage. Noneconomic loss means any loss other than economic loss and includes but is not limited to pain, suffering, inconvenience, mental anguish, and other noneconomic damages otherwise recoverable under the laws of this state.

(ii) Such rejection, selection of lower limits, or selection of economic-only coverage shall be made only on a form prescribed by the commissioner of insurance. The prescribed form shall be provided by the insurer and signed by the named insured or his legal representative. The form signed by the named insured or his legal representative which initially rejects such coverage, selects lower limits, or selects economic-only coverage shall be conclusively presumed to become a part of the policy or contract when issued and delivered, irrespective of whether physically attached thereto. A properly completed and signed form creates a rebuttable presumption that the insured knowingly rejected coverage, selected a lower limit, or selected economic-only coverage.

The form signed by the insured or his legal representative which initially rejects coverage, selects lower limits, or selects economic-only coverage shall remain valid for the life of the policy and shall not require the completion of a new selection form when a renewal, reinstatement, substitute, or amended

policy is issued to the same named insured by the same insurer or any of its affiliates. An insured may change the original uninsured motorist selection or rejection on a policy at any time during the life of the policy by submitting a new uninsured motorist selection form to the insurer on the form prescribed by the commissioner of insurance. Any changes to an existing policy, regardless of whether these changes create new coverage, except changes in the limits of liability, do not create a new policy and do not require the completion of new uninsured motorist selection forms. For the purpose of this Section, a new policy shall mean an original contract of insurance which an insured enters into through the completion of an application on the form required by the insurer.

(iii) This Subparagraph and its requirement for uninsured motorist coverage shall apply to any liability insurance covering any accident which occurs in this state and involves a resident of this state.

(iv) Notwithstanding any contrary provision of this Section and R.S. 22:1406 [Repealed], an automobile liability policy written to provide coverage for a school bus may limit the scope of uninsured motorist liability to only provide liability coverage for damages incurred by reason of an accident or incident involving the school bus, or a temporary substitute vehicle, and such limitation shall limit the uninsured motorist coverage of a named insured in the policy to only damages incurred by reason of such accident or incident.

(b) Any insurer delivering or issuing an automobile liability insurance policy referred to herein shall also permit the insured, at his written request, to increase the coverage applicable to uninsured motor vehicles provided for herein to any available limit up to the bodily injury liability coverage limits afforded under the policy.

(c) If the insured has any limits of uninsured motorist coverage in a policy of automobile liability insurance, in accordance with the terms of Subparagraph (1)(a) of this Section, then such limits of liability shall not be increased because of multiple motor vehicles covered under such policy of insurance, and such limits of uninsured motorist coverage shall not be increased when the insured has insurance available to him under more than one uninsured motorist coverage provision or policy; however, with respect to other insurance available, the policy of insurance or endorsement shall provide the following with respect to bodily injury to an injured party while occupying an automobile not owned by said injured party, resident spouse, or resident relative, and the following priorities of recovery under uninsured motorist coverage shall apply:

(i) The uninsured motorist coverage on the vehicle in which the injured party was an occupant is primary.

(ii) Should that primary uninsured motorist coverage be exhausted due to the extent of damages, then the injured occupant may recover as excess from other uninsured motorist coverage available to him. In no instance shall more than one coverage from more than one uninsured motorist policy be available as excess over and above the primary coverage available to the injured occupant.

(d) Unless the named insured has rejected uninsured motorist coverage, the insurer issuing an automobile liability policy that does not afford collision coverage for a vehicle insured thereunder shall, at the written request of a

named insured, provide coverage in the amount of the actual cash value of such motor vehicle described in the policy or the minimum amount of property damage liability insurance required by the Motor Vehicle Safety Responsibility Law, R.S. 32:851 et seq., whichever is less, for the protection of persons insured thereunder who are legally entitled to recover damages from the owner or operator of an uninsured motor vehicle because of property damage to the motor vehicle described in the policy arising out of the operation, maintenance, or use of the uninsured motor vehicle. The coverage provided under this Section shall be subject to a deductible in an amount of two hundred fifty dollars for any one accident. The coverage provided under this Section shall not provide protection for any of the following:

(i) Damage where there is no actual physical contact between the covered motor vehicle and an uninsured motor vehicle, unless the injured party can show, by an independent and disinterested witness, that the injury was the result of the actions of the driver of another vehicle whose identity is unknown or who is uninsured or underinsured.

(ii) Loss of use of a motor vehicle.

(iii) Damages which are paid or payable under any other property insurance.

(e) The uninsured motorist coverage does not apply to bodily injury, sickness, or disease, including the resulting death of an insured, while occupying a motor vehicle owned by the insured if such motor vehicle is not described in the policy under which a claim is made, or is not a newly acquired or replacement motor vehicle covered under the terms of the policy. This provision shall not apply to uninsured motorist coverage provided in a policy that does not describe specific motor vehicles.

(f) Uninsured motorist coverage shall include coverage for bodily injury arising out of a motor vehicle accident caused by an automobile which has no physical contact with the injured party or with a vehicle which the injured party is occupying at the time of the accident, provided that the injured party bears the burden of proving, by an independent and disinterested witness, that the injury was the result of the actions of the driver of another vehicle whose identity is unknown or who is uninsured or underinsured.

(2)(a) For the purpose of this coverage, the terms "uninsured motor vehicle" shall, subject to the terms and conditions of such coverage, be deemed to include an insured motor vehicle where the liability insurer thereof is unable to make payment with respect to the legal liability of its insured within the limits specified therein because of insolvency.

(b) For the purposes of this coverage the term uninsured motor vehicle shall, subject to the terms and conditions of such coverage, also be deemed to include an insured motor vehicle when the automobile liability insurance coverage on such vehicle is less than the amount of damages suffered by an insured and/or the passengers in the insured's vehicle at the time of an accident, as agreed to by the parties and their insurers or as determined by final adjudication.

(3) Any party possessing a certificate of self-insurance as provided under the Louisiana Motor Vehicle Safety Responsibility Law, shall be an "insurer" within the meaning of uninsured motorist coverage provided under the provisions of

this Section. This provision shall not be construed to require that a party possessing a certificate of self-insurance provide uninsured motorist coverage or that such coverage is provided by any party possessing such a certificate.

(4) In the event of payment to any person under the coverage required by this Section and subject to the terms and conditions of such coverage, the insurer making such payment shall, to the extent thereof, be entitled to the proceeds of any settlement or judgment resulting from the exercise of any rights of recovery of such person against any person or organization legally responsible for the bodily injury for which such payment is made, including the proceeds recoverable from the assets of the insolvent insurer.

(5) The coverage required under this Section may include provisions for the submission of claims by the assured to arbitration; however, the submission to arbitration shall be optional with the insured, shall not deprive the insured of his right to bring action against the insurer to recover any sums due him under the terms of the policy, and shall not purport to deprive the courts of this state of jurisdiction of actions against the insurer.

(6) In any action to enforce a claim under the uninsured motorist provisions of an automobile liability policy the following shall be admissible as prima facie proof that the owner and operator of the vehicle involved did not have automobile liability insurance in effect on the date of the accident in question:

(a) The introduction of sworn notarized affidavits from the owner and the operator of the alleged uninsured vehicle attesting to their current addresses and declaring that they did not have automobile liability insurance in effect covering the vehicle in question on the date of the accident in question. When the owner and the operator of the vehicle in question are the same person, this fact shall be attested to in a single affidavit.

(b) A sworn notarized affidavit by an official of the Department of Public Safety and Corrections to the effect that inquiry has been made pursuant to R.S. 32:871 by depositing the inquiry with the United States mail, postage prepaid, to the address of the owner and operator as shown on the accident report, and that neither the owner nor the operator has responded within thirty days of the inquiry, or that the owner or operator, or both, have responded negatively as to the required security, or a sworn notarized affidavit by an official of the Department of Public Safety and Corrections that said department has not or cannot make an inquiry regarding insurance. This affidavit shall be served by certified mail upon all parties fifteen days prior to introduction into evidence.

(c) Any admissible evidence showing that the owner and operator of the alleged uninsured vehicle was a nonresident or not a citizen of Louisiana on the date of the accident in question, or that the residency and citizenship of the owner or operator of the alleged uninsured vehicle is unknown, together with a sworn notarized affidavit by an official of the Department of Public Safety and Corrections to the effect that on the date of the accident in question, neither the owner nor the operator had in effect a policy of automobile liability insurance.

(d) The effect of the prima facie evidence referred to in Subparagraphs (a),

(b), and (c) of this Paragraph is to shift the burden of proof from the party or parties alleging the uninsured status of the vehicle in question to their uninsured motorist insurer.

§ 1295.1. Excluded driver; named insured; liability

A. The named insured and the operator of a motor vehicle shall be solidarily liable for the damages caused by the operator's negligent or intentional act when the operator has been designated as a person excluded from coverage on the motor vehicle liability insurance policy pursuant to R.S. 32:900(L), and the operator is operating the vehicle with the express permission of the named insured.

B. The liability of the named insured provided by this Section shall not exceed the mandatory minimum limits for automobile insurance as provided by R.S. 32:900, unless the named insured has a parent-child or tutorship relationship to the operator, or unless the named insured is otherwise vicariously liable for the acts or omissions of the operator excluded from coverage on the motor vehicle liability insurance policy pursuant to R.S. 32:900(L) or unless the named insured is responsible for the acts and omissions of the operator excluded from coverage on the motor vehicle liability insurance policy pursuant to R.S. 32:900(L).

C. If the operator has been excluded pursuant to R.S. 32:900(L), the insurer shall not be liable, and no liability or obligation of any kind shall result to the insurer for bodily injury, loss, or damage under any coverage of the policy, nor shall the insurer be obligated to provide a defense or pay any costs of defense.

Added by Acts 2014, No. 21, § 1.

§ 1296. Coverage of temporary, substitute, and rental vehicles

A. Every approved insurance company, reciprocal or exchange, writing automobile liability, physical damage, or collision insurance, shall extend to temporary substitute motor vehicles as defined in the applicable insurance policy and rental motor vehicles any and all such insurance coverage in effect in the original policy or policies. Where an insured has coverage on a single or multiple vehicles, at least one of which has comprehensive and collision or

liability insurance coverage, those coverages shall apply to the temporary substitute motor vehicle, as defined in the applicable insurance policy, or rental motor vehicle. Such insurance shall be primary. However, if other automobile insurance coverage or financial responsibility protection is purchased by the insured for the temporary substitute or rental motor vehicle, that coverage shall become primary. The coverage purchased by the insured shall not be considered a collateral source.

B. A rental company, as defined in R.S. 22:1762(5), shall maintain security on all rental vehicles meeting the requirements of the Motor Vehicle Safety Responsibility Law, R.S. 32:851 et seq., as follows:

(1) Such security maintained by the rental company shall apply only when there is no other valid or collectible insurance or other form of security meeting the minimum financial responsibility requirements under the Motor Vehicle Safety Responsibility Law.

(2) Notwithstanding a rental company's obligation to provide minimum financial responsibility pursuant to the Motor Vehicle Safety Responsibility Law as the owner of the vehicle for the privilege of registering and titling such vehicle, a rental company shall be relieved of any security obligation under the Motor Vehicle Safety Responsibility Law when the renter or driver has valid and collectible insurance, self-insurance, bond, deposit, or other form of security in an amount sufficient to satisfy the minimum financial responsibility requirements of the Motor Vehicle Safety Responsibility Law, when the claimant maintains uninsured or underinsured motorist coverage for bodily injury or property damage claims, or when the renter violates the terms or conditions of the rental agreement.

(3) Nothing in this Section shall be construed:

(a) To limit or restrict a rental company from providing by contract that the renter or driver shall assume responsibility for satisfying any and all duties and obligations for claims under the Motor Vehicle Safety Responsibility Law provided that the renter or driver has valid and collectible insurance, self-insurance, bond, deposit, or other form of security, which financial responsibility protection provided to the renter or driver shall be primary.

(b) To limit the ability of a rental company to pursue the renter or driver of the rental vehicle for indemnity or contribution or both.

(c) To create an obligation by the rental company to defend renters or drivers of rental vehicles.

(d) To render a rental company subject to R.S. 22:1269, 1892, or 1973.

(4) In the event that the rental company provides minimum financial responsibility limits pursuant to this Section, the rental company shall be exempt from R.S. 22:1295 and shall not be required to extend uninsured or underinsured motorist coverage or to offer renters or additional authorized drivers an opportunity to accept, reject, or select lower limits of uninsured or underinsured motorist coverage.

§ 1296.1. Coverage for drivers of non-owned vehicles; requirements

A. An approved insurance company, reciprocal or exchange, writing automobile liability, uninsured, underinsured, or medical payments coverage shall not exclude the benefits of such coverage under its policy to an insured operating a vehicle not owned by the insured if all of the following requirements are satisfied:

(1) The coverage is in full force and effect.

(2) The insured is operating a vehicle not owned by the insured with the express or implied permission of the vehicle's owner.

(3) The vehicle not owned by the insured that is being operated by the insured is not provided, furnished, or available to the insured on a regular basis.

B. Coverage provided pursuant to this Section shall be secondary to the vehicle owner's insurance policy.

C. If the coverage provided pursuant to this Section is included within the coverage provided pursuant to R.S. 22:1296, the provisions of R.S. 22:1296 shall determine which coverage is primary.

§ 1300.3. Insurance coverage during car sharing period

A. A peer-to-peer car sharing program shall assume liability, except as provided in Subsection B of this Section, of a shared vehicle owner for bodily injury or property damage to third parties or uninsured or underinsured motorist or personal injury protection losses during the car sharing period in an amount stated in the peer-to-peer car sharing program agreement which amount may not be less than those set forth in the Motor Vehicle Safety Responsibility Law, R.S. 32:851 et seq.

B. Notwithstanding the definition of "car sharing termination time" as set forth in R.S. 22:1300.2, the assumption of liability pursuant to Subsection A of this Section:

(1) Does not apply to any shared vehicle owner when:

(a) A shared vehicle owner makes an intentional or fraudulent material misrepresentation or omission to the peer-to-peer car sharing program before the car sharing period in which the loss occurred.

(b) A shared vehicle owner acts in concert with a shared vehicle driver who fails to return the shared vehicle pursuant to the terms of the car sharing program agreement.

(2) Does apply to bodily injury, property damage, uninsured or underinsured motorist, or personal injury protection losses sustained by damaged third parties required by the Motor Vehicle Safety Responsibility Law, R.S. 32:851 et seq.

C. A peer-to-peer car sharing program shall ensure that, during each car sharing period, the shared vehicle owner and the shared vehicle driver are insured under a motor vehicle liability policy that provides insurance coverage in amounts equal to or greater than the minimum amounts set forth in R.S. 32:900, and that the policy either:

(1) Specifies that the motor vehicle liability policy provides coverage if the insured vehicle is made available and used by a shared vehicle driver through a peer-to-peer car sharing program.

(2) Does not exclude coverage if the insured vehicle is made available as a shared vehicle and used by a shared vehicle driver in a peer-to-peer car sharing program.

D. The insurance set forth in Subsection C of this Section shall be primary during each car sharing period and satisfied by a motor vehicle liability policy maintained by one of the following:

(1) The shared vehicle owner.

(2) The shared vehicle driver.

(3) The peer-to-peer car sharing program.

(4) Any combinations of the persons described in Paragraphs (1) through (3) of this Subsection.

E. The peer-to-peer car sharing program shall assume primary liability for a claim when all of the following criteria are met:

(2) A dispute exists as to who was in control of the shared vehicle at the time of the loss.

(3) The peer-to-peer car sharing program does not have available, did not retain, or fails to provide the information required by R.S. 22:1300.6.

F. The insurer of the shared vehicle shall indemnify the peer-to-peer car sharing program to the extent of its obligation, if any, under the applicable insurance policy, if it is determined that the owner of the shared vehicle was in control of the shared vehicle at the time of the loss.

G. If insurance maintained by a shared vehicle owner or shared vehicle driver pursuant to Subsection D of this Section has lapsed or does not provide the required coverage, insurance maintained by a peer-to-peer car sharing program shall provide the coverage required by Subsection C of this Section beginning with the first dollar of a claim and have the duty to defend the claim except under circumstances set forth in R.S. 22:1300.7.

H. Coverage under a motor vehicle liability policy maintained by the peer-to-peer car sharing program is not dependent on whether another motor vehicle insurer first denies a claim nor is another motor vehicle insurer required to first deny a claim.

I. Nothing in this Subpart:

(1) Limits the liability of a peer-to-peer car sharing program for any act or omission of the peer-to-peer car sharing program that results in injury to any person as a result of the use of a shared vehicle through a peer-to-peer car sharing program.

(2) Limits the ability of a peer-to-peer car sharing program to seek indemnification by contract from the shared vehicle owner or the shared vehicle driver for economic loss sustained by the peer-to-peer car sharing program resulting from a breach of the terms and conditions of the car sharing program agreement.

(3) Limits the applicability of state dealer franchise laws as set forth in R.S. 32:1251 through 1269.

§ 1300.9. Insurable interest

A. Notwithstanding any other provision of law to the contrary, a peer-to-peer car sharing program shall have an insurable interest in a shared vehicle during the car sharing period.

B. Nothing in this Section creates liability on a peer-to-peer car sharing program to maintain the coverage mandated by R.S. 22:1300.3.

C. A peer-to-peer car sharing program may own and maintain as the named insured one or more policies of motor vehicle liability insurance that provides coverage for any of the following:

The appraisers shall first select a competent and disinterested umpire; and failing for fifteen days to agree upon such umpire, then on request of the insured or this Company such umpire shall be selected by a judge of a court of record in the state in which the property covered is located. The appraisers shall then appraise the loss, stating separately actual cash value and loss to each item, and failing to agree, shall submit their differences, only, to the umpire. An award in writing, so itemized, of any two when filed with this Company shall determine the amount of actual cash value and loss. Each appraiser shall be paid by the party selecting him and the expenses of appraisal and umpire shall be paid by the parties equally.

"WHEREAS, due to unprecedented rainfall, portions of southern Louisiana are currently experiencing a flood of historical proportions, with thousands of homes flooded and thousands of peoples being rescued from flooded homes that can only be reached by boat or high water trucks;

"WHEREAS, the flooding poses a threat to citizens, businesses, and communities across Southern Louisiana and has created conditions which place lives, livelihoods, and property in a state of jeopardy;

"WHEREAS, the enormity of the current and impending crisis has forced thousands of people to evacuate their homes and in many cases will cause a significant interruption of residency in their homes and occupancy of businesses;

"WHEREAS, due to the mass disruptions caused and still occurring, Louisiana citizens and businesses may be unable to timely pay their insurance premiums, access their insurance policies, satisfy certain conditions of insurance contracts, and communicate with insurance agents and their respective insurance companies for insurance-related matters, all of which can result in the risk of insurance cancelation and claims denials under ordinary circumstances and will prevent, hinder, and delay necessary action in coping with and recovering from this emergency;

"WHEREAS, Louisiana Revised Statute 29:724 confers upon the Governor emergency powers to deal with emergencies and disasters and to ensure that preparations of this state will be adequate to deal with such emergencies or disasters, and to preserve the lives and property of the citizens of the State of Louisiana, including the authority to suspend the provisions of any regulatory statute prescribing the procedures for conduct of state business, or the orders, rules, or regulations of any state agency, if strict compliance with the provisions of any statute, order, rule, or regulation would in any way prevent, hinder, or delay necessary action in coping with the emergency; and

"WHEREAS, Commissioner of Insurance James J. Donelon has advised the Governor that citizens in Louisiana are at risk with regard to any and all kinds of insurance and requested limited transfer of authority to suspend certain provisions of Title 22.

"NOW THEREFORE, I, JOHN BEL EDWARDS, Governor of the State of Louisiana, by virtue of the authority vested by the Constitution and the laws of the State of Louisiana, do hereby order and direct as follows:

"SECTION 2: This Order shall not relieve an insured who has a claim caused by this historic flooding, or its aftermath, from compliance with the insured's obligation to provide information and cooperate in the claim adjustment process relative to such claim, or to pay insurance premiums upon termination of the provisions of this Order.

"SECTION 3: This Order shall apply retroactively from Friday, August 12, 2016, and shall continue through Monday, September 12, 2016, unless amended, modified, terminated, or rescinded by the Governor prior thereto.

§ 1312. Forms to be provided

Upon receiving notice of loss from the insured, the insurer shall provide within thirty days to the insured a form suitable for filing a proof of loss and shall advise the insured that he is required under the terms of the policy to submit a proof of loss.

Renumbered from R.S. 22:691.1 by Acts 2008, No. 415, § 1, eff. Jan. 1, 2009. Added by Acts 1977, No. 202, § 1. Amended by Acts 2010, No. 703, § 1, eff. Jan. 1, 2011.

§ 1313. Fire insurance contract; standard provisions; variations

A. Notwithstanding the requirements of R.S. 22:1311 concerning the use of the standard fire policy provisions, the use of such form shall not be required in the event the policy forms covering the peril of fire are equivalent to or exceed the provisions of the standard fire policy.

B. In the event that the policy forms used are not equivalent to or do not exceed the terms of the standard fire policy, all of the provisions of the standard fire policy shall become a part of the policy by physically attaching the standard fire policy.

C. Failure to attach the standard fire policy as provided in R.S. 22:1313(B) shall not affect the rights of the insured under the standard fire policy and the provisions of the standard fire policy shall become a part of the contract and shall prevail.

Renumbered from R.S. 22:691.2 by Acts 2008, No. 415, § 1, eff. Jan. 1, 2009. Added by Acts 1986, No. 133, § 1, eff. June 26, 1986. Amended by Acts 2004, No. 34, § 1; Acts 2010, No. 703, § 1, eff. Jan. 1, 2011.

§ 1314. Breach of warranties and conditions of fire policies and applications therefor

A. No policy of fire insurance issued by any insurer on property in this state shall hereafter be declared void by the insurer for the breach of any

representation, warranty, or condition contained in such policy or in the application therefor. Such breach shall not allow the insurer to avoid liability unless such breach: (1) exists at the time of the loss, and be such a breach as would increase either the moral or physical hazard under the policy; or (2) shall be such a breach as would be a violation of a warranty or condition requiring the insurer to take and keep inventories and books showing a record of his business.

B. Notwithstanding the provisions of Subsection A of this Section, such a breach shall not afford a defense to a suit on the policy if the facts constituting such a breach existing at the time of the issuance of the policy and were, at such time, known to the insurer or to any of his or its officers or agents, or if the facts constituting such a breach existed at the time of the loss and were, at such time, known to the insurer or to any of his or its officers or agents, except in case of fraud on the part of such officer or agent or the insured, or collusion between such officer or agent and the insured.

§ 1315. Defense of material misrepresentation not entitlement to void policy

Assertion of a defense of material misrepresentation made by an insured subsequent to loss by fire as to the value of the contents of a residence or business shall not entitle an insurer to void total coverage of the policy based on such misrepresentation, unless a court of competent jurisdiction determines and adjudicates otherwise. Such judicial determination shall apply to the claim that is the subject of the litigation and shall not apply retroactively to any claim that occurred prior to the loss that is the basis of the claim that is the subject of the litigation.

§ 1316. Suits on fire insurance policies

Whenever suit is filed to recover loss on a fire insurance policy which has been issued either in the name of a married man or a married woman on property belonging to the community of acquets and gains or on property which is the separate and paraphernal property of either husband or wife, it shall not be a good defense on the part of the insurer, except in case of fraud to allege that the policy was issued in the name of the husband, whereas the title to the property was in the name of the wife or vice versa; or that the policy was issued in the name of the husband, whereas the property was the separate and paraphernal property of the wife or vice versa, any contract to the contrary notwithstanding.

The insurer shall have the burden and duty of issuing the policy in the name of the real owner of the property covered by such policy.

Renumbered from R.S. 22:693 by Acts 2008, No. 415, § 1, eff. Jan. 1, 2009. Acts 1958, No. 125.

§ 1317. Co-insurance clauses; prohibited in certain cases

No policy of fire and extended coverage insurance issued by an authorized insurer covering property or risks in this state shall contain any clause or provisions requiring the insured to take out or maintain a larger amount of insurance than that covered by such policy or providing in any way that the insured shall be liable as a co-insurer with the insured unless such clause has been approved by the commissioner of insurance and there has been a consideration allowed in the rate of premium charged for such policy.

Renumbered from R.S. 22:694 by Acts 2008, No. 415, § 1, eff. Jan. 1, 2009. Acts 1958, No. 125. Amended by Acts 1960, No. 330, § 1; Acts 1963, No. 115, § 1; Acts 2009, No. 250, § 1.

§ 1318. Valued policy clause; exceptions

A. Under any fire insurance policy insuring inanimate, immovable property in this state, if the insurer places a valuation upon the covered property and uses such valuation for purposes of determining the premium charge to be made under the policy, in the case of total loss the insurer shall compute and indemnify or compensate any covered loss of, or damage to, such property which occurs during the term of the policy at such valuation without deduction or offset, unless a different method is to be used in the computation of loss, in which latter case, the policy, and any application therefor, shall set forth in type of equal size, the actual method of such loss computation by the insurer.

Coverage may be voided under said contract in the event of criminal fault on the part of the insured or the assigns of the insured.

B. Any clause, condition, or provision of a policy of fire insurance contrary to the provisions of this Section shall be null and void, and have no legal effect. Nothing contained herein shall be construed to prevent any insurer from cancelling or reducing, as provided by law, the insurance on any property prior to damage or destruction.

C. The liability of the insurer of a policy of fire insurance, in the event of total or partial loss, shall not exceed the insurable interest of the insured in the property unless otherwise provided for by law. Nothing in this Section shall be construed as to preclude the insurer from questioning or contesting the insurable interest of the insured.

D. This Section shall apply only to policies issued or renewed after January 1, 1992, and shall not apply to a loss covered by a blanket-form policy of insurance. As used in this Section, the term "fire insurance policy" shall mean any property insurance policy, with the exception of builders risk policies of insurance, that provides coverage for the peril of fire, regardless of any other coverage provided by the policy.

§ 1319. Delivery of fire insurance contract providing coverage for damage to property; disclosure of coverage; coverage for damages due to flood

A. In addition to any other requirement contained in law, the following provisions shall govern the issuance of fire insurance policies issued or delivered in this state which provide coverage for damage to property in this state.

B. No fire insurance policy which provides coverage for damage to property shall be delivered or issued for delivery in this state unless the insurer advises the insured in writing, prominently displayed on a form developed and promulgated by the commissioner of insurance and in bold typed print of not less than a fourteen-point font as an insert in the front of the policy, of the following disclosures:

(1) Which coverages are included in the policy for which the insured has paid premiums.

(2) Whether or not the insured has coverage for flooding or mold. The disclosure shall also state that flood insurance is available through the National Flood Insurance Program and that excess flood insurance may be available by a separate policy.

(3) Whether a separate deductible is required for hurricane, wind, or named-storm damage, and, if so, one standardized example of how such separate deductible will be applied under the policy. Such example need not be customized for each policyholder.

C. Any disclosure provided pursuant to this Section shall be for informational purposes only and shall not amend, extend, or alter the coverages provided in the policy. In addition, any such notice shall not be admissible in any action brought concerning the policy of insurance except for the sole purpose of showing that the notice was or was not provided pursuant to this Section.

§ 1320. Prohibition of denial of coverage

Notwithstanding anything to the contrary, liability coverage, which would otherwise be valid under the terms of the policy, shall not be declared void under any contract provision which specifically denies coverage for any and all acts committed due to criminal conduct, where such criminal conduct is due to the criminally negligent ownership or handling of a dog or other animal pursuant to R.S. 14:32(A)(2) or R.S. 14:39(A)(2).

SUBPART D. HOMEOWNERS' INSURANCE

§ 1331. Personal property coverage; option to exclude

A. (1) Upon a disaster being declared by the governor or the president of the United States or any officer acting under presidential authority, any insurance

company that issues a homeowner's insurance policy, as defined in R.S. 22:47, that includes personal property coverage in the affected area, shall make available during the term of the policy, upon written request of a policyholder, one of the following options:

(a) A residential property policy that provides dwelling coverage without personal property coverage.

(b) An exclusion of personal property coverage.

(2) Upon the exercise of either option by the policyholder, the insurer shall calculate an appropriate reduction in premium that shall be returned to the policyholder.

(3) The option provided in Paragraph (1) of this Subsection shall not be available to the policyholder after the passage of twenty-four months from the date the disaster declaration is made.

B. Notwithstanding any provision of law to the contrary, the substitute policy or exclusion of personal property coverage that occurs during the term of the policy shall not be considered a new policy. This Section shall apply only to homeowners' insurance policies written on structures rendered uninhabitable as determined by the local governing authority or insurer because they sustained extensive damage to more than fifty percent of the dwelling area. In addition, the insurer may withdraw the exclusion or substitute policy when one of the following has occurred:

(1) The structure has been repaired to the point that it is again habitable.

(2) The homeowners' policy has been terminated.

(3) The expiration of twenty-four months from the date of the disaster declaration.

§ 1332. Delivery of homeowners' insurance; disclosures

A. In addition to any other requirement contained in law, the provisions of this Section shall govern the issuance of homeowners' insurance policies issued or delivered in this state which provide coverage for damage to property in this state.

B. No homeowners' insurance policy which provides coverage for damage to property shall be delivered or issued for delivery in this state with respect to any residential property unless the insurer advises the insured in writing, prominently displayed on a form developed and promulgated by the commissioner of insurance and in bold typed print of not less than a fourteen-point font as an insert in the front of the policy, of the following disclosures:

(1) Which coverages are included in the policy for which the insured has paid

premiums.

(2) Whether or not the insured has coverage for flood or mold. The disclosure shall also state that flood insurance is available through the National Flood Insurance Program and that excess flood insurance may be available by a separate policy.

(3) A distinction between replacement cost for losses and actual cash value, the use of depreciation in determining payment for losses, and that the policy may contain time limitations for repairs to be completed in order to receive full replacement cost for the losses.

(4) That the policy determines the process for providing the insurer with a notification of a loss, and the time line provided by law, including R.S. 22:1892 and 1973, of when a claim must be adjusted, settled, and paid, including an explanation of the possible penalties imposed on an insurer for failing to conform to the time requirements.

(5) That the insured may have the option to increase the deductible and thus lower the potential cost paid.

(6) Whether a separate deductible is required for hurricane, wind, or named-storm damage, and, if so, one standardized example of how such separate deductible will be applied under the policy. Such example need not be customized for each policyholder.

For operative effect of par. (B) (7), see italic note following this section.

(7) That making a claim that does not exceed the policy deductible and that does not result in a payment either to the insured or on behalf of the insured may be used by the insurer to increase the cost of the policy's premium in the future or as part of the basis for cancellation of the policy. Insurers that do not use such claims to increase the cost of the policy's premium or as part of the basis for cancellation of the policy shall be exempt from the disclosure requirements of this Paragraph.

Par. (B) (8) effective six months after the promulgation of the required form.

(8) That improvements or modifications to the property such as adding storm shutters, modifying the roof design, and improving the roof covering may reduce the cost of the policy's premium and advising the homeowner to contact the insurance producer or insurer for details on qualifying improvements or modifications.

C. Any disclosure provided pursuant to this Section shall be for informational purposes only and shall not amend, extend, or alter the coverages provided in the policy. In addition, any such notice shall not be admissible in any action brought concerning the policy of insurance except for the sole purpose of showing that the notice was or was not provided pursuant to this Section.

"Section 2. The commissioner shall complete promulgation of the form required by Section 1 of this Act no later than November 30, 2019.

"Section 3. The provisions of Section 1 of this Act shall become effective six months after the promulgation of the form required by Section 2 of this Act and shall be applicable for all new homeowner's policies and renewal of existing homeowner's policies issued or renewed after that date."

Promulgation of Form; Operative Effect; Application—Acts 2016, No. 274

Sections 2 and 3 of Acts 2016, No. 274 provide:

"Section 2. The commissioner shall complete promulgation of the form required by Section 1 of this Act no later than November 30, 2016.

"Section 3. The provisions of Section 1 of this Act shall become effective six months after the promulgation required by Section 2 of this Act and shall be applicable for all new homeowner's policies and renewal of existing homeowner's policies."

§ 1333. Homeowner's insurance; insurer's nonrenewal without cause; inclusion in insured's file prohibited; certain prohibitions

A. Whenever a policy of homeowner's insurance is not renewed by the insurer and such nonrenewal is without cause, the fact of such nonrenewal shall not be retained in the insured's file with that insurer. Such nonrenewal shall not be considered a cancellation or nonrenewal for cause. The insurer shall not utilize such nonrenewal as a reason for an increase in the insured's rate or premium for equivalent coverage to that which was not renewed.

B. In this Section, nonrenewal "without cause" shall not include nonrenewal by the insurer for any of the following reasons:

- (1) Nonrenewal at the request of the insured.
- (2) Failure of the insured to pay the agreed premium.
- (3) Fraud on the part of the insured.
- (4) Material misrepresentation of a material fact in application for a new policy or for renewal of an existing policy.

C. No insurer providing property, casualty, or liability insurance shall cancel or fail to renew a homeowner's policy of insurance or to increase the policy deductible that has been in effect and renewed for more than three years unless based on nonpayment of premium, fraud of the insured, a material change in the risk being insured, two or more claims within a continuous three-year period of time within the five years preceding the current policy renewal date, or if continuation of such policy endangers the solvency of the insurer. This

Subsection shall not apply to an insurer that withdraws from the homeowners' insurance market in this state or to policy deductibles increased for all homeowners' insurance policies in this state. For the purposes of this Subsection, an incident shall be deemed a claim only when there is a demand for payment by the insured or the insured's representative under the terms of the policy. A report of a loss or a question relating to coverage shall not independently establish a claim. As used in this Subsection, the phrase "two or more claims within a continuous three-year period of time within the five years preceding the current policy renewal date" shall not include any loss incurred or arising from an "Act of God" incident which is due directly to forces of nature and exclusively without human intervention.

D. Notwithstanding the provisions of Subsection C of this Section, an insurer may make a filing with the commissioner pursuant to R.S. 22:1464 for authorization to deviate from the provisions of Subsection C of this Section for the sole purpose of changing the policy deductible to a total deductible of not more than four percent of the value of the property being insured for named storms or hurricanes on a homeowner's policy of insurance that has been in effect for more than three years. Any insurer filing with the commissioner pursuant to this Subsection shall file with the commissioner a business plan setting forth the insurer's plan to write new business in the particular region or area of the state in which the new deductible is to apply. The commissioner's approval is to be based on the insurer's commitment to the writing of new business in the respective region or area of the state in which the new deductible is to apply. The commissioner may also approve a filing that he determines to be in the best interest of the policyholders. The commissioner may subsequently rescind his approval of any filing made pursuant to this Subsection in the event the insurer fails to write new business in accordance with the business plan. Any business plan filed shall be considered proprietary or trade secret pursuant to information under the provisions of R.S. 44:3.2 and the Uniform Trade Secrets Act. The commissioner shall provide an annual report to the legislative committees on insurance on the application and effectiveness of the provisions of this Section. The commissioner shall promulgate regulations pursuant to the Administrative Procedure Act setting forth the criteria for the filing, including any financial or other requirements that he deems necessary to act on the request by an insurer. Any regulation promulgated by the commissioner pursuant to this Subsection shall require the insurer to itemize to the insured the premium savings based on the increase in the insured's deductible.

E. No homeowner's policy of insurance shall contain any provision that would apply more than one deductible to a loss resulting from any single incident covered by the policy. Any such provision shall be null and void and unenforceable as contrary to public policy.

F. Any company which makes a filing pursuant to Subsection D of this Section shall reduce the rates paid by the individual homeowner by the amount determined to be actuarially justified by the commissioner.

G. Any authorized property and casualty insurer that avails itself of the provisions of Subsection C of this Section relative to withdrawing from the homeowners' insurance market may not issue any homeowners' insurance coverage in this state during the five-year period beginning on the date of the discontinuation of the last homeowners' insurance coverage not so renewed. The

commissioner may, for good cause shown pursuant to a written request by the insurer, permit the insurer to reenter the homeowners' insurance market prior to the expiration of the five-year period.

H. Any approved unauthorized property and casualty insurer that avails itself of the provisions of Subsection C of this Section relative to withdrawing from the homeowners' insurance market may not issue any homeowners' insurance coverage in this state during the five-year period beginning on the date of the discontinuation of the last homeowners' insurance coverage not so renewed. The commissioner may, for good cause shown pursuant to a written request by the insurer, permit the insurer to reenter the homeowners' insurance market prior to the expiration of the five-year period.

§ 1334. Homeowners insurance policies; conversion of policy forms

A. With the approval of the commissioner of insurance an insurer may convert an entire class of homeowner policies to another homeowner policy form, which has been submitted to and approved by the commissioner, as those homeowners policies are renewed. The terms and conditions of such policies, subject to the conversion, shall be continued in full force and effect for the term of the policy. The conversion provided for in this Section shall not constitute the cancellation or nonrenewal of any policy and shall not be grounds for the cancellation or nonrenewal of any policy by the insurer.

B. A conversion by an insurer shall be deemed approved by the commissioner unless disapproved within forty-five days of the filing of the proposed conversion with the commissioner.

C. All homeowner insurance policies, which have been properly filed and converted pursuant to this Section and the conversion of which will result in a rate change, shall be subject to the laws governing rate changes under Subpart O of Part IV of Chapter 4 of this Title, R.S. 22:1451 et seq.

§ 1335. Homeowner's insurance; cancellation, nonrenewal

A. An insurer that has issued a policy of homeowner's insurance shall not fail to renew the policy unless it has mailed or delivered to the named insured, at the address shown in the policy, written notice of its intention not to renew.

The notice of nonrenewal shall be mailed or delivered at least thirty days before the expiration date of the policy. If the notice is mailed less than thirty days before expiration, coverage shall remain in effect under the terms and conditions until thirty days after the notice is mailed or delivered. Any earned premium for the period of coverage extended beyond the expiration date shall be considered pro rata based upon the rate of the previous year.

B. The notice of nonrenewal shall not be required if the insurer or a company

within the same insurance group has offered to issue a renewal policy, or if the named insured has provided written notification to the insurer of the intention of the insured not to renew.

"WHEREAS, due to unprecedented rainfall, portions of southern Louisiana are currently experiencing a flood of historical proportions, with thousands of homes flooded and thousands of peoples being rescued from flooded homes that can only be reached by boat or high water trucks;

"WHEREAS, the flooding poses a threat to citizens, businesses, and communities across Southern Louisiana and has created conditions which place lives, livelihoods, and property in a state of jeopardy;

"WHEREAS, the enormity of the current and impending crisis has forced thousands of people to evacuate their homes and in many cases will cause a significant interruption of residency in their homes and occupancy of businesses;

"WHEREAS, due to the mass disruptions caused and still occurring, Louisiana citizens and businesses may be unable to timely pay their insurance premiums, access their insurance policies, satisfy certain conditions of insurance contracts, and communicate with insurance agents and their respective insurance companies for insurance-related matters, all of which can result in the risk of insurance cancelation and claims denials under ordinary circumstances and will prevent, hinder, and delay necessary action in coping with and recovering from

this emergency;

"WHEREAS, Louisiana Revised Statute 29:724 confers upon the Governor emergency powers to deal with emergencies and disasters and to ensure that preparations of this state will be adequate to deal with such emergencies or disasters, and to preserve the lives and property of the citizens of the State of Louisiana, including the authority to suspend the provisions of any regulatory statute prescribing the procedures for conduct of state business, or the orders, rules, or regulations of any state agency, if strict compliance with the provisions of any statute, order, rule, or regulation would in any way prevent, hinder, or delay necessary action in coping with the emergency; and

"WHEREAS, Commissioner of Insurance James J. Donelon has advised the Governor that citizens in Louisiana are at risk with regard to any and all kinds of insurance and requested limited transfer of authority to suspend certain provisions of Title 22.

"NOW THEREFORE, I, JOHN BEL EDWARDS, Governor of the State of Louisiana, by virtue of the authority vested by the Constitution and the laws of the State of Louisiana, do hereby order and direct as follows:

"SECTION 2: This Order shall not relieve an insured who has a claim caused by this historic flooding, or its aftermath, from compliance with the insured's obligation to provide information and cooperate in the claim adjustment process relative to such claim, or to pay insurance premiums upon termination of the provisions of this Order.

"WHEREAS, the Commissioner has requested and deemed it necessary to extend the time period for which he is extended the authority to suspend provisions of any regulatory statute of Title 22 of the Louisiana Revised Statutes of 1950 concerning the cancellation, termination, nonrenewal and/or reinstatement provisions of Title 22 due to the continued impact of the flooding.

§ 1336. Homeowner's insurance; acts of God

No insurer shall cancel, fail to renew, or increase the amount of the premium, except upon an area-wide rating basis at the beginning of a new policy period, on a homeowner's policy of insurance based solely upon a loss caused by an "Act of God". An "Act of God" shall mean, in this Section, an incident due directly to natural causes and exclusively without human intervention.

Renumbered from R.S. 22:1471 by Acts 2008, No. 415, § 1, eff. Jan. 1, 2009.
Added by Acts 1992, No. 70, § 1.

§ 1337. Homeowners' insurance deductibles applied to named storms, hurricanes, and wind and hail deductibles

A. For purposes of this Section, the following definitions shall apply:

(1) "Hurricane" means a storm system that has been declared a hurricane by the National Hurricane Center of the National Weather Service.

(2) "Named storm" means a storm system that has been declared a named storm by the National Hurricane Center of the National Weather Service.

(3) "Separate deductible" means a deductible that applies to damage incurred during a specified weather event and may be expressed as a percentage of the insured value of the property or as a specific dollar amount and includes hurricane, named-storm, and wind and hail deductibles.

B. For all homeowners' insurance policies or other policies insuring a one- or two-family owner occupied premises for fire and allied lines, issued or renewed by authorized insurers on or after January 1, 2010, any separate deductible that applies in place of any other deductible to loss or damage resulting from a named storm or hurricane shall be applied on an annual basis to all named-storm or hurricane losses that are subject to the separate deductible during the calendar year.

C. If an insured incurs named-storm or hurricane losses from more than one named storm or hurricane during a calendar year that are subject to the separate deductible referred to in Subsection B of this Section, the insurer may apply a deductible to the succeeding named storms or hurricanes that is equal to the remaining amount of the separate deductible, or the amount of the deductible that applies to all perils other than a named storm or hurricane, whichever is greater. Insurers may require policyholders to maintain receipts or other records of such losses in order to apply such losses to subsequent named-storm or hurricane claims.

D. (1) The commissioner shall prescribe a separate form regarding named storm, hurricane, and wind and hail deductibles proposed in a policy of homeowners' insurance. The form shall list the specific amount for each deductible

expressed as a percentage of the insured value of the property, or as a specific dollar amount, or as both. For new policies with an effective date after January 1, 2023, an insurer shall provide the form and request that it be signed by the named insured or his legal representative. The completion of a new form shall not be required if a renewal, reinstatement, substitute, or amended policy is issued to the same named insured by the same insurer or any of its affiliates.

(2) An insurer shall provide a new form and request that it be signed by the named insured or his legal representative, if the insurer changes the percentage or specific dollar amount of any named storm, hurricane, or wind and hail deductible listed in the policy. If the policy uses a percentage deductible, a new form shall not be required if the dollar amount of the deductible changes because of an increase in policy limits; however, a new form shall be required if the percentage changes.

(3) A new form provided to an insured shall be for the insured's informational purposes only, and it shall not affect the terms and conditions of the policy.

(4) If a policy is purchased using electronic means or the insured elects to receive policy documents electronically, the insurer shall transmit the form provided for in this Subsection to the insured electronically and provide a method whereby the insured may sign the form electronically.

(5) Nothing in this Subsection shall be interpreted to create a cause of action not otherwise provided by law.

Added by Acts 2009, No. 134, § 1, eff. June 25, 2009. Amended by Acts 2022, No. 331, § 1, eff. Jan. 1, 2023.

§ 1338. Additional living expense coverage; total loss

A. In the event of a total loss to an insured dwelling caused by a covered peril, if the insured has additional living expense coverage, the insurer shall, upon request by the insured, render an advance payment equal to the estimated value of three months of increased cost of living expenses, as defined in the policy, required for the members of the household to maintain their normal standard of living. Further payments of additional living expense coverage, after the advance period, shall be payable upon submission of satisfactory proof of loss, if it is determined that the actual cost of incurred additional living expenses exceeds the amount previously advanced.

B. Nothing in this Section shall be interpreted to prohibit an insurer from restricting payment in cases of suspected fraud.

The commercial surety or insurance company may, for good cause shown, petition the commissioner in writing for an extension of time. The granting or denial of the extension shall be at the sole discretion of the commissioner.

(4) If, after thirty days, the commercial surety or insurance company has not provided evidence that the judgment of bail bond forfeiture was paid or that a motion contesting the validity of the judgment of bail bond forfeiture was filed, the commissioner shall petition the division of administrative law to hold a hearing, naming the commercial surety or insurance company as the respondent requiring the commercial surety or insurance company to show cause why the commissioner's order to pay the bond forfeiture should not be upheld and confirmed. Upon receipt of the commissioner's petition to hold a hearing, the division of administrative law shall notify the commercial surety or insurance company at the address of the home office of that organization of the setting of the time, place, and date for a hearing to be held in the manner provided in Chapter 12 of this Title, R.S. 22:2191 et seq.

SUBPART O. RATE MAKING PROCEDURES AND ORGANIZATIONS

§ 1451. Systems for ratemaking

A. As used in this Subpart, the term "commissioner" shall mean the commissioner of insurance.

B. The commissioner shall have the exclusive authority to accept, review, and approve any application for insurance rates or rate changes for all lines of property and casualty insurance. The commissioner shall exercise his authority in accordance with the provisions of this Section.

C. (1) Subject to the exception specified in Subsection D of this Section, each filing submitted to the commissioner shall be on file for a waiting period of forty-five days before it becomes effective. Upon written application by such insurer or rating organization, the commissioner may authorize a filing which he has reviewed to become effective before the expiration of the waiting period. A filing shall be deemed to meet the requirements of this Subpart unless disapproved in writing by the commissioner within the forty-five-day waiting period. The commissioner may by rule, regulation, or order reduce or eliminate the waiting period specified in this Subsection. For any filing that is disapproved, the insurer may appeal such disapproval to the Nineteenth Judicial District Court within fifteen days from the receipt of written notice of disapproval.

(2) Unless notified by the commissioner that a filing is incomplete, or that the filing is disapproved pursuant to this Subpart, the insurer or rating organization may commence use of the filed rates upon expiration of forty-five days from the date of receipt by the commissioner.

D. Insurers negotiating with and insuring commercial entities, except with regard to workers' compensation and medical malpractice insurance, with at least ten thousand dollars in annual insurance premiums, shall be required to

file insurance rates or rate changes for such entities with the commissioner for informational purposes only. The commissioner may by rule, regulation, or order reduce or eliminate the annual premium threshold for those entities that enables rate filings to be made under this Subsection.

E. All provisions of this Section shall be applicable when a competitive market in property and casualty lines insurance exists. The commissioner may determine if there exists a competitive or noncompetitive market pursuant to the provisions of R.S. 22:1453, including requiring reasonable notice and a public hearing prior to determining a market to be noncompetitive. If, after a public hearing, the commissioner determines the market to be noncompetitive, all rate filings shall follow the provisions of Subsection C of this Section without regard to the exception specified in Subsection D of this Section. An aggrieved party affected by the commissioner's decision, act, or order may demand a hearing in accordance with Chapter 12 of this Title, R.S. 22:2191 et seq.

F. No provision of this Section shall prohibit the commissioner from conducting market conduct exams to ensure the rates being charged by insurers are not inadequate, excessive, or unfairly discriminatory.

§ 1452. Purpose of rate regulation; construction; definitions

A. The purpose of this Subpart is to promote the public welfare by regulating insurance rates to the end that they shall not be excessive, inadequate, or unfairly discriminatory and to authorize and regulate cooperative action among insurers in ratemaking and in other matters within the scope of this Subpart. Nothing in this Subpart is intended:

(1) To prohibit or discourage reasonable competition.

(2) To prohibit or encourage, except to the extent necessary to accomplish the aforementioned purpose, uniformity in insurance rates, rating systems, rating plans, or practices.

B. This Subpart shall be liberally interpreted to carry into effect the provisions of this Section.

C. As used in this Subpart, the following definitions shall be applicable:

(1) "Advisory organization" means any entity or organization which has five unrelated members and which assists insurers as authorized by R.S. 22:1471. It

does not include joint underwriting organizations, actuarial or legal consultants, single insurers, any employees of an insurer, or insurers under common control or common management of their employees or managers.

(2) "Classification system" or "classification" means the process of grouping risks with similar risk characteristics so that differences in costs may be recognized.

(3) "Commercial risk" means any kind of risk which is not a personal risk.

(4) "Competitive market" means any market except those which have been found to be noncompetitive pursuant to R.S. 22:1453.

(5) "Developed losses" means losses adjusted, including loss adjustment expenses, using standard actuarial techniques, to eliminate the effect of differences between current payment or reserve estimates and those which are anticipated to provide actual ultimate loss payments, including loss adjustment expenses.

(6) "Excessive" means a rate that is likely to produce a long-term profit that is unreasonably high for the insurance provided. No rate in a competitive market shall be considered excessive.

(7) "Expenses" means that portion of a rate attributable to acquisition, field supervision, collection expenses, general expenses, taxes, licenses, and fees and does not include loss adjustment expenses.

(8) "Experience rating" means a rating procedure utilizing past insurance experience of the individual policyholder to forecast future losses by measuring the policyholder's loss experience against the loss experience of policyholders in the same classification to produce a prospective premium credit, debit, or unity modification.

(9) "Inadequate" means a rate which is unreasonably low for the insurance provided and either the continued use of which endangers the solvency of the insurer using it or will have the effect of substantially lessening competition or creating a monopoly in any market.

(10) "Joint underwriting" means an arrangement established to provide insurance coverage for a risk, pursuant to which two or more insurers contract with the insured for a price and policy terms agreed upon between or among the insurers.

(11) "Large commercial policyholder" means a commercial policyholder with the size, sophistication, and insurance buying expertise to negotiate with insurers in a largely unregulated environment, as further prescribed by the commissioner by regulation.

(12) "Line of insurance" means those lines identified in this Title or as otherwise specified by the commissioner.

(13) "Loss adjustment expense" means the expense incurred by the insurer in the course of settling and paying claims.

(14) "Market" means the interaction between buyers and sellers in the

procurement of a line of insurance pursuant to the provisions of this Subpart.

(15) "Noncompetitive market" means a market which is subject to a ruling pursuant to R.S. 22:1453 that a reasonable degree of competition does not exist. Residual markets and pools are noncompetitive markets for purposes of this Subpart.

(16) "Personal risk" means homeowners, tenants, nonfleet private passenger motor vehicles, mobile homes, and other property and casualty insurance for personal, family, or household needs, including any property and casualty insurance that is otherwise intended for noncommercial coverage.

(17) "Pool" means an arrangement pursuant to which two or more insurers participate in the sharing of risks on a predetermined basis. A pool may operate as an association, syndicate, or in any other generally recognized manner.

(18) "Prospective loss cost" means that portion of a rate that does not include provisions for expenses or profit and is based on historical aggregate losses adjusted through development to their ultimate value, projected through trending to a future point in time, and adjusted for other considerations expected to materially affect future loss payments.

(19) "Rate" means that cost of insurance per exposure unit, whether expressed as a single number or as a prospective loss cost, with an adjustment to account for the treatment of loss adjustment expenses, expenses, profit, and variation in expected future loss experience, prior to any application of individual risk variations based on actual past loss or expense considerations, and does not include minimum premiums.

(20) "Residual market mechanism" means an arrangement, either voluntary or mandated by law, involving participation by insurers in the equitable apportionment of risks among insurers for insurance which may be afforded applicants who are unable to obtain insurance through ordinary methods.

(21) "Special assessments" means guaranty fund assessments, special indemnity fund assessments, vocational rehabilitation fund assessments, and other similar assessments. Special assessments shall not be considered as either expenses or losses.

(22) "Supplementary rate information" means any manual or plan of rates, classification, rating schedule, minimum premium, policy fee, rating rule, and any other similar information needed to determine an applicable rate in effect or to be in effect.

(23) "Supporting information" means the experience and judgment of the filer and the experience or data of other insurers or organizations relied upon by the filer, the interpretation of any statistical data relied upon by the filer, descriptions of methods used in making the rates, and other similar information relied upon by the filer.

(24) "Trending" means any procedure for projecting losses to the average date of loss, or premiums or exposures to the average date of writing, for the period during which the policies are to be effective.

(25) "Unfairly discriminatory" means not capable of being actuarially justified or based on race, color, creed, or national origin. It does not refer to rates that produce differences in premiums for policyholders with different loss exposures, so long as the rate is actuarially justified and reflects such differences with reasonable accuracy.

Renumbered from R.S. 22:1402 by Acts 2008, No. 415, § 1, eff. Jan. 1, 2009. Acts 1960, No. 296, § 1. Amended by Acts 2007, No. 459, § 1, eff. Jan. 1, 2008.

§ 1453. Competitive market

A. (1) A competitive market for a line of insurance is presumed to exist unless the commissioner, after giving reasonable notice and after conducting a public hearing, determines that a reasonable degree of competition does not exist within a market and issues a ruling that a reasonable degree of competition in the market for a particular line of insurance does not exist. In any public hearing to determine whether a competitive market exists for a line of insurance, the party alleging that competition does not exist shall have the burden of proving that market competition does not exist.

(2) If the commissioner issues a ruling pursuant to this Section that a competitive market does not exist for a line of insurance, the ruling shall identify those factors listed in Subsection B of this Section that have caused the market to be noncompetitive and shall describe the action or actions to be undertaken by the commissioner and the state to return competition to the market.

(3) Each ruling that a market is not competitive shall expire one year from the date of issuance unless rescinded by the commissioner prior to such date or renewed by the commissioner pursuant to this Subsection.

(4) The commissioner may renew a ruling that a market is not competitive if, after conducting a public hearing on such renewal, the commissioner determines that a continued lack of reasonable competition exists in the market for a line of insurance. The action to renew a finding of no competition under this Subsection shall state the actions undertaken by the commissioner and the state to restore competition and the reasons such actions failed to return competition to the market.

B. The following factors shall be considered by the commissioner in determining if a reasonable degree of competition exists in a particular line of insurance:

(1) The number of insurers or groups of affiliated insurers providing coverage in the market.

(2) Measures of market concentration and changes of market concentration over time.

(3) Ease of entry into the market and the existence of financial or economic barriers preventing new insurers from entering the market.

(4) The extent to which any insurer or group of affiliated insurers controls

all or a portion of the market.

(5) Whether the total number of companies writing the line of insurance in this state is sufficient to provide multiple options.

(6) The availability of insurance coverage to consumers in the market.

(7) The opportunities available to consumers in the market to acquire pricing and other consumer information.

C. The commissioner shall regularly monitor the degree and existence of competition in the state. The commissioner may utilize existing relevant information, analytical systems, and other sources, or any combination of such items. These monitoring activities may be conducted within the Department of Insurance, in cooperation with other state insurance regulators, through outside contractors, or in any other appropriate manner.

D. An aggrieved party affected by the commissioner's decision, act, or order may demand a hearing in accordance with Chapter 12 of this Title, R.S. 22:2191 et seq.

Renumbered from R.S. 22:1402.1 by Acts 2008, No. 415, § 1, eff. Jan. 1, 2009. Added by Acts 2007, No. 459, § 1, eff. Jan. 1, 2008. Amended by Acts 2009, No. 317, § 1.

§ 1454. Rating standards and methods

A. Rates shall not be inadequate or unfairly discriminatory in a competitive market. Rates shall not be excessive, inadequate, or unfairly discriminatory in a noncompetitive market. Risks may be classified using any criteria except that no risk shall be classified on the basis of race, color, creed, or national origin.

B. In determining whether rates are excessive, inadequate, or unfairly discriminatory, consideration may be given to the following items:

(1) Basic rate factors. Due consideration shall be given to past and prospective loss and expense experience within and outside the state, catastrophe hazards and contingencies, events, or trends within and outside the state, dividends or savings to policyholders, members, or subscribers, and all other relevant factors and judgments. Fines and penalties against an insurer, whether levied by a court or regulatory body, shall not be used by the insurer or considered in any manner in the loss or expense experience for the purpose of setting rates or making rate filings.

(2) Classification. Risks may be grouped by classification for the establishment of rates and minimum premiums. Classification rates may be modified for individual risks in accordance with rating plans or schedules which establish standards for measuring probable variations in hazards or expenses, or both.

(3) Expenses. The expense provisions shall reflect the operating methods of the insurer, the past expense experience of the insurer, and anticipated future expenses.

(4) Contingencies and profits. The rates shall contain a provision for contingencies and a provision for a reasonable underwriting profit and shall reflect investment income directly attributable to unearned premium and loss reserves.

(5) Other relevant factors. Any other factors available at the time of the rate filing.

C. Except as provided by this Subpart, the commissioner shall not approve or otherwise regulate rates.

§ 1455. Rate regulation when market determined to be noncompetitive

A. If the commissioner determines that competition does not exist in a market and issues a noncompetitive ruling pursuant to R.S. 22:1453, the rates applicable to insurance sold in that market shall be regulated in accordance with the provisions of this Subpart applicable to noncompetitive markets.

B. Any rate filing in effect at the time the commissioner determines that competition does not exist shall be deemed to be in compliance with the laws of this state unless disapproved pursuant to the procedures and rating standards contained in this Subpart applicable to noncompetitive markets.

C. Any insurer having a rate filing in effect at the time the commissioner determines that competition does not exist may be required to furnish supporting information within thirty days of a written request by the commissioner.

Renumbered from R.S. 22:1402.3 by Acts 2008, No. 415, § 1, eff. Jan. 1, 2009. Added by Acts 2007, No. 459, § 1, eff. Jan. 1, 2008.

§ 1456. Scope of rate regulation

A. This Subpart applies to fire, marine and transportation, title insurance, and casualty insurance risks or operations in this state.

B. (1) For the purpose of this Subpart, fire insurance includes insurance coverage as defined in R.S. 22:47(10), (11)(b), and (12), and such other coverages as are usually written by fire insurers other than motor vehicle insurance; marine and transportation insurance includes personal floater insurance and the kinds of insurance defined in R.S. 22:47(13) and such other inland marine coverages as may be so established by interpretation, by ruling of the commissioner of insurance, or by general customs of the business; title insurance includes the kind of insurance coverage as defined in R.S. 22:47(9); and casualty insurance includes the kinds of casualty insurance defined in R.S. 22:47(3), (4), (5), and (6), except personal property floater, R.S. 22:47(7), (8), and (11)(a), and such other coverages as are usually written by casualty insurers.

(2) Notwithstanding any other law to the contrary, any authorized insurer or surplus lines insurer providing liability coverage for public carrier vehicles, as defined by R.S. 45:200.2(2), shall be subject to the provisions of this Subpart.

C. This Subpart shall not apply:

(1) To reinsurance, other than joint reinsurance to the extent stated in R.S. 22:1472.

(2) To insurance of vessels or craft, their cargoes, marine builders' risks, marine protection and indemnity; or other risks commonly insured under marine, as distinguished from inland marine, insurance policies.

(3) To insurance against loss or damage to aircraft or against liability, other than workers' compensation and employers' liability arising out of the ownership, maintenance or use of aircraft, nor to insurance of hulls of aircraft, including their accessories and equipment.

(4) To health and accident insurance.

D. If any kind of insurance, subdivision or combination thereof or type of coverage is subject to regulation under Sections of this Subpart, the provisions of which conflict, an insurer to which such conflicting provisions are otherwise applicable shall file with the commissioner of insurance a designation as to which of said sections shall be applicable to it with respect to such kind of insurance, subdivision or combination thereof or type of coverage.

§ 1457. Discounts; rate reductions

A. (1) A rate reduction of up to ten percent shall be authorized by the commissioner, if actuarially justified, upon application of a rate filing by the carrier on motor vehicle liability and physical damage insurance where the insured and principal operator, regardless of age, produces certification from the National Safety Council or its registered cooperating agencies, evidencing successful completion of the National Safety Council Defensive Driving Course or certification of successful completion of a defensive driving course approved and certified by the Department of Public Safety and Corrections. Should an automobile be used by multiple drivers, the rate reduction shall not be authorized on that automobile unless all those who drive the automobile complete such a course successfully. The reduction provided for in this Section shall also be authorized for one or more motor vehicles owned and operated by parishes, municipalities, or other political subdivisions when the governing authority produces certification evidencing successful completion of such a course by all persons who drive said vehicles. The Department of Public Safety and Corrections, Public Safety Services, office of state police, may promulgate rules and regulations to establish criteria and standards for the approval and certification of defensive driving courses. The expenses of the approval and certification process by the Department of Public Safety and

Corrections shall be funded through an interagency agreement with the Department of Insurance, contingent upon the appropriation of funds by the legislature.

(2) The form of certification shall be as determined by the commissioner. The credit shall not apply to experience-rated or assigned risk policies, or to policies subject to a discount for an approved driver education course sanctioned by the Department of Public Safety and Corrections, public safety services, or required to pay a substandard risk surcharge for such insurance, or to any person whose enrollment in a defensive driving course resulted from a court order or sentence directing such enrollment.

(3) Such credit shall apply to new and renewal policies effective within a period of thirty-six months subsequent to the date of completion of the course.

Following such thirty-six-month period, in order to again qualify for such credit, the course must be successfully repeated and evidence again presented.

A fee of one dollar or such other sum approved by the commissioner may be charged by the National Safety Council, its registered cooperating agencies, or operators of any approved and certified defensive driving course for certifying course completion. If the policy insures two or more automobiles, the credit shall apply only to that automobile principally operated by a person who has satisfactorily completed such a course.

B. (1) The provisions of Subsection A of this Section notwithstanding, the commissioner shall authorize an actuarially justified rate reduction, as determined by the carrier, upon application of rate filing by the carrier on bodily injury liability, property damage liability, and collision insurance where the named insured and principal operator is fifty-five years of age or older and produces certification from the National Safety Council or its registered cooperating agencies evidencing successful completion of the National Safety Council Defensive Driving Course or certification of successful completion of a defensive driving course approved and certified by the Department of Public Safety and Corrections. Should a vehicle be used by multiple drivers, the rate reduction shall not be authorized on that motor vehicle unless all those who drive the vehicle are fifty-five years of age or older and have completed such a course. The Department of Public Safety and Corrections, Public Safety Services, office of state police, may promulgate rules and regulations to establish criteria and standards for the approval and certification of defensive driving courses. The expenses of the approval and certification process by the Department of Public Safety and Corrections shall be funded through an interagency agreement with the Department of Insurance, contingent upon the appropriation of funds by the legislature.

(2) The reduction shall not apply to experience-rated or assigned risk policies or to any person eligible for a preferred rating plan or required to pay a substandard risk surcharge for such insurance or to any person whose enrollment in a defensive driving course resulted from a court order or sentence directing his enrollment.

(3) Such a reduction shall apply to new and renewal policies effective within a period of thirty-six months subsequent to the date of completion of a course. Following the thirty-six-month period, the course shall be successfully repeated and evidence again presented in order to again qualify for such credit. A fee of one dollar or such other sum approved by the commissioner may

be charged by the National Safety Council, its registered cooperating agencies, or the operators of any approved and certified defensive driving course for certifying course completion. If the policy insures two or more vehicles, the reduction shall apply only to that vehicle principally operated by the eligible person.

C. An insurer who delivers or issues for delivery in this state comprehensive insurance coverage on a motor vehicle shall grant an actuarially justified discount in the amount approved by the commissioner in the premiums charged for the comprehensive insurance for any motor vehicle when the vehicle identification number of the vehicle is etched into all of the windows of such motor vehicle. The letters and numbers of the vehicle identification number shall be no smaller than one-eighth of an inch and shall be nonremovable and permanent.

D. (1) An insurer who delivers or issues for delivery in this state any policy for motor vehicle insurance coverage shall grant a discount in the premiums charged for the automobile insurance policy upon the named insured consenting to have personally identifiable data that has been collected from the named insured through a safe driving program, application, or telematics device shared with or sold to any third party for use unrelated either to the insurance transaction or public safety or to promote any other public policy purpose.

(2) Prior to providing a named insured's personally identifiable data to a third party, an insurer shall seek and obtain consent from the named insured through a separate statement of consent accompanied by a box that must be selected or checked off by the insured to acknowledge the insured is opting to give such consent.

(3) Nothing in this Subsection alters or limits the ability of an insurer who delivers or issues motor vehicle insurance coverage to collect data from a named insured as part of a safe driving program, application, or telematics device.

E. A rate reduction shall be authorized by the commissioner, if actuarially justified, upon application of a rate filing by the carrier on motor vehicle liability and physical damage insurance for coverage of any motor vehicle when the insured vehicle is equipped with daytime running headlights or headlights equipped to activate in inclement weather.

F. A rate reduction shall be authorized by the commissioner, if actuarially justified, upon application of a rate filing by the carrier on motor vehicle liability and physical damage insurance for coverage of any motor vehicle when the insured vehicle is equipped with a global positioning system (GPS) or a vehicle tracking system which aids in the recovery of stolen vehicles as such system shall be further defined by rules and regulations promulgated by the Department of Insurance.

G. For fire insurance rates, all insurers shall assign the fire protection grade of the fire servicing area where the property of the insured is located, provided that the property is located within seven road miles of the nearest responding fire department.

H. Any insurer who makes application to the commissioner for a rate filing shall provide in its application details as to what discount or reduced rate will be given to insureds who comply with the State Uniform Construction Code.¹

§ 1460. Fire insurance rates; the Property Insurance Association of Louisiana

A. Every insurance company authorized to write fire insurance in this state shall adhere to the rates promulgated by The Property Insurance Association of Louisiana as provided in this Section, and approved by the commissioner of insurance, except that any such insurer may deviate from such rates in accordance with R.S. 22:1468. Nothing in this Section shall be construed to require adherence to association rates by companies insuring special or particular kinds or classes of risks in connection with which an inspection or engineering service is maintained, provided rates for such risks are filed with the commissioner of insurance through a duly licensed company or through a rating organization licensed under R.S. 22:1466.

B. (1) The Property Insurance Association of Louisiana shall be continued and every insurance company, now or hereafter licensed and authorized to write fire

insurance in this state, shall belong to such association.

(2) The board of directors of the association shall consist of nineteen members, as follows:

(a) One member shall be the commissioner of insurance or his designee.

(b) Three members shall be appointed by the commissioner of insurance, and each appointment shall be subject to confirmation by the Senate.

(h) Nine members who shall be elected from and by the membership of the association. These nine members shall include representatives of stock and nonstock members with consideration given to the ratio of their direct fire insurance premiums, less returned premiums, for the most recently available calendar year. Such direct fire insurance premiums, less returned premiums, shall be furnished the association by the commissioner of insurance.

(i) One member shall be a representative designated by the Louisiana Fire Chiefs Association.

(j) One member shall be a representative designated by the Louisiana State Firemen's Association.

(3) Each board member shall be entitled to one vote, except that the legislative members serving pursuant to Subparagraphs (2)(f) and (g) of this Subsection shall be nonvoting members who shall also not be counted for the purposes of a quorum. The officers shall consist of a president, vice president, and secretary-treasurer. The bylaws may provide for such other officers and employees as may be deemed necessary or advisable. The main office of the association shall be in the state of Louisiana, and branch offices may be established throughout this state.

C. The commissioner of insurance shall review the rates promulgated by the association or other rating organization to determine whether they meet the requirements of this Subpart. Such review shall be made in the same manner and subject to the same procedure as is provided in R.S. 22:1464.

D. The powers and duties of the association shall be:

(1) To inspect or cause to be inspected every risk specifically rated by

schedule for property damage insurance and to make a written survey of such risk, which shall be filed as a permanent record in the main office of the association. Present inspections and surveys may be used in lieu of new inspections and surveys. Such survey or schedule shall give in detail the defects either of construction or of occupancy, or both, existing in the risk which affect the property damage rate. The rate at which the risk must be written by the members of the association shall be stated in the survey together with the relative measure which each defect bears to the fire hazard as a whole and to the basic cost of the same and the consequent proportionate value of each improvement suggested to minimize the chances of fire so that each assured may be informed as to the manner in which his rate was determined and the measures which should be taken to effect a reduction in the rate and the sum of each reduction. The records of the association shall be exempt from the application of R.S. 44:1 et seq., except that a copy of such survey shall be furnished, upon request, to the owner of every risk, or to any member company or resident agent, provided said company has a policy in effect on the risk, without expense to said owner.

(2) To make rates on fire and allied lines insurance as defined in Paragraph (10) of R.S. 22:47 and on such other coverages as are usually written by fire insurers on property other than motor vehicle insurance located in this state, in accordance with the provisions of this Subpart. However, by and with the approval of the commissioner of insurance, other rating organizations created for the purpose of making and promulgating rates for special or particular kinds or classes of business written by fire insurance companies may be licensed under the terms or conditions of this Subpart.

(11) To consider the addendum and other recommendations of the advisory

committee of the board of directors of the Property Insurance Association of Louisiana in accordance with Subsection M of this Section and to make public the current addendum as approved by the board of directors of the Property Insurance Association of Louisiana.

E. (1) Expenses of the association shall be paid by its members and subscribers through assessments levied upon them by the association equitably in proportion to services rendered by the association to the individual member which, insofar as possible, shall be in proportion to the direct premiums, less returned premiums, written on properties located in this state by each insurer in the year before the preceding year, provided that any insurer member that has not operated in this state for the two full years next preceding the assessment shall be required to pay a proportionate payment based upon that part of the penultimate year it was operating in this state. Members who deviate from association rates shall be assessed on an amount of premium that would have been received had the association rates been charged. Any member-insurer may appeal to the commissioner of insurance to review and modify its assessment to assure that the assessment complies with the provisions of this Section. Credit in assessment shall not be taken for dividends paid to policyholders. The association shall have the right to charge subscribers for services rendered, and to charge members and subscribers reasonable entrance and annual membership and subscription fees.

(2) Upon the failure of any member or subscriber of the association to pay its lawful proportion of the expenses and the fees due by it, within thirty days after the same is due and payable, the association may refuse to furnish its services to the delinquent and may report such delinquency to the commissioner of insurance, who for such delinquency may suspend or revoke the license of the delinquent member insurer.

F. The association shall be subject to all the provisions of this Subpart governing and regulating other rating organizations hereunder.

G. (1) Debit fire insurance policies are defined as policies issued by companies which write fire insurance through debit agents operating on the debit agency system and which meet the other requirements of this Section. The method of premium payment for debit fire insurance in the state of Louisiana shall be only on a monthly or more frequent basis from the date this Act becomes effective. No debit insurance policy shall be issued for an annual or less frequent premium.

(2) Rates for debit fire insurance and allied lines shall be filed directly with the commissioner of insurance and shall be approved and supervised as to both initial filings and requested changes only by the commissioner. In all other respects, the commissioner of insurance shall have sole supervision and regulation of the operation of debit fire insurance and allied lines in the state of Louisiana, such insurers being specifically exempt from the assessments levied by the association.

H. There shall be no liability on the part of and no cause of action of any nature shall arise against the Property Insurance Association of Louisiana or any of its officers, directors, or employees, or against any of its members for any inspections, audits or other statutory duties performed hereunder or any statements made in good faith by them in any reports or communications

concerning risks submitted to the association, or at any administrative hearing conducted in connection therewith under the provisions of this Subpart.

I. (1)(a) Every insurance company authorized to write fire insurance in this state shall adhere to the rates promulgated by the Property Insurance Association of Louisiana and approved by the commissioner of insurance in accordance with Subsection A of this Section; however, whenever a public protection classification is changed to reflect improved fire protection in an area or for a governmental entity, the insurer shall reduce its premium for that policy and when the insurance protection class improves from a class two to a class one, the percentage amount of such premium reduction shall be uniform for all policies in the area whether the property is classified as commercial or residential. This reduction shall be granted prior to the next policy renewal or within sixty days from the effective date of the change in the public protection classification, whichever occurs first.

(b) Whenever a public protection classification is changed to reflect a detrimental change in fire protection in an area or for a governmental entity, an insurer may adjust its premium for that policy and the percentage amount of such adjustment shall be uniform for all policies in the area whether the property is classified as commercial or residential.

(c) No insurance company shall combine a higher classified public fire protection area with a lower classified public fire protection area for the purpose of determining the fire insurance rate for the combined public fire protection areas.

(2) The commissioner of insurance shall assess a penalty fine against any insurer which does not reduce its premium within the time periods specified in Paragraph (1) of this Subsection. The penalty shall be in an amount assessed by the commissioner but it shall be not less than one thousand dollars and not more than five thousand dollars per violation.

(3) All records of the commissioner of insurance that were used to determine the classification of a public fire protection area shall be open to inspection during normal business hours and upon reasonable notice given by the fire chiefs and the principal elected officials or their designees within the fire protection area. "Principal elected officials" means the mayors of towns, cities, and municipalities and the presidents of police juries.

J. A fire chief shall have the right to request a review of the public fire protection grading for his public fire protection area in accordance with R.S. 22:1461 through 1463.

K. The legislative auditor shall have authority to compile financial statements and to examine, audit, or review the books and accounts of the Property Insurance Association of Louisiana and the Louisiana Automobile Insurance Plan.

In addition to the authority granted above, the legislative auditor shall have access to and be permitted to examine all paper, books, accounts, records, files, instruments, documents, films, tapes, and any other forms of recordation of the Property Insurance Association of Louisiana and the Louisiana Automobile Insurance Plan, including but not limited to computers and recording devices, and all software and hardware which hold data, are part of the technical processes leading up to the retention of data, or are part of the security

system. The legislative auditor shall also have access to and be permitted to examine all paper, books, accounts, records, files, instruments, documents, films, tapes, and any other third-party administrator or contractor, whether public or private, of the Louisiana Citizens Property Insurance Corporation where such information is related to the work performed by the third-party administrator or contractor for the Louisiana Citizens Property Insurance Corporation.

L. The legislative auditor shall have authority to compile financial statements and to examine, audit, or review the books and accounts of the Property Insurance Association of Louisiana and the Louisiana Automobile Insurance Plan.

The scope of the examinations may include financial accountability, legal compliance and evaluations of the economy, efficiency, and effectiveness of the private water supply systems or any combination of the foregoing. In addition to the authority granted above, the legislative auditor shall have access to and be permitted to examine all papers, books, accounts, records, files, instruments, documents, films, tapes, and any other forms of recordation of all private water supply systems, including but not limited to computers and recording devices, and all software and hardware which hold data, are part of the technical processes leading up to the retention of data, or are part of the security system.

A. (1) Every insurer whose rates are subject to regulation under the provisions of this Subpart shall file with the commissioner, except as to individually rated excess insurance coverages which are not written according to manual rates or rating plans, every manual, minimum, class rate, rating schedule, or rating plan and every other rating rule and every modification of any of the foregoing which it proposes to use. Every such filing shall state the proposed effective date thereof and shall indicate the character and extent of the coverage contemplated. Specific inland marine rates on risks specifically rated, made by a rating organization, shall be filed with the commissioner.

(2) When a filing made pursuant to this Subsection is not accompanied by the information upon which the insurer or rating organization supports the rate filing, and the commissioner does not have sufficient information to determine whether the rate filing meets the requirements of this Subpart, it shall require such insurer or rating organization to furnish the information upon which it supports its filing, and the waiting periods provided in R.S. 22:1451(C)(1) shall commence as of the date the information is furnished to complete the filing.

C. Specific inland marine rates on risks specially rated by a rating organization shall become effective when filed with the commissioner and shall be deemed to meet the requirements of this Subpart until such time as the commissioner reviews the filing and shall remain in effect until such time as a new filing is made or by action of the commissioner.

(2) If within the forty-five-day waiting period or any extension of this period as provided in R.S. 22:1451, the commissioner finds that a filing does not meet the requirements of this Subpart, he shall send to the insurer or rating organization which made such filings written notice of disapproval of such filing specifying wherein he finds such filing fails to meet the requirements of this Subpart and stating that such filing shall not become effective.

(3)(a) If at any time after a filing has become effective under R.S. 22:1451, the commissioner finds that a filing does not meet the requirements of this

Subpart, he shall request a public hearing to be held upon not less than ten days' written notice, specifying the matters to be considered at such hearing to every insurer and rating organization which made such filing, and the commissioner shall thereafter issue an order specifying in what respects, if any, the commissioner finds that such filing fails to meet the requirements of this Subpart, and stating when, within a reasonable period thereafter, such filing shall be deemed no longer effective.

(b) If an insurer appeals the disapproval of a rate filing pursuant to R.S. 22:1469, the insurer may continue to use the disapproved rate pending a final ruling on such appeal. All funds collected by the insurer subsequent to the commissioner's rate disapproval but pending the final disposition of the appeal which are in excess of the previously approved rate shall be segregated and maintained by the insurer in an escrow account which shall be pledged to the commissioner for the benefit of the insureds.

B. (1) Any insurer whose rate filing is returned as incomplete more than once or disapproved or not acted upon within forty-five days from the date of receipt by the commissioner under this Subsection shall be given a public hearing upon written request made within thirty days of the return of the rate filing, disapproval of the rate filing, or inaction of the commissioner.

§ 1466. Other rating organizations

A. A corporation, an unincorporated association, a partnership, or an individual, whether located within or outside this state, may make application to the commissioner of insurance for license as a rating organization for such kinds of insurance, or subdivision, or class of risk, or a part or combination thereof as are specified in its application and shall file therewith the following: (1) a copy of its constitution, its articles of agreement or association, or its certificate of incorporation, and of its bylaws, rules, and regulations governing the conduct of its business; (2) a list of its members and subscribers; (3) the name and address of a resident of this state upon whom notices or orders of the commissioner or a division or process affecting

such rating organization may be served; and (4) a statement of its qualifications as a rating organization. If the commissioner finds that the applicant is competent, trustworthy, and otherwise qualified to act as a rating organization and that the public interest would be served by issuing a license to such organization, not otherwise licensed, for a kind or class of insurance subject to this Subpart, and that its constitution, articles of agreement or association, or certificate of incorporation, and its bylaws, rules, and regulations governing the conduct of its business conform to the requirements of law, the commissioner shall issue a license specifying the kinds of insurance, or subdivision, or class of risk, or part or combination thereof for which the applicant is authorized to act as a rating organization. Every such application shall be granted or denied in whole or in part by the commissioner within sixty days of the date of its filing. Licenses issued pursuant to this Section shall remain in effect for three years unless sooner suspended or revoked by the commissioner. Licenses issued pursuant to this Section may be suspended or revoked by the commissioner in accordance and compliance with R.S. 49:961 in the event the rating organization ceases to meet the requirements of this Subsection. Every rating organization shall notify the commissioner promptly of every change in the following: (1) its constitution, its articles of agreement, or association, or its certificate of incorporation, and its bylaws, rules, and regulations governing the conduct of its business; (2) its list of members and subscribers; and (3) the name and address of the resident of this state designated by it upon whom notices or orders of the commissioner or process affecting such rating organization may be served.

B. Subject to rules and regulations which have been approved by the commissioner of insurance as reasonable, each rating organization, including the Property Insurance Association of Louisiana, shall permit any insurer not a member to be a subscriber to its rating services for any kind of insurance, subdivision, or class of risk or a part or combination thereof for which it is authorized to act as a rating organization. Notice of proposed changes in such rules and regulations shall be given to subscribers. Each rating organization shall furnish its rating services without discrimination to its members and subscribers. The reasonableness of any rule or regulation in its application to subscribers, or the refusal of any rating organization to admit an insurer as a subscriber, shall, at the request of any subscriber or any such insurer, be reviewed by the commissioner at a public hearing held upon at least ten days' written notice to such rating organization and to such subscriber or insurer. If the commissioner finds that such rule or regulation is unreasonable in its application to subscribers, the commissioner shall order that such rule or regulation shall not be applicable to subscribers. If the rating organization fails to grant or reject an insurer's application for subscribership within thirty days after it was made, the insurer may request a review by the commissioner as if the application had been rejected. If the commissioner finds that the insurer has been refused admittance to the rating organization as a subscriber without justification, the commissioner shall order the rating organization to admit the insurer as a subscriber. If the commissioner finds that the action of the rating organization was justified, it shall make an order affirming its action.

C. No rating organization shall adopt any rule the effect of which would be to prohibit or regulate the payment of dividends, savings or unabsorbed premium deposits allowed or returned by insurers to their policyholders, members or subscribers.

D. Cooperation among rating organizations or among rating organizations and insurers in ratemaking or in other matters within the scope of this Subpart is hereby authorized, provided the filings resulting from such cooperation are subject to all the provisions of this Subpart which are applicable to filing generally. The commissioner of insurance may review such cooperative activities and practices and if, after a public hearing, it finds that any such activity or practice is unfair or unreasonable or otherwise inconsistent with the provisions of this Subpart, the commissioner shall issue a written order specifying in what respects such activity or practice is unfair or unreasonable or otherwise inconsistent with the provisions of this Subpart, and requiring the discontinuance of such activity or practice.

E. Any rating organization may provide for the examination of policies, daily reports, binders, renewal certificates, endorsements, or other evidences of insurance, or the cancellation thereof, and may make reasonable rules governing their submission. Such rules shall contain a provision that in the event any insurer does not within sixty days furnish satisfactory evidence to the rating organization of the correction of any error or omission previously called to its attention by the rating organization it shall be the duty of the rating organization to notify the commissioner of insurance. No such notification shall be furnished to the commissioner if a public hearing will be required. All information submitted for examination shall be confidential.

F. Any rating organization may subscribe for or purchase actuarial, technical, or other services, and such services shall be available to all members and subscribers without discrimination.

G. (1) Notwithstanding any contrary provision of this Title, a rating organization shall make informational filings only and shall not promulgate rates, except as otherwise provided in this Subsection, or as designated or authorized by the commissioner of insurance because of lack of credibility of data in the statistical base. All such filings shall be subject to actuarial interpretation by the commissioner and shall in no case include specific rates. Each insurer who is a subscriber to a rating organization shall file its rates individually.

(2) The following associations shall be authorized to make filings, including rate filings, for their members:

- (a) The Property Insurance Association of Louisiana.
- (b) The Louisiana Automobile Insurance Plan.

Such shorter period shall not use more than five percent of the total assessment in any one year, nor shall the aggregate of all mergers being funded in any one year use more than twenty-five percent of the total assessment in any one year.

(ii) One million five hundred thousand dollars of the twenty-five percent of the total assessment which is allocated for the purpose of mergers shall be expended first to fund the annual actuarial cost incurred by the State Police Pension and Retirement System with regard to implementation of Acts 2001, No. 1160, and this one million five hundred thousand dollars shall be expended prior to the funding of any mergers.

(b)(i) Second, any funds that remain after the allocations provided for in Subparagraph (a) of this Paragraph shall be used as provided for in Item (ii) of this Subparagraph, in meeting the remaining portion of the actuarially required contributions after receipt of the employee contributions at the rate established in R.S. 11:62(3), (6), and (9), after receipt of the employer contributions at the rate established in R.S. 11:103(C), and after receipt of all dedicated funds and taxes referred to in R.S. 11:103(C)(2)(a), in the amounts determined by the Public Retirement Systems' Actuarial Committee.

(ii)(aa) Any funds that remain after the allocations provided for in Subparagraph (3)(a) of this Paragraph shall be divided into three thirds and, then, a one-third portion shall be allocated separately to each of the three systems. Except as otherwise provided in this Item, each such system shall not

receive a greater portion than one-third.

(bb) It is hereby acknowledged that any one system may not need the entire one-third portion that it receives each year to meet the remaining portion of its actuarially required contributions. In that event, any unused allocated funds shall be reallocated to such other system or systems of the three systems that have a need for additional funds to meet the remaining portion of the actuarially required contributions.

(cc) If one system does not need its total annual allocated portion, but two other systems do use their total annual allocated portions to meet the remaining portion of the actuarially required contributions and need additional funds for that purpose, then the unused allocated portion of the system that did not use its total annual allocated portion shall be divided equally between the two systems that need additional funds to meet the remaining portion of their actuarially required contributions, except that any funds not needed by either such system shall be reallocated to the other such system to meet the remaining portion of the actuarially required contributions.

(dd) Funds that are reallocated to a system pursuant to Subitem (bb) or (cc) of this Item shall be limited to the amount that is necessary to meet the remaining portion of the actuarially required contributions of the receiving system.

(c) The phrase "retirement system" or "system" as used in Paragraphs (3), (4), and (5) of this Subsection shall include the Sheriffs' Pension and Retirement Fund, as applicable, notwithstanding that it is technically a retirement fund and not a retirement system.

(4) After payment of the amounts established by the Public Retirement Systems' Actuarial Committee to the retirement systems as provided for in Paragraph (3) of this Subsection, all remaining funds shall be remitted to the state general fund.

(5) Any insurer which has not had one full year of experience immediately preceding said assessment, shall pay a sum to be fixed by the commissioner of insurance, and the following years its proportion shall be based upon its estimated premiums for the current year, subject to revision at the end of the year in accordance with the gross premiums received by said insurer, as hereinabove provided.

§ 1483. Premium discounts, credits, rate differentials, adjustments in deductibles, and other adjustments for compliance with building codes and for damage mitigation

A. Any insurer required to submit rates and rating plans to the commissioner of insurance shall provide an actuarially justified discount, credit, rate differential, adjustment in deductible, or any other adjustment to reduce the insurance premium to insureds who build or retrofit a structure to comply with the requirements of the State Uniform Construction Code ¹ or the Insurance Institute for Business and Home Safety.

B. Any insurer required to submit rates and rating plans to the commissioner of insurance shall provide an actuarially justified discount, credit, rate differential, adjustment in deductible, or any other adjustment to reduce the insurance premium to insureds who install mitigation improvements or retrofit their property utilizing construction techniques demonstrated to reduce the amount of loss from a windstorm or hurricane. Such mitigation improvements or construction techniques shall include but not be limited to roof deck attachments; secondary water barriers; roof coverings; brace gable ends; construction techniques which enhance or reinforce roof strength; roof-covering performance; roof-to-wall strength, wall-to-floor-to-foundation strength; opening protection; and window, door, and skylight strength.

C. (1) After July 1, 2022, all insurers required to submit rating plans to the commissioner may, if actuarially justified, provide credits and discounts in compliance with the fortified home and fortified commercial standards created by the Insurance Institute for Business and Home Safety. Any homeowner who is currently receiving discounts pursuant to this Section may opt to maintain discounts offered prior to July 1, 2022, if the homeowner continues to meet the requirements to maintain such discounts, in lieu of the discount provided in this Subsection.

(2) To obtain a credit or discount provided in this Subsection, an insurable

property located in this state shall be certified as constructed in accordance with the fortified home or fortified commercial standards provided by the Insurance Institute for Business and Home Safety.

(3) An insurable property shall be certified as in conformance with the fortified home or fortified commercial standards only after inspection and certification by an Insurance Institute for Business and Home Safety certified inspector.

(4) An owner of insurable property claiming a credit or discount shall maintain and provide certification records and construction records, including certification of compliance with the Insurance Institute for Business and Home Safety standards, for which the owner seeks a discount. Such documents may include but are not limited to receipts for contractors, receipts for materials, and records from local building officials.

(5) An owner of insurable property claiming a credit or discount shall maintain the Insurance Institute for Business and Home Safety certification documents, which shall be considered evidence of compliance with the fortified home or fortified commercial standards. The certification shall be presented to the insurer or potential insurer of a property owner before the adjustment becomes effective for the insurable property along with any other necessary records.

(6) The credit or discount shall apply only to policies that provide wind coverage and may apply to the portion of the premium for wind coverage or to the total premium, if the insurer does not separate out the premium for wind coverage in the rate filing. The adjustment shall apply exclusively to the premium designated for the improved insurable property. The adjustment is not required to be in addition to other mitigation adjustments provided by the insurer and shall be in lieu of those other adjustments, including those in place prior to January 1, 2022, if they are deemed to be duplicated.

(7) The records required by this Subsection shall be subject to audit by the commissioner.

(8) Nothing in this Section shall prohibit insurers from offering additional adjustments in deductible, other credit rate differentials, or a combination thereof. These adjustments shall be available under the terms specified in this Section to any owner who builds or locates a new insurable property in this state to resist loss due to hurricane, tornado, or other catastrophic windstorm events.

(9) For the purposes of this Subsection, insurable property includes single-family residential property, commercial property, modular homes, and manufactured homes that may be retrofitted.

reduce the insurance premium and how such discounts, credits, rate differentials, adjustments in deductibles, or any other adjustments are computed in determining their application in each premium quoted.

(2) Those items necessary for an insurer to compute or otherwise determine the actuarially justified amount of any premium rate reduction, discount, credit, rate differential, reduction in deductible, or other adjustment available to an insured.

(3) Provisions establishing the inspection and certification requirements for insureds who comply with the provisions of this Section.

(4) Recordkeeping requirements for insurers.

D. There is hereby established in the state treasury as a special fund the Louisiana Fortify Homes Program Fund, hereafter referred to in this Section as the "fund". Monies appropriated or transferred to the fund shall be deposited by the state treasurer after compliance with the provisions of Article VII,

Section 9(B) of the Constitution of Louisiana. Monies in the fund shall be invested in the same manner as monies in the state general fund, and any interest earned on monies in the fund shall be credited to the fund. All unexpended and unencumbered monies in the fund at the end of the fiscal year shall remain in the fund. Monies in the fund shall be used to provide grants pursuant to this Section.

E. This Section does not create any of the following:

§ 1484. Property, casualty, and liability insurance; premium increase by insurer without or with material change in circumstances of insured; notice of premium increase

A. (1) No insurer shall be entitled to an additional premium for a commercial property, casualty, or liability insurance policy which has been in effect for more than ninety days or for a noncommercial property, casualty, or liability insurance policy which has been in effect for more than sixty days when there has been no material change in the circumstances of the insured from those stated by the insured in his application for the policy. For an insurance company to be entitled to any additional premium, the insured must receive a billing notice and either an explanation of any premium increase or a statement that asks the insured to contact either the insurance company or its producer if the insured has any questions about the billing notice or the premium increase, within the first sixty days of the effective date of the policy. If the company or agent fails to bill the insured within the first sixty days of the effective date of the policy, the insured shall not be responsible for payment of such additional premium, shall not be penalized for nonpayment of that additional premium, and his policy shall not be cancelled for failure to pay such additional premium.

(2) A notice of an additional premium for a commercial property, casualty, or liability insurance policy which has been in effect for less than ninety days or for a noncommercial property, casualty, or liability insurance policy which has been in effect for less than sixty days when there has been a material change in the circumstances of the insured from those stated by the insured in his application for the policy shall be mailed or delivered to the insured at least thirty days prior to the date that the additional premium is due.

B. In this Section, "material change" shall mean any change in any matter

which, if stated on the application, would have resulted in a different initial premium for the policy.

C. Nothing in this Section shall be construed to prevent an insurer from making rate changes at subsequent renewal dates of the policy.

D. This Section does not apply to audit type policies where the actual premium is to be determined at a later date.

E. This Section does not apply to property subject to ratings by the Property Insurance Association of Louisiana.

SUBPART P. USE OF CREDIT INFORMATION

§ 1501. Purpose

The purpose of this Subpart is to regulate the use of credit information for personal insurance so that consumers are afforded certain protections with respect to the use of such information.

Renumbered from R.S. 22:1481 by Acts 2008, No. 415, § 1, eff. Jan. 1, 2009.
Added by Acts 2003, No. 1256, § 1.

§ 1502. Scope

This Subpart applies to personal insurance and not to commercial insurance. For purposes of this Subpart, "personal insurance" means private passenger automobile, homeowners, motorcycle, mobile home owners, and noncommercial dwelling fire insurance policies and boat, personal watercraft, snowmobile, and recreational vehicle policies. Such policies must be individually underwritten for personal, family, or household use. No other type of insurance shall be included as personal insurance for the purposes of this Subpart.

Renumbered from R.S. 22:1482 by Acts 2008, No. 415, § 1, eff. Jan. 1, 2009.
Added by Acts 2003, No. 1256, § 1.

§ 1503. Definitions

For the purposes of this Subpart, the following terms shall have the following

meanings:

(1) "Adverse action" means a denial or cancellation of, an increase in any charge for, or a reduction or other adverse or unfavorable change in the terms of coverage or amount of any insurance, existing or applied for, in connection with the underwriting of personal insurance.

(2) "Affiliate" means any company that controls, is controlled by, or is under common control with another company.

(3) "Applicant" means any individual who has applied to be covered by a personal insurance policy with an insurer.

(4) "Consumer" means an insured whose credit information is used or whose insurance score is calculated in the underwriting or rating of a personal insurance policy or an applicant for such a policy.

(5) "Consumer reporting agency" means any person which, for monetary fees, dues, or on a cooperative nonprofit basis, regularly engages in whole or in part in the practice of assembling or evaluating consumer credit information or other information on consumers for the purpose of furnishing consumer reports to third parties.

(6) "Credit information" means any credit-related information derived from a credit report, found on a credit report itself, or provided on an application for personal insurance. Information that is not credit related shall not be considered "credit information", regardless of whether it is contained in a credit report or in an application, or is used to calculate an insurance score.

(7) "Credit report" means any written, oral, or other communication of information by a consumer reporting agency bearing on a consumer's credit worthiness, credit standing, or credit capacity which is used or expected to be used or collected in whole or in part for the purpose of serving as a factor to determine personal insurance premiums, eligibility for coverage, or tier placement.

(8) "Insurance score" means a number or rating that is derived from an algorithm, computer application, model, or other process that is based in whole or in part on credit information for the purposes of predicting the future insurance loss exposure of an individual applicant or insured.

Renumbered from R.S. 22:1483 by Acts 2008, No. 415, § 1, eff. Jan. 1, 2009.
Added by Acts 2003, No. 1256, § 1.

§ 1504. Use of credit information

An insurer authorized to do business in Louisiana that uses credit information to underwrite or rate risks shall not:

(1) Use an insurance score that is calculated using income, gender, address, zip code, ethnic group, religion, marital status, or nationality of the consumer as a factor.

(2) Deny, cancel, or nonrenew a policy of personal insurance solely on the

basis of credit information, without consideration of any other applicable underwriting factor independent of credit information and not expressly prohibited by Paragraph (1) of this Section.

(3) Base an insured's renewal rates for personal insurance solely upon credit information, without consideration of any other applicable factor independent of credit information.

(4) Take an adverse action against a consumer solely because he does not have a credit card account or other credit history, without consideration of any other applicable factor independent of credit information.

(5) Consider an absence of credit information or an inability to calculate an insurance score in underwriting or rating personal insurance, unless the insurer does one of the following:

(a) Treats the consumer as otherwise approved by the commissioner, if the insurer presents information that such an absence or inability relates to the risk by the insurer.

(b) Treats the consumer as if the applicant or insured had neutral credit information, as defined by the insurer.

(c) Excludes the use of credit information as a factor and uses only other underwriting criteria.

(6) Takes an adverse action against a consumer based on credit information, unless an insurer obtains and uses a credit report issued or an insurance score calculated within one hundred and eighty days from the date the policy is first written or renewal is issued.

(7) Uses credit information unless not later than every thirty-six months following the last time that the insurer obtained current credit information for the insured, the insurer recalculates the insurance score or obtains an updated credit report. Regardless of the requirements of this Paragraph:

(a) At annual renewal, upon the request of a consumer or the consumer's agent, the insurer shall re-underwrite and re-rate the policy based upon a current credit report or insurance score. An insurer need not recalculate the insurance score or obtain the updated credit report of a consumer more frequently than once in a twelve-month period.

(b) The insurer shall have the discretion to obtain current credit information upon any renewal before thirty-six months, if consistent with its underwriting guidelines.

(c) No insurer need obtain current credit information for an insured, notwithstanding the requirements of Subparagraph (a) of this Paragraph, if one of the following applies:

(i) The insurer is treating the consumer as otherwise approved by the commissioner.

(ii) The insured is in the most favorably priced tier of the insurer or group

of affiliated insurers; however, the insurer shall have the discretion to order such report, if consistent with its underwriting guidelines.

(iii) Credit was not used for underwriting or rating such insured when the policy was initially written; however, the insurer shall have the discretion to use credit for underwriting or rating such insured upon renewal, if consistent with its underwriting guidelines.

(iv) The insurer reevaluates the insured beginning no later than thirty-six months after inception and thereafter based upon other underwriting or rating factors, excluding credit information.

(v) The insurer provides a documented offer to the insured on an annual basis of the insured's right to voluntarily request that their insurance credit score be rerun and reevaluated based on the current information available at the time of the insured's request.

(d) For personal policies in place prior to August 15, 2003, the insurer shall begin reevaluating renewal policies in compliance with this Section no later than thirty-six months from August 15, 2003, unless otherwise requested in accordance with Subparagraph (a) of this Paragraph or otherwise not required under Subparagraph (c) of this Paragraph.

(8) Use the following as a negative factor in any insurance scoring methodology or in reviewing credit information for the purpose of underwriting or rating a policy of personal insurance:

(a) Credit inquiries requested by the consumer for his own credit information, or inquiries not initiated by the consumer, including promotional inquiries, periodic inquiries by existing credit providers, and credit system administration inquiries.

(b) Inquiries relating to insurance coverage, if so identified on a consumer's credit report.

(c) Collection accounts with a medical industry code, if so identified on the consumer's credit report.

(d) Multiple lender inquiries, if coded by the consumer reporting agency on the consumer's credit report as being from the home mortgage industry and made within thirty days of one another, unless only one inquiry is considered.

(e) Multiple lender inquiries, if coded by the consumer reporting agency on the consumer's credit report as being from the automobile lending industry and made within thirty days of one another, unless only one inquiry is considered.

(f) The extension of available credit in excess of what the insurer deems reasonable, when the consumer has an otherwise acceptable credit history and does not present an increased underwriting or rating risk.

(9) Create unreasonable disparities between underwriting tier placement between different lines of personal insurance for the same applicant solely on the basis of credit information unless justified by actuarial or statistical data or sound underwriting criteria, without consideration of any other applicable

underwriting factor independent of credit information and not expressly prohibited by Paragraph (1) of this Section.

(10) Use credit information which would increase the expiring premium, due to a change in credit information, for policies that renew between August 15, 2006 and December 31, 2006.

Renumbered from R.S. 22:1484 by Acts 2008, No. 415, § 1, eff. Jan. 1, 2009. Added by Acts 2003, No. 1256, § 1. Amended by Acts 2006, No. 688, § 1.

§ 1505. Dispute resolution and error correction

If it is determined through the dispute resolution process set forth in the federal Fair Credit Reporting Act, 15 U.S.C. 1681i(a)(5) that the credit information of a current insured was incorrect or incomplete and if the insurer receives notice of such determination from either the consumer reporting agency or from the insured, the insurer shall re-underwrite and re-rate the consumer within thirty days of receiving the notice. After re-underwriting or re-rating the insured, the insurer shall make any adjustments necessary, consistent with its underwriting and rating guidelines. If an insurer determines that the insured has overpaid premium, the insurer shall refund to the insured the amount of overpayment calculated back to the shorter of either the last twelve months of coverage or the actual policy period.

Renumbered from R.S. 22:1485 by Acts 2008, No. 415, § 1, eff. Jan. 1, 2009. Added by Acts 2003, No. 1256, § 1.

§ 1506. Appeals of underwriting or rates

Insurers using credit information to underwrite or rate risks shall provide a process for the consumer to appeal the underwriting or rating of risks for which credit scoring may be an inappropriate factor. Nothing in this Section shall be construed to provide a consumer or other insured with a cause of action that does not exist in the absence of this Section.

Renumbered from R.S. 22:1486 by Acts 2008, No. 415, § 1, eff. Jan. 1, 2009. Added by Acts 2003, No. 1256, § 1.

§ 1507. Exemptions from the use of credit information

Insurers shall provide reasonable exemptions from the use of credit information in underwriting or rating risks if the consumer can clearly demonstrate that his credit history is unduly influenced by a medical crisis, death of a spouse, identity theft, the personal guaranty of a business loan, or a catastrophic event as deemed by the commissioner of insurance. Nothing in this Section shall be construed to provide a consumer or other insured with a cause of action that does not exist in the absence of this Section.

Renumbered from R.S. 22:1487 by Acts 2008, No. 415, § 1, eff. Jan. 1, 2009. Added by Acts 2003, No. 1256, § 1.

§ 1508. Initial notification

A. If an insurer writing personal insurance uses credit information in

underwriting or rating a consumer, the insurer or its agent shall disclose, either on the insurance application or at the time the insurance application is taken, that it may obtain credit information in connection with such application. Such disclosure shall be either written or provided to an applicant in the same medium as the application for insurance. The insurer need not provide the disclosure statement required under this Section to any insured on a renewal policy, if such consumer has previously been provided a disclosure statement.

B. Use of the following example disclosure statement constitutes compliance with this Section: "In connection with this application for insurance, we may review your credit report or obtain or use a credit-based insurance score based on the information contained in that credit report. We may use a third party in connection with the development of your insurance score."

Renumbered from R.S. 22:1488 by Acts 2008, No. 415, § 1, eff. Jan. 1, 2009.
Added by Acts 2003, No. 1256, § 1.

§ 1509. Adverse action notification

If an insurer takes an adverse action based upon credit information, the insurer must meet the notice requirements of this Section. Such insurer shall:

(1) Provide notification to the consumer that an adverse action has been taken in accordance with the requirements of the federal Fair Credit Reporting Act, 15 U.S.C. 1681m(a).

(2) Provide notification to the consumer explaining the reason for the adverse action. The reasons shall be provided in sufficiently clear and specific language so that a person can identify the basis for the insurer's decision to take an adverse action. Such notification shall include a description of up to four factors that were the primary influences of the adverse action. The use of generalized terms such as "poor credit history", "poor credit rating", or "poor insurance score" does not meet the explanation requirements of this Section. Standardized credit explanations provided by consumer reporting agencies or other third-party vendors are deemed to comply with this Section.

Renumbered from R.S. 22:1489 by Acts 2008, No. 415, § 1, eff. Jan. 1, 2009.
Added by Acts 2003, No. 1256, § 1.

§ 1510. Filing

A. Insurers that use insurance-related scoring systems to underwrite and rate risks shall file their scoring models or other scoring processes with the Department of Insurance. A third party may file scoring models on behalf of insurers. A filing that includes insurance scoring may include loss experience justifying the use of credit information.

B. Any filing relating to credit information is considered a trade secret under R.S. 51:1431.

Renumbered from R.S. 22:1490 by Acts 2008, No. 415, § 1, eff. Jan. 1, 2009.
Added by Acts 2003, No. 1256, § 1.

§ 1511. Indemnification

A. An insurer shall indemnify, defend, and hold producers harmless from and against all liability, fees, and costs arising out of or relating to the actions, errors, or omissions of a producer who obtains or uses credit information or insurance scores for an insurer, provided the producer follows the instructions of or procedures established by the insurer and complies with any applicable law or regulation.

B. An insurer or credit information provider shall not require a producer to indemnify or hold them harmless, except to the extent of the producer's negligent failure to comply with procedures established by the insurer or credit information provider. An insurer shall not evaluate or compensate a producer based upon the customer credit scores submitted by the producer. An insurer using credit information for underwriting or rating purposes shall provide appropriate training to its producers.

C. Nothing in this Section shall be construed to provide a consumer, agent, or other insured with a cause of action that does not exist in the absence of this Section.

Renumbered from R.S. 22:1491 by Acts 2008, No. 415, § 1, eff. Jan. 1, 2009.
Added by Acts 2003, No. 1256, § 1.

§ 1512. Sale of policy term information by consumer reporting agency

A. No consumer reporting agency or insurer shall provide or sell dates or lists that include any information that in whole or in part was submitted in conjunction with an insurance inquiry about a consumer's credit information or a request for a credit report or insurance score. Such information includes but is not limited to the expiration dates of an insurance policy or any other information that may identify time periods during which a consumer's insurance may expire and the terms and conditions of the consumer's insurance coverage.

B. The restrictions provided in Subsection A of this Section do not apply to data or lists the consumer reporting agency or insurer supplies to the insurance producer from whom information was received, the insurer on whose behalf such producer acted, or such insurer's group, affiliates, or holding companies.

B. A license as an insurance producer shall not be required of the following:

(1) An officer, director, or employee of an insurer or of an insurance producer, provided that the officer, director, or employee does not receive any commission on policies written or sold to insure risks residing, located, or to be performed in this state and:

(a) The officer's, director's, or employee's activities are executive, administrative, managerial, clerical, or a combination of these, and are not the sale, solicitation, or negotiation of insurance;

(b) The officer's, director's, or employee's function relates to underwriting, loss control, inspection, or the processing, adjusting, investigating, or settling of a claim on a contract of insurance; or

(c) The officer, director, or employee is acting in the capacity of a special agent or agency supervisor assisting insurance producers where the person's

activities are limited to providing technical advice and assistance to licensed insurance producers and do not include the sale, solicitation, or negotiation of insurance.

(2) A person who secures and furnishes information for the purpose of group life insurance, group annuities, group or blanket accident and health insurance; or for the purpose of enrolling individuals under plans, issuing certificates under plans, or otherwise assisting in administering plans; or performs administrative services related to mass marketed property and casualty insurance; where no commission is paid to the person for the service.

(3) An employer or association or its officers, directors, employees, or the trustees of an employee trust plan, to the extent that the employer's or association's officers, employees, director, or trustees are engaged in the administration or operation of a program of employee benefits for the employer's or association's own employees or the employees of its subsidiaries or affiliates, which program involves the use of insurance issued by an insurer, as long as the employer, association, officers, directors, employees, or trustees are not in any manner compensated, directly or indirectly, by the company issuing the contracts.

(4) Employees of insurers or organizations employed by insurers who are engaging in the inspection, rating, or classification of risks, or in the supervision of the training of insurance producers and who are not individually engaged in the sale, solicitation, or negotiation of insurance.

(5) A person whose activities in this state are limited to advertising without the intent to solicit insurance in this state through communications in printed publications or other forms of electronic mass media whose distribution is not limited to residents of this state, if the person does not sell, solicit, or negotiate insurance that would insure risks residing, located, or to be performed in this state.

(6) A person who is not a resident of this state who sells, solicits, or negotiates a contract of insurance for commercial property and casualty risks to an insured with risks located in more than one state insured under that contract, if that person is otherwise licensed as an insurance producer to sell, solicit, or negotiate that insurance in the state where the insured maintains its principal place of business and the contract of insurance insures risks located in that state.

(8) Employees of an insurer or of an insurance producer who respond to requests from existing policyholders on existing policies if those employees are not directly compensated based on the volume of premiums that may result from these services and if those employees do not sell, solicit, or negotiate insurance.

C. (1) The Department of Insurance shall not grant, renew, reinstate, or permit to continue any license if the license is being or will be used by the applicant or licensee for the sole purpose of writing controlled business. For

(a) Insurance written on the interests of the licensee or those of his immediate family or of his employer.

(b) Insurance covering himself or members of his immediate family, or a corporation, association, or partnership, or the officers, directors, substantial stockholders, partners, or employees of a corporation, association, or partnership, of which he or a member of his immediate family is an officer, director, substantial stockholder, partner, associate, or employee.

(2) Nothing in this Subsection shall apply to insurance written in connection with any credit transactions.

(3) Any license under this Subsection shall be deemed to have been, or intended to be, used for the purpose of writing controlled business, if the Department of Insurance determines that during any twelve-month period the aggregate commissions earned from the controlled business has exceeded twenty-five percent of the aggregate commissions earned on all business written by such applicant or licensee during the same period.

D. No person shall be licensed as an insurance producer, limited lines producer, surplus lines broker, or managing general agent in this state if he or any person who owns directly or indirectly more than ten percent of the beneficial interest in a business entity applying for a license, is either a citizen of, resident of, domiciled in, or the commissioner determines that he or the beneficial owner maintains significant assets in a country that the commissioner determines does not give full faith and credit to any judgment rendered by a court of this state or of the United States, or that the country does not have laws similar to those of this state for the discovery of assets of the insurer, seizure or sale of such assets, and execution of a judgment thereof.

(3) The commissioner may reactivate the license upon compliance with this Subsection prior to the expiration of the license.

The designation shall constitute an agreement that such service of process has the same legal force and validity as personal service of process upon the person in the state.

(19) The conviction of a felony involving dishonesty or breach of trust pursuant to 18 U.S.C. 1033 and 1034, without written consent from the commissioner of insurance pursuant to 18 U.S.C. 1033, or any successor statute regulating crimes by or affecting persons engaged in the business of insurance whose activities affect interstate commerce.

(20) If the producer is a business entity, refusal to remove or discharge any person registered pursuant to R.S. 22:1546(B) who has been convicted or pleaded nolo contendere to any felony, participated in a pretrial diversion program pursuant to a felony charge, suspension and deferral of sentence, and probation pursuant to Code of Criminal Procedure Article 893, or been convicted of any misdemeanor involving moral turpitude or public corruption.

(21) If the producer is a business entity, refusal to remove or discharge any person registered pursuant to R.S. 22:1546(B) who has had an insurance producer license revoked or suspended or is found to have violated any provision of this Code.

B. If the commissioner denies any application for a license in accordance and compliance with R.S. 49:961, the commissioner shall notify the applicant and advise the applicant in writing of the reasons for the denial. An aggrieved party affected by the commissioner's decision, act, or order may demand a hearing in accordance with Chapter 12 of this Title, R.S. 22:2191 et seq.

C. In the event the commissioner suspends or revokes a license, or refuses the renewal or reinstatement of a license, or levies a fine, with or without suspension, revocation, or refusal to renew a license, the commissioner, in

accordance and compliance with R.S. 49:961, shall notify the licensee in writing of the determination. Any such suspension or revocation of a license, or refusal to renew or reinstate a license, shall include all lines of insurance for which the licensee was authorized. An aggrieved party affected by the commissioner's decision, act, or order may demand a hearing in accordance with Chapter 12 of this Title, R.S. 22:2191 et seq.

D. The license of a business entity may be suspended or revoked, or renewal or reinstatement thereof may be refused, or a fine may be levied, with or without a suspension, revocation, or refusal to renew a license, if the commissioner finds, in accordance and compliance with R.S. 49:961, that an individual licensee's violation was known or should have been known by one or more of the partners, officers, or managers acting on behalf of the business entity and the violation was not reported to the Department of Insurance and no corrective action was undertaken timely. Any such suspension or revocation of a license, or refusal to renew or reinstate a license, shall include all lines of insurance for which the licensee was authorized.

E. (1) No licensee whose license has been revoked pursuant to this Section shall file another application for a license within one year from the effective date of the revocation, or the date of final court order or decree affirming the revocation. The commissioner may deny the subsequent application unless the applicant shows good cause why the revocation of the previous license should not be deemed a prohibition to the issuance of a new license.

(2) Any license which has been reissued following revocation shall be revoked for a period not to exceed five years upon a second violation by the licensee of any of the provisions of this Section. No licensee whose license has been revoked under this Subsection shall be entitled to file another application for a license within the revocation period. A subsequent application, when filed, may be refused by the commissioner of insurance unless the applicant shows good cause why the revocation of his license should not be deemed a prohibition to the issuance of a new license.

F. The commissioner of insurance shall promptly notify all appointing insurers, where applicable, with copies of such notification sent to the licensee, regarding any suspension, revocation, or termination of license by the commissioner.

G. Upon suspension, revocation, or termination of the license of a resident of this state, the commissioner shall notify the National Association of Insurance Commissioners and the proper insurance official of each state for whom the commissioner has executed a certificate as provided for herein.

H. If the commissioner revokes or suspends any nonresident's license through a proceeding under this Subpart, he shall promptly notify the appropriate insurance official of the licensee's place of residency of such action and of the particulars thereof.

I. The commissioner of insurance shall retain the authority to enforce the provisions of, and impose any penalty or remedy authorized by, this Subpart against any person who is under investigation for or charged with a violation of this Subpart, even if the person's license has been surrendered or has lapsed by operation of law.

J. Without in any way limiting or affecting any other civil or criminal remedies or consequences, any person who intentionally withholds or intentionally fails to timely remit premium payments, or who knowingly converts to his own use or benefit any premiums, monies, or other property belonging to any person or entity who applies for insurance through him, or policyholder, beneficiary, or any other claimant under or relating to any insurance policy, shall be guilty of the crime of theft under R.S. 14:67 if he had the intent to permanently deprive the rightful owner of the premiums, monies, or other property, or the crime of unauthorized use of a movable under R.S. 14:68 if he had no intent to permanently deprive the rightful owner of said premiums, monies, or other property.

An insurer may also elect to appoint a producer to all or some insurers within the insurer's holding company system or group by the filing of a single appointment request.

If the producer is determined to be ineligible for appointment, the commissioner shall notify the insurer within fifteen days of such determination.

However, no commissions shall be paid by such insurer to the producer until the appointment has been recorded by the commissioner.

D. Upon the written request of the commissioner, the insurer shall provide additional information, documents, records, or other data pertaining to the termination or activity of the producer.

C. The insurer or the authorized representative of the insurer shall promptly notify the commissioner of insurance, in a manner acceptable to the

commissioner, if, upon further review or investigation, the insurer discovers additional information that would have been reportable to the commissioner of insurance in accordance with Subsection B of this Section had the insurer then known of its existence.

D. (1) Within fifteen days after making any notification required by Subsections A, B, or C of this Section, the insurer shall mail a copy of the notification to the producer at his last known address. If the producer is terminated for cause for any of the reasons specified in R.S. 22:1554, the insurer shall provide a copy of the notification to the producer at his last known address by certified mail, return receipt requested, postage prepaid or by overnight delivery using a nationally recognized carrier.

No civil cause of action shall arise against these entities or their respective producers or employees, as a result of any statement or information required by or provided pursuant to this Section or any information relating to any statement that may be requested in writing by the commissioner, from an insurer or producer; or a statement by a terminating insurer or producer to an insurer or producer limited solely and exclusively to whether a termination for cause pursuant to Subsection B of this Section was reported to the commissioner, if the propriety of any termination for cause pursuant to Subsection B of this Section is certified in writing by an officer or authorized representative of the insurer or producer terminating the relationship.

(2) In any action brought against a person or entity that may have immunity under Paragraph (1) of this Subsection for making any statement required by this Section or providing any information relating to any statement that may be requested by the commissioner, the party bringing the action shall plead specifically in any allegation that Paragraph (1) of this Subsection does not apply because the person making the statement or providing the information did so with actual malice.

(3) Nothing in this Section shall abrogate or modify any existing statutory privileges or immunities.

F. (1) Any documents, materials, or other information in the control or possession of the Department of Insurance, furnished by an insurer, producer, or an employee or agent thereof acting on behalf of the insurer or producer, or obtained by the commissioner of insurance in an investigation pursuant to this Section, shall be confidential by law and privileged, shall not be subject to

R.S. 44:1 et seq., shall not be subject to subpoena, and shall not be subject to discovery or admissible in evidence in any private civil action. However, the commissioner is authorized to use the documents, materials, or other information in the furtherance of any regulatory or legal action brought as a part of the commissioner's duties.

(c) May enter into agreements governing sharing and use of information consistent with this Subsection.

(4) No waiver of any applicable privilege or claim of confidentiality in the documents, materials, or information shall occur as a result of disclosure to the commissioner under this Section or as a result of sharing as authorized in Paragraph (3) of this Subsection.

(5) Nothing in this Subpart shall prohibit the commissioner of insurance from releasing final, adjudicated actions, including for cause terminations that are open to public inspection pursuant to R.S. 44:1 et seq., to a database or other clearinghouse service maintained by the National Association of Insurance Commissioners, its affiliates or subsidiaries of the National Association of Insurance Commissioners.

(2) This Subsection establishes an agency relationship only for the matter of collection of premiums specifically referred to in this Section.

B. (1)(a) Any insurer issuing or delivering property, casualty, accident, or health insurance, or bonds in this state shall recognize a producer of record when selected by the owner of the policy or the first-named insured if there are multiple-named insureds in writing. The insurer shall recognize the producer of record for purposes of providing quotations or proposals or writing such policies or bonds. The insurer shall retain the producer of record who wrote such policies or bonds for the full term of the contracts or until the renewal date or termination of the contracts, whichever occurs first. The insurer shall not change or remove such producer by any producer of record letter which may be secured by another producer for purposes of providing a quotation or proposal or for writing such policies or bonds during the term of such contracts until the renewal date of the contracts, unless the change or removal is requested by the owner of the policy or the first-named insured if there are multiple-named insureds under a particular contract. In such case, such owner or insured shall select the new producer of record.

(b) If the insurer receives a producer of record letter for an application, the insurer shall provide the new producer of record with a quotation or proposal based on new applications submitted by the new producer of record regardless of any other outstanding quotations or proposals. If the quotation or proposal is accepted by the insured, the insurer shall issue the policy with the designated producer of record. If the insurer receives a written request by the insured to change the producer of record on an application, the insurer shall give the initial producer of record written notice ten calendar days in advance of the change or removal. If the insurer receives a request to change a producer of record on an application within ten calendar days of the policy inception, the insurer shall provide the required ten- calendar day notice; however, any required change of producer shall be effective on the inception date of the policy.

(c) If a change or removal of a producer is requested by an insured during a policy period, the insurer shall give the producer written notice ten calendar days in advance of the change or removal. If the insurer receives a request to change a producer within the last ten calendar days of the policy period, the insurer shall provide the required ten-calendar day notice; however, any required change of producer shall be effective on the inception date of the renewal policy.

(d) Property, casualty, and bond commissions shall be paid to the producer of record at the policy inception for the full term of the policy, unless such policy is written for more than one year or is continuous until canceled, in which case commissions shall be paid to the new producer of record starting on the anniversary rating date when new rates take effect. Accident, health, or benefits commissions shall be paid to the current producer of record and shall change when the producer of record changes.

(2) Except upon the specific, written instruction of the owner of the policy or the first-named insured, no insurer or producer shall cancel and rewrite any such contract during the term of such contract or until the renewal date of the contract, whichever occurs first, which would change the producer of record.

(3) This Subsection shall not apply to any producer who is an employee of an insurer or represents, by contractual agreement, only one insurer or a group of affiliated insurers pursuant to R.S. 22:691.1 et seq.

(4) Upon the written request of the owner of the policy or the first-named insured if there are multiple-named insureds, an insurer shall permit such owner or insured to select another appointed insurance producer due to the termination, death, or retirement of a producer of record or for any other reason deemed appropriate by such owner or insured. Any renewal commission owed to the former producer of record shall be paid to the new producer of record upon the next renewal of the policy.

(5) Nothing in this Subsection shall require an insurer to conduct business with a producer who is not appointed or otherwise not qualified by the insurer to conduct business with the insurer. However, if the producer is appointed or otherwise qualified by the insurer to conduct business with the insurer, the insurer shall recognize the producer as producer of record under the provisions of this Subsection and shall accord the producer all of the normal rights and privileges of a producer for the insurer.

(6) The commissioner of insurance may promulgate rules to enforce the provisions of this Subsection.

C. The provisions of this Section shall not apply to limited benefit health insurance policies or contracts authorized to be issued in this state.

Any such information shall be protected from disclosure as confidential and proprietary information and shall not be regarded as a public record pursuant to the Public Records Law.

§ 1699. License

A. (1) Unless denied licensure under this Part, persons who have met the requirements of this Part may be issued a public adjuster license.

(2) A public adjuster license shall remain in effect unless revoked, terminated, or suspended, or denied renewal or reinstatement, as long as the request for renewal and fee set forth in R.S. 22:821 is paid and any other requirements for license renewal are met by the due date.

(3) Every licensed public adjuster shall file an application for renewal of his license every two years by notifying the commissioner of insurance, by methods required by the commissioner of insurance, of the licensee's intention to continue his license.

B. The licensee shall inform the commissioner of insurance by any means acceptable to the commissioner of insurance of a change of address, change of legal name, or change of information submitted on the application within thirty days of the change. Failure to file a change within the required time shall result in the imposition of a fifty dollar penalty per violation. Any person against whom a penalty has been levied shall be given due notice of such action. Upon receipt of this notice, the licensee may apply for and shall be entitled to a hearing in accordance and compliance with Chapter 12 of this Title, R.S. 22:2191 et seq.

However, a penalty in the amount of double the unpaid renewal fee shall be required for the reinstatement of the public adjuster license. The public adjuster reinstatement shall be effective the date the commissioner of insurance approves the request for reinstatement and the late payment penalty is paid.

E. A licensed public adjuster that is unable to comply with license renewal procedures due to military service, a long-term medical disability, or some other extenuating circumstance may request a waiver of those procedures. The public adjuster may also request a waiver of any examination requirement, fine, or other sanction imposed for failure to comply with renewal procedures.

F. The license shall contain the licensee's name, city, and state of business address, license number, the date of issuance, the expiration date, and any other information the commissioner of insurance deems necessary.

G. In order to assist in the performance of the commissioner of insurance's duties, the commissioner of insurance may contract with nongovernmental entities, including the NAIC or any affiliates or subsidiaries that the NAIC oversees, to perform any ministerial functions, including the collection of fees and data, related to licensing that the commissioner of insurance may deem appropriate.

(2) Engaging in the unauthorized practice of law as defined in R.S. 37:212 and 213.

E. In addition to or in lieu of any applicable denial, suspension, or revocation of a license, a person may, after hearing, be subject to a fine as provided herein after the commissioner's compliance with R.S. 49:961.

F. The commissioner of insurance shall retain the authority to enforce the provisions of and impose any penalty or remedy authorized by this Part and this Title against any person who is under investigation for or charged with a violation of this Part or this Title even if the person's license or registration has been surrendered or has lapsed by operation of law.

(a) Shall be in the minimum amount of fifty thousand dollars.

(b) Shall be in favor of this state and shall specifically authorize recovery by the commissioner of insurance on behalf of any person in this state who sustained damages as the result of erroneous acts, failure to act, conviction

(c) Shall not be terminated unless at least thirty days' prior written notice will have been filed with the commissioner of insurance and given to the licensee.

B. A public adjuster shall not pay a commission, service fee, or other valuable consideration to another for public adjusting in this state if that person is required to be licensed under this Part and is not so licensed.

C. A person shall not accept a commission, service fee, or other valuable consideration for public adjusting in this state if that person is required to be licensed under this Part and is not so licensed.

§ 1704. Contract between public adjuster and insured

A. Public adjusters shall ensure that all contracts for their services are in writing and contain the following terms:

(1) Legible full name of the adjuster signing the contract, as specified in Department of Insurance records.

(2) Permanent home state business address and phone number.

(3) Department of Insurance license number.

(4) Title of "Public Adjuster Contract".

(5) The insured's full name, street address, insurance company name, and policy number, if known or upon notification.

(6) A description of the loss and its location, if applicable.

(7) Description of services to be provided to the insured.

(8) Signatures of the public adjuster and the insured.

(9) Date contract was signed by the public adjuster and date that the contract was signed by the insured.

(10) Attestation language stating that the public adjuster has satisfied the financial responsibility requirements of state law.

(11) Full salary, fee, compensation, or other considerations the public

adjuster is to receive for services.

(12) If applicable, an acknowledgment that a mortgage holder exists on any property adjusted by the public adjuster and that such mortgage holder is or may be an additional insured on the claim.

B. Compensation provisions in a public adjusting contract shall not be redacted in any copy of the contract provided to the commissioner of insurance. Such a redaction shall constitute an omission of material fact.

C. If the insurer, not later than seventy-two hours after the date on which the loss is reported to the insurer, either pays or commits in writing to pay to the insured the policy limit of the insurance policy, the public adjuster shall:

(1) Inform the insured that the loss recovery amount cannot be increased by the insurer.

(2) Be entitled only to reasonable compensation from the insured for services provided by the public adjuster on behalf of the insured, based on the time spent on a claim and expenses incurred by the public adjuster, until the claim is paid or the insured receives a written commitment to pay from the insurer.

D. A public adjuster contract may not contain any contract term that:

(1) Allows the public adjuster's fee to be collected when money is due from an insurance company, but not paid, or that allows a public adjuster to collect the entire fee from the first check issued by an insurance company, rather than as a percentage of each check issued by an insurance company.

(2)(a) When any payment on a claim is made and the insured is represented by a public adjuster, the insurer's check or checks may be made payable to the insured and the public adjuster when all of the following occurs:

(i) The amount of the check does not exceed the public adjuster's fee.

(ii) The amount of the fee is indicated in a written compensation agreement signed by the insured.

(iii) The balance of the proceeds, not included in the check made payable to the insured and the public adjuster, is made payable to the insured or to the insured and other lienholder or holders as is required by law.

(b) Should a dispute arise between a public adjuster and the insured with which he contracts, the public adjuster is prohibited from acting in any manner which would interfere with or cause the insured not to receive the undisputed portion of the insurance proceeds. Should the insured's check, which contains that amount not associated with the public adjuster's fee, be mailed to or received by the public adjuster, the public adjuster shall promptly present the check to the insured.

(3) Imposes collection costs or late fees.

(4) Precludes the insured from pursuing civil or judicial remedies.

E. Prior to the signing of the contract, the public adjuster shall provide the insured with a separate disclosure document regarding the claim process that states:

(1) Property insurance policies obligate the insured to present a claim to his insurance company for consideration. There are three types of adjusters that could be involved in that process. The definitions of the three types are as follows:

(a) "Company adjusters" means the insurance adjusters who are employees of an insurance company. They represent the interest of the insurance company and are paid by the insurance company. Company adjusters shall not charge insureds a fee.

(b) "Independent adjusters" means the insurance adjusters who are hired on a contract basis by an insurance company to represent the insurance company's interest. They are paid by your insurance company. Independent adjusters shall not charge insureds a fee.

(c) "Public adjusters" means the insurance adjusters who do not work for any insurance company. They work for the insured to assist in the investigation, appraisal, evaluation, and reporting of the claim. The insured hires them by signing a contract agreeing to pay them a fee.

(2) The insured is not required to hire a public adjuster to help the insured meet his obligations under the policy but has the right to do so.

(3) The insured always has the right to initiate direct communications with the insured's attorney, the insurer, the insurer's adjuster, and the insurer's attorney, or any other person regarding the settlement of the insured's claim. Once a public adjuster has been retained, the public adjuster shall not restrict communications between the insurer and its insured.

(4) The public adjuster is not a representative or employee of the insurer.

(5) The salary, fee, or other consideration to be paid to the public adjuster is the obligation of the insured, not the insurer.

F. The contracts shall be executed in duplicate to provide an original contract to the public adjuster and an original contract to the insured. The public adjuster's original contract shall be available at all times for inspection without notice by the commissioner of insurance.

G. The public adjuster shall provide the insurer a notification letter, which has been signed by the insured, indicating that the insured and the public adjuster have a contract pursuant to this Part. Delivery of this letter shall not prohibit or impede the right of the insured to communicate directly with the insurer.

H. The insured has the right to rescind the contract within three business days after the date the contract was signed. The rescission shall be in writing and mailed or delivered to the public adjuster at the address in the contract within the three business day period.

I. If the insured exercises the right to rescind the contract, any thing of value given by the insured under the contract will be returned to the insured within fifteen business days following the receipt by the public adjuster of the cancellation notice.

J. The contract shall not be construed to prevent an insured from pursuing any civil or judicial remedy.

- (8) Name of the public adjuster who executed the contract.
- (9) Name of the attorney representing the insured, if applicable, and the name of the claims representative of the insurance company.
- (10) Evidence of financial responsibility in a format prescribed by the commissioner of insurance.

B. Records shall be maintained for at least five years after the termination of the transaction with an insured and shall be open to examination by the commissioner of insurance at all times.

§ 1706. Standards of conduct of public adjuster

A. A public adjuster is obligated, under his license, to serve with objectivity

and complete loyalty to the interest of his insured alone and to render to the insured such information and service, as within the knowledge, understanding, and good faith of the licensee, as will best serve the insured's insurance claim needs and interest.

B. A public adjuster shall not solicit, or attempt to solicit, an insured during the progress of a loss-producing occurrence, as defined in the insured's insurance contract.

C. A public adjuster shall not permit an unlicensed employee or representative of the public adjuster to conduct business for which a license is required under this Part.

F. A public adjuster shall not solicit employment for or otherwise solicit engagement, directly or indirectly, for or on behalf of any attorney at law, contractor, or subcontractor, in connection with any loss or damage with respect to which such adjuster is concerned or employed. Nothing in this Part shall be interpreted to prevent a public adjuster from recommending a particular attorney, contractor or subcontractor; however, the public adjuster is prohibited from collecting any fee, compensation, or thing of value for such referral.

G. A public adjuster shall not solicit or accept any compensation, direct or indirect, from, by, or on behalf of any contractor or subcontractor engaged by or on behalf of any insured by which such adjuster has been, is, or will be employed or compensated, directly or indirectly.

H. Public adjusters shall also adhere to the following general requirements:

(1) No public adjuster, while so licensed by the department, may represent or act as a company adjuster or independent adjuster in Louisiana.

(2) A public adjuster shall not enter into a contract or accept a power of attorney that vests in the public adjuster the authority to choose the persons who shall perform repair work.

(3) A public adjuster shall ensure that all contracts for the public adjuster's services are in writing and set forth all terms and conditions of the engagement.

(4) A public adjuster shall not file or record on behalf of an insured client any complaint to or with any court of record or agency of the state.

(5) A public adjuster shall not provide services with any claim except a first-party claim on behalf of an insured against such insured's insurer.

(6) A public adjuster shall not provide services to the insured in connection

with any claim for personal injury.

(7) A public adjuster shall not render legal advice to the insured, including but not limited to legal advice regarding the policy provisions or coverage issues.

(8) A public adjuster shall not engage in the unauthorized practice of law as defined in R.S. 37:212 and 213.

(9) A public adjuster may not agree to any loss settlement without the insured's knowledge and written consent.

(10) A public adjuster shall not act as an appraiser or umpire pursuant to the appraisal provisions of R.S. 22:1311 or any similar provision of a policy of insurance if that public adjuster is adjusting or has adjusted all or any part of the claim, or both, or property subject to that appraisal provision.

This report shall include a copy of the order, consent order, or other relevant legal documents.

Each shall have the benefit of the exclusive remedy defense under R.S. 23:1032. No PEO shall have the benefit of such exclusive remedy defense by virtue merely of its PEO status or relationship to its clients or to the covered employees in case a covered employee of one client of the PEO injures a covered employee or employee of another client of the same PEO; however, the PEO may maintain the exclusive remedy defense if it is otherwise available under law due to the relationship between the two clients, independent of their relationships with the PEO.

§ 1792. License requirements

A. (1) A person shall not operate as a viatical settlement provider or viatical settlement broker without first obtaining a license from the commissioner of the state of residence of the viator. However, any person who holds a resident or nonresident insurance producer license for life or annuity pursuant to Subpart A of Part I of Chapter 5 of this Title may act as a viatical settlement broker and shall be subject to the provisions of this Part as if such person is a licensed viatical settlement broker. If there is more than one viator on a single policy and the viators are residents of different states, the viatical settlement shall be governed by the law of the state in which the viator having the largest percentage ownership resides or, if the viators hold equal ownership, the state of residence of one viator agreed upon in writing by all viators.

(2) A person shall not operate as a viatical settlement investment agent without first obtaining a license from the commissioner of the state of residence of the viatical settlement purchaser. If there is more than one purchaser of a single policy and the purchasers are residents of different states, the viatical settlement purchase agreement shall be governed by the law of the state in which the purchaser having the largest percentage ownership resides or, if the purchasers hold equal ownership, the state of residence of one purchaser agreed upon in writing by all purchasers.

B. Application for a viatical settlement provider, viatical settlement broker, or viatical settlement investment agent license shall be made to the commissioner by the applicant on a form prescribed by the commissioner, and these applications shall be accompanied by the fees specified in R.S. 22:821.

C. Licenses issued pursuant to this Part shall expire on March 1, 2008, and on March first of each year thereafter and may be renewed if the applicant pays a renewal fee as set forth in R.S. 22:821 and submits to the commissioner an application on the form that the commissioner requires. The required fee and renewal application shall be filed no earlier than January first and no later than March first of each year. A licensee under this Part choosing not to renew shall still be responsible for the annual statement required by R.S. 22:1795 for the previous calendar year.

D. The applicant shall provide information on forms required by the commissioner. The commissioner shall have authority, at any time, to require the applicant to fully disclose the identity of all stockholders, partners, officers, members, and employees, and the commissioner may, in the exercise of the commissioner's discretion, refuse to issue a license in the name of a legal entity if not satisfied that any officer, employee, stockholder, partner, or member thereof who may materially influence the applicant's conduct meets the standards of this Part.

E. A license issued to a legal entity authorizes all partners, officers, members, and designated employees to act as viatical settlement providers, viatical settlement brokers, or viatical settlement investment agents, as applicable, under the license, and all those persons shall be named in the application and any supplements to the application.

F. Upon the filing of an application and the payment of the license fee, the commissioner shall make an investigation of each applicant and issue a license if the commissioner finds that the applicant:

(1) If a viatical settlement provider, has provided a detailed plan of operation;

(2) Is competent and trustworthy and intends to act in good faith in the capacity involved by the license applied for;

(3) Has a good business reputation and has had experience, training, or education so as to be qualified in the business for which the license is applied for;

(4) If a legal entity, provides a certificate of good standing from the state of its domicile; and

(5) If a viatical settlement provider or viatical settlement broker, has provided an antifraud plan that meets the requirements of R.S. 22:1801(G).

G. The commissioner shall not issue a license to a nonresident applicant, unless a written designation of an agent for service of process is filed and maintained with the commissioner or the applicant has filed with the commissioner the applicant's written irrevocable consent that any action

against the applicant may be commenced against the applicant by service of process on the commissioner.

H. A viatical settlement provider, viatical settlement broker, or viatical settlement investment agent shall notify the commissioner of any changes to the information submitted in association with the application, including but not limited to new or revised information about officers, ten percent or more stockholders, partners, directors, members, or designated employees, a change in the name or corporate structure, or any other such modification within thirty days of the change.

(4) The licensee or any officer, partner, member, or key management personnel has been found guilty of, or has pleaded guilty or nolo contendere to, any felony or to a misdemeanor involving fraud or moral turpitude, regardless of whether a judgment of conviction has been entered by the court;

(5) The viatical settlement provider utilizes any viatical settlement contract form, or any other form required to be approved, that has not been approved pursuant to this Part;

(6) The viatical settlement provider has failed to honor contractual obligations set out in a viatical settlement contract or a viatical settlement purchase agreement;

(7) The licensee no longer meets the requirements for initial licensure;

(8) The viatical settlement provider has assigned, transferred, or pledged a viaticated policy to a person other than a viatical settlement provider licensed in this state, viatical settlement purchaser, an accredited investor or qualified institutional buyer as defined respectively in Regulation D, Rule 501 or Rule 144A of the Federal Securities Act of 1933, as amended, financing entity, special purpose entity, or related provider trust;

(9) The licensee or any officer, partner, member, or key management personnel has violated any provision of this Part; or

(10) The licensee has failed to file the annual report required by this Part.

B. The commissioner may suspend, revoke, or refuse to renew the license of a viatical settlement broker, including the viatical settlement broker's insurance producer license, if the commissioner finds that such viatical settlement broker:

(1) Has violated the provisions of this Part;

(2) Has received a fee, commission, or other valuable consideration for his services with respect to viatical settlement transactions that involved unlicensed viatical settlement providers or viatical settlement brokers; or

(3) Deals in bad faith with viators.

§ 1794. Approval of viatical settlement contracts and disclosure statements

A person shall not use a viatical settlement contract or provide to a viator a disclosure statement form or use any advertising material in this state unless filed with and approved by the commissioner. The commissioner shall disapprove a viatical settlement contract form, disclosure statement form, or advertising if, in the commissioner's opinion, the contract or advertising material or provisions contained therein are unreasonable, contrary to the interests of the public, otherwise misleading or unfair to the viator, or otherwise in violation of this Part. Each submission for approval shall be accompanied by a fee as required in R.S. 22:821.

A. Each person acting as a viatical settlement broker, viatical settlement provider, or viatical settlement investment agent, including but not limited to licensed insurance producers acting as viatical settlement brokers pursuant to the authority granted by R.S. 22:1792(A)(1), shall file with the commissioner on or before March first of each year an annual statement containing such information as the commissioner may prescribe by regulation. Such information shall be limited to those transactions where the viator is a resident of this state. If there is more than one viator on a single policy and the viators are residents of different states, the viatical settlement shall be governed by the law of the state in which the viator having the largest percentage of ownership resides or, if the viators hold equal percentages of ownership, the state of

residence of one viator agreed upon in writing by all viators.

B. Except as otherwise allowed or required by law, a viatical settlement provider, viatical settlement broker, viatical settlement investment agent, insurance company, insurance producer, information bureau, rating agency or company, or any other person with actual knowledge of an insured's identity shall not disclose that identity as an insured, or the insured's financial or medical information to any other person unless the disclosure:

§ 1796. Examination and investigations

A. Authority, scope, and scheduling of examinations.

(1) The commissioner may conduct an examination under this Part of a licensee as often as the commissioner in his or her sole discretion deems appropriate.

(2) For purposes of completing an examination of a licensee under this Part, the commissioner may examine or investigate any person, or the business of any person, insofar as the examination or investigation is, in the sole discretion of the commissioner, necessary or material to the examination of the licensee.

(3) In lieu of an examination under this Part of any foreign or alien licensee licensed in this state, the commissioner may, at the commissioner's discretion, accept an examination report on the licensee as prepared by the commissioner

for the licensee's state of domicile or port-of-entry state.

B. Record retention requirements.

(1) A person required to be licensed by this Part shall for five years retain copies of all:

(a) Proposed, offered, or executed contracts, purchase agreements, underwriting documents, policy forms, and applications from the date of the proposal, offer, or execution of the contract or purchase agreement, whichever is later;

(b) Checks, drafts, or other evidence and documentation related to the payment, transfer, deposit, or release of funds from the date of the transaction; and

(c) Other records and documents related to the requirements of this Part.

(2) This Section does not relieve a person of the obligation to produce these documents to the commissioner after the retention period has expired if the person has retained the documents.

(3) Records required to be retained by this Section must be legible and complete and may be retained in paper, photograph, microprocess, magnetic, mechanical, or electronic media, or by any process that accurately reproduces or forms a durable medium for the reproduction of a record.

C. Conduct of examinations.

(1) Upon determining that an examination should be conducted, the commissioner shall issue an examination warrant appointing one or more examiners to perform the examination and instructing them as to the scope of the examination. In conducting the examination, the examiner shall observe those guidelines and procedures set forth in the *Examiners Handbook* adopted by the National Association of Insurance Commissioners (NAIC). The commissioner may also employ such other guidelines or procedures as the commissioner may deem appropriate.

(2) Every licensee or person from whom information is sought, its officers, directors, and agents shall provide to the examiners timely, convenient, and free access at all reasonable hours at its offices to all books, records, accounts, papers, documents, assets, and computer or other recordings relating to the property, assets, business, and affairs of the licensee being examined.

The officers, directors, employees, and agents of the licensee or person shall facilitate the examination and aid in the examination so far as it is in their power to do so. The refusal of a licensee by its officers, directors, employees, or agents to submit to examination or to comply with any reasonable written request of the commissioner shall be grounds for suspension or refusal of, or nonrenewal of, any license or authority held by the licensee to engage in the viatical settlement business or other business subject to the commissioner's jurisdiction. Any proceedings for suspension, revocation, or refusal of any license or authority shall be conducted pursuant to Chapter 12 of this Title, subject to the provisions of Chapter 13-B of Title 49 of the Louisiana Revised Statutes of 1950.

(3) The commissioner shall have the power to issue subpoenas, to administer

oaths, and to examine under oath any person as to any matter pertinent to the examination. Upon the failure or refusal of a person to obey a subpoena, the commissioner may petition a court of competent jurisdiction, and upon proper showing, the court may enter an order compelling the witness to appear and testify or produce documentary evidence. Failure to obey the court order shall be punishable as contempt of court.

(4) When making an examination under this Part, the commissioner may retain attorneys, appraisers, independent actuaries, independent certified public accountants, or other professionals and specialists as examiners, the reasonable cost of which shall be borne by the licensee that is the subject of the examination.

(5) Nothing contained in this Part shall be construed to limit the commissioner's authority to terminate or suspend an examination in order to pursue other legal or regulatory action pursuant to the insurance laws of this state. Findings of fact and conclusions made pursuant to any examination shall be prima facie evidence in any legal or regulatory action.

(6) Nothing contained in this Part shall be construed to limit the commissioner's authority to use and, if appropriate, to make public any final or preliminary examination report, any examiner or licensee work papers or other documents, or any other information discovered or developed during the course of any examination in the furtherance of any legal or regulatory action which the commissioner may, in his or her sole discretion, deem appropriate.

D. Examination reports.

(1) Examination reports shall be comprised of only facts appearing upon the books, records, or other documents of the licensee, its agents, or other persons examined, or as ascertained from the testimony of its officers or agents or other persons examined concerning its affairs and such conclusions and recommendations as the examiners find reasonably warranted from the facts.

(2) No later than sixty days following completion of the examination, the examiner in charge shall file with the commissioner a verified written report of examination under oath. Upon receipt of the verified report, the commissioner shall transmit the report to the licensee examined, together with a notice that shall afford the licensee examined a reasonable opportunity of not more than thirty days to make a written submission or rebuttal with respect to any matters contained in the examination report.

(3) In the event the commissioner determines that regulatory action is appropriate as a result of an examination, the commissioner may initiate any proceedings or actions provided by law.

E. Confidentiality of examination information.

(1) Names and individual identification data for all viators shall be considered private and confidential information and shall not be disclosed by the commissioner, unless required by law.

(2) Except as otherwise provided in this Part, all examination reports, working papers, recorded information, documents, and copies thereof produced by,

obtained by, or disclosed to the commissioner or any other person in the course of an examination made under this Part, or in the course of analysis or investigation by the commissioner of the financial condition or market conduct of a licensee shall be confidential by law and privileged, shall not be subject to subpoena, and shall not be made public by the commissioner, the National Association of Insurance Commissioners (NAIC), or any other person, except to the insurance departments of other states or in any adjudicatory hearing or court proceeding invoked by the commissioner in accordance with the provisions of this Chapter.

(3) Neither the commissioner nor any person that received the documents, material, or other information while acting under the authority of the commissioner, including the NAIC and its affiliates and subsidiaries, shall be permitted to testify in any private civil action concerning any confidential documents, materials, or information subject to Paragraph (1) of this Subsection.

(4) In order to assist in the performance of the commissioner's duties, the commissioner:

(a) May share documents, materials, or other information, including the confidential and privileged documents, materials, or information subject to Paragraph (1) of this Subsection, with other state, federal, and international regulatory agencies, with the NAIC and its affiliates and subsidiaries, and with state, federal, and international law enforcement authorities, provided that the recipient agrees to maintain the confidentiality and privileged status of the document, material, communication, or other information;

(b) May receive documents, materials, communications, or information, including otherwise confidential and privileged documents, materials, or information, from the NAIC and its affiliates and subsidiaries, and from regulatory and law enforcement officials of other foreign or domestic jurisdictions, and shall maintain as confidential or privileged any document, material, or information received with notice or the understanding that it is confidential or privileged under the laws of the jurisdiction that is the source of the document, material, or information; and

(c) May enter into agreements governing sharing and use of information consistent with this Subsection.

(5) No waiver of any applicable privilege or claim of confidentiality in the documents, materials, or information shall occur as a result of disclosure to the commissioner under this Section or as a result of sharing as authorized in Paragraph (4) of this Subsection.

(6) A privilege established under the law of any state or jurisdiction that is substantially similar to the privilege established under this Subsection shall be available and enforced in any proceeding in, and in any court of, this state.

(7) Nothing contained in this Part shall prevent or be construed as prohibiting the commissioner from disclosing the content of an examination report, preliminary examination report or results, or any matter relating thereto to the commissioner of any other state or country, or to law enforcement officials

of this or any other state or agency of the federal government at any time, or to the NAIC, so long as such agency or office receiving the report or matters relating thereto agrees in writing to hold it confidential and in a manner consistent with this Part.

F. Conflict of interest.

(1) An examiner may not be appointed by the commissioner if the examiner, either directly or indirectly, has a conflict of interest or is affiliated with the management of or owns a pecuniary interest in any person subject to examination under this Part. This Section shall not be construed to automatically preclude an examiner from being:

(a) A viator;

(b) An insured in a viaticated insurance policy; or

(c) A beneficiary in an insurance policy that is proposed to be viaticated.

(2) Notwithstanding the requirements of this clause, the commissioner may retain from time to time, on an individual basis, qualified actuaries, certified public accountants, or other similar individuals who are independently practicing their professions, even though these persons may from time to time be similarly employed or retained by persons subject to examination under this Part.

G. Cost of examinations.

Whenever the commissioner of insurance examines a licensee under this Part, all expenses incurred by the commissioner of insurance in conducting such examination, including the expenses and fees of examiners, auditors, accountants, actuaries, attorneys, or clerical or other assistants who are employed by the commissioner to make the examinations, shall be paid by the licensee examined. All funds so generated and collected shall be used only to defray the expenses of reviews and examinations and for no other purpose.

H. Immunity from liability.

(1) No cause of action shall arise nor shall any liability be imposed against the commissioner, the commissioner's authorized representatives, or any examiner appointed by the commissioner for any statements made or conduct performed in good faith while carrying out the provisions of this Part.

(2) No cause of action shall arise, nor shall any liability be imposed against any person for the act of communicating or delivering information or data to the commissioner or the commissioner's authorized representative or examiner pursuant to an examination made under this Part, if the act of communication or delivery was performed in good faith and without fraudulent intent or the intent to deceive. This Paragraph does not abrogate or modify in any way any common law or statutory privilege or immunity heretofore enjoyed by any person identified in Paragraph (1).

(3) A person identified in Paragraph (1) or (2) of this Subsection shall be entitled to an award of attorney fees and costs if he or she is the prevailing

party in a civil cause of action for libel, slander, or any other relevant tort arising out of activities in carrying out the provisions of this Part and the party bringing the action was not substantially justified in doing so. For purposes of this Section, a proceeding is "substantially justified" if it had a reasonable basis in law or fact at the time that it was initiated.

I. Investigative authority of the commissioner. The commissioner may investigate suspected fraudulent viatical settlement acts and persons engaged in the business of viatical settlements.

§ 1797. Disclosure

A. With each application for a viatical settlement, a viatical settlement provider or viatical settlement broker shall provide the viator with at least the following disclosures no later than the time the application for the viatical settlement contract is signed by all parties. The disclosures shall be provided in a separate document that is signed by the viator and the viatical settlement provider or viatical settlement broker and shall provide the following information:

(1) There are possible alternatives to viatical settlement contracts including any accelerated death benefits or policy loans offered under the viator's life insurance policy.

(2) Some or all of the proceeds of the viatical settlement may be taxable under federal income tax and state franchise and income taxes, and assistance should be sought from a professional tax advisor.

(3) Proceeds of the viatical settlement could be subject to the claims of creditors.

(4) Receipt of the proceeds of a viatical settlement may adversely affect the viator's eligibility for Medicaid or other government benefits or entitlement, and advice should be obtained from the appropriate government agencies.

(5) The viator has the right to rescind a viatical settlement contract for fifteen calendar days after the receipt of the viatical settlement proceeds by the viator, as provided in this Part. If the insured dies during the rescission period, the settlement contract shall be deemed to have been rescinded, subject to repayment of all viatical settlement proceeds and any premiums, loans, and loan interest to the viatical settlement provider or purchaser.

(6) Funds will be sent to the viator within three business days after the viatical settlement provider has received the insurer or group administrator's acknowledgment that ownership of the policy or interest in the certificate has been transferred and the beneficiary has been designated.

(7) Entering into a viatical settlement contract may cause other rights or benefits, including conversion rights and waiver of premium benefits that may exist under the policy or certificate, to be forfeited by the viator.

Assistance should be sought from a financial advisor.

(8) Disclosure to a viator shall include distribution of a brochure describing the process of viatical settlements. The NAIC's form for the brochure shall be used unless one is developed by the commissioner.

(9) The disclosure document shall contain the following language: "All medical, financial, or personal information solicited or obtained by a viatical settlement provider or viatical settlement broker about an insured, including the insured's identity or the identity of family members, a spouse, or a significant other may be disclosed as necessary to effect the viatical settlement between the viator and the viatical settlement provider. If you are asked to provide this information, you will be asked to consent to the disclosure. The information may be provided to someone who buys the policy or provides funds for the purchase. You may be asked to renew your permission to share information every two years."

(10) The insured may be contacted by either the viatical settlement provider or broker or its authorized representative for the purpose of determining the insured's health status. This contact is limited to once every three months if the insured has a life expectancy of more than one year, and no more than once per month if the insured has a life expectancy of one year or less.

B. A viatical settlement provider shall provide the viator with at least the following disclosures no later than the date the viatical settlement contract is signed by all parties. The disclosures shall be conspicuously displayed in the viatical settlement contract or in a separate document signed by the viator and the viatical settlement provider or viatical settlement broker, and provide the following information:

(1) State the affiliation, if any, between the viatical settlement provider and the issuer of the insurance policy to be viaticated.

(2) The document shall include the name, address, and telephone number of the viatical settlement provider.

(3) If an insurance policy to be viaticated has been issued as a joint policy or involves family riders or any coverage of a life other than the insured under the policy to be viaticated, the viator shall be informed of the possible loss of coverage on the other lives under the policy and shall be advised to consult with his or her insurance producer or the insurer issuing the policy for advice on the proposed viatical settlement.

(4) State the dollar amount of the current death benefit payable to the viatical settlement provider under the policy or certificate. If known, the viatical settlement provider shall also disclose the availability of any additional guaranteed insurance benefits, the dollar amount of any accidental death and dismemberment benefits under the policy or certificate, and the viatical settlement provider's interest in those benefits.

(5) State the name, business address, and telephone number of the independent third-party escrow agent and the fact that the viator or owner may inspect or receive copies of the relevant escrow or trust agreements or documents.

C. If the provider transfers ownership or changes the beneficiary of the insurance policy, the provider shall communicate the change in ownership or beneficiary to the insured within twenty days after the change.

D. A viatical settlement provider or its viatical settlement investment agent shall provide the viatical settlement purchaser with at least the following disclosures prior to the date the viatical settlement purchase agreement is signed by all parties. The disclosures shall be conspicuously displayed in any viatical purchase contract or in a separate document signed by the viatical settlement purchaser and viatical settlement provider or viatical settlement investment agent, and shall make the following disclosure to the viatical settlement purchaser:

(1) The purchaser will receive no returns (i.e., dividends and interest) until the insured dies.

(2) The actual annual rate of return on a viatical settlement contract is dependent upon an accurate projection of the insured's life expectancy and the actual date of the insured's death. An annual "guaranteed" rate of return is not determinable.

(3) The viaticated life insurance contract should not be considered a liquid purchase since it is impossible to predict the exact timing of its maturity and the funds probably are not available until the death of the insured. There is no established secondary market for resale of these products by the purchaser.

(4) The purchaser may lose all benefits or may receive substantially reduced benefits if the insurer goes out of business during the term of the viatical investment.

(5) The purchaser is responsible for payment of the insurance premium or other costs related to the policy, if required by the terms of the viatical purchase agreement. These payments may reduce the purchaser's return. If a party other than the purchaser is responsible for the payment, the name and address of that party also shall be disclosed.

(6) The purchaser is responsible for payment of the insurance premiums or other costs related to the policy if the insured returns to health and to disclose the amount of such premiums, if applicable.

(7) State the name and address of any person providing escrow services and the relationship to the broker.

(8) The amount of any trust fees or other expenses to be charged to the viatical settlement purchaser shall be disclosed.

(9) State whether the purchaser is entitled to a refund of all or part of his or her investment under the settlement contract if the policy is later determined to be null and void.

(10) Disclose that group policies may contain limitations or caps in the conversion rights, additional premiums may have to be paid if the policy is converted, name the party responsible for the payment of the additional premiums, and, if a group policy is terminated and replaced by another group

policy, state that there may be no right to convert the original coverage.

(11) Disclose the risks associated with policy contestability including but not limited to the risk that the purchaser will have no claim or only a partial claim to death benefits should the insurer rescind the policy within the contestability period.

(12) Disclose whether the purchaser will be the owner of the policy in addition to being the beneficiary, and if the purchaser is the beneficiary only and not also the owner, the special risks associated with that status, including but not limited to the risk that the beneficiary may be changed or the premium may not be paid.

(13) Describe the experience and qualifications of the person who determines the life expectancy of the insured, i.e., in-house staff, independent physicians, and specialty firms that weigh medical and actuarial data, the information this projection is based on, and the relationship of the projection maker to the viatical settlement provider, if any.

(14) Disclosure to an investor shall include distribution of a brochure describing the process of investment in viatical settlements. The NAIC's form for the brochure shall be used unless one is developed by the commissioner.

E. A viatical settlement provider or its viatical settlement investment agent shall provide the viatical settlement purchaser with at least the following disclosures no later than at the time of the assignment, transfer, or sale of all or a portion of an insurance policy. The disclosures shall be contained in a document signed by the viatical settlement purchaser and viatical settlement provider or viatical settlement investment agent, and shall make the following disclosures to the viatical settlement purchaser:

(1) Disclose all the life expectancy certifications obtained by the provider in the process of determining the price paid to the viator.

(2) State whether premium payments or other costs related to the policy have been escrowed. If escrowed, state the date upon which the escrowed funds will be depleted and whether the purchaser will be responsible for payment of premiums thereafter and, if so, the amount of the premiums.

(3) State whether premium payments or other costs related to the policy have been waived. If waived, disclose whether the investor will be responsible for payment of the premiums if the insurer that wrote the policy terminates the waiver after purchase and the amount of those premiums.

(4) Disclose the type of policy offered or sold, any additional benefits contained in the policy, and the current status of the policy.

(5) If the policy is term insurance, disclose the special risks associated with term insurance including but not limited to the purchaser's responsibility for additional premiums if the viator continues the term policy at the end of the current term.

(6) State whether the policy is contestable.

(7) State whether the insurer that wrote the policy has any additional rights that could negatively affect or extinguish the purchaser's rights under the viatical settlement contract, what these rights are, and under what conditions these rights are activated.

(8) State the name and address of the person responsible for monitoring the insured's condition. Describe how often the monitoring of the insured's condition is done, how the date of death is determined, and how and when this information will be transmitted to the purchaser.

F. The viatical settlement purchase agreement is voidable by the purchaser at any time within three days after the disclosures mandated by Subsections D and E of this Section are received by the purchaser.

§ 1798. General rules

A. (1) A viatical settlement provider entering into a viatical settlement contract shall first obtain:

(a) If the viator is the insured, a written statement from a licensed attending physician that the viator is of sound mind and under no constraint or undue influence to enter into a viatical settlement contract;

(b) If applicable, a witnessed document in which the viator represents that the insured is terminally ill or chronically ill and that the illness was diagnosed after the policy was issued; and

(c) A document in which the insured consents to the release of his or her medical records to a viatical settlement provider and the viatical settlement broker.

(2) Within twenty days after a viator executes documents necessary to transfer any rights under an insurance policy or within twenty days of entering any agreement, option, promise, or any other form of understanding, expressed or implied, to viaticate the policy, the viatical settlement provider shall give written notice to the insurer that issued that insurance policy that the policy has or will become a viaticated policy.

(3) The viatical provider or viatical settlement broker shall deliver a request for verification of coverage to the insurer that issued the life policy that is the subject of the viatical transaction. The NAIC's form for verification shall be used unless standards for verification are developed by the commissioner.

(4) The insurer shall respond to a request for verification of coverage submitted on an approved form by a viatical settlement provider or viatical settlement broker within thirty calendar days of the date the request is received and shall indicate whether, based on the medical evidence and documents provided, the insurer intends to pursue an investigation at this time regarding the validity of the insurance contract.

(5) Prior to or at the time of execution of the viatical settlement contract, the viatical settlement provider shall obtain a witnessed document in which the viator consents to the viatical settlement contract, represents that the viator has a full and complete understanding of the viatical settlement contract, that he or she has a full and complete understanding of the benefits of the life insurance policy, acknowledges that he or she is entering into the viatical settlement contract freely and voluntarily, and, for persons with a terminal or chronic illness or condition, acknowledges that the insured has a terminal or chronic illness and that the terminal or chronic illness or condition was diagnosed after the life insurance policy was issued.

(6) If a viatical settlement broker performs any of these activities required of the viatical settlement provider, the provider is deemed to have fulfilled the requirements of this Section.

B. All medical information solicited or obtained by any licensee shall be subject to the applicable provisions of state law relating to confidentiality of medical information.

C. All viatical settlement contracts entered into in this state shall provide the viator with an unconditional right to rescind the contract for at least fifteen calendar days from the receipt of the viatical settlement proceeds. If the insured dies during the rescission period, the viatical settlement contract shall be deemed to have been rescinded, subject to repayment to the viatical settlement provider or purchaser of all viatical settlement proceeds and any premiums, loans, and loan interest that have been paid by the viatical settlement provider or purchaser.

D. The purchaser shall have the right to rescind a viatical settlement purchase agreement within three days after the disclosures mandated by R.S. 22:1797(D) and (E) are received by the purchaser.

E. The viatical settlement provider shall instruct the viator to send the executed documents required to effect the change in ownership, assignment, or change in beneficiary directly to the independent escrow agent. Within three business days after the date the escrow agent receives the document (or from the date the viatical settlement provider receives the documents, if the viator erroneously provides the documents directly to the provider), the provider shall pay or transfer the proceeds of the viatical settlement into an escrow or trust account maintained in a state or federally chartered financial institution whose deposits are insured by the Federal Deposit Insurance Corporation (FDIC). Upon payment of the settlement proceeds into the escrow account, the escrow agent shall deliver the original change in ownership, assignment, or change in beneficiary forms to the viatical settlement provider or related provider trust. Upon the escrow agent's receipt of the acknowledgment of the properly completed transfer of ownership, assignment, or designation of beneficiary from the insurance company, the escrow agent shall pay the settlement proceeds to the viator.

F. Failure to tender consideration to the viator for the viatical settlement contract within the time disclosed pursuant to R.S. 22:1797(A)(6) renders the viatical settlement contract voidable by the viator for lack of consideration until the time consideration is tendered to and accepted by the viator.

G. Contacts with the insured for the purpose of determining the health status of the insured by the viatical settlement provider or viatical settlement broker after the viatical settlement has occurred shall only be made by the viatical settlement provider or broker licensed in this state or its authorized representatives and shall be limited to once every three months for insureds with a life expectancy of more than one year, and to no more than once per month for insureds with a life expectancy of one year or less. The provider or broker shall explain the procedure for these contacts at the time the viatical settlement contract is entered into. The limitations set forth in this Subsection shall not apply to any contacts with an insured for reasons other than determining the insured's health status. Viatical settlement providers and viatical settlement brokers shall be responsible for the actions of their authorized representatives.

§ 1799. Prohibited practices

A. It is a violation of this Part for any person to enter into a viatical settlement contract at any time prior to the application for or issuance of a life insurance policy or certificate which is the subject of a viatical settlement contract or for a two-year period commencing with the date of issuance of the insurance policy or certificate unless the viator certifies and submits independent evidence to the viatical settlement provider that one or more of the following conditions have been met within the two-year period:

(1) The viator or insured is terminally or chronically ill; or

(2) A final order, judgment, or decree is entered by a court of competent jurisdiction, on the application of a creditor of the viator, adjudicating the viator bankrupt or insolvent or approving a petition seeking reorganization of the viator or appointing a receiver, trustee, or liquidator to all or a substantial part of the viator's assets.

B. (1) Documents required by R.S. 22:1798(A) shall be submitted to the insurer when the viatical settlement provider submits a request to the insurer for verification of coverage. The copies shall be accompanied by a letter of attestation from the viatical settlement provider that the copies are true and correct copies of the documents received by the viatical settlement provider.

(2) If the viatical settlement provider submits to the insurer a copy of the owner or insured's certification described in Subsection A of this Section when the provider submits a request to the insurer to effect the transfer of the policy or certificate to the viatical settlement provider, the copy shall be deemed to conclusively establish that the viatical settlement contract satisfies the requirements of this Section and the insurer shall timely respond to the request.

§ 1800. Advertising for viatical settlements and viatical settlements purchase

agreements

A. The purpose of this Section is to provide prospective viators and viatical settlement purchasers with clear and unambiguous statements in the advertisement of viatical settlements and to assure the clear, truthful, and adequate disclosure of the benefits, risks, limitations, and exclusions of any viatical settlement contract or viatical settlement purchase agreement bought or sold. This purpose is intended to be accomplished by the establishment of guidelines and standards of permissible and impermissible conduct in the advertising of viatical settlements to assure that product descriptions are presented in a manner that prevents unfair, deceptive, or misleading advertising and is conducive to accurate presentation and description of viatical settlements through the advertising media and material used by viatical settlement licensees.

B. This Section shall apply to any advertising of viatical settlement contracts, viatical purchase agreements, or related products or services intended for dissemination in this state, including internet advertising viewed by persons located in this state. Where disclosure requirements are established pursuant to federal regulation, this Section shall be interpreted so as to minimize or eliminate conflict with federal regulation wherever possible.

C. Every viatical settlement licensee shall establish and at all times maintain a system of control over the content, form, and method of dissemination of all advertisements of its contracts, products, and services. All advertisements, regardless of by whom written, created, designed, or presented, shall be the responsibility of the viatical settlement licensee, as well as the individual who created or presented the advertisement. A system of control shall include regular routine notification, at least once a year, to agents and others authorized by the viatical settlement licensee who disseminate advertisements of the requirements and procedures for approval prior to the use of any advertisements not furnished by the viatical settlement licensee.

D. Advertisements shall be truthful and not misleading in fact or by implication. The form and content of an advertisement of a viatical settlement contract or viatical settlement purchase agreement, product, or service shall be sufficiently complete and clear so as to avoid deception. It shall not have the capacity or tendency to mislead or deceive. Whether an advertisement has the capacity or tendency to mislead or deceive shall be determined by the commissioner from the overall impression that the advertisement may be reasonably expected to create upon a person of average education or intelligence within the segment of the public to which it is directed.

E. Certain viatical settlement advertisements are deemed false and misleading on their face and are prohibited. False and misleading viatical settlement advertisements include but are not limited to the following representations:

(1) "Guaranteed", "fully secured", "100 percent secured", "fully insured", "secure", "safe", "backed by rated insurance companies", "backed by federal law", "backed by state law", "state guaranty funds", or similar representations;

(2) "No risk", "minimal risk", "low risk", "no speculation", "no fluctuation",

or similar representations;

(3) "Qualified or approved for individual retirement accounts (IRAs), Roth IRAs, 401(k) plans, simplified employee pensions (SEP), 403(b), Keogh plans, TSA, other retirement account rollovers", "tax deferred", or similar representations;

(4) Utilization of the word "guaranteed" to describe the fixed return, annual return, principal, earnings, profits, investment, or similar representations;

(5) "No sales charges or fees" or similar representations;

(6) "High yield", "superior return", "excellent return", "high return", "quick profit", or similar representations;

(7) Purported favorable representations or testimonials about the benefits of viatical settlement contracts or viatical settlement purchase agreements as an investment, taken out of context from newspapers, trade papers, journals, radio and television programs, and all other forms of print and electronic media.

F. (1) The information required to be disclosed under this Section shall not be minimized, rendered obscure, or presented in an ambiguous fashion or intermingled with the text of the advertisement so as to be confusing or misleading.

(2) An advertisement shall not omit material information or use words, phrases, statements, references, or illustrations if the omission or use has the capacity, tendency, or effect of misleading or deceiving viators, purchasers, or prospective purchasers as to the nature or extent of any benefit, loss covered, premium payable, or state or federal tax consequence. The fact that the viatical settlement contract or viatical settlement purchase agreement offered is made available for inspection prior to consummation of the sale, or an offer is made to refund the payment if the viator is not satisfied or that the viatical settlement contract or viatical settlement purchase agreement includes a "free look" period that satisfies or exceeds legal requirements, does not remedy misleading statements.

(3) An advertisement shall not use the name or title of a life insurance company or a life insurance policy unless the advertisement has been approved by the insurer.

(4) An advertisement shall not represent that premium payments will not be required to be paid on the life insurance policy that is the subject of a viatical settlement contract or viatical settlement purchase agreement in order to maintain that policy, unless that is the fact.

(5) An advertisement shall not state or imply that interest charged on an accelerated death benefit or a policy loan is unfair, inequitable, or in any manner an incorrect or improper practice.

(6) The words "free", "no cost", "without cost", "no additional cost", "at no extra cost", or words of similar import shall not be used with respect to any benefit or service unless true. An advertisement may specify the charge for a benefit or a service or may state that a charge is included in the payment or

use other appropriate language.

(7)(a) Testimonials, appraisals, or analysis used in advertisements must be genuine; represent the current opinion of the author; be applicable to the viatical settlement contract or viatical settlement purchase agreement, product, or service advertised, if any; and be accurately reproduced with sufficient completeness to avoid misleading or deceiving prospective viators or purchasers as to the nature or scope of the testimonials, appraisal, analysis, or endorsement. In using testimonials, appraisals, or analysis, the viatical settlement licensee makes as its own all the statements contained therein, and the statements are subject to all the provisions of this Section.

(b) If the individual making a testimonial, appraisal, analysis, or an endorsement has a financial interest in the viatical settlement provider or related entity as a stockholder, director, officer, employee, or otherwise, or receives any benefit directly or indirectly other than required union scale wages, that fact shall be prominently disclosed in the advertisement.

(c) An advertisement shall not state or imply that a viatical settlement contract or viatical settlement purchase agreement, benefit, or service has been approved or endorsed by a group of individuals, society, association, or other organization unless that is the fact and unless any relationship between an organization and the viatical settlement licensee is disclosed. If the entity making the endorsement or testimonial is owned, controlled, or managed by the viatical settlement licensee, or receives any payment or other consideration from the viatical settlement licensee for making an endorsement or testimonial, that fact shall be disclosed in the advertisement.

(d) When an endorsement refers to benefits received under a viatical settlement contract or viatical settlement purchase agreement, all pertinent information shall be retained for a period of five years after its use.

G. An advertisement shall not contain statistical information unless it accurately reflects recent and relevant facts. The source of all statistics used in an advertisement shall be identified.

H. An advertisement shall not disparage insurers, viatical settlement providers, viatical settlement brokers, viatical settlement investment agents, insurance producers, policies, services, or methods of marketing.

I. The name of the viatical settlement licensee shall be clearly identified in all advertisements about the licensee or its viatical settlement contract or viatical settlement purchase agreements, products, or services, and if any specific viatical settlement contract or viatical settlement purchase agreement is advertised, the viatical settlement contract or viatical settlement purchase agreement shall be identified either by form number or some other appropriate description. If an application is part of the advertisement, the name of the viatical settlement provider shall be shown on the application.

J. An advertisement shall not use a trade name, group designation, name of the parent company of a viatical settlement licensee, name of a particular division of the viatical settlement licensee, service mark, slogan, symbol, or other device or reference without disclosing the name of the viatical settlement licensee, if the advertisement would have the capacity or tendency to mislead

or deceive as to the true identity of the viatical settlement licensee, or to create the impression that a company other than the viatical settlement licensee would have any responsibility for the financial obligation under a viatical settlement contract or viatical settlement purchase agreement.

K. An advertisement shall not use any combination of words, symbols, or physical materials that by their content, phraseology, shape, color, or other characteristics are so similar to a combination of words, symbols, or physical materials used by a government program or agency or otherwise appear to be of such a nature that they tend to mislead prospective viators or purchasers into believing that the solicitation is in some manner connected with a government program or agency.

L. An advertisement may state that a viatical settlement licensee is licensed in the state where the advertisement appears, provided it does not exaggerate that fact or suggest or imply that competing viatical settlement licensee may not be so licensed. The advertisement may ask the audience to consult the licensee's web site or contact the Department of Insurance to find out if the state requires licensing and, if so, whether the viatical settlement provider, viatical settlement broker, or viatical settlement investment agent is licensed.

M. An advertisement shall not create the impression that the viatical settlement provider, its financial condition or status, the payment of its claims, or the merits, desirability, or advisability of its viatical settlement contracts or viatical settlement purchase agreement forms are recommended or endorsed by any government entity.

N. The name of the actual licensee shall be stated in all of its advertisements. An advertisement shall not use a trade name, any group designation, name of any affiliate or controlling entity of the licensee, service mark, slogan, symbol, or other device in a manner that would have the capacity or tendency to mislead or deceive as to the true identity of the actual licensee or create the false impression that an affiliate or controlling entity would have any responsibility for the financial obligation of the licensee.

O. An advertisement shall not directly or indirectly create the impression that any division or agency of the state or of the United States government endorses, approves, or favors:

(1) Any viatical settlement licensee or its business practices or methods of operation;

(2) The merits, desirability, or advisability of any viatical settlement contract or viatical settlement purchase agreement;

(3) Any viatical settlement contract or viatical settlement purchase agreement;
or

(4) Any life insurance policy or life insurance company.

P. If the advertiser emphasizes the speed with which the viatication will occur, the advertising must disclose the average time frame from completed

application to the date of offer and from acceptance of the offer to receipt of the funds by the viator.

Q. If the advertising emphasizes the dollar amounts available to viators, the advertising shall disclose the average purchase price as a percent of face value obtained by viators contracting with the licensee during the past six months.

Renumbered from R.S. 22:196 by Acts 2008, No. 415, § 1, eff. Jan. 1, 2009. Acts 2003, No. 343, § 1.

§ 1801. Fraud prevention and control

A. Fraudulent viatical settlement acts, interference, and participation of convicted felons prohibited. (1) A person shall not commit a fraudulent viatical settlement act.

(2) A person shall not knowingly or intentionally interfere with the enforcement of the provisions of this Part or investigations of suspected or actual violations of this Part.

(3) A person in the business of viatical settlements shall not knowingly or intentionally permit any person convicted of a felony involving dishonesty or breach of trust to participate in the business of viatical settlements.

B. Fraud warning required. (1) Viatical settlements contracts and purchase agreement forms and applications for viatical settlements, regardless of the form of transmission, shall contain the following statement or a substantially similar statement:

"Any person who knowingly presents false information in an application for insurance or viatical settlement contract or a viatical settlement purchase agreement is guilty of a crime and may be subject to fines and confinement in prison."

(2) The lack of a statement as required in Paragraph (1) of this Subsection does not constitute a defense in any prosecution for a fraudulent viatical settlement act.

C. Mandatory reporting of fraudulent viatical settlement acts.

(1) Any person engaged in the business of viatical settlements having knowledge or a reasonable belief that a fraudulent viatical settlement act is being, will be, or has been committed shall provide to the commissioner, and where the policy is the subject of such suspected fraudulent viatical settlement act to the insurer that issued the policy, the information required by, and in a manner prescribed by, the commissioner.

(2) Any other person having knowledge or a reasonable belief that a fraudulent viatical settlement act is being, will be, or has been committed may provide to the commissioner the information required by, and in a manner prescribed by, the commissioner.

D. Immunity from liability. (1) No civil liability shall be imposed on and no

cause of action shall arise from a person's furnishing information concerning suspected, anticipated, or completed fraudulent viatical settlement acts or suspected or completed fraudulent insurance acts, if the information is provided to or received from:

(a) The commissioner or the commissioner's employees, agents, or representatives;

(b) Federal, state, or local law enforcement or regulatory officials or their employees, agents, or representatives;

(c) A person involved in the prevention and detection of fraudulent viatical settlement acts or that person's agents, employees, or representatives;

(d) The National Association of Insurance Commissioners (NAIC), the Financial Industry Regulatory Authority, the North American Securities Administrators Association (NASAA), or their employees, agents, or representatives, or other regulatory body overseeing life insurance, viatical settlements, securities, or investment fraud; or

(e) The life insurer that issued the life insurance policy covering the life of the insured.

(2) Paragraph (1) of this Subsection shall not apply to statements made with actual malice. In an action brought against a person for filing a report or furnishing other information concerning a fraudulent viatical settlement act or a fraudulent insurance act, the party bringing the action shall plead specifically any allegation that Paragraph (1) of this Subsection does not apply because the person filing the report or furnishing the information did so with actual malice.

(3) A person identified in Paragraph (1) of this Subsection shall be entitled to an award of attorney fees and costs if he or she is the prevailing party in a civil cause of action for libel, slander, or any other relevant tort arising out of activities in carrying out the provisions of this Act and the party bringing the action was not substantially justified in doing so. For purposes of this Section, a proceeding is "substantially justified" if it had a reasonable basis in law or fact at the time that it was initiated.

(4) This Section does not abrogate or modify common law or statutory privileges or immunities enjoyed by a person described in Paragraph (1) of this Subsection.

(5) Paragraph (1) of this Subsection does not apply to a person's furnishing information concerning his or its own suspected, anticipated, or completed fraudulent viatical settlement acts or suspected, anticipated, or completed fraudulent insurance acts.

E. Confidentiality. (1) The documents and evidence provided pursuant to Subsection D of this Section or obtained by the commissioner in an investigation of suspected or actual fraudulent viatical settlement acts shall be privileged and confidential and shall not be a public record and shall not be subject to discovery or subpoena in a civil or criminal action.

(2) Paragraph (1) of this Subsection does not prohibit release by the commissioner of documents and evidence obtained in an investigation of suspected or actual fraudulent viatical settlement acts:

(a) In administrative or judicial proceedings to enforce laws administered by the commissioner;

(b) To federal, state, or local law enforcement or regulatory agencies, to an organization established for the purpose of detecting and preventing fraudulent viatical settlement acts, or to the NAIC; or

(c) At the discretion of the commissioner, to a person in the business of viatical settlements that is aggrieved by a fraudulent viatical settlement act.

(3) Release of documents and evidence under Paragraph (2) of this Subsection does not abrogate or modify the privilege granted in Paragraph (1).

F. Other law enforcement or regulatory authority. This Part shall not:

(1) Preempt the authority or relieve the duty of other law enforcement or regulatory agencies to investigate, examine, and prosecute suspected violations of law;

(2) Prevent or prohibit a person from disclosing voluntarily information concerning viatical settlement fraud to a law enforcement or regulatory agency other than the insurance department; or

(3) Limit the powers granted elsewhere by the laws of this state to the commissioner or an insurance fraud unit to investigate and examine possible violations of law and to take appropriate action against wrongdoers.

G. Viatical settlement antifraud initiatives. Viatical settlement providers and viatical settlement brokers shall have in place antifraud initiatives reasonably calculated to detect, prosecute, and prevent fraudulent viatical settlement acts. At the discretion of the commissioner, the commissioner may order, or a licensee may request and the commissioner may grant, such modifications of the following required initiatives as necessary to ensure an effective antifraud program. The modifications may be more or less restrictive than the required initiatives so long as the modifications may reasonably be expected to accomplish the purpose of this Section. Antifraud initiatives shall include:

(1) Fraud investigators, who may be viatical settlement provider or viatical settlement broker employees or independent contractors; and

(2) An antifraud plan, which shall be submitted to the commissioner. The antifraud plan shall include but not be limited to:

(a) A description of the procedures for detecting and investigating possible fraudulent viatical settlement acts and procedures for resolving material inconsistencies between medical records and insurance applications;

(c) A description of the plan for antifraud education and training of underwriters and other personnel; and

(d) A description or chart outlining the organizational arrangement of the antifraud personnel who are responsible for the investigation and reporting of possible fraudulent viatical settlement acts and investigating unresolved material inconsistencies between medical records and insurance applications.

(3) Antifraud plans submitted to the commissioner shall be privileged and confidential and shall not be a public record and shall not be subject to discovery or subpoena in a civil or criminal action.

§ 1802. Injunctions; civil remedies; cease and desist

A. In addition to the penalties and other enforcement provisions of this Part, if any person violates this Part or any regulation implementing this Part, the commissioner may seek an injunction in a court of competent jurisdiction and may apply for temporary and permanent orders that the commissioner determines are necessary to restrain the person from committing the violation.

B. Any person damaged by the acts of a person in violation of this Part may bring a civil action against the person committing the violation in a court of competent jurisdiction.

C. A violation of this Part attendant to the execution of a viatical settlement purchase agreement renders the viatical settlement purchase agreement voidable and subject to rescission by the viatical settlement purchaser, upon return of the policy received to the viatical settlement provider. Suit for rescission may be brought in a court of competent jurisdiction or where the alleged violator resides or has a principal place of business or where the alleged violation occurred.

D. The commissioner may issue a cease and desist order upon a person that violates any provision of this Part, any regulation or order adopted by the commissioner, or any written agreement entered into with the commissioner.

E. When the commissioner finds that an activity in violation of this Part presents an immediate danger to the public that requires an immediate final order, the commissioner may issue an emergency cease and desist order reciting with particularity the facts underlying the findings. The emergency cease and desist order is effective immediately upon service of a copy of the order on the respondent and remains effective for ninety days. If the commissioner begins nonemergency cease and desist proceedings, the emergency cease and desist order remains effective, absent an order by a court of competent jurisdiction pursuant to Chapter 12 of this Title.

The commissioner shall have the authority to:

(1) Adopt regulations implementing this Part in accordance with the Administrative Procedure Act, R.S. 49:950 et seq.;

(2) Establish standards for evaluating reasonableness of payments under viatical settlement contracts for persons who are terminally or chronically ill. This authority includes but is not limited to regulation of discount rates used to determine the amount paid in exchange for assignment, transfer, sale, devise, or bequest of a benefit under a life insurance policy;

The designation shall constitute an agreement that such service of process has the same legal force and validity as personal service of process upon the person in the state.

(b) The service of process upon any such licensee in any action or proceeding in any court of competent jurisdiction may be made by a party serving the commissioner of insurance with appropriate copies thereof and the payment to him of the fee authorized by R.S. 22:821.

PART II. HEALTH AND ACCIDENT INSURANCE CLAIMS PAYMENTS

SUBPART A. HEALTH AND ACCIDENT INSURANCE CLAIMS PAYMENTS—GENERAL PROVISIONS

§ 1821. Payment of claims; health and accident policies; prospective review; penalties; self-insurers; telemedicine reimbursement by insurers; prohibitions

A. All claims arising under the terms of health and accident contracts issued in this state, except as provided in Subsection B of this Section, shall be paid not more than thirty days from the date upon which written notice and proof of claim, in the form required by the terms of the policy, are furnished to the insurer unless just and reasonable grounds, such as would put a reasonable and prudent businessman on his guard, exist. The insurer shall make payment at least every thirty days to the assured during that part of the period of his disability covered by the policy or contract of insurance during which the insured is entitled to such payments. Failure to comply with the provisions of this Section shall subject the insurer to a penalty payable to the insured of double the amount of the health and accident benefits due under

the terms of the policy or contract during the period of delay, together with attorney fees to be determined by the court. Any court of competent jurisdiction in the parish where the insured lives or has his domicile, excepting a justice of the peace court, shall have jurisdiction to try such cases.

B. All claims for accidental death arising under the terms of health and accident contracts where such contracts insure against accidental death shall be settled by the insurer within sixty days of receipt of due proof of death and should the insurer fail to do so without just cause, then the amount due shall bear interest at the rate of six percent per annum from date of receipt of due proof of death by the insurer until paid.

C. Any person, partnership, corporation or other organization, or the State of Louisiana which provides or contracts to provide health and accident benefit coverage as a self-insurer for his or its employees, stockholders, or any other persons, shall be subject to the provisions of this Section, including the provisions relating to penalties and attorney fees, without regard to whether the person or organization is a commercial insurer; however, this Section shall not apply to collectively bargained union welfare plans other than health and accident plans.

D. (1) In any event where the contract between an insurer or self-insurer and the insured is issued or delivered in this state and contains a provision that in non-emergency cases the insured is required to be prospectively evaluated through a pre-hospital admission certification, pre-inpatient service eligibility program, or any similar pre-utilization review or screening procedure prior to the delivery of contemplated hospitalization, inpatient or outpatient health care, or medical services which are prescribed or ordered by a duly licensed health care provider who possesses admitting and clinical staff privileges at an acute care health care facility or ambulatory surgical care facility, the insurer, self-insurer, third-party administrator, or independent contractor shall be held liable in damages to the insured only for damages incurred or resulting from unreasonable delay, reduction, or denial of the proposed medically necessary services or care according to the information received from the health care provider at the time of the request for a prospective evaluation or review by the duly licensed health care provider, as provided in the contract; such damages shall be limited solely to the physical injuries which are the direct and proximate cause of the unreasonable delay, reduction, or denial as further defined in this Subsection together with reasonable attorney fees and court costs.

(2)(a) Any insurer, health maintenance organization, preferred provider organization, or other managed care organization requirement that the insured be prospectively evaluated through a pre-hospital admission certification, pre-inpatient service eligibility program, or any similar pre-utilization review or screening procedure shall be inapplicable to an emergency medical condition.

(b) Every insurer, health maintenance organization, preferred provider organization, or other managed care organization which includes emergency medical services as part of its policy or contract, shall provide coverage and shall subsequently pay providers for emergency medical services provided to an insured, enrollee, or patient who presents himself with an emergency medical

condition. This Subparagraph shall not be construed to require coverage for illnesses, conditions, diseases, equipment, supplies, or procedures or treatments which are not otherwise covered under the terms of the insured's policy or contract. The provisions of this Subparagraph shall not apply to hospital indemnity, disability, or renewable limited benefit supplemental health insurance policies authorized to be issued in this state.

(c) An insurer, health maintenance organization, preferred provider organization, or other managed care organization shall not retrospectively deny or reduce payments to providers for emergency medical services of an insured, enrollee, or patient even if it is determined that the emergency medical condition, initially presented is later identified through screening not to be an actual emergency, except in the following cases:

(i) Material misrepresentation, fraud, omission, or clerical error.

(ii) Any payment reductions due to applicable co-payments, co-insurance, or deductibles which may be the responsibility of the insured.

(iii) Cases in which the insured does not meet the emergency medical condition definition, unless the insured has been referred to the emergency department by the insured's primary care physician or other agent acting on behalf of the insurer.

(d) Every insurer, health maintenance organization, preferred provider organization, or other managed care organization shall inform its insureds, enrollees, patients, and affiliated providers about all applicable policies related to emergency care access, coverage, payment, and grievance procedures.

It is the ultimate responsibility of the insurer, health maintenance organization, or preferred provider organization to inform any contracted third party administrator, independent contractor, or primary care provider about the emergency care provisions contained in this Paragraph.

(e) Failure to comply with the provisions of Subparagraphs (a), (b), and (c) of this Paragraph shall subject the insurer, health maintenance organization, preferred provider organization, or other managed care organization to penalties as provided for in Subsection A of this Section and to penalties for violations as provided in R.S. 22:1969.

A managed care plan also customarily has a formal organizational structure for continual quality assurance, a certified utilization review program, dispute resolution, and financial incentives for individual enrollees to use the plan's participating providers and procedures.

(3)(a) For the purposes of this Subsection, a period of two working days from the time of the duly licensed health care provider's request to the insurer, self-insurer, third party administrator, or independent contractor for a pre-hospital admission or pre-inpatient service eligibility certification or any similar pre-utilization review or screening procedure confirmation until the receipt by the duly licensed health care provider of such insurer's, self-insurer's, third party administrator's, or independent contractor's certification, approval, or denial of the contemplated hospitalization, inpatient or outpatient health care, or medical services, shall not be considered unreasonable.

(b) For the purposes of this Subsection, a period in excess of two working days from the time of the duly licensed health care provider's request to the insurer, self-insurer, third party administrator, or independent contractor for a pre-hospital admission or pre-inpatient service eligibility certification or any similar pre-utilization review or screening procedure confirmation until the receipt by the duly licensed health care provider of such insurer's, self-insurer's, third party administrator's, or independent contractor's certification, approval, or denial of the contemplated hospitalization, inpatient or outpatient health care, or medical services may be considered unreasonable depending on the circumstances of each individual case.

(c) For the purposes of this Subsection, the term "unreasonable reduction" shall mean the decreasing or limiting of either of the following:

(i) Previously certified or approved health care or medical services as contracted for between the insurer and insured.

(ii) Continued hospitalization and medical services without providing a procedure or method for certifying an extension of hospitalization and medical services by the insurer's or self-insurer's review or screening procedure in the event of continued hospitalization or medical attention, or both, as deemed medically necessary according to current established medical criteria.

(d) For the purposes of this Subsection, an "unreasonable denial" shall mean the failure to do any of the following:

(i) Review a request from a duly licensed health care provider by the insurer's or self-insurer's review or screening procedure.

(ii) Review a request from the insured within the time period as provided for in the contract between the insurer or self-insurer and the insured, which time period shall not exceed two work days as provided for in Subparagraph (a) of this Paragraph.

(iii) Deliver the contracted for health care or medical services previously certified or approved by the insurer's or self-insurer's review or screening procedure for medically necessary treatment or care as mandated by and provided for in the contract between the insurer or self-insurer and the insured.

(iv) Review a request from a duly licensed health care provider by the insurer's or self-insurer's review or screening procedure for an extension of the original certified or approved duration of health care or medical services.

(v) Extend the original certified or approved duration of hospitalization, health care or medical services requested by a duly licensed health care provider by the insurer's or self-insurer's review or screening procedure when treatment or care is deemed medically necessary according to current established medical criteria.

(e) For the purposes of this Subsection, "medically necessary treatment or care" shall mean contemplated hospitalization, inpatient or outpatient health care, or medical services recommended for appropriate treatment or care in accordance with nationally accepted current medical criteria.

(4) Any court of competent jurisdiction in the parish where the insured lives or has his domicile, excepting a justice of the peace court, has jurisdiction of cases arising under the provisions of Paragraph (1) of this Subsection.

E. No action for the recovery of penalties or attorney fees provided in this Section shall be brought after the expiration of one year after the date proofs of loss are required to be filed.

F. (1) Notwithstanding any provision of any policy or contract of insurance or health benefits issued, whenever such policy provides for payment, benefit, or reimbursement for any health care service, including but not limited to diagnostic testing, treatment, referral, or consultation, and such health care service is performed via transmitted electronic imaging or telemedicine, such a payment, benefit, or reimbursement under such policy or contract shall not be denied to a licensed physician conducting or participating in the transmission at the originating health care facility or terminus who is physically present

with the individual who is the subject of such electronic imaging transmission and is contemporaneously communicating and interacting with a licensed physician at the receiving terminus of the transmission. The payment, benefit, or reimbursement to such a licensed physician at the originating facility or terminus shall not be less than seventy-five percent of the reasonable and customary amount of payment, benefit, or reimbursement which that licensed physician receives for an intermediate office visit.

(2) Any health care service proposed to be performed or performed via transmitted electronic imaging or telemedicine under this Subsection shall be subject to the applicable utilization review criteria and requirements of the insurer. Terminology in a health and accident insurance policy or contract that either discriminates against or prohibits such a method of transmitted electronic imaging or telemedicine shall be void as against public policy of providing the highest quality health care to the citizens of the state.

(3) The provisions of this Subsection shall not apply to limited benefit health insurance policies or contracts authorized to be issued in the state.

G. (1) Notwithstanding any provision of law to the contrary, an insurer, managed care company, or other payor shall not set a maximum dollar amount of reimbursement for noninvasive ventilators or ventilation treatments properly ordered and being used in an appropriate care setting.

(2)(a) The Centers for Medicare and Medicaid Services (CMS) classify ventilators as equipment requiring frequent and substantial servicing to avoid risk to patient health. The durable medical equipment (DME) supplier shall be required to provide the patient regular and comprehensive service and preventative maintenance by a certified or registered respiratory therapist. This service shall include but is not limited to masks, tubing, tracheotomy supplies, filters, and other supporting supplies and equipment. Reimbursement shall be at a rate negotiated with the payors to insure that a sustained level of service can be provided to the patient.

(b) Notwithstanding any provision of law to the contrary, an insurer, managed care company, subcontractor, third-party administrator or other payor shall reimburse DME suppliers for home use noninvasive and invasive ventilators on a continuous monthly payment basis for the duration of medical need throughout a patient's valid prescription period.

Unless the recoupment of a health insurance claim payment directly affects the payment responsibility of the insured, such recoupment shall not result in any increased liability of an insured.

F. (1) A health insurance issuer shall not retroactively deny, adjust, or seek recoupment or refund of a paid claim for healthcare expenses submitted by a healthcare provider for healthcare services rendered in good faith and pursuant to the benefit plan for any reason after the expiration of eighteen months from the date the initial claim was paid.

A. As used in this Section, "entity" means a managed care company, insurance company, third-party payor, or the representative of the managed care company including a pharmacy benefit manager, insurance company, or third-party payor.

B. Notwithstanding any other provision of law to the contrary, when an audit of the records of a pharmacy is conducted by an entity, the audit shall be conducted in accordance with the following criteria:

(1) The audit may not take place during the first five days of the month.

(2)(a) No entity shall conduct an audit at a particular pharmacy more than one time annually. However, the provisions of this Paragraph shall not apply when an entity must return to a pharmacy to complete an audit already in progress, or there is an identified history of errors, an identified activity which a reasonable man would believe to be inappropriate, or illegal activity that the entity has brought to the attention of the pharmacy owner or corporate headquarters of the pharmacy.

(b) Nothing in this Paragraph shall prohibit review of a claim filed by a pharmacy to determine if the claim is payable or is paid correctly. Such review may require the submission of prescription copies and other documentation related to the specific claims under review but shall not require the pharmacy to provide any additional information not related to those specific claims.

(3)(a) The entity or any vendor or subcontractor of the entity which conducts the initial audit shall give the pharmacy notice at least two weeks before conducting the initial audit for each audit cycle.

(b) If the audit, review, or investigation is initiated based on or involves alleged fraud or willful misrepresentation, notice before the initial audit is not mandatory where it could impede the audit, review, or investigation.

(4)(a)(i) Any clerical or record-keeping error, such as a typographical error, scrivener's error, or computer error, regarding a required document or record shall not necessarily constitute fraud.

(ii) A claim arising pursuant to the provisions of this Section may be subject to recoupment.

(b) No claim arising pursuant to the provisions of this Section shall be subject to criminal penalties without proof of intent to commit fraud.

(5) A pharmacy may provide the records of a hospital, physician, or other authorized practitioner of the healing arts for drugs or medicinal supplies written or transmitted by any means of communication for purposes of supporting the pharmacy record with respect to orders or refills of a legend or narcotic drug.

(6) Each pharmacy shall be audited under the same standards and parameters as other similarly situated pharmacies audited by the entity.

(7)(a) The preliminary audit report shall be delivered to the pharmacy within ninety days after conclusion of the audit.

(b) A pharmacy shall be allowed at least thirty days following receipt of the preliminary audit report in which to initiate an appeal to address any discrepancy found during an audit, as provided in Subsection E of this Section.

(c) A final audit report shall be delivered to the pharmacy within one hundred twenty days after receipt of the preliminary audit report or notice of appeal, whichever is later.

(d) Each entity conducting an audit shall make available a copy of the final audit report to the plan sponsor upon request or as otherwise required by contractual agreement.

(8) Any audit which involves clinical judgment shall be conducted by or in consultation with a pharmacist licensed in Louisiana.

(9) Interest on recoupment debts shall not accrue during the audit or appeal period.

(10) If the audit is conducted by a vendor or subcontractor of an entity, the vendor or subcontractor shall identify to the pharmacy the entity on whose behalf the audit is being conducted without necessity of this information being requested by the pharmacy.

(11) The audit shall be based only on information obtained by the entity conducting the audit and not based on any audit report or other information gained from an audit conducted by a different auditing entity. Nothing in this Paragraph shall prohibit an auditing entity from using an earlier audit report prepared by that auditing entity for the same pharmacy. Except as required by state or federal law, an entity conducting an audit may have access to a pharmacy's previous audit report only if the previous report was prepared by that entity.

C. (1) Recoupment of any disputed funds, or repayment of funds to the entity by the pharmacy if permitted pursuant to contractual agreement, shall occur after final disposition of the audit, including the appeals process. Recoupment shall not be based on documentation requirements in addition to or exceeding

requirements for creating or maintaining documentation prescribed by the Louisiana Board of Pharmacy; or on a requirement that a pharmacy or pharmacist perform a professional duty in addition to or exceeding professional duties prescribed by the Louisiana Board of Pharmacy.

(2) The provisions of this Section shall not apply in cases of United States Food and Drug Administration regulation or manufacturer safety programs.

(3)(a) The full amount of any recoupment on an audit shall be refunded to the responsible party.

(b) Except as provided in this Subsection, a charge or assessment for an audit shall not be based, directly or indirectly, on amounts recouped.

(c) Nothing in this Subsection shall be construed to prevent the entity conducting the audit from charging or assessing the responsible party, directly or indirectly, based on amounts recouped if both of the following conditions are met:

(i) The responsible party and the entity have a contract that explicitly states the percentage charge or assessment to the responsible party.

(ii) A commission or other payment to an agent or employee of the entity conducting the audit is not based, directly or indirectly, on amounts recouped.

(4) Before recoupment of funds may be made based on an audit finding overpayment or underpayment, a final audit report shall be distributed.

D. (1) No pharmacy shall be subject to recoupment of any portion of the reimbursement for the dispensed product of a prescription unless one or more of the following has occurred at the point of adjudication:

(a) The pharmacy has engaged in fraudulent activity or other intentional and willful misrepresentation, as evidenced by a review of claims data or statements, physical review, or any other investigative method.

(b) The pharmacy has engaged in dispensing in excess of the benefit design, as established by the plan sponsor.

(c) The pharmacy has not filled prescriptions in accordance with the prescriber's order.

(d) The pharmacy has received an actual overpayment.

(2) Recoupment of claims shall be based on the actual financial harm to the entity, or on the actual overpayment or underpayment, at the point of adjudication. A finding of an overpayment that is the result of dispensing in excess of the benefit design, as established by the plan sponsor, shall be calculated as the difference between what was dispensed in accordance with the prescriber's orders and the dispensing requirements as set forth by the benefit design. Calculations of overpayments shall not include dispensing fees unless one or more of the following conditions has been satisfied:

(a) A prescription was not actually dispensed.

- (b) The prescriber denied authorization.
- (c) The prescription dispensed was a medication error by the pharmacy.
- (d) The identified overpayment is based solely on an extra dispensing fee.
- (e) The pharmacy was noncompliant with program guidelines.
- (f) There was insufficient documentation.

(3) If any entity determines that the processed or adjudicated claim of a pharmacy qualifies for recoupment based upon the use of manufacturer coupon or copay card, such recoupment shall come from the beneficiary of the reduction if the product is approved by the United States Food and Drug Administration through the new drug application process or abbreviated new drug application, or is an investigational drug which is a biological product as defined in R.S. 40:1169.3.

E. (1) Each entity conducting an audit shall establish an appeal process under which a pharmacy may appeal an unfavorable preliminary audit report to the entity.

(2) If, following an appeal, the entity finds that an unfavorable audit report or any portion of an unfavorable audit report is unsubstantiated, the entity shall dismiss the audit report or the unsubstantiated portion of the audit report without any further proceedings.

(3) No interest shall be charged to the entity during the appeal period.

(4) Following the final audit report, and if not otherwise provided for in the provider contract, either party may seek mediation to address outstanding disagreements.

(5) Notwithstanding any other provision of law to the contrary, the agency conducting the audit shall not use the accounting practice of extrapolation in calculating recoupment or penalties for audits, unless otherwise agreed to by the pharmacy or mandated by a government agency or in the case of fraud.

F. Unless otherwise provided for in the network agreement, pharmacies or payors may seek mediation to resolve contractual disputes related to pricing or audits.

G. This Section shall not apply to:

(1) Any quality assurance review, as defined by the time period prior to the reimbursement by the entity to the pharmacy.

(a) That another plan exists and the covered person did not enroll in the plan.

(b) That a person is or could have been covered under another plan, except with respect to Part B of Medicare.

(c) That a person has elected an option under another plan providing a lower level of benefits than another option that could have been elected.

B. Prior to any recoupment unrelated to a claim for payment of prescription drugs, other products and supplies, and pharmacist services provided by a pharmacy or pharmacist or any other amount owed by a health insurance issuer to a pharmacy or pharmacist, the health insurance issuer shall provide the pharmacy or pharmacist written notification that includes the name of the patient, the date or dates of provision of prescription drugs, other products and supplies, and pharmacist services, and an explanation of the reason for recoupment. D. (1) If a pharmacy or pharmacist disputes a health insurance issuer's written notification of recoupment and a contract exists between the pharmacy or pharmacist and the health insurance issuer, the dispute shall be resolved according to the general dispute resolution provisions in the contract.

(2) If a pharmacy or pharmacist disputes a health insurance issuer's written notification of recoupment and no contract exists between the pharmacy or pharmacist and the health insurance issuer, the dispute shall be resolved as any other dispute under Civil Code Article 2299 et seq.

E. Unless the recoupment of a health insurance claim payment directly affects the payment responsibility of the insured, such recoupment shall not result in any increased liability of an insured.

(3) The commissioner may request additional information necessary to investigate a complaint from any party.

(4) If the complaint investigation determines that the pharmacy benefit manager's final decision was not in compliance with the provisions of this Section, the appealing pharmacy shall be reimbursed the higher of the pharmacy's actual acquisition cost of the drug or the maximum allowable cost price.

(5) Information specifically designated as proprietary by the pharmacy benefit manager shall be given confidential treatment pursuant to R.S. 22:1656. The commissioner shall determine the appropriateness and validity of the designation.

G. A. Provider notice requirements shall be as follows:

(1)(a) Any activity statement received by an enrollee or insured from a contracted health care provider shall clearly delineate the amount billed to the health insurance issuer for covered health care services and shall contain the following language conspicuously displayed on the front of such activity statement in at least twelve-point boldface capital letters:

"NOTICE:

THIS IS NOT A BILL. DO NOT PAY. IF IT IS DETERMINED THAT THIS SERVICE OR A PORTION OF THESE SERVICES IS NOT PAYABLE BY YOUR HEALTH PLAN, YOU WILL BE RESPONSIBLE."

(b) A provider may revise or update any activity statement to the enrollee or insured based on the status of the health insurance issuer's liability.

(2) Any bill received by an enrollee or insured from a contracted health care provider shall clearly delineate the amount that is owed by the enrollee or insured, based on the contracted reimbursement rate, and shall contain the following language conspicuously displayed on the front of such bill in at least twelve-point boldface capital letters:

THIS IS A BILL. BASED UPON INFORMATION FROM YOUR HEALTH PLAN, YOU OWE THE AMOUNT SHOWN."

(3) Any consolidated activity statement and bill received by an enrollee or insured from a contracted health care provider shall clearly delineate the amount owed by the enrollee or insured and the amount billed to the health insurance issuer. A consolidated activity statement and bill shall comply with Paragraph (2) of this Subsection.

(4) In the event that any overstatement in the amount owed by the enrollee or insured in any bill or in any consolidated activity statement and bill is based on information received from a health insurance issuer, the contracted health care provider shall not be in violation of this Subpart.

(5) Any written or electronic notice, publication, or document issued by or on

behalf of a health care facility that identifies any health insurance issuer or network of providers with which the health care facility is a contracted health care provider shall state that facility-based physicians providing health care services at the facility may not be contracted health care providers. The facility shall make specific information on contracted or noncontracted physicians available on request from an enrollee or insured.

B. Health insurance issuer notice requirements shall be as follows:

(1) Each health insurance identification card issued by a health insurance issuer shall contain sufficient information to clearly identify the health insurance issuer.

(2) Each policy, certificate of insurance, and health insurance identification card issued by a health insurance issuer shall contain or be accompanied by the following notice to enrollees or insureds:

"NOTICE:

YOUR SHARE OF THE PAYMENT FOR HEALTH CARE SERVICES MAY BE BASED ON THE AGREEMENT BETWEEN YOUR HEALTH PLAN AND YOUR PROVIDER. UNDER CERTAIN CIRCUMSTANCES, THIS AGREEMENT MAY ALLOW YOUR PROVIDER TO BILL YOU FOR AMOUNTS UP TO THE PROVIDER'S REGULAR BILLED CHARGES."

(3) Any written or electronic notice, publication, or document issued by or on behalf of a health insurance issuer or through a network of providers to an enrollee or insured that identifies contracted health care providers shall state that facility-based physicians may not be contracted health care providers. The health insurance issuer shall make specific information on contracted and noncontracted facility-based physicians available on request from an enrollee or insured.

(4) A health insurance issuer shall maintain and update a list of contracted healthcare providers in accordance with the Network Provider Directory Accessibility and Accuracy Act, R.S. 22:1020.1 et seq., and shall make the current version available to enrollees or insureds on request.

The health insurance issuer shall determine the responsibility of the enrollee or insured based on the contracted reimbursement rate.

(6) To the extent that a health insurance issuer determines that additional information is needed for payment, the health insurance issuer shall notify the health care provider and the enrollee or insured in writing regarding the information needed and identify the party responsible for furnishing such information. In the event that the enrollee or insured is the party responsible for providing such additional information and the enrollee or insured does not provide the requested information to the health insurance issuer within forty-five days from the date of such notification, the health care provider may bill the enrollee or insured for services at the contracted

reimbursement rate when a contract exists.

C. If the patient approves in advance and in writing the charges for which the patient will be responsible, nothing in this Section shall be construed to prevent a dental or vision patient from choosing any type, form, or quality of procedure that is a noncovered health care service.

§ 1874. Billing by contracted healthcare providers

A. (1) A contracted health care provider shall be prohibited from discount billing, dual billing, attempting to collect from, or collecting from an enrollee or insured a health insurance issuer liability or any amount in excess of the contracted reimbursement rate for covered health care services.

(2) No contracted health care provider shall bill, attempt to collect from, or collect from an enrollee or insured any amounts other than those representing coinsurance, copayments, deductibles, noncovered or noncontracted health care services, or other amounts identified by the health insurance issuer on an explanation of benefits as an amount for which the enrollee or insured is liable.

(3) However, in the event that any billing, attempt to collect from, or the collection from an enrollee or insured of any amount other than those representing copayment, deductible, coinsurance, payment for noncovered or noncontracted health care services, or other amounts identified by the health insurance issuer as the liability of the enrollee or insured is based on information received from a health insurance issuer, the contracted health care provider shall not be in violation of this Subpart.

(4) A health insurance issuer contracting with a network of providers is obligated to pay to a contracted health care provider the contracted reimbursement rate of the network identified on the member identification card of the enrollee or insured, pursuant to R.S. 40:2203.1, and established by the contract between the network of providers and the contracted health care provider. The payor must comply with all provisions of the specific network contract. To the extent that a health insurance issuer does not pay to the health care provider an amount equal to the health insurance issuer liability, the contracted health care provider may collect the difference between the amount paid by the health insurance issuer and the health insurance issuer liability from the enrollee or insured. Any such collection efforts shall not constitute a violation of this Subpart.

(5)(a) Under certain circumstances and when the provisions of Subparagraph (b) of this Paragraph are met, a health insurance issuer contracting with a group of healthcare providers that bills a health insurance issuer utilizing a group identification number, such as the group federal tax identification number or the group National Provider Identifier as set forth in 45 CFR 162.402 et seq., shall pay the contracted reimbursement rate of the provider group for covered healthcare services rendered by a new provider to the group, without healthcare

provider credentialing as described in R.S. 22:1009. In addition, the health insurance issuer shall consider the new provider to be an in-network or participating provider for the purposes of any utilization management or prior authorization processes required by the health insurance issuer for that provider group. This provision shall apply in either of the following circumstances:

(i) When the new provider has already been credentialed by the health insurance issuer and the provider's credentialing is still active with the issuer.

(ii) When the health insurance issuer has received the required credentialing application, including proof of membership on a hospital medical staff, from the new provider and the issuer has not notified the provider group that credentialing of the new provider has been denied.

(iii) If the new provider is an advanced practice registered nurse or a physician assistant licensed in Louisiana, proof of membership on a hospital medical staff shall not be required if the provider provides a written attestation identifying the collaborating or supervising physician, if a physician relationship is required by law.

(b) A health insurance issuer shall comply with the provisions of Subparagraph (a) of this Paragraph no later than thirty days after receipt of a written request from the provider group. The written request shall include a statement that the provider group agrees that all contract provisions, including the provision holding covered persons harmless for charges beyond reimbursement by the issuer and deductible, coinsurance and copayments, apply to the new provider. Such compliance shall apply to any claims for covered services rendered by the new provider to covered persons on dates of service no earlier than the date of the written request from the provider group.

(c) Compliance by a health insurance issuer with the provisions of Subparagraph (a) of this Paragraph shall not be construed to mean that a provider has been credentialed by an issuer or that the issuer is required to list the provider in a directory of contracted healthcare providers.

(d) If, upon compliance with Subparagraph (a) of this Paragraph, a health insurance issuer completes the credentialing process on the new provider and determines that the provider does not meet the issuer's credentialing requirements, the following actions shall be permitted:

(i) The health insurance issuer may recover from the provider or the provider group an amount equal to the difference between appropriate payments for in-network benefits and out-of-network benefits if the health insurance issuer has notified the applicant provider of the adverse determination and has initiated action regarding the recovery within thirty days of the adverse determination.

(ii) The provider or the provider group may retain any deductible, coinsurance, or copayment collected or in the process of being collected as of the date of receipt of the issuer's determination, so long as the amount is not in excess of the amount owed by the insured or enrollee for out-of-network services.

B. No contracted health care provider may maintain any action at law against an

enrollee or insured for a health insurance issuer liability or for payment of any amount in excess of the contracted reimbursement rate for such services. In the event of such an action, the prevailing party shall be entitled to recover all costs incurred, including reasonable attorney fees and court costs.

However, nothing in this Subsection shall be construed to prohibit a contracted health care provider from maintaining any action at law against an enrollee or insured after a health insurance issuer determines that the health insurance issuer is not liable for the health care services rendered.

§ 1875. Billing by noncontracted facility-based physicians providing services in a base health care facility

If a facility-based physician who is a noncontracted health care provider provides health care services in a base health care facility to an enrollee or insured and files a claim with a health insurance issuer for such facility-based services, the health insurance issuer shall provide the facility-based physician with an explanation of benefits as to any payment determination thereof. § 1876. Correction of credit records

Any contracted health care provider who files, refers, or sends a report to a credit reporting agency for nonpayment by an enrollee or insured of any amount that he is prohibited by R.S. 22:1874(A) from billing or collecting shall assist in correcting the credit record of the enrollee or insured by providing a letter to the credit reporting agency and to the enrollee or insured. Such letter shall state that such amount is not due from the enrollee or insured to the contracted health care provider. If such letter is not sent within ten days of receipt of written notice from the enrollee or insured, the health insurance issuer, or the commissioner, the contracted health care provider shall be liable for all reasonable costs, including reasonable attorney fees and court costs, incurred by the enrollee or insured with correcting such erroneous credit record.

(2) The enrollee or insured, or health insurance issuer acting on behalf of the enrollee or insured, shall provide to the attorney general a copy of the original bill or consolidated activity statement and bill issued pursuant to R.S. 22:1873 and such additional information that may be requested by the attorney general, documenting an attempt by a contracted health care provider to collect or the collection of any amount from the enrollee or insured that is the liability of the health insurance issuer or that is in excess of the contracted reimbursement rate. In the event it is determined that billing activity was based on information received from the health insurance issuer, the contracted health care provider shall not be in violation, and the attorney general shall refer the violation to the commissioner.

(3) If the attorney general concludes, based on the information submitted, that a contracted health care provider has attempted to collect, or collected, any amount from the enrollee or insured that is the liability of the health insurance issuer or that is in excess of the contracted reimbursement rate, the attorney general may pursue remedies as provided for in R.S. 51:1401 et seq., beginning with a notice of unfair trade practices.

(4) Any contracted health care provider who has demanded or received payment from an enrollee or insured for any amount which he is prohibited from billing or collecting by R.S. 22:1874(A) shall correct his billing and refund any such amount paid within forty-five days of service of the notice of unfair trade practices.

(5) The notice of unfair trade practices shall be satisfied by the attorney general within thirty days of receipt of information from the contracted health care provider that shows that any such billing or collection efforts were not in violation of R.S. 22:1874(A).

(6) In the event that a contracted health care provider fails to comply with a notice of unfair trade practices, the attorney general may proceed in accordance with the Unfair Trade Practices and Consumer Protection Law, R.S. 51:1401 et seq.

B. (1) Any enrollee or insured or contracted health care provider or noncontracted facility-based physicians providing services in a base health care facility who identifies that a health insurance issuer is in violation of R.S. 22:1871 through 1876 shall be entitled to request a cease and desist order from the commissioner of insurance as provided in this Subsection.

(2) The enrollee, insured, contracted health care provider, or noncontracted facility-based physicians providing services in a base health care facility shall provide to the commissioner documentation of such violation.

(3) If the commissioner concludes, based on the information submitted, that a health insurance issuer has violated this Section, the commissioner shall, within sixty days of receipt of such information, issue to such health insurance issuer a written order directing the health insurance issuer to cease and desist such violation.

(4) Any health insurance issuer shall correct such violation within forty-five days of service of the cease and desist order issued by the commissioner.

(5) The cease and desist order shall be rescinded by the commissioner within ten days of receipt of information from the health insurance issuer that it was not in violation.

(6) In the event that a health insurance issuer fails to comply with the cease and desist order issued by the commissioner, the commissioner may subsequently subject the health insurance issuer to a fine of fifty percent of any amount in violation of R.S. 22:1875 up to a maximum fine of one thousand dollars per claim, or for such violations not related to a reimbursement amount, a fine of one thousand dollars per violation.

C. The commissioner shall not be authorized to issue a cease and desist order or to levy a fine against the Office of Group Benefits. If the commissioner concludes, based on the information submitted, that the Office of Group Benefits has violated this Section, the commissioner shall, within sixty days of receipt of such information, notify the commissioner of administration in writing.

(2) "Enrollee or insured liability" means the financial liability of an enrollee or insured for covered, non-covered, and out-of-network health care services pursuant to the plan or policy provisions between the enrollee or insured and the health insurance issuer.

(a) In the case of a contracted health care provider, "enrollee or insured liability" is the amount due for coinsurance, co-payments, deductibles, non-covered services, or any other amounts identified by the health insurance issuer on an explanation of benefits as an amount for which the enrollee or insured is liable for the covered or non-covered service.

(b) In the case of a non-contracted health care provider, "enrollee or insured

liability" is the amount as determined pursuant to the plan or policy provisions between the enrollee or insured and the health insurance issuer for covered and non-covered, out-of-network health care services, including but not limited to the enrollee's or insured's contractual deductible, coinsurance, or co-payment amount.

B. (1) Health insurance issuer disclosure requirements. Each health insurance issuer shall provide the following balance billing disclosure notice:

YOU MAY BE RESPONSIBLE FOR PAYMENT OF ALL OR PART OF THE FEES FOR THOSE OUT-OF-NETWORK SERVICES, IN ADDITION TO APPLICABLE AMOUNTS DUE FOR CO-PAYMENTS, COINSURANCE, DEDUCTIBLES, AND NON-COVERED SERVICES.

SPECIFIC INFORMATION ABOUT IN-NETWORK AND OUT-OF-NETWORK FACILITY-BASED PHYSICIANS CAN BE FOUND AT THE WEBSITE ADDRESS OF YOUR HEALTH PLAN OR BY CALLING THE CUSTOMER SERVICE TELEPHONE NUMBER OF YOUR HEALTH PLAN".

(2) The balance billing disclosure notice shall be disclosed in all of the following methods:

(b) To the policyholder and enrollees, at the time the insurance policy or other proof of coverage is issued, as follows:

of the patient. The written notice shall be signed by the patient and disclose both of the following items:

(a) Confirmation as to whether the facility is a participating provider contracted with the enrollee's or insured's health insurance issuer on the date services are to be rendered, based on the information received from the enrollee or insured at the time the confirmation is provided.

(b) The following balance billing disclosure notice in minimum 12 point typeface:

"NOTICE

Professional services rendered by independent healthcare professionals are not part of the hospital bill. These services will be billed to the patient separately. Please understand that physicians or other healthcare professionals may be called upon to provide care or services to you or on your behalf, but you may not actually see, or be examined by, all physicians or healthcare professionals participating in your care; for example, you may not see physicians providing radiology, pathology, and EKG interpretation. In many instances, there will be a separate charge for professional services rendered by physicians to you or on your behalf, and you will receive a bill for these professional services that is separate from the bill for hospital services. These independent healthcare professionals may not participate in your health plan and you may be responsible for payment of all or part of the fees for the services provided by these physicians who have provided out-of-network services, in addition to applicable amounts due for copayments, coinsurance, deductibles, and non-covered services.

We encourage you to contact your health plan to determine whether the independent healthcare professionals are participating with your health plan. In order to obtain the most accurate and up-to-date information about in-network and out-of-network independent healthcare professionals, please contact the customer service number of your health plan or visit its website. Your health plan is the primary source of information on its provider network and benefits. To help you determine whether the independent healthcare professionals who provide services at this facility are participating with your health plan, this healthcare facility has provided you with a complete list of the names and contact information for each individual or group."

(2) Provide a list to the enrollee or insured that contains the name and contact information for each individual or group of hospital-contracted anesthesiologists, pathologists, radiologists, hospitalists, intensivists, and neonatologists who provide services at that facility and inform the enrollee or insured that the enrollee or insured may request information from their health insurance issuer as to whether those physicians are contracted with the health insurance issuer and under what circumstances the enrollee or insured may be responsible for payment of any amounts not paid by the health insurance issuer.

(3) If the facility operates a website that includes a listing of physicians who have been granted medical staff privileges to provide medical services at the facility, post on the facility's website a list that contains the name and contact information for each facility-based physician or facility-based physician group that has been granted medical staff privileges to provide

medical services at the facility, and an update of the list within thirty days of any changes.

After a period of nine months from the date of the accident from which medical claims arise, the health insurance issuer may seek reimbursement from the medical payments insurer for only the outstanding balance remaining under the automobile policy for medical coverage.

B. The provisions of this Section shall not prohibit or impair the rights of an insurer or provider from seeking reimbursement of monies paid pursuant to an insurance policy, plan, or self-insurance fund provided the total amount to be reimbursed shall not exceed the amount actually paid by the insurer or provider.

§ 1891. Automobile liability coverage, medical payments

A policy of automobile liability insurance which provides for medical payments coverage shall not limit the time period during which the insured is entitled to payment or reimbursement for medical expenses incurred as a result of injuries caused by a covered accident when the injuries are diagnosed within one year of the accident and are reported to the insurer within three years of the accident.

Added by Acts 1991, No. 807, § 1.

§ 1892. Payment and adjustment of claims, policies other than life and health and accident; vehicle damage claims; extension of time to respond to claims during emergency or disaster; penalties; arson-related claims suspension

A. (1) All insurers issuing any type of contract, other than those specified in R.S. 22:1811, 1821, and Chapter 10 of Title 23 of the Louisiana Revised Statutes of 1950, shall pay the amount of any claim due any insured within thirty days after receipt of satisfactory proofs of loss from the insured or any party in interest. The insurer shall notify the insurance producer of record of all such payments for property damage claims made in accordance with this Paragraph.

(2) All insurers issuing any type of contract, other than those specified in R.S. 22:1811, R.S. 22:1821, and Chapter 10 of Title 23 of the Louisiana Revised Statutes of 1950, shall pay the amount of any third party property damage claim and of any reasonable medical expenses claim due any bona fide third party claimant within thirty days after written agreement of settlement of the claim from any third party claimant.

(3) Except in the case of catastrophic loss, the insurer shall initiate loss adjustment of a property damage claim and of a claim for reasonable medical

expenses within fourteen days after notification of loss by the claimant. In the case of catastrophic loss, the insurer shall initiate loss adjustment of a property damage claim within thirty days after notification of loss by the claimant except that the commissioner may promulgate a rule for extending the time period for initiating a loss adjustment for damages arising from a presidentially declared emergency or disaster or a gubernatorially declared emergency or disaster up to an additional thirty days. Thereafter, only one additional extension of the period of time for initiating a loss adjustment may be allowed and must be approved by the Senate Committee on Insurance and the House Committee on Insurance, voting separately. Failure to comply with the provisions of this Paragraph shall subject the insurer to the penalties provided in R.S. 22:1973.

(4) All insurers shall make a written offer to settle any property damage claim, including a third-party claim, within thirty days after receipt of satisfactory proofs of loss of that claim.

(5) An insurer shall issue a copy of the insurer's field adjuster report, relative to the insured's property damage claim, to the insured within fifteen days of receiving a request for such from the insured.

(6) If an insurer issues a check, draft, or other negotiable instrument that is jointly payable to an insured and a mortgagee or mortgage servicer as payment of insurance settlement proceeds for multiple types of coverage, the insurer shall provide with the check, draft, or other negotiable instrument a statement indicating the dollar amount of insurance settlement proceeds paid under each type of coverage including but not limited to dwelling, personal property, and additional living expenses. In lieu of issuing a statement pursuant to this Paragraph, an insurer may issue separate checks, drafts, or other negotiable instruments for payment of each type of coverage.

B. (1)(a) Except as provided in Subparagraph (b) of this Paragraph, failure to make such payment within thirty days after receipt of such satisfactory written proofs and demand therefor or failure to make a written offer to settle any property damage claim, including a third-party claim, within thirty days after receipt of satisfactory proofs of loss of that claim, as provided in Paragraphs (A)(1) and (4) of this Section, respectively, or failure to make such payment within thirty days after written agreement or settlement as provided in Paragraph (A)(2) of this Section when such failure is found to be arbitrary, capricious, or without probable cause, shall subject the insurer to a penalty, in addition to the amount of the loss, of fifty percent damages on the amount found to be due from the insurer to the insured, or one thousand dollars, whichever is greater, payable to the insured, or in the event a partial payment or tender has been made, fifty percent of the difference between the amount paid or tendered and the amount found to be due as well as reasonable attorney fees and costs. Such penalties, if awarded, shall not be used by the insurer in computing either past or prospective loss experience for the purpose of setting rates or making rate filings.

(b) In the case of a presidentially or gubernatorially declared disaster, failure to make such payment within thirty days after receipt of such satisfactory written proofs and demand therefor or failure to make a written offer to settle any property damage claim, including a third-party claim, within thirty days after receipt of satisfactory proofs of loss of that claim,

as provided in Paragraphs (A)(1) and (4) of this Section, respectively, or failure to make such payment within thirty days after written agreement or settlement as provided in Paragraph (A)(2) of this Section when such failure is found to be arbitrary, capricious, or without probable cause, shall subject the insurer to a penalty, in addition to the amount of the loss, of fifty percent damages on the amount found to be due from the insurer to the insured, or two thousand five hundred dollars, whichever is greater, payable to the insured, or in the event a partial payment or tender has been made, fifty percent of the difference between the amount paid or tendered and the amount found to be due as well as reasonable attorney fees and costs or two thousand five hundred dollars, whichever is greater. The penalties, if awarded, shall not be used by the insurer in computing either past or prospective loss experience for the purpose of setting rates or making rate filings.

(2) The period set herein for payment of losses resulting from fire and the penalty provisions for nonpayment within the period shall not apply where the loss from fire was arson related and the state fire marshal or other state or local investigative bodies have the loss under active arson investigation. The provisions relative to time of payment and penalties shall commence to run upon certification of the investigating authority that there is no evidence of arson or that there is insufficient evidence to warrant further proceedings.

(3) The provisions relative to suspension of payment due to arson shall not apply to a bona fide lender which holds a valid recorded mortgage on the property in question.

(4) Whenever a property damage claim is on a personal vehicle owned by the third party claimant and as a direct consequence of the inactions of the insurer and the third party claimant's loss the third party claimant is deprived of use of the personal vehicle for more than five working days, excluding Saturdays, Sundays, and holidays, the insurer responsible for payment of the claim shall pay, to the extent legally responsible, for reasonable expenses incurred by the third party claimant in obtaining alternative transportation for the entire period of time during which the third party claimant is without the use of his personal vehicle. Failure to make such payment within thirty days after receipt of adequate written proof and demand therefor, when such failure is found to be arbitrary, capricious, or without probable cause shall subject the insurer to, in addition to the amount of such reasonable expenses incurred, a reasonable penalty not to exceed ten percent of such reasonable expenses or one thousand dollars whichever is greater together with reasonable attorneys fees for the collection of such expenses.

(5) When an insurance policy provides for the adjustment and settlement of first-party motor vehicle total losses on the basis of actual cash value or replacement with another of like kind and quality, and the insurer elects a cash settlement based on the actual cost to purchase a comparable motor vehicle, such costs shall be derived by using one of the following:

(a) A fair market value survey conducted using qualified retail automobile dealers in the local market area as resources. If there are no dealers in the local market area, the nearest reasonable market can be used.

(b) The retail cost as determined from a generally recognized used motor vehicle industry source; such as, an electronic database, if the valuation

documents generated by the database are provided to the first-party claimant, or a guidebook that is available to the general public. If the insured demonstrates, by presenting two independent appraisals, based on measurable and discernable factors, including the vehicle's preloss condition, that the vehicle would have a higher cash value in the local market area than the value reflected in the source's database or the guidebook, the local market value shall be used in determining the actual cash value.

(c) A qualified expert appraiser selected and agreed upon by the insured and insurer. The appraiser shall produce a written nonbinding appraisal establishing the actual cash value of the vehicle's preloss condition.

(d) For the purposes of this Paragraph, local market area shall mean a reasonable distance surrounding the area where a motor vehicle is principally garaged, or the usual location of the vehicle covered by the policy.

(6)(a) For the purposes of this Paragraph the following terms have the meanings ascribed to them:

(i) "Damaged property" means a dwelling, structure, personal property, or any other property, except a vehicle, that requires repairs, replacement, restoration, or remediation to reestablish its former condition.

(ii) "Depreciation" means depreciation including but not limited to the cost of goods, materials, labor, and services necessary to replace, repair, or rebuild damaged property.

(b) An insurance policy covering damaged property may allow for depreciation.

(c) An insurance policy covering damaged property shall provide notice that depreciation may be deducted or withheld, in a form approved by the commissioner.

(d) If depreciation is applied to a loss for damaged property, the insurer shall provide a written explanation as to how the depreciation was calculated.

(e) Depreciation shall be reasonable and based on a combination of objective criteria and subjective assessment, including the actual condition of the property prior to loss.

C. (1) All claims brought by insureds, workers' compensation claimants, or third parties against an insurer shall be paid by check or draft of the insurer or, if offered by the insurer and the claimant requests, electronic transfer of funds to the order of the claimant to whom payment of the claim is due pursuant to the policy provisions, or his attorney, or upon direction of the claimant to one specified; however, the check or draft shall be made jointly to the claimant and the employer when the employer has advanced the claims payment to the claimant. The check or draft shall be paid jointly until the amount of the advanced claims payment has been recovered by the employer.

(2) No insurer shall intentionally or unreasonably delay, for more than three calendar days, exclusive of Saturdays, Sundays, and legal holidays, after presentation for collection, the processing of any properly executed and endorsed check or draft issued in settlement of an insurance claim.

(3) Any insurer violating this Subsection shall pay the insured or claimant a penalty of two hundred dollars or fifteen percent of the face amount of the check or draft, whichever is greater.

D. (1) When making a payment incident to a claim, no insurer shall require repairs be made to a motor vehicle, including window glass repairs or replacement, in a particular place or shop or by a particular entity.

(2) An insurer shall not recommend the use of a particular motor vehicle service or network of repair services without informing the insured or claimant that the insured or claimant is under no obligation to use the recommended repair service or network of repair services.

(3) An insurer shall not engage in any act or practice of intimidation, coercion, or threat to use a specified place of business for repair and replacement services.

(4) The commissioner may levy the following fines against any insurer that violates this Subsection:

(a) For a first offense, one thousand dollars.

(b) For a second offense within a twelve-month period, two thousand five hundred dollars.

(c) For a third or subsequent offense within a twelve-month period, five thousand dollars.

(5) A violation of this Subsection shall constitute an additional ground, under R.S. 22:1554, for the commissioner to refuse to issue a license or to suspend or revoke a license issued to any producer to sell insurance in this state.

E. (1) An insurer shall not require that repairs, replacement, restoration, or remediation be made to an insured's property by a particular preferred vendor or recommended contractor when making a payment on a residential or commercial property damage claim.

(2) An insurer shall not recommend the use of a particular preferred vendor or recommended contractor without informing the insured or claimant that the insured or claimant is under no obligation to use the preferred vendor or recommended contractor to complete repairs, replacement, restoration, or remediation of the insured's property.

F. (1) In the adjustment or settlement of first-party losses under fire and extended coverage policies, an insurer is required to include general contractor's overhead and profit in payments for losses when the services of a general contractor are reasonably foreseeable. This requirement applies to policies that provide for the adjustment and settlement of losses on a replacement cost basis and to policies that provide for the adjustment and settlement of losses on an actual cash value basis.

(2) The deduction of prospective contractor overhead, prospective contractor profit, and sales tax in determining the actual cash value of an adjustment or

settlement is not allowed on replacement cost policies or on actual cash value policies.

G. Residential property insurance policies shall contain the following provision, with permission to substitute the words "this company" with a more accurate descriptive term for the insurer:

"Appraisal. If you and this Company fail to agree as to the amount of loss, either party may demand that the amount of the loss be set by appraisal. If either party makes a written demand for appraisal, each party shall select a competent appraiser and notify the other party of their appraiser's identity within twenty days of receipt of the written demand for appraisal. The appraisers shall select a competent and impartial umpire. If after fifteen days the appraisers have not agreed upon who will serve as umpire, the umpire shall be appointed by a judge of the court of record in which the property is located. The appraisers shall appraise the loss. If the appraisers submit written notice of an agreement as to the amount of the loss to this Company, the amount agreed upon shall set the amount of the loss. If the appraisers fail to agree within thirty days, the appraisers shall submit their differences along with any supporting documentation to the umpire, who shall appraise the loss. The appraisers may extend the time to sixty days for which they shall agree upon the amount of loss or submit their differences and supporting documents to the umpire, if the extension is agreed to by the appraisers from both parties. A written agreement signed by the umpire and either party's appraiser shall set the amount of the loss, pursuant to the appraisal process, but shall not preclude either party from exercising its rights under the policy or the law. Each appraiser shall be paid by the party selecting that appraiser. Other expenses of the appraisal and the expenses of the umpire shall be divided and paid in equal shares by you and this Company. If there is an appraisal award, all applicable policy terms, limits, deductibles, and conditions shall apply. If you file a lawsuit relative to this policy against this Company prior to a demand for appraisal, the lawsuit will be held in abatement during the period between a timely demand for appraisal and the deadline for execution of an appraisal award, pursuant to this clause. The court of record in which the property is located may enforce the deadlines of this clause, set a reasonable deadline for timely demanding appraisal after all parties have filed pleadings in a lawsuit, and require compliance with discovery and disclosure obligations relative to aspects of the lawsuit unrelated to the appraisal."

The deposition shall be conducted at the principal place of business of the deponent, at his place of residence, at his domicile, or, if agreeable to the deponent, at some other place convenient to the attorney general and the lawful and designated attorney representative of the deponent. The deposition shall be held at a date no earlier than seven days after the date on which demand is received, unless the attorney general or an assistant attorney general designated by the attorney general determines that exceptional circumstances are present which warrant the commencement of such testimony within a lesser period of time.

B. An investigative subpoena issued pursuant to this Part may be served by the sheriff or a P.O.S.T.-certified investigator employed by the attorney general or by the office of state police when the demand is issued to a resident or a domestic business entity of this state. B. Prior to the forfeiture of property, a contradictory hearing shall be held during which the attorney general shall prove by clear and convincing evidence that the property in question is subject to forfeiture pursuant to Subsection A of this Section. No such contradictory hearing shall be required if the owner of the property in question agrees to the forfeiture.

C. If property is transferred to another person within six months prior to the occurrence or after the occurrence of the violation for which recovery is due or within six months prior to or after the institution of a criminal, civil, or departmental investigation or proceeding, it shall be prima facie evidence that the transfer was intended to avoid paying recovery or was an attempt to protect the property from forfeiture.

§ 1964. Methods, acts, and practices which are defined as unfair or deceptive

The following are declared to be unfair methods of competition and unfair or deceptive acts or practices in the business of insurance:

(1) Misrepresentations and false advertising of insurance policies. Making, issuing, circulating, or causing to be made, issued, or circulated any estimate, illustration, circular or statement, sales presentation, omission, or

comparison that does any of the following:

(a) Misrepresents the benefits, advantages, conditions, or terms of any policy issued or to be issued.

(b) Misrepresents the dividends or share of the surplus to be received on any policy.

(c) Makes a false or misleading statement as to the dividends or share of surplus previously paid on similar policies.

(d) Makes any misleading representation or any misrepresentation as to the financial condition of any insurer, or as to the legal reserve system upon which any life insurer operates.

(e) Misrepresents to any policyholder insured by any insurer for the purpose of inducing or tending to induce such policyholder to lapse, forfeit, or surrender his insurance.

(f) Uses any name or title of any policy or class of policies misrepresenting the true nature thereof.

(g) Makes a misrepresentation for the purpose of effecting a pledge or assignment or effecting a loan against any policy.

(h) Misrepresents any policy as being shares of stock.

(2) False information and advertising generally. Making, publishing, disseminating, circulating, or placing before the public, or causing, directly or indirectly, to be made, published, disseminated, circulated, or placed before the public, in a newspaper, magazine or other publication, or in the form of a notice, circular, pamphlet, letter or poster, or over any radio or television station, or in any other way, an advertisement, announcement or statement containing any assertion, representation or statement with respect to the business of insurance or with respect to any person in the conduct of his insurance business, which is untrue, deceptive or misleading.

(3) Defamation. Making, publishing, disseminating, or circulating, directly or indirectly, or aiding, abetting or encouraging the making, publishing, disseminating or circulating of any oral or written statement or any pamphlet, circular, article or literature which is false, or maliciously critical of or derogatory to the financial condition of an insurer, and which is calculated to injure any person engaged in the business of insurance.

(4) Boycott, coercion and intimidation. Entering into any agreement to commit or by any concerted action committing any act of boycott, coercion or intimidation resulting or tending to result in unreasonable restraint of, or a monopoly in, the business of insurance.

(5) False financial statements and false entries.

(a) Knowingly filing with any supervisory or other public official, or knowingly making, publishing, disseminating, circulating, or delivering to any person, or placing before the public, or knowingly causing directly or

indirectly, to be made, published, disseminated, circulated, delivered to any person, or placed before the public, any false material statement of fact as to the financial condition of any insurer.

(b) Knowingly making any false entry of a material fact in any book, report, or statement of any insurer or knowingly omitting to make a true entry of any material fact pertaining to the business of such insurer in any book, report, or statement of such insurer, or knowingly making any false material statement to any agent or examiner lawfully appointed to examine into its condition or into any of its affairs, or any public official to which such insurer is required by law to report, or which has authority by law to examine into its condition or into any of its affairs.

(6) Stock operations and advisory board contract. Issuing or delivering or permitting agents, officers, or employees to issue or deliver, agency company stock or other capital stock, or benefit certificates or shares in any corporation, or securities or any special advisory board contracts or other contracts of any kind promising returns and profits as an inducement to insure.

(7) Unfair discrimination. (a) Making or permitting any unfair discrimination between individuals of the same class and equal expectation of life in the rates charged for any contract of life insurance or of life annuity or in the dividends or other benefits payable thereon, or in any other of the terms and conditions of such contract, if, in determining the class, consideration may be given to the nature of the risk, plan of insurance, the actual or expected expense of conducting the business, or any other relevant factor.

(b) Making or permitting any unfair discrimination between individuals of the same class involving essentially the same hazards in the amount of premium, policy fees, or rates charged for any policy or contract of health or accident insurance or in the benefits payable thereon, or in any of the terms or conditions of such contract, or in any other manner whatever, if, in determining the class, consideration may be given to the nature of the risk, plan of insurance, the actual or expected expense of conducting the business or any other relevant factor.

(c) Violating the provisions of R.S. 22:34.

(d) Making or permitting any unfair discrimination between individuals or risks of the same class and of essentially the same hazard by refusing to insure, refusing to renew, cancelling, or limiting the amount of insurance coverage on a property or casualty risk solely because of the geographic location of the risk, unless such action is a result of the application of sound underwriting and actuarial principles related to actual or reasonably anticipated loss experience.

(e) Making or permitting any unfair discrimination between individuals or risks of the same class and of essentially the same hazards by refusing to insure, refusing to renew, cancelling, or limiting the amount of insurance coverage on the residential property risk, or the personal property contained therein, solely because of the age of the residential property.

(f) Refusing to insure, refusing to continue to insure, or limiting the amount of coverage available to an individual solely because of the sex, marital

status, race, religion, or national origin of the individual. However, nothing in this Subsection shall prohibit an insurer from taking marital status into account for the purpose of defining persons eligible for dependent benefits. Nothing in this Section shall prohibit or limit the operation of fraternal benefit societies.

(g) Terminating or modifying coverage, or refusing to issue or refusing to renew any property or casualty policy solely because the applicant or insured or employee of either is mentally or physically impaired, unless the applicant, insured, or employee is mentally and physically incapable of operating an automobile and does not possess a valid operator's license issued by the state.

However, this Subsection shall not apply to accident health insurance sold by a casualty insurer and shall not be interpreted to modify any other provision of law relating to the termination, modification, issuance, or renewal of any insurance policy or contract.

(h) Refusing to insure solely because another insurer has refused to write a policy or has cancelled or has refused to renew an existing policy in which that person was the named insured. Nothing in this Paragraph shall prevent the termination of an excess insurance policy on account of the failure of the insured to maintain any required underlying insurance.

(i) With regard to automobile liability insurance, terminating or modifying coverage, or refusing to issue or refusing to renew any policy solely because the applicant or insured filed for bankruptcy. This Subparagraph shall not apply where the refusal to continue to insure is based upon nonpayment of premium.

(j) Violating the provisions of R.S. 22:1284.1.

(8) Rebates. Except as otherwise expressly provided by law, knowingly permitting or offering to make or making any contract of insurance including life insurance, life annuity or health and accident insurance, or agreement as to such contract other than as plainly expressed in the contract issued thereon, or paying or allowing, or giving or offering to pay, allow, or give, directly or indirectly, as inducement to such insurance, or annuity, any rebate of premiums payable on the contract, or any special favor or advantage in the dividends or other benefits thereon, or any valuable consideration or inducement whatever not specified in the contract; or giving, or selling, or purchasing or offering to give, sell, or purchase as inducement to such insurance or annuity or in connection therewith, any stock, bonds, or other securities of any insurer or other corporation, association, or partnership, or any dividends or profits accrued thereon, or anything of value whatsoever not specified in the contract.

(8.1) Nothing in Paragraph (7) or (8) of this Subsection shall be construed as including within the definition of discrimination or rebates any of the following practices:

(a) Paying bonuses to policyholders or otherwise abating their premiums in whole or in part out of surplus accumulated from nonparticipating insurance provided that any such bonuses or abatement of premiums shall be fair and equitable to policyholders and for the best interest of the insurer and its policyholders;

(b) In the case of life insurance policies issued on the industrial debit plan, making allowance to policyholders who have paid premiums in advance or continuously for a specified period made premium payment directly to an office of the insurer in an amount which fairly represents the saving in collection expense;

(c) Readjustment of the rate of premium for a group insurance policy based on the loss or expense experience thereunder, at the end of the first year or of any subsequent year of insurance thereunder, which may be made retroactive only for such policy year;

(d) Agents accepting on their own responsibility, notes for the first premiums.

(9) Requiring as a condition precedent to lending money upon the security of a mortgage on movable or immovable property that the borrower negotiate any policy of insurance covering such property through a particular insurance producer or producers, company or companies, or type of company or types of companies. However, this Paragraph shall not prevent the exercise by any mortgagee of his right to approve the insurer selected by the borrower on a reasonable non-discriminatory basis related to the solvency of the company and its ability to service the policy. The mortgagee may require that the amount of insurance be at least in an amount to protect the amount of the loan on a type of policy furnishing reasonable protection to the mortgagee in a form selected by the borrower which may include additional coverages not insuring to the benefit of the mortgagee and reasonably associated or connected with the property which is the subject of the loan or mortgage. Any lender either directly or indirectly requiring a borrower to furnish insurance upon such property shall be subject to the conditions and prohibitions of this Paragraph.

(10) "Tying", which shall mean the following:

(a) The requirement by a health and accident agent or group health and accident insurer, individual health and accident insurer, or health maintenance organization, as a condition to the offer or sale of a health benefit plan to a group or individual insured, that such insured purchase any other insurance policy.

(b) Tying of a purchase of a health and life insurance policy or policies to another insurance product. "Tying" is the requirement by any small employer health insurance carrier or individual health insurance carrier, as a condition to the offer or sale of a health benefit plan, health maintenance organization, or prepaid limited health care service plan to a small employer, as defined by this Code, or to an individual, that such employer or individual purchase any other insurance product.

(c) "Tying" does not include the joint sale of group life and group health coverages or the joint sale of group life, group health, and any other employee benefit plan.

(11) No person, as defined in R.S. 22:46(12), shall directly or indirectly participate in any plan to offer or effect any kind or kinds of life or health insurance and annuities as an inducement to or in connection with the purchase

by the public of any goods, securities, commodities, services, or subscriptions to periodicals. This Paragraph shall not apply to such insurance, written in connection with an indebtedness, one of the purposes of which is to pay the indebtedness in case of the death or disability of the debtor. Nor shall this Paragraph apply to the sale by life insurance producers, or by life insurance companies of equity products, including equities, mutual funds, shares of investment companies, variable annuities, and including face amount certificates of regulated investment companies under offerings registered with the Federal Securities and Exchange Commission.

(12) Any violation of any prohibitory law of this state.

(13) Fraudulent insurance act. A fraudulent insurance act is one committed by a person who knowingly and with intent to defraud presents, causes to be presented, or prepares with knowledge or belief that it will be presented to or by an insurer, purported insurer, producer, or any agent thereof, any written statement as part of, or in support of, or in opposition to an application for the issuance of, or the rating of an insurance policy for commercial insurance, or a claim for payment or other benefit pursuant to an insurance policy for commercial or personal insurance which he knows to contain materially false information concerning any fact material thereto; or conceal for the purpose of misleading information concerning any fact material thereto.

(14) Unfair claims settlement practices. Committing or performing with such frequency as to indicate a general business practice any of the following:

(a) Misrepresenting pertinent facts or insurance policy provisions relating to coverages at issue.

(f) Not attempting in good faith to effectuate prompt, fair, and equitable settlements of claims in which liability has become reasonably clear.

(g) Compelling insureds to institute litigation to recover amounts due under an insurance policy by offering substantially less than the amounts ultimately recovered in actions brought by such insureds.

(h) Attempting to settle a claim for less than the amount to which a reasonable man would have believed he was entitled by reference to written or printed advertising material accompanying or made part of an application.

(i) Attempting to settle claims on the basis of an application which was altered without notice to, or knowledge or consent of, the insured.

(j) Making claims payments to insureds or beneficiaries not accompanied by statement setting forth the coverage under which the payments are being made.

(k) Making known to insureds or claimants a policy of appealing from arbitration awards in favor of insureds or claimants for the purpose of compelling them to accept settlements or compromises less than the amount awarded in arbitration.

(l) Delaying the investigation or payment of claims by requiring an insured, claimant, or the physician of either to submit a preliminary claim report and then requiring the subsequent submission of formal proof of loss forms, both of which submissions contain substantially the same information.

(m) Failing to promptly settle claims, where liability has become reasonably clear, under one portion of the insurance policy coverage in order to influence settlements under other portions of the insurance policy coverage.

(n) Failing to promptly provide a reasonable explanation of the basis in the insurance policy in relation to the facts or applicable law for denial of a claim or for the offer of a compromise settlement.

(o) Failing to provide forms necessary to present claims within fifteen calendar days of a request with reasonable explanations regarding their use, if the insurer maintains the forms for that purpose.

(15) (a) The issuance, delivery, issuance for delivery, or renewal of, or execution of a contract for, a health benefits policy or plan which:

(i) Prohibits or limits a person who is an insured or other beneficiary of the policy or plan from selecting a pharmacy or pharmacist of the person's choice to be a provider under the policy or plan to furnish pharmaceutical services or pharmaceutical products offered or provided by that policy or plan or in any manner interferes with that person's selection of a pharmacy or pharmacist, provided that the chosen pharmacy or pharmacist agrees in writing to provide pharmaceutical services and pharmaceutical products that meet all the terms and requirements, including the same administrative, financial, and professional conditions and a minimum contract term of one year if requested, that apply to all other pharmacies or pharmacists who have been designated as providers under the policy or plan or as participating providers in a pharmacy network established by the policy or plan.

(ii) Denies a pharmacy licensed and physically located in the state or a pharmacist licensed in the state the right to participate as a contract provider of pharmaceutical services or pharmaceutical products under the policy or plan, or under a pharmacy network established by the policy or plan, if the pharmacy or pharmacist agrees in writing to provide pharmaceutical services and pharmaceutical products that meet all the terms and requirements, including the same administrative, financial, and professional conditions and a minimum contract term of one year, if requested, which apply to pharmacies and pharmacists which have been designated as providers under the policy or plan or as participating providers in a pharmacy network established by the policy or plan.

(b) This Paragraph shall not, however, require a health benefits policy or plan to provide pharmaceutical services or pharmaceutical products.

(c) As used in this Paragraph, the following terms shall be given these meanings:

(i) "Drug" and "prescription" have the meanings assigned by R.S. 37:1164 and regulations of the Louisiana Board of Pharmacy.

(iii) "Interferes" or "interferes with" means and includes but is not limited to the charging to or imposing on an insured or other beneficiary who does not utilize a specified or designated pharmacy or pharmacist, a copayment fee or other condition not equally charged to or imposed on all insureds or other beneficiaries in or under the same program or policy or plan. However, "interferes" or "interferes with" does not mean or include the advertisement, or periodic dissemination, to all insureds or other beneficiaries of current lists of all pharmacies or pharmacists who have agreed to participate as a contract provider pursuant to the requirements of Item (a)(ii) of this Paragraph.

(iv) "Pharmaceutical product" means a "drug" and "prescription", as defined in this Paragraph, and home intravenous therapies.

(vi) "Pharmacist" means a person licensed to practice pharmacy under the Pharmacy Law and Board of Pharmacy regulations of the state of Louisiana.

(vii) "Pharmacy" has the meaning assigned by R.S. 37: 1164 and regulations of the Louisiana Board of Pharmacy.

(d) This Paragraph shall be cited as the "Patient Pharmacy Preference Act".

(16) Failure to maintain marketing and performance records. Failure of an insurer to maintain its books, records, documents, and other business records in such an order that data regarding complaints, claims, rating, underwriting, and marketing are accessible and retrievable for examination by the insurance commissioner. Data for at least the current calendar year and the two preceding years shall be maintained.

(17) Failure to maintain adequate complaint handling procedures. Failure of any insurer to maintain a complete record of all the complaints that it

A. In addition to those examinations performed by the commissioner of insurance pursuant to R.S. 22:1981, the commissioner of insurance shall conduct financial and market analysis review of all insurers authorized to do business in this state and may conduct regulatory reviews of entities regulated by this Title or the Department of Insurance except for trusts established and operated under R.S. 22:46(9)(b), (c), or (d). Such reviews may include the annual statement and the market conduct annual statement of the insurer or regulated entity reviewed, company financial reports rendered pursuant to good and acceptable accounting practices, results of insurance solvency standards testing as performed by the National Association of Insurance Commissioners, results of prior examinations and office reviews, management changes, consumer complaints, and such other relevant information as from time to time may be required by the commissioner.

B. In lieu of conducting a financial or market analysis under this Section of any foreign or alien insurer licensed in this state, the commissioner may rely upon the financial or market analysis conducted by the insurance department for the company's state of domicile or port-of-entry state accredited under the

National Association of Insurance Commissioners' Financial Regulation Standards and Accreditation Program.

C. Failure by an insurer or regulated entity to supply information requested by the Department of Insurance during the course of financial or market analysis may subject the insurer or regulated entity to revocation or suspension of its license, or, in lieu thereof, a fine not to exceed ten thousand dollars per occurrence. Every insurer or regulated entity shall produce and make freely accessible to the commissioner of insurance the accounts, records, documents, and files in its possession or control.

D. All work papers, recorded information, documents, and copies thereof produced by, obtained by, or disclosed to the commissioner, or any other person in the course of conducting a regulatory review, financial, or market analysis, including market conduct annual statement information, performed under this Section, as well as the review and analysis of such information, shall be given confidential treatment and are not subject to subpoena or to discovery and may not be made public by the commissioner or any other person, except that access may be granted to the National Association of Insurance Commissioners, insurance department of other states, international, federal, or state law enforcement agencies or international, federal, or state regulatory agencies with statutory oversight over the financial services industry, if the recipient agrees to maintain the confidentiality of those documents which are confidential under the laws of this state. Any documents, materials, or other information which are disclosed by the commissioner to a third party shall not be admissible in evidence in a private civil action and shall be exempt from any applicable freedom of information law, public records law, or similar statute. No person or entity which receives or has access to documents, materials, or other information under this Section shall be permitted or required to testify in a private civil action concerning such documents, materials, or other information. No waiver of an applicable privilege or a claim of confidentiality in the documents, materials, or other information shall occur as a result of disclosure to the commissioner or to any other person granted access under this Section as a result of sharing such documents, materials, or other information as provided in this Section. Nothing in this Section shall require an insurer to disclose documents, materials, or other information to a third party that is not otherwise required by law to be disclosed.

E. In conducting financial or market analysis, the examiner or examiners shall observe those guidelines and procedures set forth in the *Financial Analysis Handbook* or *Market Regulation Handbook* adopted by the National Association of Insurance Commissioners. The commissioner may also employ such other guidelines or procedures as the commissioner may deem appropriate.

F. Nothing contained in this Chapter shall be construed to limit the commissioner's authority to use any final or preliminary analysis findings, any Department of Insurance or company work papers or other documents, or any other information discovered or developed during the course of any analysis in the furtherance of any legal or regulatory action which the commissioner may, in his sole discretion, deem appropriate.

G. Any insurer or regulated entity against whom a fine has been levied shall be given thirty days notice of such action. Upon receipt of this notice, the

aggrieved insurer or regulated entity may apply for and shall be entitled to a hearing pursuant to R.S. 22:2191 et seq.

F. Whosoever shall knowingly and intentionally violate any provisions of this Section shall be guilty of a felony. § 2008. Order of rehabilitation or liquidation

A. After a full hearing, which shall be held by the court without delay, the court shall enter an order either dismissing the petition or finding that

sufficient cause exists for rehabilitation or liquidation and directing the commissioner of insurance to take possession of the property, business, and affairs of such insurer and to rehabilitate or liquidate the same as the case may be. The commissioner of insurance shall be responsible on his official bond for all assets coming into his possession. The commissioner of insurance and his successor and successors in office shall be vested by operation of law with the title to all property, contracts, and rights of action of the insurer as of the date of the order directing rehabilitation or liquidation.

B. Notwithstanding any law to the contrary, the filing of a suit by the commissioner of insurance seeking an order of conservation or rehabilitation shall suspend the running of prescription and peremption as to all claims in favor of the subject insurer during the pendency of such proceeding. The filing of a suit by the commissioner of insurance seeking an order of liquidation shall interrupt the running of prescription and peremption as to such claims from the date of the filing of such proceeding for a period of two years, if an order of liquidation is granted.

C. When an order of rehabilitation is issued by the court, on joint motion by the receiver and the Louisiana Insurance Guaranty Association, the order may contain a provision allowing for the payment of claims by the Louisiana Insurance Guaranty Association as specified by the receiver in a subsequent motion for payment, prior to an order of liquidation. Notwithstanding any other provision of law to the contrary, nothing contained within this Code or other provision of Louisiana law shall prohibit or deter any other insurer which is not in rehabilitation, from payment or settlement of claims brought against such insurer or its insured.

§ 2009. Duties of commissioner of insurance as rehabilitator; termination

A. Upon the entry of an order directing rehabilitation, the commissioner of insurance shall immediately proceed to conduct the business of the insurer and take such steps towards removal of the causes and conditions which have made such proceedings necessary as may be expedient.

B. If at any time the commissioner of insurance shall find that it is to the best interests of policyholders, creditors and the insurer to effect a plan of mutualization or rehabilitation, he may submit such plan to the court for its approval. Such plan, in addition to any other terms and provisions as may, by the commissioner of insurance be deemed necessary or advisable, may include a provision imposing liens upon the net equities of policyholders of the insurer, and in the case of life insurers, a provision imposing a moratorium upon the loan or cash surrender values of the policies, for such period and to such an extent as may be necessary. Notice of the hearing upon any such plan shall be given in the manner as may be fixed by the court and upon such hearing the court may either approve or disapprove the plan or modify it in such manner and to such extent as to the court shall seem appropriate.

C. If at any time the commissioner of insurance shall find that further efforts to rehabilitate the insurer would be futile and would result in loss to the

creditors, policyholders, stockholders or any other persons interested, he may apply to the court in the same proceeding for an order directing the liquidation of the property, business and affairs of such insurer.

D. If at any time the commissioner of insurance shall find that the causes and conditions which made such proceeding necessary have been removed he may petition the court for an order terminating the conduct of the business by said commissioner of insurance and permitting such insurer to resume possession of its property and the conduct of its business and for a full discharge of all liability and responsibility of such commissioner of insurance. No order for the return to such insurer of its property and business shall be granted unless the court after a full hearing shall determine that the purposes of the proceeding have been fully accomplished.

E. The rehabilitator, in addition to other powers, shall have the following powers:

(1) To avoid fraudulent transfers.

(2) To audit the books and records of all agents, including producers, of the insurer insofar as those records relate to the business activities of the insurer.

(3) To use assets of the estate of an insurer under a liquidation or rehabilitation order to transfer policy obligations to a solvent assuming insurer.

(4) To enter into such agreements or contracts as necessary to carry out the full or partial plan for rehabilitation or the order to liquidate and to affirm or disavow any contracts to which the insurer is a party.

(5) To authorize and issue additional shares of stock in the insurer, of any class, and upon such terms and conditions as the court may approve.

F. In addition to any other duty under this Section, the commissioner shall estimate, based upon available information, the total amount of expenditures and obligations to be incurred by the Department of Insurance, in connection with any rehabilitation or liquidation under this Section and determine if this is the most cost-effective to the department and to any insurance guaranty association established under the provisions of this Title. The commissioner shall periodically update these estimates.

§ 2010. Duties of commissioner of insurance as liquidator; sales; notice to creditors; reinsurance

A. Upon the entry of an order directing liquidation, the commissioner of insurance shall immediately proceed to liquidate the property, business and affairs of the insurer. He is hereby authorized to deal with the property and business of the insurer in his name as commissioner of insurance, or, if the court shall so order, in the name of the insurer.

B. He may, subject to the approval of the court, sell or otherwise dispose of the real and personal property, or any part thereof, and sell or compromise all doubtful or uncollectible debts or claims owing to or by the insurer including claims based upon an assessment levied against a member or a subscriber of any insurer issuing assessable policies, and including contingent claims allowable under this Chapter.

C. He shall as soon as may be conveniently possible, give notice to all creditors who may have claims against the insurer, as revealed by the records of the insurer, to present the same.

D. In order to preserve so far as possible the right and interest of the policyholders of the insurer whose contracts were cancelled by the liquidation order and of such other creditors as may be possible, the commissioner of insurance may solicit a contract or contracts whereby a solvent insurer or insurers will agree to assume in whole, or in part, or upon a modified basis, the liabilities owing to such former policyholders or creditors. If, after a full hearing upon a petition filed by the commissioner of insurance, the court shall find that the commissioner of insurance endeavored to obtain the best contract for the benefit of such parties in interest, and if the commissioner of insurance shall report to the court that he is ready and willing to enter into a contract and submit a copy thereof to the court, the court shall examine the procedure and acts of the commissioner of insurance, and if the court shall find that the best possible contract in the interests of such parties has been obtained and that it is best for the interests of parties that such contract be entered into, the court shall by written order approve the acts of the commissioner of insurance and authorize him to execute such contract.

E. The commissioner shall not designate nor a court of competent jurisdiction appoint an auditor or investigator who has previously audited or investigated the liquidated insurer.

A. If an insurer is enjoined from transacting any insurance business or from disposing of its property under R.S. 22:2006 or issued an order directing rehabilitation or liquidation under R.S. 22:2008, any premium due or payable on a contract of insurance which was issued by the insurer shall be paid by the insured as provided in this Section.

B. When an insurer is enjoined from transacting insurance business or from disposing of its property under R.S. 22:2006, any and all premiums due the insurer shall be paid to the commissioner of insurance until dissolution or modification of the injunction.

C. When an order directing rehabilitation is issued under R.S. 22:2008, any and all premiums due the insurer shall be paid to the commissioner of insurance until termination, under the provisions of R.S. 22:2008, of the order directing

rehabilitation.

D. All contracts of insurance issued by the insurer are cancelled upon issuance of an order, under the provisions of R.S. 22:2008, directing liquidation, and no premium shall be due or payable to the insurer. Such contracts formerly issued by the insurer may be assumed in whole or in part, or upon a modified basis, by a solvent insurer or insurers if approved under the provisions of R.S. 22:2010(D).

E. Upon issuance of an injunction under R.S. 22:2006 or an order of rehabilitation or liquidation under R.S. 22:2008, the commissioner of insurance shall notify every holder of a contract of insurance issued by the insurer of such injunction or order and that payment of premiums shall be made under the provisions of this Section. Such notice shall be mailed to each such policyholder by letter with proof of mailing within ten days after issuance of the injunction or court order of rehabilitation or liquidation.

(1) The insured shall not be liable to an insolvent insurer for any premium which had not been earned on a pro rata basis on the date the insurer was declared insolvent by a court of competent jurisdiction.

(2) The insured shall be entitled to credit against any obligation owed to the insolvent insurer for any unearned premium which the insured has paid and for which he has not been reimbursed by the Louisiana Insurance Guaranty Association or the Louisiana Life and Health Insurance Guaranty Association.

(3) The producer, through whom the policy was written, shall not be liable to the insolvent insurer for any premiums which had not been earned on a pro rata basis on the date the insurer was declared insolvent. The producer is entitled to retain the commission due on earned premiums. The insured is entitled to any unearned premium which the producer has collected but has not remitted to the insurer.

A. The rights and liabilities of the insurer and of its creditors, except those holding contingent claims, and of its policyholders, stockholders, or members and of all other persons interested in its assets shall, unless otherwise

ordered by the court, be fixed as of the date of the entry of the order directing liquidation. The rights of claimants holding contingent claims on said date shall be determined as hereinafter provided.

B. All executory contracts of an insurer, other than contracts under which such insurer has an established benefit without any additional expenditure, shall be cancelled as of the date of the entry of an order of liquidation unless the court provides otherwise in the liquidation order, however, the commissioner may petition the court within sixty days of the entry of such order to reaffirm any such contract. Any contract that is reaffirmed shall remain in force in accordance with the court's order and any obligation of the insurer under such contract shall become an administrative expense of the liquidation unless otherwise ordered by the court.

§ 2013.1. Administration of large deductible policies and insured collateral

A. This Section shall apply to workers' compensation large deductible policies issued by an insurer subject to delinquency proceedings pursuant to this Chapter; however, this Section shall not apply to first-party claims or to claims funded by a guaranty association net of the deductible unless Subsection C of this Section applies. Large deductible policies shall be administered in accordance with their terms, except to the extent the terms conflict with this Section.

B. For purposes of this Section, the following terms have the following meanings:

(1) "Collateral" means any cash, letters of credit, surety bond, or any other form of security posted by the insured, or by a captive insurer or reinsurer, to secure the insured's obligation under a large deductible policy to pay deductible claims or to reimburse the insurer for deductible claim payments. Collateral may also secure an insured's obligation to reimburse or pay to the insurer as may be required for other secured obligations.

(2) "Commercially reasonable" means to act in good faith using prevailing industry practices and making all reasonable efforts considering the facts and circumstances of the matter.

(3) "Deductible claim" means any claim, including a claim for loss and defense and cost containment expense, unless the expenses are excluded, under a large deductible policy that is within the deductible.

(4)(a) "Large deductible policy" means any of the following:

(i) Any combination of one or more workers' compensation policies and endorsements issued to an insured, and contracts or security agreements entered into between an insured and the insurer in which the insured has agreed with the insurer to do either of the following:

(aa) Pay directly the initial portion of any claim under the policy up to a

specified dollar amount, or the expenses related to any claim.

(bb) Reimburse the insurer for its payment of any claim or related expenses under the policy up to the specified dollar amount of the deductible.

(ii) Any policy that contains an aggregate limit on the insured's liability for all deductible claims in addition to a per claim deductible limit.

(iii) Any policy that shifts a portion of the ultimate financial responsibility to pay claims from the insurer to the insured, even though the obligation to initially pay claims may remain with the insurer.

(iv) Any policy with a deductible of one hundred thousand dollars or greater.

(b) "Large deductible policy" shall not include any of the following:

(i) Policies, endorsements, or agreements that provide for the initial portion of any covered claim to be self-insured and further that the insurer shall have no payment obligation within the self-insured retention.

(ii) Policies that provide for retrospectively rated premium payments by the insured or reinsurance arrangements or agreements, except to the extent the arrangements or agreements assume, secure, or pay the policyholder's large deductible obligations.

(5) "Other secured obligations" means obligations of an insured to an insurer other than those under a large deductible policy, including but not limited to those under a reinsurance agreement or other agreement involving retrospective premium obligations, the performance of which is secured by collateral that also secures an insured's obligations under a large deductible policy.

C. Unless otherwise agreed by the responsible guaranty association, all large deductible claims, which are also covered claims as defined by the applicable guaranty association law, including those that may have been funded by an insured before liquidation, shall be turned over to the guaranty association for handling. To the extent the insured funds or pays the deductible claim, pursuant to an agreement by the guaranty fund or otherwise, the insured's funding or payment of a deductible claim will extinguish the obligations, if any, of the receiver or any guaranty association to pay the claim. No charge of any kind shall be made against the receiver or a guaranty association on the basis of an insured's funding or payment of a deductible claim.

D. (1) To the extent a guaranty association pays any deductible claim for which the insurer would have been entitled to reimbursement from the insured, a guaranty association shall be entitled to the full amount of the reimbursement, and available collateral as provided for in this Section to the extent necessary to reimburse the guaranty association. Reimbursements paid to the guaranty association pursuant to this Subsection shall not be treated as distributions pursuant to R.S. 22:2025 or as early access payments pursuant to R.S. 22:2008(C), 2034, and 2037.

(2) To the extent that a guaranty association pays a deductible claim that is not reimbursed either from collateral or by insured payments, or incurs expenses in connection with large deductible policies that are not reimbursed

pursuant to this Section, the guaranty association shall be entitled to assert a claim for those amounts in the delinquency proceeding.

(3) Nothing in this Subsection shall limit any rights of the receiver or a guaranty association that may otherwise exist pursuant to applicable law to obtain reimbursement from insureds for claims payments made by the guaranty association under policies of the insurer or for the guaranty association's related expenses, including but not limited to those provided for in R.S. 22:2061.1, or existing under similar laws of other states.

E. (1) The receiver shall collect reimbursements owed for deductible claims as provided for in this Section, and shall take all commercially reasonable actions to collect the reimbursements. The receiver shall promptly bill insureds for reimbursement of deductible claims that are any of the following:

(a) Paid by the insurer prior to the commencement of delinquency proceedings.

(b) Paid by a guaranty association upon receipt by the receiver of notice from a guaranty association of reimbursable payments.

(c) Paid or allowed by the receiver.

(2) If the insured does not make payment within the time specified in the large deductible policy, or within sixty days after the date of billing if no time is specified, the receiver shall take all commercially reasonable actions to collect any reimbursements owed.

(3) Neither the insolvency of the insurer, nor its inability to perform any of its obligations under the large deductible policy, shall be a defense to the insured's reimbursement obligation under the large deductible policy.

(4) Any contract, counter letter, or other agreement between the insurer and the insured that in any manner seeks to reduce or eliminate the insured's obligation to reimburse the insurer for the deductible shall be null and void as against public policy and shall not be eligible to be used by the insured as a defense to the efforts by the receiver or guaranty association to collect any unpaid deductible.

(5) Except for gross negligence, an allegation of improper handling or payment of a deductible claim by the insurer, the receiver, or any guaranty association shall not be a defense to the insured's reimbursement obligations under the large deductible policy.

F. (1) Subject to the provisions of this Subsection, the receiver shall use collateral, when available, to secure the insured's obligation to fund or reimburse deductible claims or other secured obligations or other payment obligations. A guaranty association shall be entitled to collateral as provided for in this Subsection to the extent needed to reimburse a guaranty association for the payment of a deductible claim. Any distributions made to a guaranty association pursuant to this Subsection shall not be treated as distributions pursuant to R.S. 22:2025 or as early access payments pursuant to R.S. 22:2008(C), 2034, and 2037.

(2) All claims against the collateral shall be paid in the order received and

no claim of the receiver, including those described in this Subsection, shall supersede any other claim against the collateral as provided for in Paragraph (4) of this Subsection.

(3) The receiver shall draw down collateral to the extent necessary in the event that the insured fails to do any of the following:

(a) Perform its funding or payment obligations under any large deductible policy.

(b) Pay deductible claim reimbursements within the time specified in the large deductible policy or within sixty days after the date of the billing if no time is specified.

(c) Pay amounts due to the estate for preliquidation obligations.

(d) Timely fund any other secured obligation.

(e) Timely pay expenses.

(4) Claims that are validly asserted against the collateral shall be satisfied in the order in which the claims are received by the receiver. However, if more than one creditor has a valid claim against the same collateral and the available collateral, along with billing collection efforts and to the extent that the collateral is subject to other known secured obligations, are together insufficient to pay each creditor in full, the receiver may prorate payments based on the ratio of the amount of claims each creditor has to the total claims paid by all the creditors.

(5) Excess collateral may be returned to the insured as determined by the receiver after a periodic review of claims paid, outstanding case reserves, and a factor for incurred but not reported claims.

G. The receiver may deduct from the collateral or from the deductible reimbursements reasonable and actual expenses incurred in connection with the collection of the collateral and deductible reimbursements.

H. This Section shall not limit or adversely affect any rights or powers a guaranty association may have pursuant to applicable state law to obtain reimbursement from certain classes of policyholders for claims payments made by the guaranty association under policies of the insolvent insurer, or for related expenses the guaranty association incurs.

§ 2014. Deposit of monies collected

The monies collected by the commissioner of insurance in a proceeding under this Chapter shall be, from time to time, deposited in one or more state or national banks, savings banks, trust companies, or savings and loan associations chartered to do business in this state. Any depository so selected shall provide the same security for such deposits as that required for the deposit of state funds pursuant to the provisions of R.S. 49:321. The commissioner of insurance may in his discretion deposit such monies or any part

thereof in a national bank or trust company as a trust fund. For the purposes of this Section, the commissioner of insurance shall be considered a "depositing authority" pursuant to R.S. 49:321.

A. No insurer shall make any transfer of or create any lien upon any of its property with the intent of giving to or enabling any creditor or policyholder to obtain a greater percentage of this debt than any other creditor of the same class.

B. Any transfer of, or lien upon, any property of any insurer made or created within four months prior to the filing of a petition for an order to show cause under this Chapter, which gives to any creditor or policyholder or enables him to obtain a greater percentage of his debt than any other creditor or policyholder in the same class, which is accepted by a creditor or policyholder having reasonable cause to believe that such a preference will occur, shall be voidable. Where the preference consists in a transfer, such period of four months shall not expire until four months after the date of the recording or registering of the transfer if by law such recording or registering is required.

§ 2021. Fraudulent transfers prior to petition

A. Every transfer made or suffered and every obligation incurred by an insurer within one year prior to the filing of a successful petition for rehabilitation or liquidation pursuant to this Chapter is fraudulent as to then existing and future creditors if made or incurred without fair consideration, or with actual intent to hinder, delay, or defraud either existing or future creditors. A transfer made or an obligation incurred by an insurer ordered to be rehabilitated or liquidated pursuant to this Chapter, which is fraudulent pursuant to this Section, may be avoided by the receiver, except as to a person who in good faith is a purchaser, lienor, or obligee for a present fair equivalent value, and except that any purchaser, lienor, or obligee, who in good faith has given less than fair consideration for such transfer, lien, or obligation, may retain the property, lien, or obligation as security for repayment. The court may, on due notice, order any such transfer or obligation to be preserved for the benefit of the estate, and in that event, the receiver shall succeed to and may enforce the rights of the purchaser, lienor, or obligee.

B. (1) A transfer of property other than immovable property shall be deemed to be made or suffered when it becomes so far perfected that no subsequent lien obtainable by legal proceedings on a simple contract could become superior to the rights of the transferee under R.S. 22:2023(C).

(2) A transfer of immovable property shall be deemed to be made or suffered when it becomes so far perfected that no subsequent bona fide purchaser from the insurer could obtain rights superior to the rights of the transferee.

(3) A transfer which creates a statutory lien shall not be deemed to be perfected if there are available means by which a legal lien could be created.

(4) Any transfer not perfected prior to the filing of a petition for liquidation shall be deemed to be made immediately before the filing of the successful petition.

(5) The provisions of this Subsection apply whether or not there are or were creditors who might have obtained any liens or persons who might have become

bona fide purchasers.

C. Any transaction of the insurer with a reinsurer shall be deemed fraudulent and may be avoided by the receiver under Subsection A of this Section if both of the following occur:

(1) The transaction consists of the termination, adjustment, or settlement of a reinsurance contract in which the reinsurer is released from any part of its duty to pay the originally specified share of losses that had occurred prior to the time of the transactions, unless the reinsurer gives a present fair equivalent value for the release.

(2) Any part of the transaction took place within one year prior to the date of filing of the petition through which the receivership was commenced.

D. Every person receiving any property from the insurer or any benefit thereof which is a fraudulent transfer under Subsection A of this Section shall be personally liable therefor and shall be bound to account to the liquidator.

Renumbered from R.S. 22:745.1 by Acts 2008, No. 415, § 1, eff. Jan. 1, 2009. Added by Acts 1992, No. 1095, § 2. Amended by Acts 1993, No. 955, § 1; Acts 2012, No. 271, § 1.

§ 2022. Fraudulent transfer after petition

A. After a petition for rehabilitation has been filed, a transfer of any of the immovable property of the insurer made to a person acting in good faith shall be valid against the receiver if made for a present fair equivalent value; or, if not made for a present fair equivalent value, then to the extent of the present consideration actually paid therefor, for which amount the transferee shall have a lien on the property so transferred. The commencement of a proceeding in rehabilitation or liquidation shall be constructive notice upon the recording of a copy of the petition for or order of rehabilitation or liquidation with the recorder of mortgages in the parish where any immovable property in question is located. The exercise by a court of the United States or any state or jurisdiction to authorize or effect a judicial sale of immovable property of the insurer within any parish in any state shall not be impaired by the pendency of such a proceeding unless the copy is recorded in the parish prior to the consummation of the judicial sale.

B. After a petition for rehabilitation or liquidation has been filed and before either the receiver takes possession of the property of the insurer or an order of rehabilitation or liquidation is granted:

(1) A transfer of any of the property of the insurer, other than immovable property, made to a person acting in good faith shall be valid against the receiver if made for a present fair equivalent value; or, if not made for a present fair equivalent value, then to the extent of the present consideration actually paid therefor, for which amount the transferee shall have a lien on the property so transferred.

(2) A person indebted to the insurer or holding property of the insurer may, if acting in good faith, pay the indebtedness or deliver the property, or any part thereof, to the insurer or upon his order, with the same effect as if the

petition were not pending.

(3) A person having actual knowledge of the pending rehabilitation or liquidation shall be presumed not to act in good faith.

(4) A person asserting the validity of a transfer under this Section shall have the burden of proof. Except as elsewhere provided in this Section, no transfer by or on behalf of the insurer after the date of the petition for liquidation by any person other than the liquidator shall be valid against the liquidator.

C. Every person receiving any property from the insurer or any benefit thereof which is a fraudulent transfer under Subsection A of this Section shall be personally liable therefor and shall be bound to account to the liquidator.

D. Nothing in this Chapter shall impair the negotiability of currency or negotiable instruments.

Renumbered from R.S. 22:745.2 by Acts 2008, No. 415, § 1, eff. Jan. 1, 2009. Added by Acts 1992, No. 1095, § 2. Amended by Acts 1993, No. 955, § 1.

§ 2023. Voidable preferences and liens

A. (1) A preference is a transfer of any of the property of an insurer to or for the benefit of a creditor, for or on account of an antecedent debt, made or suffered by the insurer within one year before the filing of a successful petition for liquidation under this Chapter, the effect of which transfer may be to enable the creditor to obtain a greater percentage of this debt than another creditor of the same class would receive. If a liquidation order is entered while the insurer is already subject to a rehabilitation order, then such a transfer shall be deemed a preference if made or suffered within one year before the filing of the successful petition for liquidation, or within two years before the filing of the successful petition for liquidation, whichever time is shorter.

(2) Any preference may be avoided by the liquidator if:

(a) The insurer was insolvent at the time of the transfer.

(b) The transfer was made within four months before the filing of the petition.

(c) The creditor receiving it or to be benefitted thereby or his agent acting with reference thereto had, at the time when the transfer was made, reasonable cause to believe that the insurer was insolvent.

(d) The creditor receiving it was an officer, or any employee, attorney, or other person who was in fact in a position of comparable influence in the insurer to an officer whether or not he held such position, or any shareholder holding, directly or indirectly, more than five percent of any class of any equity security issued by the insurer, or any other person, firm, corporation, association, or aggregation of persons with whom the insurer did not deal at arm's length.

(3) When the preference is voidable, the liquidator may recover the property or, if it has been converted, its value from any person who has received or

converted the property; except when a bona fide purchaser or lienor has given less than fair equivalent value, he shall have a lien upon the property to the extent of the consideration actually given by him. When a preference by way of lien or security title is voidable, the court may on due notice order the lien or title to be preserved for the benefit of the estate, in which event the lien or title shall pass to the liquidator.

B. (1) A transfer of property other than immovable property shall be deemed to be made or suffered when it becomes so far perfected that no subsequent lien obtainable by legal or equitable proceedings on a simple contract could become superior to the rights of the transferee.

(2) A transfer of property other than immovable property shall be deemed to be made or suffered when it becomes so perfected that no subsequent bona fide purchaser from the insurer could obtain rights superior to the rights of the transferee.

C. (1) A lien obtainable by legal proceedings upon a simple contract is one arising in the ordinary course of such proceedings upon the entry or docketing of a judgment or decree, or upon attachment, garnishment, execution, or like process, whether before, upon, or after judgment or decree and whether before or upon levy. It does not include liens which under applicable law are given a special priority over other liens which are prior in time.

(2) A lien obtainable by legal proceedings could become superior to the rights of a transferee, or a purchaser could obtain rights superior to the rights of a transferee within the meaning of Subsection B of this Section, if such consequences would follow only from the lien or purchase itself, or from the lien or purchase followed by any step wholly within the control of the respective lienholder or purchaser, with or without the aid of ministerial action by public officials. Such a lien could not, however, become superior and such a purchase could not create superior rights for the purpose of Subsection B of this Section through any acts subsequent to the obtaining of such a lien or subsequent to such a purchase which require the agreement or concurrence of any third party or which require any further judicial action or ruling.

D. A transfer of property for or on account of a new and contemporaneous consideration which is deemed under Subsection B of this Section to be made or suffered after the transfer because of delay in perfecting it does not thereby become a transfer for or on account of an antecedent debt if any acts required by the applicable law to be performed in order to perfect the transfer as against liens or bona fide purchasers' rights are performed within twenty-one days or any period expressly allowed by the law, whichever is less. A transfer to secure a future loan, if such a loan is actually made, or a transfer which becomes security for a future loan shall have the same effect as a transfer for or on account of a new and contemporaneous consideration.

E. If any lien deemed voidable under R.S. 22:2023(A)(2) has been dissolved by the furnishing of a bond or other obligation, the surety on which has been indemnified, directly or indirectly, by the transfer of or the creation of a lien upon any property of an insurer before the filing of a petition under this Chapter which results in a liquidation order, the indemnifying transfer or lien shall also be deemed voidable.

F. The property affected by any lien deemed voidable under Subsections A and E of this Section shall be discharged from such lien, and that property and any of the indemnifying property transferred to or for the benefit of a surety shall pass to the liquidator, except that the court may on due notice order any such lien to be preserved for the benefit of the estate and the court may direct that such conveyance be executed as may be proper or adequate to evidence the title of the liquidator.

G. The Nineteenth Judicial District Court for the Parish of East Baton Rouge may conduct by summary proceeding any proceeding by the liquidator to hear and determine the rights of any parties under this Section. Reasonable notice of any hearing in the proceeding shall be given to all parties in interest, including the obligee of a releasing bond or other like obligation. When an order is entered for the recovery of indemnifying property in-kind or for the avoidance of an indemnifying lien, the court, upon application of any party in interest, shall in the same proceeding ascertain the value of the property or lien. If the value is less than the amount for which the property is indemnified or than the amount of the lien, the transferee or lienholder may elect to retain the property or lien upon payment of its value, as ascertained by the court, to the liquidator, within such reasonable times as the court shall fix.

H. The liability of the surety under a releasing bond or other like obligation shall be discharged to the extent of the value of the indemnifying property recovered or the indemnifying lien nullified and avoided by the liquidator, or where the property is retained under Subsection G of this Section to the extent of the amount paid to the liquidator.

I. If a creditor has been preferred, and afterward in good faith gives the insurer further credit without security of any kind, for property which becomes a part of the insurer's estate, the amount of the new credit remaining unpaid at the time of the petition may be set off against the preference which would otherwise be recoverable from him.

J. If an insurer shall, directly or indirectly, within four months before the filing of a successful petition for liquidation under this Chapter, or at any time in contemplation of a proceeding to liquidate it, pay money or transfer property to an attorney at law for services rendered or to be rendered, the transactions may be examined by the court on its own motion or shall be examined by the court on petition of the liquidator and shall be held valid only to the extent of a reasonable amount to be determined by the court, and the excess may be recovered by the liquidator for the benefits of the estate. However, when the attorney is in a position of comparable influence in the insurer or an affiliate thereof, payment of any money or the transfer of any property to the attorney at law for services rendered or to be rendered shall be governed by the provision of R.S. 22:2023(A)(2)(d).

K. (1) Every officer, manager, employee, shareholder, member, subscriber, attorney, or any other person acting on behalf of the insurer who knowingly participates in giving any preference when he has reasonable cause to believe the insurer is about to become insolvent at the time of the preference shall be personally liable to the liquidator for the amount of the preference. It is permissible to infer that there is a reasonable cause to so believe if the

transfer was made within four months before the date of filing of the successful petition for liquidation.

(2) Every person receiving any property from the insurer or the benefit thereof as a preference voidable under Subsection A of this Section shall be personally liable therefor and shall be bound to account to the liquidator.

(3) Nothing in this Subsection shall prejudice any other claim by the liquidator against any person.

§ 2024. Claims of holders of void or voidable rights

A. No claim of a creditor who has received or acquired a preference, lien, conveyance, transfer, assignment, or encumbrance voidable under this Chapter shall be allowed unless he surrenders the preference, lien, conveyance, transfer, assignment, or encumbrance. If the avoidance is effected by a proceeding in which a final judgment has been entered, the claim shall not be allowed unless the money is paid or the property is delivered to the liquidator within thirty days from the date of the entering of the final judgment, except that the court having jurisdiction over the liquidation may allow further time if there is an appeal or other continuation of the proceeding.

B. A claim allowable under Subsection A of this Section by reason of the avoidance, whether voluntary or involuntary, or a preference, lien, conveyance, or transfer may be filed as an excused last filing if filed within thirty days from the date of the avoidance, or within the further time allowed by the court under Subsection A of this Section.

§ 2025. Priority of claims

The priorities of distribution of general assets from the insurer's estate shall be as follows:

(1) The commissioner's costs and expenses of administration and the claims handling expenses of the Insurance Guaranty Association, the Louisiana Life and Health Insurance Guaranty Association, and any similar organization in another state, as provided for in R.S. 22:2061(B) and 2093(D) (2).

(2) Claims by policyholders, beneficiaries, and insureds arising from and within the coverage of and not in excess of the applicable limits of insurance policies and insurance contracts issued by the insurer; and liability claims against insureds which claims are within the coverage of and not in excess of the applicable limits of insurance policies and insurance contracts issued by the insurer; and claims of the Insurance Guaranty Association, the Louisiana Life and Health Insurance Guaranty Association, and any similar organization in another state, as provided for in R.S. 22:2061(B), 2055(3), 2083, and 2093(D) (2).

(3) Claims of the federal government other than those claims in Paragraph (2) of this Section.

(4) Compensation actually owing to employees other than officers of an insurer, for services rendered within three months prior to the commencement of a proceeding against the insurer pursuant to this Chapter, but not exceeding two thousand five hundred dollars for such employee, shall be paid prior to the payment of any other debt or claim and in the discretion of the commissioner of insurance may be paid as soon as practicable after the proceeding has commenced; except, that the commissioner of insurance shall reserve such funds as will in his opinion be sufficient for the payment of all claims in Paragraphs (1), (2), and (3) of this Section. This priority shall be in lieu of any other similar priority which may be authorized by law as to wages or compensation of such employees.

(5) Claims under nonassessable policies for unearned premiums or other premium refunds and claims of general creditors, including claims of ceding and assuming companies in their capacity as such.

(6) All other claims.

Legislative Intent; Application—Acts 1995, No. 1210

Sections 2 and 3 of Acts 1995, No. 1210 provides:

"Section 2. It is the intent of the legislature that the Paragraphs of R.S. 22:746 as enacted by Acts 1958, No. 125 and amended by Acts 1981, No. 412 were intended to be and are severable one from the other.

"Section 3. The provisions of this Act shall be applied prospectively and to pending litigation only."

§ 2026. Set-offs

A. In all cases of mutual debts or mutual credits between the insurer and another person, such credits and debts shall be set-off and only the balance shall be allowed or paid; however, no set-off shall be allowed in favor of any person when either of the following apply:

(1) The obligation of the insurer to such person was purchased by or transferred to such person with a view of its being used as a set-off.

(2) The obligation of such person is to pay an assessment levied against the members or subscribers of any insurer which issued assessable policies, or to pay a balance upon a subscription to the shares of a stock insurer.

B. When a producer or other person purchases a policy of insurance for the unexpired term of the policy and takes an assignment of the unearned premium claim from the insured, this action shall not be considered as a purchase of an

obligation with a view of its being used as a set-off.

§ 2027. Time to file claims

A. If upon the granting of an order of liquidation under this Chapter or at any time thereafter during the liquidation proceeding, the insurer shall not be clearly solvent, the court shall after such notice and hearing as it deems proper, make an order declaring the insurer to be insolvent. Thereupon, regardless of any prior notice which may have been given to creditors, the commissioner of insurance shall notify all persons who may have claims against such insurer and who have not filed proper proofs thereof, to present the same to him, at a place specified in such notice, within four months from the date of the entry of such order, or, if the commissioner of insurance shall certify that it is necessary, within such longer time as the court shall prescribe. The last day for the filing of proofs of claims shall be specified in the notice. Such notice shall be given in a manner determined by the court.

B. Proofs of claim may be filed subsequent to the date specified, but, no such claim shall share in the distribution of the assets until all allowed claims, proofs of which have been filed before such date, have been paid in full with interest.

Renumbered from R.S. 22:748 by Acts 2008, No. 415, § 1, eff. Jan. 1, 2009. Acts 1958, No. 125. Amended by Acts 2012, No. 271, § 1.

§ 2028. Proof and allowance of claims

A. A proof of claim shall consist of a statement under oath, in writing, signed by the claimant, setting forth the claim, the consideration therefor, and whether any, and if so, what securities are held therefor, and whether any, and if so, what payments have been made thereon, and that the sum claimed is justly owing from the insurer to the claimant. Whenever a claim is founded upon an instrument in writing, such instrument, unless lost or destroyed, shall be filed with the proof of claim. If such instrument is lost or destroyed, a statement of such fact and of the circumstances of such loss or destruction shall be filed under oath with the claim.

B. Upon the liquidation of any domestic insurer which has issued policies insuring the lives of persons, the commissioner of insurance shall, within a reasonable time, after the last day set for the filing of claims, make a list of the persons who have not filed proofs of claim with him and whose rights have not been reinsured, to whom it appears from the books of the insurer, there are owing amounts on such policies and he shall set opposite the name of each person such amount so owing to such person. The commissioner of insurance shall incur no personal liability by reason of any mistake in such list. Each person whose name shall appear upon such list shall be deemed to have duly filed prior to the last day set for filing of claims a proof of claim for the amount set opposite his name on such list.

C. No contingent claim other than claims of the character described in

Subsection D of this Section shall share in a distribution of the assets of an insurer which has been adjudicated to be insolvent by an order made pursuant to R.S. 22:2027 except that a contingent claim, if properly presented, may be allowed, and entitled to share where such claim becomes absolute against the insurer on or before the last day fixed for the filing of proofs of claim against the assets of such insurer, or there is a surplus to be distributed as if no order pursuant to R.S. 22:2027 had been made.

D. (1) When an insurer has been adjudicated to be insolvent by an order made pursuant to R.S. 22:2027, any person who claims to have a cause of action against an assured of such insurer, which accrued prior to the filing of the petition for liquidation and which is the subject of indemnity under a liability policy issued by such insurer, or any assured against whom any such action is claimed to exist, may file a claim in the liquidation proceedings, regardless of the fact that such claim may be contingent, but no such claim shall be allowed in favor of an assured if any claim has been filed by the person who claims to have such cause of action against the assured. No such claim shall be allowed in favor of the assured, unless a final judgment shall be entered against the assured by a court of competent jurisdiction within three years from the filing of a petition to show cause against an insurer under this Chapter or within such further time as may be allowed by the court for good cause shown. In the event that the total amount of all allowable claims based upon causes of action arising out of the same act of any assured be greater than the total liability of the insurer in connection therewith, such claims shall be reduced pro rata and allowed in such sums so that the aggregate of such allowed claims shall equal such total liability.

(2) No judgment taken by default or collusion against the assured shall be considered as evidence in the liquidation proceeding either of the liability of such assured to the judgment creditor upon such cause of action or of the amount of damages to which such judgment creditor is entitled. No claim of such a judgment creditor, or any assured against whom such a judgment may have been taken, shall be allowed unless proof be made in the liquidation proceedings of the liability of such assured upon the alleged cause of action and the amount of damages arising therefrom.

(3) When the receiver allows or disallows a claim in a lesser amount than claimed, he shall notify the person making the claim by letter addressed to the last known address of the claimant, allowing ten days after receipt of said notice in which to file objections to the action of the receiver. The objections shall be filed with the receiver and in the receivership court and shall be heard in the receivership proceedings in a summary manner.

(4) No judgment or order against an insured or an insurer entered after the date of the commencement of proceedings under this Chapter shall be considered in the proceedings as evidence of liability or of the amount of damages of the insured or the insurer and no judgment or order entered at any time against an insured or the insurer by default or by collusion shall be considered as conclusive evidence in the proceedings under this Chapter, either of the liabilities of such insured or insurer to such person upon such cause of action or of the amount of damages to which such person is therein entitled. No claim of any judgment creditor or any insured against whom a judgment may have been taken shall be allowed unless proof is made in the proceedings under this Chapter of the liability of such insured upon the alleged cause of action and

the amount of damages arising therein.

(5) Upon the issuance of an order appointing a receiver of a domestic insurer or of an alien insurer, no action at law or equity shall be brought against the insurer, its insureds, or the receiver, whether in this state or elsewhere, nor shall any such existing actions be maintained or further presented after issuance of such an order. Whenever, in the receiver's judgment, protection of the estate of the insurer necessitates intervention in an action against the insurer or its insured that is pending outside this state, the receiver may intervene in the action. The receiver may defend any action in which the receiver intervenes, at the election of and in the sole discretion of the receiver, under this Section at the expense of the estate of the insurer.

(6) When the receiver allows or disallows a claim in a lesser amount than claimed, he shall notify the person making the claim by petition in the receivership proceedings, allowing ten days after receipt of such notice in which to file objections to the action of the receiver. The objections shall be heard in the receivership by summary proceedings.

E. The value of securities held by secured creditors shall be determined by converting the same into money according to the terms of the agreement pursuant to which such securities were delivered to such creditors, or by such creditors and the commissioner of insurance by agreement, or by the court, and the amount of such value shall be credited upon the claims of such secured creditors and their claims allowed only for the balance.

F. Claims of creditors or policyholders who have received preferences voidable under R.S. 22:2020 or to whom conveyances or transfers, assignments or encumbrances have been made or given which are void under R.S. 22:2020, shall not be allowed unless such creditors or policyholders shall surrender such preferences, conveyances, transfers, assignments or encumbrances.

§ 2029. Report for assessment

Within three years from the date an order of rehabilitation or liquidation of a domestic mutual insurer or a domestic reciprocal insurer was filed in the office of the clerk of the court by which such order was made, the commissioner of insurance may make a report to the court setting forth each of the following:

- (1) The reasonable value of the assets of the insurer.
- (2) The insurer's probable liabilities.
- (3) The probable necessary assessments, if any, to pay all claims and expenses in full, including expenses of administration.

§ 2030. Levy of assessment

A. In the event of the entry of an order directing the commissioner of insurance to rehabilitate or liquidate any insurer which has issued assessable policies or contracts of insurance, the commissioner of insurance may, with leave of court, at any time during the pendency of the proceeding, levy such assessment or assessments against the members or subscribers of the insurer, as may be necessary to pay all allowed claims in full, to the same extent that such assessment or assessments might have been levied by the board of directors, attorney-in-fact or other governing body of the insurer. Such assessment or assessments shall become due and payable upon the levy thereof by the commissioner of insurance and shall cover the excess of the probable liabilities over the reasonable value of the assets, together with the cost of collection and probable percentage of uncollectibility thereof. The total of such assessments against any member or subscriber shall not exceed the maximum amount fixed in the contract of that member or subscriber.

B. No assessment shall be levied against any member or subscriber with respect to any non-assessable policy issued in accordance with this Code.

§ 2031. Order to pay assessment

After levy of assessment as provided in R.S. 22:2030, upon the filing of a further detailed report by the commissioner of insurance, the court shall issue an order directing each member (if a mutual insurer), each subscriber (if a reciprocal insurer), or each underwriter (if a Lloyds insurer), if he shall not pay the amount assessed against him to the commissioner of insurance on or before a day to be specified in the order, to show cause why he should not be held liable to pay such assessment together with costs as set forth in R.S. 22:2033 and why the commissioner of insurance should not have judgment therefor.

§ 2032. Publication and transmittal of assessment order

The commissioner of insurance shall cause a notice of such assessment order setting forth a brief summary of the contents of such order to be both:

(1) Published in such manner as shall be directed by the court.

(2) Enclosed in a sealed envelope, addressed and mailed postage prepaid to each member or subscriber liable thereunder at his last known address as it appears on the records of the insurer, at least twenty days before the return day of the order to show cause provided for in R.S. 22:2031.

§ 2033. Judgment upon the assessment

A. On the return day of the order to show cause provided for in R.S. 22:2031 if the member or subscriber does not appear and serve verified objections upon the commissioner of insurance, the court shall make an order adjudging that such member or subscriber is liable for the amount of the assessment against him together with ten dollars cost, and that the commissioner of insurance may have judgment against the member or subscriber therefor.

B. If on such return day the member or subscriber shall appear and serve verified objections upon the commissioner of insurance, there shall be a full hearing before the court or a referee to hear and determine, who, after such hearing, shall make an order either negating the liability of the member or subscriber to pay the assessment or affirming his liability to pay the whole or some part thereof together with twenty-five dollars costs and the necessary disbursements incurred at such hearing, and directing that the commissioner of insurance in the latter case may have judgment therefor.

C. A judgment upon any such order shall have the same force and effect, and may be entered and docketed, and may be appealed from as if it were a judgment in an original action brought in the court in which the proceeding is pending.

§ 2034. Distribution of assets; priorities; unpaid dividends

A. Within one hundred twenty days of a final determination of insolvency of an insurer by a court of competent jurisdiction of this state, the commissioner of insurance shall make application to the court for approval of a proposal to disburse assets out of such insurer's marshalled assets from time to time as such assets become available, to the Insurance Guaranty Association and to any similar organization in another state.

B. Such a proposal shall at least include provisions for:

(1) Reserving amounts for the payment of the expenses of administration and claims falling within the priorities established in R.S. 22:2025.

(2) Disbursement of the assets marshalled to date and subsequent disbursements of assets as they become available.

(3) Equitable allocation of disbursements to the Insurance Guaranty Association and each similar organization in another state entitled thereto.

(4) The securing by the commissioner of insurance from the Insurance Guaranty Association and each similar organization in another state entitled to disbursements pursuant to this Section of an agreement to return to the commissioner of insurance such assets previously disbursed as may be required to pay claims of secured creditors and claims falling within the priorities established in R.S. 22:2025 in accordance with such priorities. No bond shall be required of the Insurance Guaranty Association or any similar organization in another state.

(5) A full report to be made by the Insurance Guaranty Association and any

similar organization in another state receiving disbursements pursuant to this Section to the commissioner of insurance accounting for all assets so disbursed to the association, all disbursements made therefrom, any interest earned by the association on such assets, and any other matter as the court may direct.

C. The proposal of the commissioner of insurance shall provide for disbursements to the Insurance Guaranty Association and any similar organization in another state in amounts at least equal to the payments made or to be made thereby for which the Insurance Guaranty Association or any similar organization in another state could assert claims against the commissioner of insurance, and shall further provide that if the assets available for disbursement from time to time do not equal or exceed the amount of such payments made or to be made by the Insurance Guaranty Association or any similar organization in another state, then disbursements shall be in the amount of available assets.

D. Notice of such application shall be given to the Insurance Guaranty Association, the similar organization of each other state, and to the commissioners of insurance of each of the states. Any such notice shall be deemed to have been given when deposited in the United States mail, certified and postage prepaid, at least thirty days prior to submission of such application to the court. Action on the application may be taken by the court, provided the above required notice has been given, and provided further that the proposal complies with Subsections A, B, and C of this Section.

E. Any time after the last day fixed for the filing of proofs of claim in the liquidation of a domestic insurer, the court may, upon the application of the commissioner of insurance, authorize him to declare out of the funds remaining in his hands after the payment of expenses, one or more dividends upon all claims allowed. Such order shall specify what claims, if any, are entitled to priority of payment and shall direct the manner in which dividends shall be paid.

F. If there has been no adjudication of insolvency, the commissioner of insurance shall pay all allowed claims in full and shall distribute the balance of the assets remaining in his hands after reserving sufficient assets for all administration costs and fees, in accordance with the direction of the court. The commissioner of insurance shall not be chargeable for any assets so distributed to any claimant who has failed to file a proper proof of claim before such distribution has been made.

G. If subsequent to an adjudication of insolvency, pursuant to R.S. 22:2027, a surplus is found to exist after the payment in full of all allowed claims which have been duly filed prior to the last date fixed for the filing thereof and the setting aside of a reserve for all costs and expenses of the proceeding, the court shall set a new date for the filing of claims. After the expiration of such new date, the solvency of such insurer shall be reexamined and if such insurer is then found to be solvent on the basis of all claims then filed and allowed, any surplus existing shall be distributed by the commissioner of insurance subject to approval by the court, which shall not unreasonably withhold such approval.

H. Dividends remaining unclaimed or unpaid in the hands of the commissioner of insurance for six months after the final order of distribution may be by him

deposited in one or more state or national banks, trust companies, or savings banks to the credit of the commissioner of insurance, in trust for the person entitled thereto, but no such person shall be entitled to any interest upon such deposit. All such deposits shall be entitled to priority of payment in case of the insolvency or voluntary or involuntary liquidation of the depository on an equality with any other priority given by the banking law. Any such funds together with interest, if any, paid or credited thereon, remaining and unclaimed in the hands of the commissioner of insurance in trust after five years shall be by him paid to the state treasurer to be credited to the funds received from insurance revenues.

Retroactive Application—Acts 2015, No. 340

Section 2 of Acts 2015, No. 340 provides:

"The provisions of Section 1 of this Act shall have retroactive application to all pending receivership proceedings."

§ 2035. Grounds for conservation of assets of an authorized foreign or alien insurer or an unauthorized insurer writing business on a surplus line basis

A. Whenever the property of a foreign or alien insurer authorized to do business in Louisiana or an unauthorized insurer writing business in this state on a surplus line basis has been sequestered in its domiciliary sovereignty or elsewhere, or whenever any of the grounds specified in R.S. 22:2005(A), except Paragraphs (8) and (16) of that Subsection, arise or exist with reference to any foreign or alien insurer authorized to transact business in this state or an unauthorized insurer writing business in this state on a surplus line basis and having assets in this state, the commissioner of insurance may proceed for the filing of a petition as provided in this Chapter against domestic insurers, for an order directing such authorized foreign or alien insurer or such unauthorized insurer to show cause why the commissioner of insurance should not take possession of its assets in this state and conserve such assets for the benefit of its creditors and for such other relief as the nature of the cause and the interests of its policyholders, creditors, members, stockholders, or the public may require.

B. The court shall have jurisdiction over matters brought by or against the Department of Insurance or the commissioner of insurance to issue injunctions and to enter such other orders as it may deem necessary as is provided in the case of a petition against a domestic insurer so far as such injunctions or orders may apply to such foreign or alien insurer. If the court finds that sufficient cause for conservation exists, it shall direct the commissioner of insurance to take possession of the property, business, and affairs of the insurer and to conserve the same.

C. (1) Upon the entry of such order, the commissioner of insurance shall forthwith take possession of the property, business, and affairs of such foreign or alien insurer, and conserve the same. He shall retain such possession until, on the petition either of the commissioner of insurance or of

such foreign or alien insurer, or its receiver or anyone in charge of the property, business, and affairs of such foreign or alien insurer in its domiciliary sovereignty, the court, after a full hearing, shall find that the ground for such order finding cause for conservation has been removed.

(2) No auditor or investigator shall be appointed or designated in connection with the conservation if he audited or investigated the foreign or alien insurer prior to the conservation.

D. The rights, powers, and duties of the commissioner of insurance as such conservator, with reference to the assets of a foreign or alien insurer shall be ancillary to the rights, powers, and duties imposed upon any receiver or other person, if any, in charge of the property, business and affairs of such insurer in its domiciliary sovereignty. When such domiciliary sovereignty is also a "reciprocal state" as defined in R.S. 22:2038, the commissioner of insurance, as ancillary receiver in this state, shall be subject to the provisions of the Uniform Insurers Liquidation Law, R.S. 22:2038 through 2044.

§ 2036. Provisions for conservation of assets of domestic company

A. Upon the filing by the commissioner of insurance of a verified petition alleging that with respect to a domestic company, a condition exists that would justify a court order for proceedings under this Chapter, and that the interests of creditors, policyholders, or the public will probably be endangered by delay, then the Nineteenth Judicial District Court for the Parish of East Baton Rouge or the court of the parish in which such company has or last had its principal office, shall issue forthwith without a hearing its order directing the commissioner of insurance to take possession and control of the property, business, books, records, and accounts of the company and of the premises occupied by it for the transaction of its business, or such part of each as the petition shall specify, and enjoining the company and its officers, directors, agents, servants, and employees from disposition of its property and from transaction of its business except with the concurrence of the commissioner of insurance until the further order of the court.

B. The order shall continue in force and effect for such time as the court deems necessary for the commissioner of insurance to ascertain the condition and situation of the company. On motion of either party or on its own motion, the court may from time to time hold such hearings as it deems desirable, and may extend, shorten or modify the terms of the seizure order. So far as the court deems it possible, the parties shall be given adequate notice of such hearings. As soon as practicable, the court shall vacate the seizure order, either when the commissioner of insurance has failed to institute proceedings under R.S. 22:2006 having a reasonable opportunity to do so, or upon an order of the court pursuant to such proceedings.

C. Entry of a seizure order under this Section shall not constitute an anticipatory breach of any contract of the company.

D. The court may hold all hearings in conservation proceedings privately in chambers, and shall do so on request of any officer of the company proceeded against.

E. In conservation proceedings and judicial reviews thereof, all records of the company, other documents, and all insurance department files and court records and papers, so far as they pertain to and are a part of the record of the conservation proceedings, shall be and remain confidential except as is necessary to obtain compliance therewith, unless and until the court, after hearing arguments in chambers from the commissioner of insurance and the company, shall decide otherwise, or unless the company requests that the matter be made public.

F. Any person having possession of and willfully refusing to deliver any of the property, business, books, records or accounts of a company against which a seizure order has been issued shall be punishable by a fine of not more than five hundred dollars or imprisonment for not more than six months, or both.

G. No individual shall be selected or designated by the commissioner of insurance or the court as a conservator of a domestic insurer in conservation if the individual audited or investigated the insurer prior to its conservation.

§ 2038. Uniform Insurers Liquidation Law

This Section, and R.S. 22:2039 through 2044, comprise and may be cited as the "Uniform Insurers Liquidation Law". For the purposes of the law:

(1) "Insurer" means any person, firm, corporation, association, or aggregation of persons doing an insurance business and subject to the insurance supervisory authority of, or to liquidation, rehabilitation, reorganization, or conservation by, the commissioner of insurance, or the equivalent insurance supervisory official of another state.

(2) "Delinquency proceeding" means any proceeding commenced against an insurer for the purpose of liquidating, rehabilitating, reorganizing, or conserving such insurer.

(3) "State" means any state of the United States, and also the District of Columbia, and Puerto Rico.

(4) "Foreign country" means territory not in any state.

(5) "Domiciliary state" means the state in which an insurer is incorporated or organized, or in the case of an insurer incorporated or organized in a foreign country, the state in which such insurer, having become authorized to do business in such state, has, at the commencement of delinquency proceedings, the largest amount of its assets held in trust and assets held on deposit for the benefit of its policyholders or policyholders and creditors in the United States; and any such insurer is deemed to be domiciled in such state.

(6) "Ancillary state" means any state other than a domiciliary state.

(7) "Reciprocal state" means any state other than this state in which in substance and effect the provisions of this law are in force, including the provisions requiring that the insurance commissioner or equivalent insurance supervisory official be the receiver of a delinquent insurer.

(8) "General assets" means all property, real, personal, or otherwise, not

specifically or, as a result of separate accounts established under R.S. 22:781 and 914, deemed to be mortgaged, pledged, deposited, or otherwise encumbered for the security or benefit of specified persons or a limited class or classes of persons, and as to such specifically encumbered property the term includes all such property or its proceeds in excess of the amount necessary to discharge the sum or sums secured thereby. Assets held in trust and assets held on deposit for the security or benefit of all policyholders, or all policyholders and creditors in the United States, shall be deemed general assets.

(9) "Preferred claim" means any claim with respect to which the law of a state or of the United States accords priority of payment from the general assets of the insurer.

(10) "Special deposit claim" means any claim secured by a deposit made pursuant to statute for the security or benefit of a limited class or classes of persons, but not including any general assets.

(11) "Secured claim" means any claim secured or, as a result of separate accounts established under R.S. 22:781 and 914, deemed to be secured by mortgage, trust, deed, pledge, deposit as security, escrow, or otherwise, but not including special deposit claim or claims against general assets. The term also includes claims which more than four months prior to the commencement of delinquency proceedings in the state of the insurer's domicile have become liens upon specific assets by reason of judicial process.

(12) "Receiver" means receiver, liquidator, rehabilitator, or conservator as the context may require.

Renumbered from R.S. 22:757 by Acts 2008, No. 415, § 1, eff. Jan. 1, 2009. Acts 1958, No. 125. Amended by Acts 1993, No. 785, § 1; Acts 2012, No. 271, § 1.

§ 2039. Conduct of delinquency proceedings against insurers not domiciled in this state

A. Whenever under the laws of this state an ancillary receiver is to be appointed in delinquency proceedings for an insurer not domiciled in this state, the court shall appoint the commissioner of insurance as ancillary receiver. The commissioner of insurance shall file a petition requesting the appointment if he finds that there are sufficient assets of such insurer located in this state to justify the appointment of an ancillary receiver, or if ten or more persons residing in this state having claims against such insurer file a petition with the commissioner of insurance requesting the appointment of such ancillary receiver.

B. The domiciliary receiver for the purpose of liquidating an insurer domiciled in a reciprocal state, shall be vested by operation of law with the title to all of the property, contracts, and rights of action, and all of the books and records of the insurer located in this state, and he shall have the immediate right to recover balances due from local agents and to obtain possession of any books and records of the insurer found in this state. He shall also be entitled to recover the other assets of the insurer located in this state except that upon the appointment of an ancillary receiver in this state, the

ancillary receiver shall during the ancillary receivership proceedings have the sole right to recover such other assets. The ancillary receiver shall, as soon as practicable, liquidate from their respective securities those special deposit claims and secured claims which are proved and allowed in the ancillary proceedings in this state, and shall pay the necessary expenses of the proceedings. All remaining assets he shall promptly transfer to the domiciliary receiver. Subject to the foregoing provisions the ancillary receiver and his deputies shall have the same powers and be subject to the same duties with respect to the administration of such assets, as a receiver of an insured domiciled in this state.

C. The domiciliary receiver of an insurer domiciled in a reciprocal state may sue in this state to recover any assets of such insurer to which he may be entitled under the laws of this state.

Renumbered from R.S. 22:758 by Acts 2008, No. 415, § 1, eff. Jan. 1, 2009. Acts 1958, No. 125. Amended by Acts 1992, No. 808, § 1, eff. July 7, 1992; Acts 1993, No. 955, § 1.

§ 2040. Claims of nonresidents against domestic insurers

A. In a delinquency proceeding begun in this state against an insurer domiciled in this state, claimants residing in reciprocal states may file claims either with the ancillary receivers, if any, in their respective states, or with the domiciliary receiver. All such claims must be filed on or before the last date fixed for the filing of claims in the domiciliary delinquency proceedings.

B. Controverted claims belonging to claimants residing in reciprocal states may either (1) be proved in this state as provided by law, or (2) if ancillary proceedings have been commenced in such reciprocal states, may be proved in those proceedings. In the event a claimant elects to prove his claim in ancillary proceedings, if notice of the claim and opportunity to appear and be heard is afforded the domiciliary receiver of this state as provided in R.S. 22:2041 with respect to ancillary proceedings in this state, the final allowance of such claim by the courts in the ancillary state shall be accepted in this state as conclusive as to its amount, and shall also be accepted as conclusive as to its priority, if any, against special deposits or other security located within the ancillary state.

Renumbered from R.S. 22:759 by Acts 2008, No. 415, § 1, eff. Jan. 1, 2009. Acts 1958, No. 125.

§ 2041. Claims against foreign insurers

A. In a delinquency proceeding in a reciprocal state against an insurer domiciled in that state, claimants, against such insurer, who reside within this state may file claims either with the ancillary receiver, if any, appointed in this state, or with the domiciliary receiver. All such claims must be filed on or before the last date fixed for the filing of claims in the domiciliary delinquency proceeding.

B. Controverted claims belonging to claimants residing in this state may either (1) be proved in the domiciliary state as provided by the law of that state, or (2) if ancillary proceedings have been commenced in this state, be proved in

those proceedings. In the event that any such claimant elects to prove his claim in this state, he shall file his claim with the ancillary receiver in the manner provided by the law of this state for the proving of claims against insurers domiciled in this state, and he shall give notice in writing to the receiver in the domiciliary state, either by registered mail or by personal service at least forty days prior to the date set for hearing. The notice shall contain a concise statement of the amount of the claim, the facts on which the claim is based, and the priorities asserted, if any. If the domiciliary receiver, within thirty days after the giving of such notice, shall give notice in writing to the ancillary receiver and to the claimant, either by registered mail or by personal service, of his intention to contest such claim, he shall be entitled to appear or to be represented in any proceeding in this state involving the adjudication of the claim. The final allowance of the claim by the courts of this state shall be accepted as conclusive as to its amount, and shall also be accepted as conclusive as to its priority, if any, against special deposits or other security located within this state.

Renumbered from R.S. 22:760 by Acts 2008, No. 415, § 1, eff. Jan. 1, 2009.
Acts 1958, No. 125.

§ 2042. Priority of certain claims

A. In a delinquency proceeding against an insurer domiciled in this state, claims owing to residents of ancillary states shall be preferred claims if like claims are preferred under the laws of that state. All such claims owing to residents or nonresidents shall be given equal priority of payment from general assets regardless of where such assets are located.

B. In a delinquency proceeding against an insurer domiciled in a reciprocal state, claims owing to residents of this state shall be preferred if like claims are preferred by the laws of that state.

C. The owners of special deposit claims against an insurer for which a receiver is appointed in this or any other state shall be given priority against their several special deposits in accordance with the provisions of the statutes governing the creation and maintenance of such deposits. If there is a deficiency in any such deposit so that the claims secured thereby are not fully discharged therefrom, the claimants may share in the general assets, but such sharing shall be deferred until general creditors, and also claimants against other special deposits who have received smaller percentages from their respective special deposits, have been paid percentages of their claims equal to the percentage paid from the special deposit.

D. The owner of a secured claim against an insurer for which a receiver has been appointed in this or any other state may surrender his security and file his claim as a general creditor, or the claim may be discharged by resort to the security, in which case the deficiency, if any, shall be treated as a claim against the general assets of the insurer on the same basis as claims of unsecured creditors. If the amount of the deficiency has been adjudicated in ancillary proceedings as provided in this Chapter, or if it has been adjudicated by a court of competent jurisdiction in proceedings in which the domiciliary receiver has had notice and opportunity to be heard, such amount shall be conclusive; otherwise the amount shall be determined in the delinquency proceeding in the domiciliary state.

E. Whenever a receiver is appointed for an insurer that has established one or more separate accounts under the provisions of R.S. 22:781 and 914, each of which is deemed subject to a statutory security interest in favor of the holders of that separate account, the receiver shall segregate the encumbered assets of each separate account, holding them separate and apart from the general assets of the insurer until such time as said assets are liquidated. Upon the liquidation of the assets of each separate account, the receiver shall distribute the proceeds pro rata among the owners of such separate account, or effect a distribution of such proceeds in a manner designed to preserve the tax status of such account.

Renumbered from R.S. 22:761 by Acts 2008, No. 415, § 1, eff. Jan. 1, 2009. Acts 1958, No. 125. Amended by Acts 1993, No. 785, § 1.

§ 2043. Attachment and garnishment of assets

During the pendency of delinquency proceedings in this or any reciprocal state no action or proceeding in the nature of an attachment, garnishment, or execution shall be commenced or maintained in the courts of this state against the delinquent insurer or its assets. Any lien obtained by any such action or proceeding within four months prior to the commencement of any such delinquency proceeding or at any time thereafter shall be void as against any rights arising in such delinquency proceeding.

Renumbered from R.S. 22:762 by Acts 2008, No. 415, § 1, eff. Jan. 1, 2009. Acts 1958, No. 125.

§ 2043.1. Actions by and against the receiver

A. No prior wrongful or negligent actions of any present or former officer, manager, director, trustee, owner, employee, or agent of the insurer may be asserted as a defense to a claim by the receiver under a theory of estoppel, comparative fault, intervening cause, proximate cause, reliance, mitigation of damages, or otherwise. However, the affirmative defense of fraud in the inducement may be asserted against the receiver in a claim based on a contract.

A principal under a surety bond or a surety undertaking shall be entitled to credit against any reimbursement obligation to the receiver for the value of any property pledged to secure the reimbursement obligation to the extent that the receiver has possession or control of the property or the insurer or its agents misappropriated or commingled such property. Evidence of fraud in the inducement shall be admissible only if it is contained in the records of the insurer.

B. No action or inaction by the insurance regulatory authorities may be asserted as a defense to a claim by the receiver.

C. There shall be no liability on the part of, and no cause of action of any nature shall arise against, the department or its employees, or the commissioner or his designee in his capacity as receiver, liquidator, rehabilitator or conservator, or otherwise, or any special deputy, the receiver's assistants or contractors, or the attorney general's office for any action taken by them in performance of their powers and duties under this Code.

§ 2045. Confidentiality

A. All working papers, recorded information, documents, and copies thereof produced by, obtained by, or disclosed to the commissioner, or any other person, in the course of an action pursuant to this Chapter, which are confidential or privileged pursuant to any other provision of law, shall be given confidential treatment and shall not be subject to subpoena or disclosed pursuant to the Public Records Law.

B. All working papers, recorded information, documents, and copies thereof disclosed by the commissioner, or any other person, to the receiver in the course of an action pursuant to this Chapter, which are confidential or privileged pursuant to any other provision of law, shall be given confidential treatment and shall not be subject to subpoena or disclosed pursuant to the Public Records Law.

C. Nothing contained in this Chapter shall be construed to limit the commissioner's authority to use any working papers, recorded information, documents, and copies thereof or any other information discovered or developed during the course of any action pursuant to this Chapter in the furtherance of any legal or regulatory action that the commissioner may, in his sole discretion, deem appropriate.

Control shall be presumed to exist if a person, directly or indirectly owns, controls, holds with the power to vote, or holds proxies representing, ten percent or more of the voting securities of any other person. This presumption may be rebutted by a showing that control does not exist in fact.

(6) "Covered claim" means the following:

(a) An unpaid claim, including one for unearned premiums that arises out of and is within the coverage and not in excess of the applicable limits of an insurance policy to which this Part applies issued by an insurer, if such insurer becomes an insolvent insurer after September 1, 1970, and the policy was issued by such insurer and any of the following:

In addition, any person insured under a policy issued by an insolvent insurer shall likewise not be liable for any subrogation claim or any contractual indemnity claim asserted by any reinsurer, insurer, insurance pool, underwriting association, health maintenance organization or plan, hospital plan corporation, professional health service corporation,

preferred provider organization or plan, employee retirement fund including but not limited to plans subject to the Employee Retirement Income Security Act of 1974, Medicare or Medicare Advantage, Medicaid, self-insurer, or any other person with an interest in the claim, other than to the extent the claim exceeds the association's obligation limitations.

(v) Any first party claims by an insured that is an affiliate of the insolvent insurer.

(xii) Any claim by any agency or program of the federal government or of any state or political subdivision thereof.

(7) "Insolvent insurer" means an insurer who meets both of the following criteria:

(a) Is licensed and authorized to transact insurance in this state, either at the time the policy was issued or when the insured event occurred.

(b) Against whom an order of liquidation with a finding of insolvency has been entered by a final judgment of a court of competent jurisdiction in the insurer's state of domicile or of this state, and which order of liquidation has not been stayed or been the subject of a perfected suspensive appeal or other comparable order.

Notwithstanding any law to the contrary, no assuming reinsurer shall be required to pay or otherwise contribute to any fund or assessment of the association except for any insurance that the reinsurer directly writes in the state.

(12) "Ocean marine insurance" shall have the same meaning as that term is defined in R.S. 22:46.

(13) "Person" means any natural or juridical person, company, insurer, association, organization, reciprocal or inter-insurance exchange, partnership, business, trust, corporation, or other entity, including governmental entities.

A. There is created a private nonprofit unincorporated legal entity to be known as the "Louisiana Insurance Guaranty Association". All member insurers defined in R.S. 22:2055 shall be and remain members of the association as a condition of their authority to transact insurance in this state. The association shall perform its functions under a plan of operation established and approved under R.S. 22:2059 and shall exercise its powers through a board of directors established under R.S. 22:2057.

B. The association is not and may not be deemed a department, unit, agency, or instrumentality of the state for any purpose, and shall not be subject to laws governing such departments, units, agencies, instrumentalities, commissions or boards of the state. All debts, claims, obligations, and liabilities of the association, whenever incurred, shall be the debts, claims, obligations, and liabilities of the association only and not of the state, its agencies, instrumentalities, officers, or employees. Association monies may not be considered part of the general fund of the state. The state may not budget for or provide general fund appropriations to the association, and the debts, claims, obligations, and liabilities of the association may not be considered to be a debt of the state or a pledge of its credit.

C. (1) Notwithstanding the provisions of Subsections A and B of this Section, and except as provided by Paragraph (2) of this Subsection, the association shall be subject to R.S. 42:11 et seq. and to R.S. 44:1 through 41, and may be considered as if it were a public body for the purpose of those provisions.

(2) The association may hold an executive session pursuant to R.S. 42:16 for discussion of one or more of the following, and R.S. 44:1 through 41 shall not apply to any documents as enumerated in R.S. 44:1(A)(2) which relate to one or more of the following:

(a) Information on any matter relevant to the solvency, liquidation, rehabilitation, or conservation of any member insurer, until such insolvency has been declared or the member insurer has been placed in liquidation, rehabilitation, or conservation.

(b) Matters protected by attorney-client privilege.

(c) Matters with respect to claims or claim files, except documents contained in those files which are otherwise deemed public records.

(d) Prospective litigation against the association after formal written demand, prospective litigation by the association after referral to counsel for review, or pending litigation by or against the association.

(e) Any other matters now provided for or as may be provided for by the legislature.

(f) Discussion by or documents in the custody or control of any committee or subcommittee of the association, or any member or agent thereof, or the board of directors or any member or agent thereof, if such discussion or documents would otherwise be protected from disclosure by any of the exceptions provided in this Paragraph.

Renumbered from R.S. 22:1380 by Acts 2008, No. 415, § 1, eff. Jan. 1, 2009. Added by Acts 1970, No. 81, § 1. Amended by Acts 1990, No. 968, § 1, eff. July 25, 1990; Acts 2010, No. 959, § 1, eff. July 6, 2010; Acts 2012, No. 271, § 1.

§ 2057. Board of directors

A. The board of directors of the association shall consist of nine persons serving terms as established in the plan of operation. The board shall be composed of two consumer representatives appointed by the commissioner, one person appointed by the president of the Senate, one person appointed by the speaker of the House of Representatives, all of whom shall be residents of the state of Louisiana, and five additional persons selected by member insurers, one of which shall be a representative selected by the membership of the Louisiana Association of Fire and Casualty Companies (LAFAC), subject to the approval of the commissioner. Vacancies in the positions for which persons are selected by member insurers shall be filled until the next regularly scheduled election for a member of the board by a majority vote of the remaining members, subject to the approval of the commissioner. At the next regularly scheduled election for a member of the board, the member insurers shall select a member to serve the remainder of the unexpired term of any member appointed by the board, subject to the approval of the commissioner. No person shall serve as a member after his replacement has been either appointed or selected by member insurers and approved by the commissioner. The commissioner shall transmit to the board his approval or disapproval of new board members within thirty days after he has been notified of their selection, and he shall accompany any disapproval of a board member with his written reasons for such disapproval. One of the two consumer representatives may not be an officer, director or employee of an insurance company or any person engaged in the business of insurance.

B. In approving selections to the board, the commissioner shall consider among other things whether all member insurers are fairly represented.

C. Members of the board may be reimbursed from the assets of the association for reasonable expenses incurred by them as members of the board of directors.

D. Any member of the board whose relationship to an insurer in receivership presents a conflict of interest shall be terminated as a board member by the commissioner and the seat declared vacant as of the date of the entry of the order of receivership.

E. If the commissioner has reasonable cause to believe that a board member failed to disclose a known conflict of interest with his duties on the board, failed to take appropriate action based on a known conflict of interest with his duties on the board, or has been indicted or charged with a felony, or misdemeanor involving moral turpitude, the commissioner may suspend that board

member pending the outcome of an investigation by the commissioner or the conclusion of any criminal proceedings. If the allegations are substantiated at the conclusion of an investigation or criminal proceeding, the seat shall be declared vacant.

Renumbered from R.S. 22:1381 by Acts 2008, No. 415, § 1, eff. Jan. 1, 2009. Added by Acts 1970, No. 81, § 1. Amended by Acts 1989, No. 619, § 1; Acts 1990, No. 129, § 1; Acts 1993, No. 397, § 1, eff. June 2, 1993; Acts 1997, No. 468, § 1, eff. June 26, 1997; Acts 2010, No. 959, § 1, eff. July 6, 2010; Acts 2022, No. 185, § 1.

§ 2058. Powers and duties of the association

A. The association shall:

(1)(a) Be obliged to pay covered claims pursuant to an order as provided in R.S. 22:2008(C), existing prior to the determination of the insurer's insolvency, or arising after such determination but prior to the first to occur of the following events:

(i) Expiration of thirty days after the date of such determination of insolvency.

(ii) Expiration of the policy.

(iii) Replacement or cancellation of the policy at the instance of the insured if the insured does so within thirty days of such determination.

(b) Satisfy such obligation by paying to the claimant an amount as follows:

(i) The full amount of a covered claim for benefits payable directly to or on behalf of the injured employee or his health care providers, vocational rehabilitation counselors, and similar providers under a workers' compensation insurance coverage.

(ii) An amount not exceeding ten thousand dollars per policy for a covered claim for the return of unearned premium.

(iii) An amount which is in excess of one hundred dollars and is less than five hundred thousand dollars, per claim, subject to a maximum limit of five hundred thousand dollars per accident or occurrence for all other covered claims.

(c)(i) In no event be obligated to pay a claimant an amount in excess of the obligation of the insolvent insurer under the policy or coverage from which the claim arises. Notwithstanding any other provision of this Part, a "covered claim" shall not include a claim filed with the association after the earlier of five years after the date of the order of liquidation of the insolvent insurer or the final date set by the domiciliary court for the filing of claims against the liquidator or receiver of an insolvent insurer.

(ii) For the purpose of filing a claim under this Subsection, notice of claims to the liquidator of the insolvent insurer shall be deemed notice to the association or its agent and a list of claims shall be periodically submitted to the association or association similar to the association in another state

by the liquidator.

(d) Have no obligation to defend an insured upon the association's payment or tender of an amount equal to the lesser of the association's covered claim obligation limit or the applicable policy limit, or written notice of extinguishment of the obligation due to application of a credit.

(e)(i) Have an applicable limit per claim and per accident or occurrence which shall be exhaustive of the entire liability of the association under this Part, however arising, without regard to the nature of or basis for that liability, except court costs incurred subsequent to the date of insolvency.

(ii) "Accident or occurrence" in this Section means one proximate, uninterrupted, or continuing cause which results in all of the injuries or damages even though several discrete items of damage result, and even though multiple claims and claimants may arise as a result of one such accident or occurrence. A series of claims arising from the same accident or occurrence shall be treated as due to that one accident or occurrence and thus shall be subject to the aggregate liability limit established herein.

(2) To the extent of its obligation on the covered claims, have all rights, duties, and obligations of the insolvent insurer as if the insurer had not become insolvent, including but not limited to, the right to pursue and retain salvage and subrogation recoverable on covered claim obligations to the extent paid by the association. The association shall not be deemed the insolvent insurer for the purpose of conferring jurisdiction.

(3)(a)(i) Assess insurers amounts necessary to pay the obligations of the association under Paragraph (1) of this Subsection subsequent to an insolvency, the expenses of handling covered claims subsequent to an insolvency, and the cost of examinations of the association, to fund loans or provide guarantees to member insurers under rehabilitation or liquidation and other expenses authorized by this Part. The assessments of each member insurer shall be in the proportion that the net direct written premiums of the member insurer for the preceding calendar year, whether or not a company withdraws subsequent to the preceding calendar year, bears to the net direct written premiums of all member insurers for the preceding calendar year. Each member insurer shall be notified of the assessment not later than thirty days before it is due.

(ii) No member insurer may be assessed in any year an amount greater than one percent of that member insurer's net direct written premiums for the preceding calendar year. If the maximum assessment, together with the other assets of the association, does not provide in any one year an amount sufficient to make all necessary payments, the funds available shall be prorated and the unpaid portion shall be paid as soon thereafter as funds become available.

(iii) The association may exempt or defer, in whole or in part, the assessment of any member insurer if the assessment would cause the member insurer's financial statement to reflect amounts of capital or surplus less than the minimum amounts required for a certificate of authority by any jurisdiction in which the member insurer is authorized to transact insurance.

(iv) The amount of the assessment shall be offset in the same manner that an offset is provided against the premium tax liability in Item (3)(b)(ii) of this

Subsection, against the assessment levied by R.S. 22:1476, if such offset shall not be applied against any portion of the assessments to be deposited to the credit of the Municipal Police Employees' Retirement System, the Sheriffs' Pension and Relief Fund, and the Firefighters' Retirement System. To qualify for this offset, the payer shall file a sworn statement with the annual report required by R.S. 22:791 et seq., 821 et seq., and 831 et seq., showing as of December thirty-first of the reporting period that at least the following amounts of the total admitted assets of the payer, less assets in an amount equal to the reserves on its policies issued in foreign countries in which it is authorized to do business and which countries require an investment therein as a condition of doing business, are invested and maintained in qualifying Louisiana investments as defined in R.S. 22:832(C). If one-sixth of the total admitted assets of the payer are in qualifying Louisiana investments, then the offset shall be sixty-six and two-thirds percent of the amount otherwise assessed; if at least one-fifth of the total admitted assets of the payer are in qualifying Louisiana investments, then the offset shall be seventy-five percent of the amount otherwise assessed; if at least one-fourth of the total admitted assets of the payer are in qualifying Louisiana investments, the offset shall be eighty-five percent of the amount otherwise assessed; and if at least one-third of the total admitted assets of the payer are in qualifying Louisiana investments, then the offset shall be ninety-five percent of the amount otherwise assessed. If the total of the net premium tax liability and the assessment for the expenses of the Department of Insurance paid for the previous year was less than the offset allowed under Item (3)(b)(ii) of this Subsection for the previous year, the member company may reduce its assessment payment to the Louisiana Insurance Guaranty Association for the current year by that difference.

(v) An insurer may transfer up to twenty percent annually of any offset as described in this Section with the prior approval of the commissioner to an affiliated insurer. For the purposes of this Section:

(aa) "Affiliated insurer" means an insurance company licensed or holding a certificate of authority to do business in this state which controls, is controlled by, or is under common control with, another insurer.

(bb) "Control" means holding, directly or indirectly, the ownership of or power to vote, at least eighty percent of the voting stock of another member insurer.

(b)(i) Issue to each insurer paying an assessment under this Part a certificate of contribution, in a form prescribed by the commissioner, for the amount so paid. All outstanding certificates shall be of equal dignity and priority without reference to amounts or dates of issue.

(ii) A certificate of contribution issued to a member company may be offset against its premium tax liability in an amount not to exceed ten percent of the assessment for the year in which the assessment was paid in full and not to exceed ten percent of the assessment per year for each of the nine calendar years following the year in which such assessment was paid in full, not to exceed a total offset of one hundred percent for each assessment. During the calendar year of issuance of a certificate of contribution, and yearly thereafter, a member shall at its option have the right to show a certificate of contribution as an asset in the form approved by the commissioner at percentages of the original face amount approved by the commissioner, equal to

the unused offset as of each such calendar year.

(iii) To the extent amounts have been written off under Item (ii) of this Subparagraph, the provisions of R.S. 22:2066 shall not apply.

(c) Not subject the premium dollars paid to an insurer by any "high net worth insured" as defined in this Part to the assessment provided for in this Section for the next calendar year. Any insurer deducting the premium dollars from its assessment shall provide a net worth affidavit to the association from each insured whose premium dollars are being deducted together with a statement of the amount of premium dollars paid by such insured in accordance with procedures established by the association.

(4) Investigate claims brought against the association and adjust, compromise, settle, and pay covered claims to the extent of the association's obligation and deny all other claims. The association may pay claims in any order that it may deem reasonable, including the payment of claims as they are received from the claimants or in groups or categories of claims. The association shall have the right to appoint and to direct legal counsel retained under liability insurance policies for the defense of covered claims.

(5) Notify claimants, insureds and other interested parties of the determination of insolvency and of their rights under this Part as deemed necessary by the commissioner and upon the commissioner's request, to the extent records are available to the association. The association may discharge this duty by notice mailed to the last known address or notice by publication in a newspaper of general circulation when a mailing address is unavailable or insufficient.

(6)(a) Have the right to review and contest as set forth in this Subsection settlements, releases, compromises, waivers and judgments to which the insolvent insurer or its insureds were parties prior to the entry of the order of liquidation. In an action to annul, vacate, or enforce settlements, releases and judgments to which the insolvent insurer or its insureds were parties prior to the entry of the order of liquidation, the association shall have the right to assert the following defenses, in addition to the defenses available to the insurer:

(i) The association is not bound by an unsatisfied settlement, release, compromise or waiver executed by an insured or the insurer, or any unsatisfied judgment entered against an insured or the insurer by consent or through a failure to exhaust all appeals, if the settlement, release, compromise, waiver or judgment was executed or entered within one hundred twenty days prior to the entry of an order of liquidation, and the insured or the insurer did not use reasonable care in entering into the settlement, release, compromise, waiver or judgment, or did not pursue all reasonable appeals of an adverse judgment; or executed by or taken against an insured or the insurer based on default, fraud, ill practice, collusion, the insurer's failure to defend, or the clearly excessive amount of any settlement, release, compromise, waiver or judgment considering all relevant issues including but not limited to coverage, liability, and quantum.

(ii) If a court of competent jurisdiction finds that the association is not bound by a settlement, release, compromise, waiver or judgment for the reasons

described in Item (i) of this Subparagraph, the settlement, release, compromise, waiver or judgment shall be set aside, and the association shall be permitted to defend any covered claim on the merits. The settlement, release, compromise, waiver or judgment may not be considered as evidence of liability or damages in connection with any claim brought against the association or any other party under this Part.

(iii) The association shall have the right to assert any statutory defenses or rights of offset against any settlement, release, compromise or waiver executed by an insured or the insurer, or any judgment taken against the insured or the insurer.

(b) As to any covered claims arising from a judgment under any decision, verdict or finding based on the default of the insolvent insurer or its failure to defend, either on its own behalf or on behalf of an insured, have the right to apply to have the judgment, order, decision, verdict or finding set aside by the same court or administrator that entered the judgment, order, decision, verdict or finding and be permitted to defend the claim on the merits.

(7) Handle claims through its employees or through one or more insurers or other persons designated as servicing facilities. Designation of a servicing facility is subject to the approval of the commissioner, but such designation may be declined by a member insurer.

(8) Reimburse each servicing facility for obligations of the association paid by the facility and for expenses incurred by the facility while handling claims on behalf of the association and shall pay the other expenses of the association authorized by this Part.

(9) Implement a system of alternative dispute resolution of lawsuits and claims.

(10) Coordinate and work in conjunction with the commissioner of insurance, or his designee charged with oversight and implementation of the provisions of this Part.

B. The association may:

(1) Employ or retain such persons as are necessary to handle claims and perform other duties of the association.

(2) Borrow funds necessary to effect the purposes of this Part. In connection therewith the association may agree to such terms and conditions as it deems necessary and proper, and the association may assign to the state or any agency or authority thereof, or to any private entity, the right to the receipt of assessments to the extent necessary to provide for the payment of bonds issued by the state or such agency or authority, or such private agency, for the purpose of providing for the repayment of such borrowings.

(3) Sue or be sued. The power to sue includes the power and right to intervene as a party before any court in this state that has jurisdiction over an insolvent insurer.

(4) Negotiate and become a party to such contracts as are necessary to carry

out the purpose of this Part.

(5) Perform such other acts as are necessary or proper to effectuate the purpose of this Part.

(6)(a) Refund to the member insurers in proportion to the contribution of each member insurer to the association that amount by which the assets of the association exceed the liabilities, if, at the end of any calendar year, the board of directors finds that the assets of the association exceed the liabilities of the association as estimated by the board of directors for the coming year.

(b) With respect to state fiscal year 2014-2015, the association is hereby authorized to make a one-time transfer to the state general fund of the amount of such excess as determined by the board of directors. This one-time authorization is not intended to create any right or interest of the state in and to the association's funds, and the legislature hereby affirms its intent that association monies may not be considered part of the general fund of the state other than monies subject to the one-time transfer hereby authorized.

(7) Submit with the commissioner to the court having jurisdiction over an impaired or insolvent insurer a joint written plan of full or partial rehabilitation or liquidation that satisfies the court that such plan is the most cost-effective method of addressing the member insurer's impairment or insolvency, is in the best interest of the member insurer's policyholders and claimants and is in the best interests of the association, and may, upon approval of the court:

(a) Guarantee, assume, or cause to be guaranteed or assumed, including the financial undertakings necessary and proper to effect such guarantees or assumptions, any or all of the policies, contracts, or other obligations of such member insurer.

(b) Lend money to such member insurer.

C. Suits involving the association:

(1) Except for actions by the receiver, all actions relating to or arising out of this Part against the association shall be brought in the courts in this state. The courts shall have exclusive jurisdiction over all actions relating to or arising out of this Part against the association.

(2) The domicile of the association for purposes of venue is East Baton Rouge Parish. The association may, at its option, waive exceptions to venue for specific actions.

(3) Any person, and any attorney who represents a person, who files a petition against the association alleging as a basis for the claim the insolvency of an insurer, where said insurer is not an insolvent insurer within the meaning of this Part, shall pay the reasonable expenses incurred because of the filing of the petition, including a reasonable attorney fee, subject to the following conditions:

(a) The association shall furnish to either the person or his attorney, by

ordinary service of process, hand delivery, or certified mail, return receipt requested, written notification that the insurer is not an insolvent insurer within the meaning of this Part.

(b) If, within sixty days of the receipt of such notification, the person or his attorney has not dismissed the petition, with prejudice and at plaintiff's cost.

D. (1) Notwithstanding any other provision to the contrary and unless such other law is specifically excepted from this Section, the provisions of this Section shall supersede and prevail over any other law to the contrary.

(2) This Section shall not apply to R.S. 24:38(C) and 654.

Section 2 of Acts 2008, No. 687 (§ 1 of which amended item (A)(1)(a)(iii) of this section) provides:

"Section 2. The provisions of this Act shall apply prospectively only and to covered claims which arise out of a liquidation proceeding which is commenced on or after August 15, 2008."

§ 2059. Plan of operation

A. (1) The association shall submit to the commissioner, the Senate Committee on Insurance, and the House Committee on Insurance a plan of operation and any amendments thereto necessary or suitable to assure the fair, reasonable, and equitable administration of the association. The plan of operation and any amendments thereto shall become effective upon approval in writing by the commissioner; however, prior to the implementation of any new plan or any amendment to such new plan or an existing plan of operation, the Senate Committee on Insurance and the House Committee on Insurance may hold a hearing on such new plan or any amendments to a new or existing plan of operation. After a hearing, if any, the respective legislative committees shall either approve or reject the plan or amendment as presented. No plan or amendment shall be implemented if it was rejected by a legislative committee. If a hearing is not held within thirty days after receipt of the plan or amendment by such committees, then the plan or amendment may be implemented as approved by the commissioner. Approval by the commissioner shall not be unreasonably withheld. If the plan of operation is disapproved in whole or in part, the

commissioner shall provide written reasons as to each disapproved part, and the association shall resubmit the part of the plan which has been disapproved by the commissioner within thirty days thereafter. The preceding plan of operation shall remain in effect until such time as the revised plan is effective.

(2) If the association fails to submit suitable amendments to the plan, the commissioner shall, in accordance with the Administrative Procedure Act, adopt and promulgate such reasonable rules as are necessary or advisable to effectuate the provisions of this Part. Such rules shall continue in force until modified by the commissioner or superseded by a plan submitted by the association and approved by the commissioner. All rules and regulations promulgated by the commissioner under the provisions of this Paragraph shall have no effect until they are reviewed and approved by the Senate Committee on Insurance and the House Committee on Insurance. If a hearing is not held by such committees within thirty days after receipt of the rules and regulations promulgated by the commissioner under the provisions of this Paragraph, then the rules and regulations may be implemented as promulgated by the commissioner.

B. All member insurers shall comply with the plan of operation.

C. The plan of operation shall:

(1) Establish procedures for performing the powers and duties of the association.

(2) Establish procedures for handling assets of the association.

(3) Establish procedures for reimbursing the members of the board of directors for reasonable expenses.

(4) Establish procedures by which claims may be filed with the association and establish acceptable forms of proof of covered claims.

(5) Establish regular places and times for meetings of the board of directors.

(6) Establish procedures for records to be kept of all financial transactions of the association, its agents, and the board of directors. All such records shall be subject to review by either or both the Senate Committee on Insurance and the House Committee on Insurance upon written request of the respective legislative chairman.

(7) Provide that any member insurer aggrieved by any final action or decision of the association may appeal to the commissioner within thirty days after the action or decision.

(8) Establish the procedures whereby selections for the board of directors will be submitted to the commissioner.

(9) Contain additional provisions necessary or proper for the execution of the powers and duties of the association.

(10) Establish procedures for the disposition of liquidating dividends or other

monies received from the estate of the insolvent insurer.

(11) Establish policies and procedures designed to increase participation for minorities and women in contractual legal services entered into by the association.

(12) Establish policies and procedures relative to the appointment of legal counsel.

(13) Establish policies and procedures relative to a system of alternative dispute resolution of lawsuits and claims.

(14) Establish procedures whereby a director may be removed for cause.

D. The plan of operation may provide that any or all powers and duties of the association, except those under R.S. 22:2058(A)(3) and (B)(2) are delegated to a corporation, association, or other organization which performs or will perform functions similar to those of this association, or its equivalent, in two or more states. Such a corporation, association, or organization shall be reimbursed as a servicing facility would be reimbursed and shall be paid for its performance of any other functions of the association. A delegation under this Subsection shall take effect only with the approval of both the board of directors and the commissioner, and may be made only to a corporation, association, or organization which extends protection not substantially less favorably and effective than that provided by this Part.

§ 2060. Duties and powers of the commissioner

A. The commissioner shall:

(1) Notify the association of the existence of an insolvent insurer no later than three days after he receives notice of the determination of the insolvency. The association shall be entitled to a copy of a petition seeking an order of liquidation with a finding of insolvency against a member company at the same time that the petition is filed.

(2) Upon request of the board of directors, provide the association with a statement of the net direct written premiums of each member insurer.

(3) Repealed by Acts 2010, No. 959, § 3, eff. July 6, 2010.

B. The commissioner may:

(1) Suspend or revoke, after compliance with R.S. 49:961, the certificate of authority to transact insurance in this state of any member insurer that fails to pay an assessment when due or fails to comply with the plan of operation. As an alternative, the commissioner may levy a fine on any member insurer that fails to pay an assessment when due. Such fine shall not exceed five percent of the unpaid assessment per month, except that no fine shall be less than one

hundred dollars per month.

(2) Revoke the designation of any servicing facility if he finds claims are being handled unsatisfactorily.

(3) Examine, audit, or otherwise regulate the association.

C. An aggrieved party affected by the commissioner's decision, act, or order may demand a hearing in accordance with Chapter 12 of this Title, R.S. 22:2191 et seq.

§ 2060.1. Coordination among guaranty associations

A. The association may join one or more organizations of other state associations of similar purposes, to further the purposes and administer the powers and duties of the association. The association may designate one or more of these organizations to act as a liaison for the association and, to the extent the association authorizes, to bind the association in agreements or settlements with receivers of insolvent insurance companies or their designated representatives.

B. The association, in cooperation with other obligated or potentially obligated guaranty associations, or their designated representatives, shall make all reasonable efforts to coordinate and cooperate with receivers, or their designated representatives, in the most efficient and uniform manner, including the use of Uniform Data Standards as promulgated or approved by the National Association of Insurance Commissioners.

Added by Acts 2010, No. 959, § 1, eff. July 6, 2010.

§ 2061. Effect of paid claims

A. Any person recovering under this Part shall be deemed to have assigned his rights under the policy to the association to the extent of his recovery from the association. Every insured or claimant seeking the protection of this Part shall cooperate with the association to the same extent as such person would have been required to cooperate with the insolvent insurer. The association shall have no cause of action against the insured of the insolvent insurer for any sums it has paid out except such causes of action as the insolvent insurer would have had if such sums had been paid by the insolvent insurer, except with respect to the recovery of sums paid on a claim excluded due to the high net worth of an insured as defined in this Part. In the case of an insolvent insurer operating on a plan with assessment liability, payments of claims of the association shall not operate to reduce the liability of insureds to the receiver, liquidator or statutory successor for unpaid assessments.

B. The receiver, liquidator or statutory successor of an insolvent insurer shall be bound by settlements of covered claims by the association or a similar organization in another state. The court having jurisdiction shall grant such

claims priority equal to that which the claimant would have been entitled in the absence of this Part against the assets of the insolvent insurer. The expenses of the association or similar organization in handling claims shall be accorded the same priority as the liquidator's expenses.

C. The association shall periodically file with the receiver or liquidator of the insolvent insurer statements of the covered claims paid by the association and estimates of anticipated claims on the association which shall preserve the rights of the association against the assets of the insolvent insurer.

D. The association and any association similar to the association in another state shall be entitled to file a claim in the liquidation of an insolvent insurer for any amounts paid by them on covered claim obligations as determined under this Part or similar laws in other states and shall receive dividends and other distributions at the priority set forth in R.S. 22:2025.

Renumbered from R.S. 22:1385 by Acts 2008, No. 415, § 1, eff. Jan. 1, 2009. Added by Acts 1970, No. 81, § 1. Amended by Acts 2010, No. 959, § 1, eff. July 6, 2010.

§ 2061.1. Net worth exclusion

A. For purposes of this Part, "high net worth insured" shall mean any policyholder or named insured, other than any state or local governmental agency or subdivision thereof, whose net worth exceeds twenty-five million dollars on December thirty-first of the year prior to the year in which the insurer becomes an insolvent insurer if an insured's net worth on that date shall be deemed to include the aggregate net worth of the insured and all of its subsidiaries and affiliates as calculated on a consolidated basis. The consolidated net worth of the insured and all of its affiliates shall be calculated on the basis of their fair market values. The members of a group self-insurance fund formed pursuant to R.S. 23:1191 et seq. shall not be deemed to be affiliates of the fund, and shall not be included in the determination of the net worth of the fund. For the purposes of this Section, a group self-insurance fund, and each individual member of the fund upon whose behalf a claim is submitted, shall be deemed to be policyholders or named insureds of any policy of insurance issued to the fund.

B. (1) The association shall not be obligated to pay any claims or provide a defense to any claims asserted for coverage under a policy when the insured is a high net worth insured.

(2) The association shall have the right to recover from a high net worth insured all costs incurred and all amounts paid by the association to or on behalf of such insured, whether for indemnity, defense or otherwise, including attorney fees, administrative costs, court costs, settlement, or other defense costs.

C. The association shall not be obligated to pay any claim that would otherwise be a covered claim that is an obligation to or on behalf of a person who has a net worth greater than that allowed by the insurance guaranty association law of the state of residence of the claimant at the time specified by that state's applicable law, and which association has denied coverage to that claimant on that basis.

D. The association shall establish reasonable procedures subject to the approval of the commissioner for requesting financial information from insureds on a confidential basis for purposes of applying this Section, provided that the financial information may be shared with any other association similar to the association and the liquidator for the insolvent insurer on the same confidential basis. Any request to an insured seeking financial information must advise the insured of the consequences of failing to provide the financial information. If an insured refuses to provide the requested financial information where it is requested and available, the association may, until such time as the information is provided, provisionally deem the insured to be a high net worth insured for the purpose of denying a claim under Subsection B of this Section.

E. In any lawsuit contesting the applicability of this Section where the insured has refused to provide financial information under the procedure established pursuant to Subsection D of this Section, the insured shall bear the burden of proof concerning its net worth at the relevant time. If the insured fails to prove that its net worth at the relevant time was less than the applicable amount, the court shall award the association its full costs, expenses and reasonable attorney fees in contesting the claim.

Added by Acts 2010, No. 959, § 1, eff. July 6, 2010. Amended by Acts 2012, No. 271, § 1.

§ 2062. Exhaustion of other coverage

A. (1) Any person having a claim against an insurer shall be required first to exhaust all coverage provided by any other policy, including the right to a defense under the other policy, if the claim under the other policy arises from the same facts, injury, or loss that gave rise to the covered claim against the association. The requirement to exhaust shall apply without regard to whether or not the other insurance policy is a policy written by a member insurer. However, no person shall be required to exhaust any right under the policy of an insolvent insurer or any right under a life insurance policy or annuity.

(2) Any amount payable on a covered claim under this Part shall be reduced by the full applicable limits stated in the other insurance policy, or by the amount of the recovery under the other insurance policy as provided herein. The association and the insured shall receive a full credit for the stated limits, unless the claimant demonstrates that the claimant used reasonable efforts to exhaust all coverage and limits applicable under the other insurance policy. If the claimant demonstrates that the claimant used reasonable efforts to exhaust all coverage and limits applicable under the other insurance policy, or if there are no applicable stated limits under the policy, the association and the insured shall receive a full credit for the total recovery.

(a) The credit shall be deducted from the lesser of the following:

(i) The association's covered claim limit.

(ii) The amount of the judgment or settlement of the claim.

(b) In no case, however, shall the obligation of the association exceed the

covered claim limit of this Part.

(c) The provisions of this Paragraph shall not apply to uninsured or underinsured motorist policies.

(3) If the insured or claimant has a contractual right to claim defense under an insurance policy issued by another insurer, including a self-insurer, the insured or claimant shall first exhaust all rights to indemnity and defense under such policy before claiming indemnity or defense from the association, or the insured of the insolvent insurer. The association's duty to defend under the policy issued by the insolvent insurer is subject to any other limitation on the duty to defend in this Part. This duty is secondary to the obligation of any other insurer or self-insurer to provide a defense, whose duty to the claimant is primary.

(4) A claim under a policy providing liability coverage to a person who may be solidarily liable as a tortfeasor with the person covered under the policy of the insolvent insurer that gives rise to the covered claim shall be considered to be a claim arising from the same facts, injury or loss that gave rise to the covered claim against the association.

(5) For purposes of this Section, a claim under an insurance policy other than a life insurance policy or annuity shall include, but is not limited to:

(a) A claim against a health maintenance organization, a hospital plan corporation, a professional health service corporation or disability insurance policy, liability coverage, uninsured or underinsured motorist liability coverage, hospitalization, coverage under self-insurance certificates, preferred provider organization, or similar plan, and any and all other medical expense coverage.

(b) Any amount payable by or on behalf of a self-insurer.

(c) Any claim against persons prohibited from recovering against the association as specified in this Part.

(6) In the case of a claimant alleging personal injury or death caused by exposure to asbestos fibers or other claim resulting from exposure to, release of, or contamination from any environmental pollutant or contaminant, any and all other insurance available to the insured for the claim for all policy periods for which insurance is available must first be exhausted before recovering from the association, even if an insolvent insurer provided the only coverage for one or more policy periods of the alleged exposure. Only after exhaustion of all solvent insurer's total policy aggregate limits for any alleged exposure periods will the association be obligated to provide a defense and indemnification within the obligations of this Part, subject to a credit for the total amount thereof, whether or not the total amount has actually been paid or recovered.

B. Any person having a claim which may be recovered under more than one insurance guaranty association or its equivalent shall seek recovery first from the association of the place of residence of the insured except that if it is a first party claim for damage to property with a permanent location, he shall seek recovery first from the association of the location of the property, and

if it is a workers' compensation claim, he shall seek recovery first from the association of the residence of the claimant. For purposes of this Section, the "residence of the insured" shall be the residence, on the date of insolvency of the insurer or self-insurer, of the first named or primary insured or the state to which the insolvent insurer or self-insurer was or would have been liable for the payment of a surcharge or assessment on the subject insurance policy to an insurance guaranty association or its equivalent. A claimant alleging personal injury or death caused by exposure to asbestos fibers or other claim resulting from exposure to, release of, or contamination from any environmental pollutant or contaminant, asserted against the association must either be a domiciliary of the state of Louisiana at the time of the exposure or allege that his exposure to asbestos or other environmental hazard, which is a substantial contributing factor to the physical impairment upon which the claim is based, occurred in Louisiana. Where more than one claimant is joined, each claimant must independently establish that Louisiana is either his domicile or place in which the alleged exposure occurred.

C. Any recovery under this Part by any claimant not a resident of the state of Louisiana at the time such claim arose, shall not exceed the lesser of the recovery allowed under this Part or that payable by the insurance guaranty association or its equivalent in the claimant's state of residence. As to the association, any amount payable by the other guaranty association or its equivalent shall act as a credit against the damages of the claimant, and the association shall not be liable for that portion of the damages of the claimant.

D. The association shall have no duty to provide a separate defense at its cost to an insured of an insolvent insurer as to any issue arising out of the coverage of this Section.

The rates and premiums charged for insurance policies to which this Part applies shall include amounts sufficient to recoup a sum equal to the amounts paid to the association by the member insurer less any amounts returned to the member insurer by the association and such rates shall not be deemed excessive because they contain an amount reasonably calculated to recoup assessments paid by the member insurer.

A. All proceedings in which the insolvent insurer is a party or is obligated to

B. The liquidator, receiver or statutory successor of an insolvent insurer covered by this Part shall permit access by the association to such of the insolvent insurer's records that are necessary to carry out its functions under this Part and shall provide the association with copies of those records upon request by and at the expense of the association.

C. In addition to any other requirement imposed by law, no judgment creditor shall attempt the execution of any judgment against the association without providing prior notice of its intent to do so. PART II. LOUISIANA LIFE AND HEALTH INSURANCE GUARANTY ASSOCIATION FUNDS

§ 2081. Title; construction

This Part shall be known and may be cited as the "Louisiana Life and Health Insurance Guaranty Association Law" and shall be construed to effect the purpose under R.S. 22:2082.

Renumbered from R.S. 22:1395.1 by Acts 2008, No. 415, § 1, eff. Jan. 1, 2009.
Added by Acts 1991, No. 998, § 1, eff. Sept. 30, 1991. Amended by Acts 2009, No. 258, § 1.

§ 2082. Purpose

A. The purpose of this Part is to protect, subject to certain limitations, the persons listed in R.S. 22:2083(A) against failure in the performance of contractual obligations, under life, health, and annuity policies, plans, or contracts specified in R.S. 22:2083(B), because of the impairment or insolvency of the member insurer that issued the policies, plans, or contracts.

B. To provide this protection, an association of member insurers is hereby created to pay benefits and to continue coverages as limited herein. Members of the association are subject to assessment to provide funds to carry out the purpose of this Part.

Renumbered from R.S. 22:1395.2 by Acts 2008, No. 415, § 1, eff. Jan. 1, 2009. Added by Acts 1991, No. 998, § 1, eff. Sept. 30, 1991. Amended by Acts 2018, No. 97, § 1.

§ 2083. Coverages and limitations

A. This Part shall provide coverage for the policies and contracts specified in Subsection B of this Section:

(1) To any person who, regardless of residence, except for a nonresident certificate holder under a group policy or contract, is the beneficiary, assignee, or payee, including healthcare providers rendering services covered under health insurance policies or certificates, of a person covered under Paragraph (2) of this Subsection.

(2) To any person who is the owner of or certificate holder or enrollee under such a policy or contract, other than a structured settlement annuity, and who is either:

(a) A resident.

(b) Not a resident, but only if all of the following conditions are satisfied:

(i) The member insurer which issued such policy or contract is domiciled in this state.

(ii) The member insurer has never held a license or certificate of authority in the state in which such person resides.

(iii) The state has an association similar to the association created by this Part.

(iv) The person is not eligible for coverage by such association.

(3) For structured settlement annuities specified in Subsection B of this Section, Paragraphs (1) and (2) of this Subsection shall not apply, and this Part shall, except as provided in Paragraphs (4) and (5) of this Subsection, provide coverage to a person who is a payee under a structured settlement annuity, or a beneficiary of a payee if the payee is deceased, if the payee is one of the following:

(a) A resident, regardless of where the contract owner resides.

(b) Not a resident, but only under both of the following conditions:

(i) The contract owner of the structured settlement annuity either is a resident or is not a resident and meets both of the following conditions in the case where the contract owner is not a resident:

(aa) The insurer that issued the structured settlement annuity is domiciled in this state.

(bb) The state in which the contract owner resides has an association similar

to the association created by this Part.

(ii) Neither the payee, or the beneficiary, nor the contract owner is eligible for coverage by the association of the state in which the payee or contract owner resides.

(4) This Part shall not provide coverage to:

(a) A person who is a payee or beneficiary of a contract owner resident of this state, if the payee or beneficiary is afforded any coverage by the association of another state.

(b) A person who acquires rights to receive payments through a "structured settlement factoring transaction" as defined in 26 U.S.C. 5891(c)(3)(A), regardless of when the transaction occurred.

(5) This Part is intended to provide coverage to a person who is a resident of this state and, in special circumstances, to a nonresident. In order to avoid duplicate coverage, if a person who would otherwise receive coverage under this Part is provided coverage under the laws of any other state, the person shall not be provided coverage under this Part. In determining the application of the provisions of this Paragraph in situations where a person could be covered by the association of more than one state, whether as an owner, payee, enrollee, beneficiary or assignee, this Part shall be construed in conjunction with other state laws to result in coverage by only one association.

B. (1) This Part shall provide coverage to the persons specified in Subsection A of this Section for policies or contracts of direct, non-group life insurance, health insurance including, for purposes of this Part, health maintenance organization subscriber contracts and certificates, or annuities, for certificates under direct group policies and contracts for supplemental contracts to any of these, and for unallocated annuity contracts, in each case issued by member insurers, except as limited by this Part.

(2) Except as otherwise provided in Paragraph (3) of this Subsection, this Part shall not provide coverage for any of the following:

(a) Any portion of a policy or contract not guaranteed by the member insurer, or under which the risk is borne by the policy or contract holder.

(b) Any policy or contract of reinsurance, unless assumption certificates have been issued.

(c) Any portion of a policy or contract to the extent that the rate of interest on which it is based, or the interest rate, crediting rate, or similar factor determined by use of an index or other external reference stated in the policy or contract employed in calculating returns or changes in value:

(i) Averaged over the period of four years prior to the date on which the member insurer becomes an impaired or insolvent insurer under this Part, whichever is earlier, exceeds the rate of interest determined by subtracting two percentage points from Moody's Corporate Bond Yield Average averaged for that same four-year period or for such lesser period if the policy or contract was issued less than four years before the member insurer becomes an impaired

or insolvent insurer under this Part, whichever is earlier.

(ii) On and after the date on which the member insurer becomes an impaired or insolvent insurer under this Part, whichever is earlier, exceeds the rate of interest determined by subtracting three percentage points from Moody's Corporate Bond Yield Average as most recently available.

(d) Any plan or program of an employer, association, or similar entity to provide life, health, or annuity benefits to its employees or members to the extent that such plan or program is self-funded or uninsured, including but not limited to benefits payable to an employer, association, or similar entity under:

(i) A Multiple Employer Welfare Arrangement as defined in 29 U.S.C. 1002(40) (the Employee Retirement Income Security Act of 1974) as amended.

(ii) A minimum premium group insurance plan.

(iii) A stop-loss group insurance plan.

(iv) An administrative services only contract.

(e) Any portion of a policy or contract to the extent that it provides dividends, premium refunds, or experience rating credits, or provides that any fees or allowances be paid to any person, including the policy or contract holder, in connection with the service to or administration of such policy or contract.

(f) Any policy or contract issued in this state by a member insurer at a time when it was not licensed or did not have a certificate of authority to issue such policy or contract in this state.

(g) Any unallocated annuity contract except unallocated annuity contracts and defined contribution government plans qualified under Section 403(b) of the United States Internal Revenue Code (26 U.S.C. 403(b)).

(h) An obligation that does not arise under the express written terms of the policy or contract issued by the member insurer to the enrollee, certificate holder, contract owner, or policy owner, including, without limitations, any of the following:

(i) Claims based upon marketing materials.

(ii) Claims based on side letters, riders, or other documents that were issued by the member insurer without meeting applicable policy or contract form filing or approval requirements.

(iii) Misrepresentations of or regarding policy or contract benefits.

(iv) Extra-contractual claims.

(v) A claim for penalties or consequential or incidental damages.

(i) A policy or contract providing any hospital, medical, prescription drug, or

other healthcare benefits pursuant to Part A, Part B, Part C, or Part D of Subchapter XVIII, Chapter 7 of Title 42 of the United States Code, commonly referred to as "Medicare Part A coverage", "Medicare Part B coverage", "Medicare Part C coverage", and "Medicare Part D coverage", or Subchapter XIX of Chapter 7 of Title 42 of the United States Code, commonly referred to as "Medicaid", and any regulations issued pursuant to those parts or subchapters.

(j) A portion of a policy or contract to the extent it provides for interest or other changes in value to be determined by the use of an index or other external reference stated in the policy or contract, but which have not been credited to the policy or contract, or as to which the policy or contract owner's rights are subject to forfeiture, as of the date the member insurer becomes an impaired or insolvent insurer under this Part, whichever is earlier.

If a policy's or contract's interest or changes in value are credited less frequently than annually, then for purposes of determining the values that have been credited and are not subject to forfeiture under this Paragraph, the interest or change in value determined by using the procedures defined in the policy or contract shall be credited as if the contractual date of crediting interest or changing values was the date of impairment or insolvency, whichever is earlier, and shall not be subject to forfeiture.

(k) Structured settlement annuity benefits to which a payee or beneficiary has transferred his rights in a "structured settlement factoring transaction" as defined in 26 U.S.C. 5891(c)(3)(A), regardless of when the transaction occurred.

(3) The exclusion from coverage provided for in Subparagraph (2)(c) of this Subsection shall not apply to any portion of a policy or contract, including a rider, that provides long-term care or any other health insurance benefits.

C. The benefits for which the association shall become liable shall in no event exceed the lesser of the following:

(1) The contractual obligations for which the member insurer is liable or would have been liable if it were not an impaired or insolvent insurer.

(2) With respect to any one life, regardless of the number of policies or contracts:

(a) Three hundred thousand dollars in life insurance death benefits, but not more than one hundred thousand dollars in net cash surrender and net cash withdrawal values for life insurance.

(b) Five hundred thousand dollars in health insurance benefits.

(c) Two hundred fifty thousand dollars in the present value of annuity benefits, including net cash surrender and net cash withdrawal values.

D. However, in no event shall the association be liable to expend more than five hundred thousand dollars in the aggregate with respect to any one individual under Subsection C of this Section.

E. The liability of the association and benefits paid by the association under any valid act of assignment of benefits pursuant to Subsection C of this

Section for any claim under a health policy shall be an amount payable under Title XVIII of the Social Security Act, 42 U.S.C. 301 et seq. The board of directors of the association shall establish reasonable amounts for any services or supplies covered under a health policy or contract for which an amount has not been determined under the federal Medicare program. A health care provider, defined in R.S. 40:1231.1, shall not bill any person covered by a health policy or contract for which the association has become liable for the amount of any bill in excess of the amount paid by the association.

F. For purposes of this Part, benefits provided by a long-term care rider to a life insurance policy or annuity contract shall be considered the same type of benefits as the base life insurance policy or annuity contract to which it relates.

§ 2087. Powers and duties of the association

A. If a member insurer is an impaired insurer, the association may, in its discretion, subject to any conditions imposed by the association, take any of the following actions that do not impair the contractual obligations of the impaired insurer and that are approved by the commissioner:

(1) Guarantee, assume, reissue, or reinsure, or cause to be guaranteed, assumed, reissued, or reinsured, any or all of the policies or contracts of the impaired insurer.

(2) Provide such monies, pledges, notes, loans, guarantees, or other means as are proper to effectuate Paragraph (1) of this Subsection and assure payment of the contractual obligations of the impaired insurer pending action under Paragraph (1) of this Subsection.

B. If a member insurer is an insolvent insurer, the association shall, in its discretion, do any of the following:

(1) Guarantee, assume, reissue, or reinsure, or cause to be guaranteed, assumed, reissued, or reinsured, the policies or contracts of the insolvent insurer.

(2) Assure payment of the contractual obligations of the insolvent insurer.

(3) Provide such monies, pledges, notes, loans, guarantees, or other means as are reasonably necessary to discharge such duties.

(4) Provide benefits and coverages in accordance with Subsection C of this Section.

C. With respect to policies and contracts, the association shall do all of the following:

(1) Assure payment of benefits, that would have been payable under the policies or contracts of the insolvent insurer, for claims incurred.

(a) With respect to group policies and contracts, not later than the earlier of the next renewal date under the policies or contracts or forty-five days, but in no event less than thirty days, after the date on which the association becomes obligated with respect to the policies and contracts.

(b) With respect to non-group policies, contracts, and annuities, not later than the earlier of the next renewal date, if any, under the policies or one year, but in no event less than thirty days, from the date on which the association becomes obligated with respect to the policies or contracts.

(2) Make reasonable and diligent efforts to provide all known insureds, enrollees, or annuitants for non-group policies and contracts, or group policy or contract owners with respect to group policies and contracts, thirty days

prior notice of the termination of the benefits provided.

(3) With respect to non-group policies and contracts covered by the association, make available to each known insured, enrollee, or annuitant, or owner if other than the insured or annuitant, and with respect to an individual formerly an insured, enrollee, or annuitant under a group policy or contract who is not eligible for replacement group coverage, make available substitute coverage on an individual basis in accordance with the provisions of Paragraph (4) of this Subsection, if the insureds, enrollees, or annuitants had a right under law or the terminated policy, contract, or annuity to convert coverage to individual coverage or to continue an individual policy, contract, or annuity in force until a specified age or for a specified time, during which the insurer or health maintenance organization had no right to unilaterally alter any provision of the policy, contract, or annuity or had a right to undertake alterations only in premium by class.

(4)(a) In providing the substitute coverage required pursuant to Paragraph (3) of this Subsection, the association may offer either to reissue the terminated coverage or to issue an alternative policy or contract at actuarially justified rates, subject to the prior approval of the commissioner.

(b) Alternative or reissued policies or contracts shall be offered without requiring evidence of insurability, and shall not provide for any waiting period or exclusion that would not have applied under the terminated policy or contract.

(c) The association may reinsure any alternative or reissued policy or contract.

(5)(a) Alternative policies adopted by the association shall be subject to the approval of the commissioner. The association may adopt alternative policies or contracts of various types for future issuance without regard to any particular impairment or insolvency.

(b) Alternative policies or contracts shall contain at least the minimum statutory provisions required in this state and provide benefits that shall not be unreasonable in relation to the premium charged. The association shall set the premium in accordance with a table of rates that it shall adopt. The premium shall reflect the amount of insurance to be provided and the age and class of risk of each insured, but shall not reflect any changes in the health of the insured after the original policy or contract was last underwritten.

(c) Any alternative policy or contract issued by the association shall provide coverage of a type similar to that of the policy or contract issued by the impaired or insolvent insurer, as determined by the association.

(6) If the association elects to reissue terminated coverage at a premium rate different from that charged under the terminated policy or contract, the premium shall be actuarially justified and set by the association in accordance with the amount of insurance or coverage provided and the age and class of risk, subject to the prior approval of the commissioner.

(7) The association's obligations with respect to coverage under any policy or contract of the impaired or insolvent insurer or under any reissued or

alternative policy or contract shall cease on the date the coverage or policy is replaced by another similar policy or contract by the policy or contract owner, the insured, the enrollee, or the association.

(8) When proceeding pursuant to this Subsection with respect to a policy or contract carrying guaranteed minimum interest rates, the association shall assure the payment or crediting of a rate of interest consistent with R.S. 22:2083(B) (2) (c).

D. Repealed by Acts 2014, No. 374, § 2.

E. Repealed by Acts 2014, No. 374, § 2.

F. Nonpayment of premiums within thirty-one days after the date required by the terms of any guaranteed, assumed, alternative, or reissued policy or contract or substitute coverage shall terminate the association's obligations under such policy, contract, or coverage under this Part with respect to such policy, contract, or coverage, except with respect to any claims incurred or any net cash surrender value which may be due in accordance with the provisions of this Part.

G. Premiums due for coverage after entry of an order of liquidation of an insolvent insurer shall belong to and be payable at the direction of the association. If the liquidator of an insolvent insurer requests, the association shall provide a report to the liquidator regarding such premiums collected by the association. The association shall be liable for unearned premiums due to policy or contract owners arising after the entry of such order.

H. The protection provided by this Part shall not apply if any guaranty protection is provided to residents of this state by the laws of the domiciliary state or jurisdiction of the impaired or insolvent insurer other than this state.

I. In carrying out its duties under Subsections (B) and (C) of this Section, the association may, subject to approval by the court:

(1) Impose permanent policy or contract liens in connection with any guarantee, assumption, or reinsurance agreement, if the association finds that the amounts which can be assessed under this Part are less than the amounts needed to assure full and prompt performance of this association's duties under this Part, or that the economic or financial conditions as they affect member insurers are sufficiently adverse to render the imposition of such permanent policy or contract liens, to be in the public interest.

(2) Impose temporary restraining orders or liens on payments of cash values and policy loans, or any other right to withdraw funds held in conjunction with policies or contracts, in addition to any contractual provisions for deferral of cash or policy loan value.

J. If the association fails to act within a reasonable period as provided in Subsections B and C of this Section, the commissioner shall have the powers and duties of the association under this Part with respect to impaired or insolvent insurers.

K. The association may render assistance and advice to the commissioner, upon his request, concerning rehabilitation, payment of claims, continuance of coverage, or the performance of other contractual obligations of any impaired or insolvent insurer.

L. The association shall have standing to appear or intervene before any court in this state or state agency with jurisdiction over an impaired or insolvent insurer and concerning which the association shall become obligated under this Part or with jurisdiction over any other person or property against which the association may have benefit through subrogation or otherwise. The standing shall extend to all matters germane to the powers and duties of the association, including but not limited to proposals for reinsuring, reissuing, modifying, or guaranteeing the policies or contracts of the impaired or insolvent insurer and the determination of the policies or contracts and contractual obligations. The association shall also have the right to appear or intervene before a court or agency in another state with jurisdiction over any person or property for which the association shall become obligated or with jurisdiction over a third party against whom the association may have rights through subrogation or otherwise.

M. (1) Any person receiving benefits under this Part shall be deemed to have assigned the rights under, and any causes of action relating to, the covered policy or contract to the association to the extent of the benefits received because of this Part, whether the benefits are payments of or on account of contractual obligations, continuation of coverage, or provision of substitute or alternative policies, contracts, or coverages. The association may require an assignment of such rights and cause of action by any enrollee, payee, policy or contract owner, beneficiary, insured, or annuitant as a condition precedent to the receipt of any right or benefits conferred by this Part upon such person.

(2) The subrogation rights of the association under this Subsection shall have the same priority against the assets of the impaired or insolvent insurer as that possessed by the person entitled to receive benefits under this Part.

(3) In addition to Paragraphs (1) and (2) of this Subsection, the association shall have all rights of subrogation and any other equitable or legal remedy which would have been available to the impaired or insolvent insurer or holder of a policy or contract with respect to such policy or contracts.

(4) If the provisions of this Subsection are determined to be invalid or ineffective with respect to any person or claim for any reason, the amount payable by the association with respect to the related, covered obligations shall be reduced by the amount realized by any other person or claim that is attributable to the policies or contracts, or portion thereof, covered by the association.

(5) If the association has provided benefits with respect to a covered obligation and a person recovers amounts as to which the association has rights as described in Paragraph (4) of this Subsection, the person shall pay to the association the portion of the recovery attributable to the policies or contracts, or the portion thereof, covered by the association.

N. The association may do any of the following:

- (1) Enter into any contracts necessary or proper to implement the provisions and purposes of this Part.
- (2) Sue or be sued, including taking any legal actions necessary or proper to recover any unpaid assessments pursuant to R.S. 22:2088 and to settle claims or potential claims against it.
- (3) Borrow money to effect the purposes of this Part. Any notes or other evidence of indebtedness of the association not in default shall be legal investments for domestic member insurers and may be carried as admitted assets.
- (4) Employ or retain any persons necessary to handle the financial and legal transactions of the association, and to perform other functions necessary or proper in accordance with this Part.
- (5) Take any legal action necessary to avoid payment or recover payment of improper claims.
- (6) Exercise, for the purposes of this Part and to the extent approved by the commissioner, the powers of a domestic life insurer, health insurer, or health maintenance organization, but in no case may the association issue policies or contracts other than those issued to perform its obligations under this Part.
- (7) Unless prohibited by law, in accordance with the terms and conditions of the policy or contract, file for actuarially justified rate or premium increases for any policy or contract for which it provides coverage pursuant to this Part.

O. The association may join an organization of one or more other state associations of similar purposes to further the purposes and administer the powers and duties of the association.

P. (1) Venue in a suit against the association arising under this Part shall be in the Nineteenth Judicial District.

(2) The association shall not be required to furnish an appeal bond that relates to a cause of action arising under this Part.

Q. In carrying out its duties in connection with guaranteeing, assuming, reissuing, or reinsuring policies or contracts under this Section, the association may issue substitute coverage for a policy or contract that provides an interest rate, crediting rate, or similar factor determined by use of an index or other external reference stated in the policy or contract employed in calculating returns or changes in value by issuing an alternative policy or contract that meets the following requirements:

(1) In lieu of the index or other external reference provided for in the original policy or contract, the alternative policy or contract provides for one of the following:

- (a) A fixed interest rate.

(b) Payment of dividends with minimum guarantees.

(c) A different method for calculating interest or changes in value.

(2) There is no requirement for evidence of insurability, waiting period, or other exclusion that would not have applied under the replaced policy or contract.

(3) The alternative policy or contract is substantially similar to the replaced policy or contract in all other material terms.

§ 2088. Assessments

A. For the purpose of providing the funds necessary to carry out the powers and duties of the association, the board of directors shall assess the member insurers, separately for each account, at such time and for such amounts as the board finds necessary for the administration of the provisions of this Part. Assessments shall be due not less than thirty days after prior written notice to the member insurers and shall accrue interest at ten percent per annum on and after the due date.

B. There shall be two assessments, as follows:

(1) Class A assessments shall be made for the purpose of meeting administrative and legal costs and other expenses and examinations conducted under the authority of R.S. 22:2091. Class A assessments may be made whether or not related to a particular impaired or insolvent insurer and their administration thereof.

(2) Class B assessments shall be made to the extent necessary to carry out the powers and duties of the association pursuant to R.S. 22:2087 with regard to an impaired or an insolvent insurer.

C. (1) The amount of any Class A assessment shall be determined by the board. The amount of any Class B assessment, except for assessments related to long-term care insurance, shall be allocated for assessment purposes among the accounts pursuant to an allocation formula which may be based on the premiums or reserves of the impaired or insolvent insurer or any other standard deemed by the board in its sole discretion as being fair and reasonable under the circumstances and established in the plan of operation.

(2) The amount of the Class B assessment for long-term care insurance written by the impaired or insolvent insurer shall be allocated according to a methodology included in the plan of operation and approved by the commissioner. The methodology shall provide for fifty percent of the assessment to be allocated to accident and health member insurers and fifty percent to be allocated to life and annuity member insurers.

(3) Class B assessments against member insurers for each account shall be in

the proportion that the premiums received on business in this state by each assessed member insurer on policies or contracts covered by each account for the three most recent calendar years for which information is available preceding the year in which the member insurer became impaired or insolvent, as the case may be, bears to such premiums received on business in this state for such calendar years by all assessed member insurers.

(4) Assessments for funds to meet the requirements of the association with respect to an impaired or insolvent insurer shall not be commenced by the board of directors until necessary to implement the purposes of this Part. Classification of assessments pursuant to Subsection B of this Section and computation of assessments pursuant to this Subsection shall be made with a reasonable degree of accuracy.

D. The association may abate or defer, in whole or in part, the assessment of an insurer if, in the opinion of the board, payment of the assessment would endanger the ability of the insurer to fulfill its contractual obligations. In the event an assessment against an insurer is abated, or deferred in whole or in part, the amount by which such assessment is abated or deferred may be assessed against the other insurers in a manner consistent with the basis for assessments set forth in this Section. Once the conditions that caused a deferral have been removed or rectified, the member insurer shall pay all assessments that were deferred pursuant to a repayment plan approved by the association.

E. (1)(a) The total of all assessments upon an insurer for each account shall not in any one calendar year exceed two percent of such average premiums received of the insurers in this state on the policies and contracts covered by the account during the three calendar years preceding the year in which the member insurer became an impaired or insolvent insurer.

(b) With respect to member insurers that become impaired or insolvent in different calendar years, if two or more assessments are authorized in one calendar year, the average annual premiums for purposes of the aggregate assessment percentage limitation referenced in Subparagraph (a) of this Paragraph shall be equal and limited to the higher of the three-year average annual premiums for the applicable account as calculated pursuant to this Section.

(c) If the maximum assessment, together with the other assets of the association in any account, does not provide in any one year in either account an amount sufficient to carry out the obligations of the association, the necessary additional funds shall be assessed as permitted by this Part.

(2) The board may provide in the plan of operation a method of allocating funds among claims, whether relating to one or more impaired or insolvent insurers, when the maximum assessment will be insufficient to cover anticipated claims.

F. The board may, by an equitable method as established in the plan of operation, refund to member insurers, in proportion to the contribution of each member insurer to that account, the amount by which the assets of that account exceed the amount the board finds is necessary to carry out during the coming year the obligations of the association with regard to that account, including assets accruing from assignment, subrogation, net realized gains, and income

from investments. A reasonable amount may be retained in any account to provide funds for the continuing expenses of the association and for future losses.

G. It shall be proper for any member insurer, in determining its premium rates and policy owner dividends as to any kind of insurance or health maintenance organization business within the scope of this Part, to consider the amount reasonably necessary to meet its assessment obligations under this Part.

H. The association shall issue to each member insurer paying an assessment under this Part, other than Class A assessments, a certificate of contribution for Class B assessments, in a form prescribed by the commissioner for the amount of the assessment so paid. All outstanding certificates shall be of equal dignity and priority without reference to amounts or dates of issue. A certificate of contribution may be shown by the insurer in its financial statement as an asset in such form and for such amount, if any, and period of time as the commissioner may approve.

I. (1) A member insurer that wishes to protest all or part of an assessment shall pay when due the amount of the assessment as set forth in the notice provided by the association. The payment shall be available to meet association obligations during the pendency of the protest or any subsequent appeal. Payment shall be accompanied by a statement in writing that the payment is made under protest and setting forth a brief statement of the grounds for the protest.

(2) Within sixty days following the payment of an assessment under protest by a member insurer, the association shall notify the member insurer in writing of its determination with respect to the protest unless the association notifies the member insurer that additional time is required to resolve the issues raised by the protest.

(3) Within thirty days after the final decision has been made, the association shall notify the protesting member insurer in writing of that final decision. Within sixty days of receipt of notice of the final decision, the protesting member insurer may appeal that final action to the commissioner.

(4) In the alternative to rendering a final decision with respect to a protest based on a question regarding the assessment base, the association may refer protests to the commissioner for a final decision, with or without a recommendation from the association.

(5) If the protest or appeal on the assessment is upheld, the amount paid in error or excess shall be returned to the member insurer. Interest on a refund due a protesting member insurer shall be paid at the rate actually earned by the association.

J. The association may request information of member insurers in order to aid in the exercise of its powers under this Section and member insurers shall promptly comply with a request.

§ 2089. Plan of operation

A. (1) The association shall submit to the commissioner a plan of operation and any amendments thereto necessary or suitable to assure the fair, reasonable, and equitable administration of the association. The plan of operation and any amendments thereto shall become effective either upon the commissioner's written approval or thirty days after submission if he has not disapproved it.

(2) If at any time the association fails to submit suitable amendments to the plan, the commissioner shall, in accordance with the Administrative Procedure Act, adopt and promulgate such reasonable rules as are necessary or advisable to effectuate the provisions of this Part. The rules shall continue in force until modified by the commissioner or superseded by a plan submitted by the association and approved by the commissioner.

B. All member insurers shall comply with the plan of operation.

C. The plan of operation shall, in addition to requirements enumerated elsewhere in this Part:

(1) Establish procedures for handling the assets and liabilities of the association.

(2) Establish the amount and method of reimbursing members of the board of directors under R.S. 22:2086.

(3) Establish regular places and times for meetings, including telephone conference calls, of the board of directors.

(4) Establish procedures for records to be kept of all financial transactions of the association, its agents, and the board of directors.

(5) Establish the procedures whereby selections for the board of directors shall be made and submitted to the commissioner.

(6) Establish any additional procedures for assessments pursuant to R.S. 22:2088.

(7) Contain additional provisions necessary or proper for the execution of the powers and duties of the association.

(8) Establish procedures by which a director may be removed for cause, including but not limited to the case where the director of a member insurer becomes impaired or insolvent.

(9) Require the board of directors to establish policy and procedures for addressing conflicts of interest.

D. The plan of operation may provide that any or all powers and duties of the association, except those under R.S. 22:2087(M)(3) are delegated to a corporation, association, or other organization which performs or will perform functions similar to those of this association, or its equivalent, in two or more states. Any corporation, association, or organization which undertakes

this function shall be reimbursed for any payments made on behalf of the association and shall be paid for its performance of any function of the association. A delegation under this Subsection shall take effect only with the prior approval of both the board of directors and the commissioner, and may be made only to a corporation, association, or organization which extends protection not substantially less favorable and effective than that provided by this Part.

§ 2090. Powers and duties of the commissioner

A. In addition to the duties and powers enumerated elsewhere in this Part, and in other provisions of law, the commissioner shall do all of the following:

(1) Upon request of the board of directors, and notwithstanding any other law to the contrary, provide the association with a statement of the premiums, in this and any other appropriate states, for each member insurer.

(2) When an impairment is declared and the amount of the impairment is determined, serve a demand upon the impaired insurer to make good the impairment within a reasonable time. The notice to the impaired insurer shall constitute notice to its shareholders, if applicable. The failure of the impaired insurer to promptly comply with such demand shall not excuse the association from the performance of its powers and duties under this Part.

(3) In any liquidation or rehabilitation proceeding involving a domestic insurer, be appointed as the liquidator or rehabilitator.

B. The commissioner may suspend or revoke, after compliance with R.S. 49:961, the certificate of authority to transact business in this state of any member insurer who fails to pay an assessment when due or fails to comply with the plan of operation. As an alternative, the commissioner may also levy a fine on any member insurer who fails to pay an assessment when due. The fine shall not exceed five percent of the unpaid assessment per month, but no fine shall be less than one hundred dollars per month.

C. Any action of the board of directors or the association may be appealed to the commissioner by any member insurer if such appeal is taken within sixty days of the final action being appealed. If a member insurer is appealing an assessment, the amount assessed shall be paid to the association and credited to meet association obligations during the pendency of an appeal. If the appeal on the assessment is upheld, the amount if paid in error or excess, shall be returned to the member insurer without interest. Any final action or order of the commissioner shall be subject to judicial review in a court of competent jurisdiction.

D. The liquidator, rehabilitator, or conservator of any impaired or insolvent insurer shall notify all interested persons of the effect of this Part.

§ 2091. Prevention of insolvencies

A. To aid in the detection and prevention of member insurer insolvencies or impairments, it shall be the duty of the commissioner:

(1)(a) To notify the commissioner of insurance, or other appropriate official, of all the other states, territories of the United States, and the District of Columbia when he takes any of the following actions against a member insurer:

(i) Revokes any license.

(ii) Suspends any license.

(iii) Makes any formal order that the member insurer restrict its premium writing, obtain additional contributions to surplus, withdraw from the state, reinsure all or any part of its business, or increase capital, surplus, or any other account for the security of policyholders, contract owners, certificate holders, or creditors.

(b) The notice shall be mailed to all such commissioners or other appropriate officials within thirty days following the action taken or the date on which such action occurs.

(2) To report to the board of directors when he has taken any of the actions set forth in Paragraph (1) of this Subsection or has received a report from any other commissioner indicating that any such action has been taken in another state. Such report to the board of directors shall contain all significant details of the action taken or the report received from another commissioner or other appropriate official.

(3) To report to the board of directors when he has reasonable cause to believe from any examination, whether completed or in process, of a member insurer that the member insurer may be an impaired or insolvent insurer.

(4) To furnish to the board of directors of the National Association of Insurance Commissioners (NAIC), Insurance Regulatory Information System (IRIS), ratios and listings of companies not included in the ratios developed by the National Association of Insurance Commissioners. The board may then use the information contained therein in carrying out its duties and responsibilities.

The report and the information contained therein shall be kept confidential by the board of directors.

B. The commissioner may seek the advice and recommendation of the board of directors concerning any matter affecting his duties and responsibilities regarding the financial condition of member insurers and insurers or health maintenance organizations seeking admission to transact business in this state.

C. The board of directors may, upon majority vote, make reports and recommendations to the commissioner upon any matter germane to the solvency, liquidation, rehabilitation, or conservation of any member insurer or germane to the solvency of any insurer or health maintenance organization seeking to transact business in this state. The reports and recommendations shall not be

considered public records.

D. It shall be the duty of the board of directors, upon majority vote, to notify the commissioner of any information indicating any member insurer may be an impaired or insolvent insurer.

§ 2092. Offsets for assessments paid

A. An insurer may offset against any premium tax liability to the state an assessment not greater than twenty percent of the amount of such assessment for each of the five calendar years following the year in which such assessment was paid in full. In the event a member insurer should voluntarily cease doing business in this state, all uncredited assessments may be credited against any

premium, franchise, or income tax due for the year it ceases doing business.

B. The amount of the assessment payable shall be reduced from the amount otherwise fixed in this Part if the insurer shall file a sworn statement with the annual report required by R.S. 22:131 through 135 as of December thirty-first for the reporting period that at least the following amounts of the total admitted assets of the insurer, less assets in an amount equal to the reserves on its policies issued in foreign countries in which it is authorized to do business and which countries require an investment therein as a condition of doing business, are invested and maintained in qualifying Louisiana investments as defined in R.S. 22:832(C). If one-sixth of the total admitted assets of the insurer are in qualifying Louisiana investments, then the offset shall be sixty-six and two-thirds percent of the amount otherwise assessed. If at least one-fifth of the total admitted assets of the insurer are in qualifying Louisiana investments, then the offset shall be seventy-five percent of the amount otherwise assessed. If at least one-fourth of the total admitted assets of the insurer are in qualifying Louisiana investments, then the offset shall be eighty-five percent of the amount otherwise assessed. If at least one-third of the total admitted assets of the insurer are in qualifying Louisiana investments, then the offset shall be ninety-five percent of the amount otherwise assessed.

C. An insurer may transfer any offset as described in this Section with the prior approval of the commissioner to an affiliated insurer. For the purposes of this Section:

(1) "Affiliated insurer" means an insurance company licensed or holding a certificate of authority to do business in this state which controls, is controlled by, or is under common control with, another insurer.

(2) "Control" means holding, directly or indirectly, the ownership of, or power to vote, at least eighty percent of the voting stock of another member insurer.

D. Any sums which are acquired by refund, from the association by insurers, and which have theretofore been offset against premium, franchise, and income taxes as provided in Subsection A of this Section shall be paid by the insurers to this state in such manner as the tax authorities may require. The association shall notify the commissioner that such refunds have been made.

§ 2093. Miscellaneous provisions

A. Nothing in this Part shall be construed to reduce or offset the liability for unpaid assessments of the insureds of an impaired or insolvent insurer operating a plan with assessment liability.

B. Records shall be maintained of all negotiations and meetings in which the association or its representatives are involved to discuss the activities of the association in carrying out its powers and duties. Records of such negotiations or meetings shall be made public only upon the termination of a liquidation, rehabilitation, or conservation proceeding involving the impaired or insolvent insurer, upon the termination of the impairment or insolvency of the insurer, or upon the order of a court of competent jurisdiction. Nothing in this Subsection shall limit the duty of the association to render a report of its activities pursuant to R.S. 22:2094.

C. (1) For the purpose of carrying out its obligations under this Part, the association shall be deemed to be a creditor of the impaired or insolvent insurer to the extent of assets attributable to covered policies reduced by any amounts to which the association is entitled as subrogee pursuant to R.S. 22:2087(M). The assets of the impaired or insolvent insurer attributable to covered policies shall be used to continue all covered policies and pay all contractual obligations of the impaired or insolvent insurer as required by this Part. The assets attributable to covered policies, are that proportion of the assets which the reserves that should have been established for the policies or contracts bear to the reserves that should have been established for all policies of insurance written by the impaired or insolvent insurer.

(2) As a creditor of the impaired or insolvent insurer as established in Paragraph (1) of this Subsection and consistent with R.S. 22:2034, the association and other similar associations shall be entitled to receive a disbursement of assets out of the marshaled assets, from time to time as the assets become available to reimburse it, as a credit against contractual obligations under this Part. If the liquidator has not, within one hundred and twenty days of a final determination of insolvency of a member insurer by the receivership court, made an application to the court for the approval of a proposal to disburse assets out of marshaled assets to guarantee associations having obligations because of the insolvency, then the association shall be

entitled to make application to the receivership court for approval of its own proposal to disburse these assets.

D. (1) Prior to the termination of any liquidation, rehabilitation, or conservation proceeding, the court may take into consideration the contributions of the respective parties, including the association, shareholders, contract owners, certificate holders, enrollees, and policy owners of the insolvent insurer, and any other party with a bona fide interest, in making an equitable distribution of the ownership rights of such insolvent insurer. In such a determination, consideration shall be given to the welfare of the policy owners, contract owners, certificate holders, and enrollees of the continuing or successor insurer.

(2) No distribution to stockholders, if any, of an impaired or insolvent insurer shall be made until the total amount of valid claims of the association with interest thereon for funds expended in carrying out its powers and duties with respect to the member insurer have been fully recovered by the association.

E. (1) If an order for liquidation or rehabilitation of a member insurer domiciled in this state has been entered, the receiver appointed under such order shall have a right to recover on behalf of the member insurer, from any affiliate that controlled it, the amount of distributions, other than stock dividends paid by the member insurer on its capital stock, made at any time during the five years preceding the petition for liquidation or rehabilitation subject to the limitations of Paragraphs (2) and (4) of this Subsection.

(2) No such distribution shall be recoverable if the member insurer shows that when paid the distribution was lawful and reasonable, and that the member insurer did not know and could not reasonably have known that the distribution might adversely affect the ability of the member insurer to fulfill its contractual obligations.

(3) Any person who was an affiliate that controlled the member insurer at the time the distributions were paid shall be liable up to the amount of distributions received. Any person who was an affiliate that controlled, as defined in R.S. 22:2092(C)(2), the member insurer at the time the distributions were declared, shall be liable up to the amount of distributions he would have received if they had been paid immediately. If two or more persons are liable with respect to the same distributions, they shall be solidarily liable.

(4) The maximum amount recoverable under this Subsection shall be the amount needed in excess of all other available assets of the insolvent insurer to pay the contractual obligations of the insolvent insurer.

(5) If any person liable under Paragraph (3) of this Subsection is insolvent, all its affiliates that controlled it at the time the distribution was paid, shall be solidarily liable for any resulting deficiency in the amount recovered from the insolvent affiliate.

As to judgment under any decision, order, verdict, or finding based on default, the association may apply to have such judgment set aside by the same court that entered such judgment and shall be permitted to defend against such suit on the merits.

This document shall be submitted to the commissioner for approval. The description document shall be revised by the association as amendments to this Part may require. Failure to receive this document shall not give the policy owner, contract owner, certificate holder, enrollee, or insured any greater rights than those stated in this Part.

Only return premiums paid during the twelve months shall be deducted from the gross premiums. This statement shall be made on forms furnished by the association and shall be sworn to by the president, secretary, general agent, or manager of the fire insurance company, association, or underwriter. CHAPTER 15. LOUISIANA CITIZENS PROPERTY INSURANCE CORPORATION

PART I. LOUISIANA CITIZENS PROPERTY INSURANCE CORPORATION

§ 2291. Louisiana Citizens Property Insurance Corporation; declaration and purpose; construction

It is hereby declared by the Legislature of Louisiana that an adequate market for fire with extended coverage and vandalism and malicious mischief insurance and homeowners coverage is necessary to the economic welfare of the state, including the coastal areas of the state, and that without such insurance the orderly growth and development of the state would be severely impeded; and that adequate insurance upon property is necessary to enable owners of homes and commercial owners to obtain financing for the purchase and improvement of their property. It is further declared that the state has an obligation to provide an equitable method whereby every licensed insurer writing fire, extended coverage, and vandalism and malicious mischief and, if necessary, homeowners coverage on a direct basis in Louisiana is required to meet its public responsibility instead of shifting the burden to a few willing and public-spirited insurers. While deserving praise, the financing mechanisms of the former plans were insufficient to meet the needs of this area. It is the purpose of this Chapter to accept this obligation and to provide a mandatory program to assure an adequate market for fire, extended coverage, and vandalism and malicious mischief and, if necessary, homeowners insurance in the coastal and other areas of Louisiana. The legislature intends by this Chapter that property insurance be provided and that it continues, as long as necessary, through an entity organized to achieve efficiencies and economies, all toward the achievement of the foregoing public purposes. Therefore, the Louisiana

Citizens Property Insurance Corporation, a nonprofit corporation, is hereinafter created, and such corporation shall operate insurance plans which shall function exclusively as residual market mechanisms to provide essential property insurance for residential and commercial property, solely for applicants who are in good faith entitled, but are unable, to procure insurance through the voluntary market. The legislature further intends that the corporation work toward the ultimate depopulation of these residual market insurance plans. Because it is essential for the corporation to have the maximum financial resources to pay claims following a catastrophic hurricane, it is the intent of the legislature that the income of the corporation be exempt from federal income taxation and that interest on the debt obligations issued by the corporation be exempt from federal income taxation.

The corporation shall perform its functions under a plan of operation established and approved under R.S. 22:2298 and shall exercise its powers through a board of directors established under R.S. 22:2294.

B. (1) Assets of the corporation shall not be considered part of the general fund of the state. The state shall not budget for or provide general fund

The governing board of the corporation shall be prohibited from authorizing any rehabilitation, liquidation, or dissolution of the corporation, and no such rehabilitation, liquidation, or dissolution of the corporation shall take effect as long as the corporation has bonds or other financial obligations outstanding unless adequate protection and provision has been made for the payment of the bonds or other financial obligations pursuant to the documents authorizing the issuance of the bonds or other financial obligations. In the event of any rehabilitation, liquidation, or dissolution, the assets of the corporation shall be applied first to pay all debts, liabilities, and obligations of the corporation, including the establishment of reasonable reserves for any contingent liabilities or obligations, and all remaining assets of the corporation shall become property of the state and be deposited in the general fund.

F. (1) The governing board of the corporation may seek and accept federal funds from the United States Department of Housing and Urban Development under the

Community Development Block Grant Program. Any such funds shall be used by the corporation only to pay any current or other obligations on bonds or other indebtedness issued by the corporation for the purpose of paying any cost and claims that arose due to losses caused by hurricanes in the year 2005. In the event the governing board of the corporation receives federal funds from the United States Department of Housing and Urban Development under the Community Development Block Grant Program, for those funds remaining after the bonds are paid off, satisfied, or defeased, the corporation shall credit such amounts on a pro rata basis to assessable insurers who were subject to an assessment as provided for pursuant to R.S. 22:2291 et seq., and who will thereafter return such amount to the insured.

(2) The governing board of the corporation shall report annually to the House Committee on Insurance and the Senate Committee on Insurance on its usage of any funds received pursuant to Paragraph (1) of this Subsection.

The Louisiana Senate Committee on Insurance and the Louisiana House Committee on Insurance and the commissioner of insurance may review the plan of operation at any time deemed prudent, but not less than once in each calendar year.

(2) Notwithstanding the provisions of Paragraph (1) of this Subsection, the governing board of the corporation shall not have the authority to amend the plan of operation to expand on the declaration and purpose as set forth in R.S.

22:2291, or to expand on the essential property insurance and subject lines of business as defined in R.S. 22:2292.

(3) Amendments to the plan of operation shall be submitted to the House and Senate Committees on Insurance. § 2299. Functions of assessable insurers participating in the Coastal Plan

A. All assessable insurers shall participate in assessments of the Coastal Plan in the proportion that the net direct premium of such participant written in this state during the preceding calendar year bears to the aggregate net direct premiums written in this state by all assessable insurers during the preceding calendar year as certified to the governing board of the Louisiana Citizens Property Insurance Corporation by the commissioner of insurance after review of annual statements, other reports and other statistics the commissioner shall deem necessary to provide the information herein required and which the commissioner is hereby authorized and empowered to obtain from all assessable insurers. B. Repealed by Acts 2007, No. 235, § 2, eff. Jan. 1, 2008.

C. Any insurer who becomes authorized to engage in writing property insurance within Louisiana and who engages in writing property insurance within Louisiana shall become an assessable insurer in the Coastal Plan on January first, immediately following such authorization, and shall cease to be an assessable insurer one year after the end of the first calendar year during which the insurer no longer holds a certificate of authority to transact insurance for subject lines of business in this state.

§ 2301. Assessable insureds

A. All persons who procure one or more subject lines of business from an assessable insurer are subject to emergency assessment by the corporation, and are referred to collectively as "assessable insureds".

B. When an emergency assessment is levied by the corporation, the assessment percentage applicable to each assessable insured is the ratio of the total amount being assessed by the corporation to the aggregate statewide direct written premium for the subject lines of business for the prior year.

C. Emergency assessments levied by the corporation on assessable insureds shall be collected by all assessable insurers at the time an assessable insured procures a policy of insurance for a subject line of business. Assessable insurers shall remit the collected emergency assessments to the corporation in accordance with guidelines included in the corporation's plan of operation. Emergency assessments shall not be considered premium.

D. Assessable insurers shall be permitted to recoup all regular assessments from their voluntary policyholders by applying a surcharge to all policies issued for subject lines of business. The surcharge shall be a uniform percentage of premium, but shall not be considered premium. Assessable insurers shall cease to collect the recoupment surcharge once the full amount of the regular assessment has been collected. If an assessable insurer recoups more than its fair share of a regular assessment, all funds collected in excess of the insurer's share of the regular assessment shall be remitted to the corporation for use in defraying future deficits. Assessable insurers shall notify the department at least thirty days in advance of the commencement of such a surcharge.

E. An assessable insured or the insurer of an assessable insured who, during the term of a policy of insurance upon which an emergency assessment or regular assessment is applied, cancels the policy of insurance, endorses the policy of insurance, or makes changes to the policy of insurance which result in an increase or decrease in the premium shall cause the emergency assessment or regular assessment to be adjusted such that the insured or insurer shall owe or be owed, as the case may be, payment in an amount computed on a pro rata basis for the term of the policy.

F. The office of risk management shall not be an assessable insured.

Accordingly, any policy of property coverage purchased by the office of risk management on behalf of the state or any agency thereof as defined in R.S. 39:2 shall not be subject to any regular or emergency assessment.

§ 2302. Eligibility; application

A. Any person having an insurable interest in insurable property and who has been denied coverage by one or more insurers authorized to write property insurance in this state is entitled to apply to the corporation, directly or through a representative, for such coverage through the Coastal Plan or the FAIR Plan, and for an inspection of the property. Every such application shall be submitted on forms prescribed by the governing board of the corporation and on file with the commissioner of insurance which clearly states that the corporation is an insurer of last resort. Every application form shall require that the applicant disclose each insurance carrier or carriers who denied property insurance coverage to the applicant.

B. The term "insurable interest" as used in this Section shall be deemed to include any lawful and substantial economic interest in the safety and preservation of property from loss, destruction, or pecuniary damage.

C. If the corporation determines that the property is insurable, the corporation, upon receipt of the premium or such portion thereof as is prescribed for either the Coastal Plan or the FAIR Plan, shall cause to be issued the appropriate policy of essential property insurance for a term not exceeding one year. Any policy issued pursuant to the provisions of this Section shall be renewed annually, upon payment of premium due, so long as the property meets the definition of "insurable property".

D. Except for the failure of an applicant to show a previous denial of coverage by another property insurance carrier as provided in Subsection A of this Section, if the corporation for any other reason denies an application and refuses to cause to be issued an insurance policy on insurable property to any applicant, or takes no action on an application within the time prescribed in the plan of operation, such applicant may appeal to the commissioner of insurance and, after reviewing the facts, he may direct the corporation to issue, or cause to be issued, an appropriate insurance policy to the applicant.

In carrying out its duties pursuant to this Section, the commissioner of insurance may request and the corporation shall provide any information which the commissioner deems necessary to a determination concerning the reason for the denial or delay of the application.

E. The corporation shall include a disclosure statement with each application and policy which notifies the policyholder that he may obtain a list of insurance producers and insurance companies that may be able to write their insurance coverage in the private insurance market. This disclosure shall be on a separate page from the policy and shall be distinctly labeled in fourteen point or larger type size. The disclosure shall include a description of the specific method of accessing the Department of Insurance website including the website address. The disclosure shall also include a list, from the website of

the Department of Insurance, of the insurance companies referenced in this Section.

F. The corporation shall be required to write business with properly licensed general agencies operated by insurance companies who write business through exclusive insurance producers.

§ 2303. Rates, rating plans, and rate rules applicable

A. (1) As residual markets, the plans made available by the Louisiana Citizens Property Insurance Corporation are not intended to offer rates competitive with the voluntary market. Rates for policies issued under the Coastal Plan and the FAIR Plan shall be set by the governing board of the Louisiana Citizens Property Insurance Corporation, adjusted annually, and shall exceed by at least ten percent the higher of (a) the actuarially justified rate or (b) the highest rates charged among assessable insurers that have a minimum of two percent of the total direct written premium in each respective parish for that line of business in the preceding year, or, with respect to personal lines property insurance, excluding wind and hail policies, only, (c) the highest rates charged among assessable insurers in each respective parish which in the preceding year increased by at least twenty-five additional personal lines property insurance policies, excluding wind and hail policies, in such parish, the total number of such policies in effect for the parish over the year before. Such rates shall include an appropriate catastrophe loading factor and may include rules for classification of risks insured hereunder and rate modifications hereof.

(2) The method used to determine the highest rates charged among assessable insurers that have a minimum of two percent of the total direct written premium in each parish and with respect to personal lines property insurance, excluding wind and hail policies, only, the highest rates charged among assessable insurers in each respective parish which in the preceding year increased by at least twenty-five additional personal lines property insurance policies, excluding wind and hail policies, in such parish, the total number of such policies in effect for the parish over the year before shall be set forth in the annual rate review provided by the governing board and shall be documented in the rate filing as required in Subsection C of this Section. The chief executive officer of the corporation or his designee shall survey all insurers to make the determinations necessary to comply with this Section. All insurers shall submit to the chief executive officer of the corporation or his designee all information necessary for the corporation to comply with the provisions of this Section. All information received by the chief executive officer or his designee in response to the survey shall be considered proprietary, privileged, and confidential by the chief executive officer, all members of his staff, and all members of the board of the corporation. Such information shall be exempt from the public records law (R.S. 44:1 et seq.). However, all such information shall be subject to the legislative auditor's authority pursuant to R.S. 24:513 et seq. The chief executive officer of the corporation or his designee shall execute appropriate confidentiality agreements to protect the information

provided by assessable insurers, making allowance for the information to be provided to the commissioner of insurance as part of the corporation's rate filing and to the legislative auditor as provided in this Paragraph.

(3) Prior to determining any such rates, the governing board shall adopt such formulas as may be necessary for determining the rates. The board may establish rating territories as it deems appropriate. Any changes to the rating territories shall be approved by House and Senate committees on insurance, acting jointly.

(4) When it is deemed necessary to implement a parish-wide average rate increase in excess of twenty-five percent on wind and hail insurance coverage in any single parish, the corporation shall notify the House and Senate committees on insurance. Upon such notification, a hearing may be requested by either committee chairman or by a majority of the membership of either committee. In the event of a request for a hearing, the House and Senate committees shall meet jointly. If a joint meeting of the committees is called, the chief executive officer and the staff or consulting actuary for the corporation shall provide testimony at the meeting which specifies, by parish, the basis and methodology used in determining the proposed rate increase.

B. In addition to the rates otherwise determined pursuant to this Section, including the premium tax provided for in R.S. 22:831, the corporation shall impose and collect an additional amount equal to the premium tax provided for in R.S. 22:831 to augment the financial resources of the corporation. Said additional amount equal to the premium tax shall be designated as a charge accruing to the state of Louisiana, but shall be retained by the corporation as a state contribution to the corporation for the public purpose as set forth in R.S. 22:2291.

C. The corporation shall make a rate filing at least once a year for the plans, with the rates to be effective within twelve months of the previous rate filing's effective date. Nothing in this Section shall require or permit the corporation to adopt a rate that is inadequate or unfairly discriminatory under R.S. 22:1451 et seq. Subject to the provisions of Subsections A and B of this Section, the rates shall be approved by the commissioner of insurance.

D. (1) Notwithstanding the provisions of Paragraph (A)(1) of this Section, until August 15, 2010, the corporation shall charge the higher of (a) actuarially justified rates or (b) the highest rates charged among assessable insurers that have a minimum of two percent of the total direct written premium in each respective parish for that line of business in the preceding year, or, with respect to personal lines property insurance, excluding wind and hail policies, only, (c) the highest rates charged among assessable insurers in each respective parish which in the preceding year increased by at least twenty-five additional personal lines property insurance policies, excluding wind and hail policies, in such parish, the total number of such policies in effect for the parish over the year before, in any noncompetitive market unless competition resumes. If the corporation is writing more than fifty percent of the residential property insurance business in a market, including wind- and hail-only coverages, the board of directors shall report that fact to the commissioner of insurance. Notwithstanding any other provision of law to the contrary, until August 15, 2015, regardless of whether a competitive market may exist, the ten percent rate in excess of the higher of (a) the actuarially

justified rate or (b) the highest rates charged among assessable insurers that have a minimum of two percent of the total direct written premium in each respective parish for that line of business in the preceding year, or, with respect to personal lines property insurance, excluding wind and hail policies, only, (c) the highest rates charged among assessable insurers in each respective parish which in the preceding year increased by at least twenty-five additional personal lines property insurance policies, excluding wind and hail policies, in such parish, the total number of such policies in effect for the parish over the year before, as authorized in Subsection A of this Section, shall not apply in St. Mary Parish and parishes listed in R.S. 40:1730.27(A).

(2) As used in this Subsection, the following definitions shall apply:

(a) "Market" means the interaction between buyers and sellers in the procurement of a line of insurance in any parish in the state pursuant to provisions in this Subsection.

(b) "Noncompetitive market" means a market subject to a ruling by the commissioner of insurance that a reasonable degree of competition does not exist.

(3) When the commissioner is informed that the corporation is writing more than fifty percent of the residential property insurance business in a market, the commissioner shall determine if a reasonable degree of competition exists within that market. Upon a finding that a competitive market does not exist, the commissioner shall inform the board of directors of the corporation.

(4) The board of directors of the corporation shall use the commissioner's findings in determining the application of its noncompetitive rating structure in the market that has been determined to be noncompetitive.

(5) The following factors shall be considered by the commissioner in determining if a reasonable degree of competition exists in a particular line of insurance:

(a) The number of insurers or groups of affiliate insurers providing coverage in the market.

(b) Measures of market concentration and changes of market concentration over time.

(c) Ease of entry into the market and the existence of financial or economic barriers preventing new insurers from entering the market.

(d) The extent to which any insurer or group of affiliated insurers controls all or a portion of the market.

(e) Whether the total number of companies writing the line of insurance in this state is sufficient to provide multiple options.

(f) The availability of private insurance coverage to consumers in the market.

(g) The opportunities available to consumers in the market to acquire pricing and other consumer information.

(h) The number of residential property insurance policies written by the residual market.

§ 2304. Reports of inspection

All reports of inspection performed by the corporation shall be made available to the assessable insurers participating in the Coastal Plan and the FAIR Plan, and the commissioner of insurance. An applicant or his representative shall be entitled to a copy of any inspection report on property in which the applicant has an insurable interest.

§ 2305. Annual and quarterly reports

A. The corporation shall file with the commissioner of insurance annual and quarterly statements as required for authorized insurers pursuant to R.S. 22:571 and annual audited statements which shall summarize the transactions, conditions, operations, and affairs of the Coastal Plan and FAIR plans, as a program of the Louisiana Citizens Property Insurance Corporation during the preceding fiscal year ending December thirty-first. Nothing in this Section shall be construed to affect the reporting requirements or fiscal years of the Coastal Plan and the FAIR Plan with respect to policies issued by the Louisiana Insurance Underwriting Plan and the Louisiana Joint Reinsurance Plan on and prior to December 31, 2003.

B. The corporation shall report quarterly to the commissioner of insurance on the types, premium, exposure, and distribution by parish of its policies in force and submit such other reports as may be required by the commissioner.

§ 2306. Examination of corporation

The commissioner of insurance shall make examinations of the Louisiana Citizens Property Insurance Corporation and the plans in the manner as provided by R.S. 22:1981 for examination of insurers. The expense of such examinations shall be borne and paid by the corporation. The corporation and the plans shall be subject to examination by the legislative auditor.

Renumbered from R.S. 22:1430.15 by Acts 2008, No. 415, § 1, eff. Jan. 1, 2009. Acts 2003, No. 1133, § 1.

§ 2307. Plan deficits; financing

A. In the event that the governing board of the Louisiana Citizens Property Insurance Corporation determines that a deficit exists in either the Coastal Plan or the FAIR Plan, the corporation may levy regular and emergency assessments for each affected plan in order to remedy such deficit. An assessment shall not be levied on assessable insurers and assessable insureds unless and until all profits and excess reserves over and above reasonably anticipated recurring operating costs have been exhausted and the governing board has projected a deficit in the plan for which an assessment is to be levied.

B. When the deficit incurred in a particular calendar year is not greater than ten percent of the aggregate statewide direct written premium for the subject lines of business for the prior calendar year, the entire deficit shall be recovered through regular assessments of assessable insurers.

C. When the deficit incurred in a particular calendar year exceeds ten percent of the aggregate statewide direct written premium for the subject lines of business for the prior calendar year, the corporation shall levy regular assessments on assessable insurers in an amount equal to the greater of ten percent of the deficit or ten percent of the aggregate statewide direct written premium for the subject lines of business for the prior calendar year. Any remaining deficit shall be recovered through emergency assessments.

D. Each assessable insurer's share of any regular assessment under Subsection B or C of this Section shall be calculated in accordance with R.S. 22:2299 and 2300. Assessments levied by the corporation on assessable insurers under Subsection B or C of this Section shall be paid as required by the corporation's plan of operation.

E. Upon a determination by the governing board that a deficit in a plan exceeds the amount that will be recovered through regular assessments under Subsection B or C of this Section, the governing board shall levy, after verification by the department, emergency assessments, for as many years as necessary to cover the deficits, to be collected by assessable insurers and the corporation and collected from all assessable insureds upon issuance or renewal of policies for subject lines of business, excluding National Flood Insurance policies. The amount of the emergency assessment collected in a particular year shall be a uniform percentage of that year's direct written premium for subject lines of business and all plan accounts of the corporation, excluding National Flood Insurance Program policy premiums, as annually determined by the governing board and verified by the department. The department shall verify the arithmetic calculations involved in the governing board's determination within thirty days after receipt of the information on which the determination was based. Notwithstanding any other provision of law, the corporation and each assessable insurer that writes subject lines of business shall collect emergency assessments from its policyholders without such obligation being affected by any credit, limitation, exemption, or deferment. Emergency assessments levied by the corporation on assessable insureds shall be collected by assessable insurers in accordance with guidelines included in the corporation's plan of operation. The emergency assessments so collected shall be held by the corporation solely in the applicable plan account. The aggregate amount of emergency assessments levied for a plan under this Subsection in any calendar year may not exceed the greater of ten percent of

the amount needed to cover the original deficit, plus interest, fees, commissions, required reserves, and other costs associated with financing of the original deficit, or ten percent of the aggregate statewide direct written premium for subject lines of business and for all plan accounts of the corporation for the prior year, plus interest, fees, commissions, required reserves, and other costs associated with financing the original deficit. Emergency assessments shall be shown separately on the declarations page of policies issued for subject lines of business, and shall not be considered premium, nor subject to any premium taxes or other charges.

F. Policies issued by the corporation shall be subject to emergency assessments, as specified in Subsection E hereof. Furthermore, when a regular assessment is levied, all policies shall be subject to a market equalization charge. The market equalization charge shall be a uniform percentage of premium. The market equalization charge percentage shall be the ratio of the total regular assessment levied by the corporation to the aggregate statewide direct written premium for subject lines of business for the prior year. The market equalization charge shall not be considered premium. Assessable insurers shall notify the commissioner of insurance at least thirty days in advance of the commencement of such a charge.

G. The corporation may pledge, assign, and grant a security interest in the assessments, insurance and reinsurance recoverables, surcharges, and other funds available to the corporation as the source of revenue for and to secure bonds or other indebtedness, including without limitation lines of credit or other financing mechanisms issued or created under this Subsection pursuant to the procedures of Chapter 13 of Title 39 of the Louisiana Revised Statutes of 1950, R.S. 39:1421 et seq., or to retire any other debt incurred as a result of deficits or events giving rise to deficits, or in any other way that the governing board determines will efficiently recover such deficits and use such funds to pay any current or other obligations on the bonds or other indebtedness even if no event of default has occurred under the bonds or other indebtedness. The purpose of the lines of credit or other financing mechanisms is to provide additional resources to assist the corporation in covering claims and expenses attributable to a catastrophe. As used in this Subsection, the term "assessments" includes regular assessments under Subsection B or C of this Section, and emergency assessments under Subsection E of this Section. Emergency assessments collected under Subsection E of this Section are not part of an insurer's rates, are not premium, and are not subject to premium tax, fees, or commissions. However, failure to pay the emergency assessment shall be treated as failure to pay premium. The emergency assessments under Subsection E of this Section shall continue to be levied and collected and shall be used to make any payments due with respect to any bonds issued or other indebtedness incurred with respect to a deficit for which the assessment was imposed remains outstanding, even if no event of default has occurred under the bonds or other indebtedness, unless adequate protection and provision has been made for the payment of such bonds or other indebtedness pursuant to the documents governing such bonds or other indebtedness.

H. The commissioner of insurance shall determine annually the aggregate statewide written premium in subject lines of business and shall report that information to the corporation in a form and at a time the corporation specifies to ensure that the corporation can meet the requirements of this Section and the corporation's financing obligations.

I. All bonds, other indebtedness, lines of credit, or other financing mechanisms under this Section shall be approved by the Louisiana State Bond Commission.

J. Under no circumstances shall it be construed that the full faith and credit of the state of Louisiana be used to secure the bonds or indebtedness issued under this Section. Any offering documents associated with any debts under this Section shall clearly state it is not secured by the full faith and credit of the state.

§ 2308. Louisiana Citizens Property Insurance Corporation not taxable

The corporation shall be considered a political instrumentality of the state, and shall be exempt from any corporate income tax. However, the corporation is not and shall not be deemed a department, unit, or agency of the state. All debts, claims, obligations, and liabilities of the corporation, whenever and however incurred, shall be the debts, claims, obligations, and liabilities of the corporation only, and not of the state, its agencies, officers, or employees. Corporation funds shall not be considered part of the general fund of the state, and the state shall not appropriate corporation funds. The state's contribution to the corporation is limited to those funds collected by the corporation pursuant to the authority granted under R.S. 22:2303(B), and the state shall not budget for or provide general fund appropriations to the corporation. The premiums, assessments, investment income, and other revenue of the corporation are funds received for providing property insurance coverage as required by this Section, paying claims for Louisiana citizens insured by the corporation's plans, securing and repaying debt obligations issued by the corporation, and conducting all other activities of the corporation, and shall not be considered taxes, fees, licenses, or charges for services imposed by the legislature on individuals, businesses, or agencies outside state government. It is the intent of the legislature that the tax exemptions provided in this Section will augment the financial resources of the corporation to better enable fulfillment of the public purpose. § 2314. Policy take-out program

A. The legislature created the Louisiana Citizens Property Insurance Corporation to operate insurance plans as a residual market for residential and commercial property. The legislature further intends that the corporation work toward the ultimate depopulation of these residual market plans. To encourage the ultimate depopulation of these residual market plans, there is hereby created the Louisiana Citizens Property Insurance Corporation Policy Take-Out Program.

B. (1) Not less than once per calendar year, the corporation, with the approval of the governing board of the corporation, may offer some or all of its in-force policies for removal to the voluntary market. The corporation shall include in any offers for depopulation policies that, based on geographic and risk characteristics, serve to reduce the exposure of the corporation.

(2) Each insurer participating in the take-out program shall be offered all of the corporation's in-force policies. In response, the insurers shall provide the corporation with a list of policies they propose to take out subject to authorization by the policy's agent of record. No policy shall be assumed by a take-out company without the authorization of the agent of record.

C. Each insurer admitted to write homeowners insurance or insurance insuring one- or two-family owner occupied premises for fire and allied lines or insurance which covers commercial structures in the state of Louisiana may apply to the Louisiana Citizens Property Insurance Corporation to become a take-out company. Insurers will be approved to participate in the depopulation of the Louisiana Citizens Property Insurance Corporation based on the following criteria:

(1) The capacity of the insurer to absorb the policies proposed to be taken out of the corporation and the concentration of risks of those policies. Such capacity may be evidenced by providing to the Louisiana Citizens Property Insurance Corporation a copy of a valid certificate of authority issued by the Department of Insurance to the insurer. An insurer shall not be qualified to participate in the take-out program unless that insurer has at least a B+ rating with A.M. Best, or its equivalent.

(2) An insurer shall have the rates proposed to be charged for the policies being taken out, filed, and approved by the Department of Insurance with an effective date prior to the assumption of policies. The insurer shall provide proof to Louisiana Citizens Property Insurance Corporation that the rates have been approved and are adequate under R.S. 22:1451 et seq.

(3) The rates which are charged by the company submitting a take-out plan must comply with R.S. 22:2303 in the first year that the company charges premiums to the customer. During the second and third years of coverage, the take-out company shall apply to the Department of Insurance for rates which are actuarially justified, but in no case may the rates be greater than those authorized in R.S. 22:2303.

D. The corporation shall submit an insurer's application to participate to the governing board for approval.

E. The board of directors of the Louisiana Citizens Property Insurance Corporation shall develop guidelines for the take-out program which shall be filed with and approved by the Senate Committee on Insurance, the House Committee on Insurance, and the commissioner of insurance.

F. The provisions of this Section shall not be construed to impair the right of any Louisiana Citizens Property Insurance Corporation policyholder, upon receipt of an approved take-out offer, to retain his current producer, so long as that producer is a licensed insurance producer authorized to bind insurance coverage for the FAIR and Coastal Plans, or to retain Louisiana Citizens Property Insurance Corporation as their insurer. This right shall not be canceled, suspended, impeded, abridged, or otherwise compromised by any rule, plan of operation, or depopulation plan.

shall give preference to adjusters and businesses engaged in the business of adjusting claims, who have been domiciled in Louisiana for a period of not less than two years, if the adjusting of such claims is subject to a fee schedule or other fixed fee arrangement. For purposes of reciprocal preference, the provisions of this Section shall apply only to the Louisiana Citizens Property Insurance Corporation.

B. Each service provider for the Louisiana Citizens Property Insurance Corporation shall provide monthly reports to the corporation that include the names of the adjusting companies domiciled in Louisiana for two years whose services are being used as well as the number of claims provided to these companies.

Due to the absence of duly adopted amendments in the enrolled version of Senate Bill No. 183 (enacted as Acts 2007, No. 468), as presented to and signed by the governor, the enacted provisions may be constitutionally infirm.

§ 2316. Underwriting

With respect to contracting with service providers to underwrite insurance policies, the corporation shall give preference to service providers and businesses engaged in the business of underwriting insurance policies, who have underwriters domiciled in Louisiana for a period of not less than two years, if the underwriting of such policies is subject to a fee schedule or other fixed fee arrangement. At the time of issuance or annual renewal of a property insurance policy, each insurer shall include the following with the policy sent to each insured:

(1) Information on the electronic link to the form designated by the Department of Revenue to receive a refund from the state after its payment by the insured pursuant to R.S. 47:6025(A)(3) for the amount of any surcharge, market equalization charge, or other assessment levied by the corporation pursuant to R.S. 22:2307 due to Hurricanes Katrina and Rita.

(2) A statement in fourteen-point or boldface type that any surcharge, market equalization charge, or other assessment levied by the corporation pursuant to R.S. 22:2307 due to Hurricanes Katrina and Rita is refundable.

PART II. FAIR AND COASTAL PLANS

§ 2321. Declaration and purpose

A. Louisiana Insurance Underwriting Plan (Coastal Plan) and Louisiana Joint Reinsurance Plan (FAIR Plan) were re-created and continued by Act 1133 of the 2003 Regular Session of the Louisiana Legislature, now R.S. 22:2291 et seq. That Act, which became effective on August 15, 2003, also created Louisiana Citizens Property Insurance Corporation, and provided that Coastal Plan and FAIR Plan, as successors respectively to the programs established by Act 35 of the 1970 Regular Session of the Louisiana Legislature, and by Act 424 of the 1992 Regular Session of the Louisiana Legislature, shall be available as insurance programs of Louisiana Citizens Property Incorporation beginning January 1, 2004.

B. The Legislature of Louisiana hereby declares that in enacting Act 1133 of the 2003 Regular Session of the Louisiana Legislature, its purpose and intent was, notwithstanding the repeal of R.S. 22:1406.1 through 1406.13 and 1431 through 1445, that from and after August 15, 2003, the effective date of the Act, and through and including December 31, 2003, Louisiana Insurance Underwriting Plan (Coastal Plan) and Louisiana Joint Reinsurance Plan (FAIR Plan) should continue to provide an adequate market for fire insurance with extended coverage and vandalism and malicious mischief and homeowners' coverages as residual market insurance plans pursuant to their respective plan documents setting forth their rules of operation, approved and on file with the commissioner of insurance, and that Louisiana Insurance Underwriting Plan (Coastal Plan) and Louisiana Joint Reinsurance Plan (FAIR Plan) should continue to service those policies issued by them on and prior to December 31, 2003, until all such policies have expired and all claims arising thereunder have been resolved. Because Act 1133 of the 2003 Regular Session of the Louisiana Legislature repealed R.S. 22:1406.1 through 1406.13, and 1431 through 1445, remedial and curative legislation is needed to make statutory provision for the governance and administration of the Louisiana Insurance Underwriting Plan (Coastal Plan) and Louisiana Joint Reinsurance Plan (FAIR Plan), from and after August 15, 2003, and the servicing of residual market property insurance policies issued by the plans on and before December 31, 2003, including servicing of claims arising thereunder and to recognize and declare that those policies issued by Louisiana Insurance Underwriting Plan (Coastal Plan) and Louisiana Joint Reinsurance Plan (FAIR Plan) having inception dates of August 15, 2003, through and including December 31, 2003, are lawful responses to the intent and purposes of the legislature as set forth herein, in former R.S. 22:1431 through 1445, and in Act 1133 of the 2003 Regular Session of the Louisiana Legislature.

C. The legislature further declares that this statute is curative and remedial, is to have retrospective effects to August 15, 2003, should be given broad and liberal interpretation and construction in order to carry out its purposes and intent, and should not be construed as repealing, amending, or modifying Act 1133 of the 2003 Regular Session of the Louisiana Legislature, or the mandate and authority of Louisiana Citizens Property Insurance Corporation to issue or cause to be issued FAIR Plan or Coastal Plan policies beginning January 1, 2004, as programs of Louisiana Citizens Property Insurance Corporation.

Renumbered from R.S. 22:1441 by Acts 2008, No. 415, § 1, eff. Jan. 1, 2009.
Added by Acts 2004, No. 761, § 1, eff. July 6, 2004.

Provided further, that any structure commenced on or after July 29, 1970, not built in substantial compliance with the Standard Building Code, including the design-wind requirements therein, shall not be an insurable risk under the terms of R.S. 22:2321 through 2335. The owner or applicant shall furnish with the application proof in the form of a certificate from a local building inspector, contractor, engineer, or architect that the structure is built in substantial accordance with the Standard Building Code.

§ 2362. Purposes; public purpose

A. Louisiana currently is experiencing a crisis in the availability and affordability of insurance for residential and commercial properties. Louisiana property owners and their insurers sustained catastrophic losses in 2020 and 2021 from hurricanes Laura, Delta, Zeta, and Ida. As the result of their losses and their assessment of the risk of loss from future storms, many insurers have substantially reduced their participation in the voluntary market for residential and commercial property insurance. With fewer insurers in the voluntary market, competitive pressure on premium rates is reduced. Current underwriting practices have resulted in a substantial increase in the number of Louisiana property owners forced to obtain their property insurance coverage or their coverage for wind peril from Louisiana Citizens Property Insurance Corporation, the state insurer of last resort. Increased premiums and

assessments make property insurance coverage unaffordable for some property owners, forcing them to sell or abandon their residential or commercial properties or preventing them from restoring storm-damaged properties, causing some residents to leave or fail to return to the state. The availability of property insurance at reasonable cost is essential to the economy of the state.

Owners cannot invest in and lenders will not finance the construction and ownership of residential and commercial buildings without adequate property insurance protection. The state has a vital interest in fostering the availability of property insurance at reasonable cost.

B. The Insure Louisiana Incentive Program is adopted for the purpose of cooperative economic development and stability in Louisiana by encouraging additional insurers to participate in the voluntary property insurance market to increase the availability of property insurance, increase competitive pressure on insurance rates, and reduce the volume of business written by the Louisiana Citizens Property Insurance Corporation, thereby offering a less expensive alternative to its policyholders and reducing Louisiana Citizens Property Insurance Corporation's exposure to an increased deficit and future assessments.

C. The legislature hereby declares that assuring an adequate and affordable market for insurance for both residential and commercial properties in this state is essential to the economic viability of the state and its citizens, the assurance of an adequate and stable tax base for the state and its political subdivisions, and the health, welfare, and safety of its citizens. Accordingly, the establishment of the Insure Louisiana Incentive Program implemented through public-private partnerships is declared and demonstrated to be an essential public function and public purpose.

The Fund shall also provide for mandatory participation with minimum retention levels by insurers; determine reinsurance premiums on an actuarially indicated basis to prevent regional subsidization."

§ 2363. Cooperative endeavors; grants; regulations

A. The commissioner may implement the essential public purpose of this Chapter through public-private partnerships executed through cooperative endeavors with authorized insurers. Such endeavors may include matching capital fund grants under the provisions of this Chapter.

B. The commissioner may grant matching capital funds to qualified property insurers in accordance with the requirements of this Chapter from the fund. The commissioner shall promulgate rules and regulations in accordance with the Administrative Procedure Act, R.S. 49:950 et seq., governing the application process, award of grants, use of grant funds, reporting requirements, and other regulations to assure compliance with and to carry out the purposes of the program.

The Fund shall also provide for mandatory participation with minimum retention levels by insurers; determine reinsurance premiums on an actuarially indicated basis to prevent regional subsidization."

§ 2364. Implementation; grant limitations

A. The commissioner shall promulgate rules and regulations to implement this program in accordance with the Administrative Procedure Act, R.S. 49:950 et seq.

B. When the program is ready for implementation, the commissioner shall issue a public invitation to insurers to submit grant applications. In the initial applications, the commissioner shall not allocate individual grants of less than two million dollars nor in excess of ten million dollars. In the initial allocation of grants, the commissioner shall allocate twenty percent of the total amount of funds available for grants to domestic insurers.

C. If all monies in the fund are not allocated in response to the first invitation for grant applications, the commissioner may issue a second invitation for grant applications. In the second invitation, the commissioner shall not allocate individual grants of less than two million dollars nor in excess of ten million dollars, but insurers who have been allocated a grant in response to the first invitation may apply for an additional grant up to the ten-million-dollar limit. If all monies in the fund are not allocated in response to the second invitation for grant applications, the commissioner may issue a third invitation for grant applications. In the third invitation, the commissioner shall not allocate individual grants of less than two million dollars nor in excess of ten million dollars, but insurers who have been allocated a grant in response to the first or second invitation may apply for an additional grant up to the ten-million-dollar limit.

D. Once the commissioner has finalized all responses for grant applications authorized under this Chapter, any unexpended and unencumbered monies in the fund and any matching capital fund grant funds that are not earned pursuant to R.S. 22:2370(A) shall revert to the state general fund.

E. The total amount of funds available for this program is the amount appropriated or otherwise made available to the fund by the legislature. If the amount requested in grant applications exceeds the amount of funds available, the commissioner shall have the discretion to prioritize and allocate funds among insurers considered eligible to participate in the program, considering the financial strength of each insurer and the potential for its business plan to improve the availability and affordability of property insurance in this state.

F. Prior to the award of any grant pursuant to the provisions of this Chapter, the grant shall be subject to the review and approval of the Joint Legislative Committee on the Budget. The use of grant funds and unexpended and unencumbered monies pursuant to the provisions of Subsection D of this Section shall not be subject to review and approval of the Joint Legislative Committee on the Budget.

C. Such grants shall be made only as to those policies transferred from an existing dwelling to a new dwelling, provided the risk of catastrophe associated with the new dwelling is the same as or no greater than the level of risk of catastrophe associated with the existing dwelling.

(b) Grants shall also be made under the provisions of this Paragraph to any insurer that was forced to reduce coverage or drop coverage entirely on existing dwellings in order that the insurer maintain its financial stability or solvency. (c) The Commission may establish additional advisory committees as its Bylaws may provide for the carrying out of its functions.

(4) Corporate Records of the Commission.

The Commission shall maintain its corporate books and records in accordance with the Bylaws.

(5) Qualified Immunity, Defense, and Indemnification.

(a) The Members, officers, executive director, employees, and representatives of the Commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities; provided, that nothing in this paragraph shall be construed to protect any such person from suit and/or liability for any damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of that person.

(b) The Commission shall defend any Member, officer, executive director, employee, or representative of the Commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities; provided, that nothing herein shall be construed to prohibit that person from retaining his or her own counsel; and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional or willful and wanton misconduct.

(c) The Commission shall indemnify and hold harmless any Member, officer, executive director, employee, or representative of the Commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities, provided, that the actual or alleged act, error, or omission did not result from the intentional or willful and wanton misconduct of that person.

ARTICLE VI. MEETINGS AND ACTS OF THE COMMISSION

(1) The Commission shall meet and take such actions as are consistent with the provisions of this Compact and the Bylaws.

(2) Each Member of the Commission shall have the right and power to cast a vote to which that Compacting State is entitled and to participate in the business and affairs of the Commission. A Member shall vote in person or by such other means as provided in the Bylaws. The Bylaws may provide for Members' participation in meetings by telephone or other means of communication.

(3) The Commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the Bylaws.

ARTICLE VII. RULES AND OPERATING PROCEDURES; RULEMAKING FUNCTIONS OF THE COMMISSION AND OPTING OUT OF UNIFORM STANDARDS

(1) Rulemaking Authority. The Commission shall promulgate reasonable Rules, including Uniform Standards, and Operating Procedures in order to effectively and efficiently achieve the purposes of this Compact. Notwithstanding the foregoing, in the event the Commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of this Compact, or the powers

granted hereunder, then such an action by the Commission shall be invalid and have no force and effect.

(2) Rulemaking Procedure. Rules and Operating Procedures shall be made pursuant to a rulemaking process that conforms to the Model State Administrative Procedure Act of 1981, as amended, as may be appropriate to the operations of the Commission. Before the Commission adopts a Uniform Standard, the Commission shall give written notice to the relevant state legislative committee(s) in each Compacting State responsible for insurance issues of its intention to adopt the Uniform Standard. The Commission in adopting a Uniform Standard shall consider fully all submitted materials and issue a concise explanation of its decision.

(3) Effective Date and Opt Out of a Uniform Standard. A Uniform Standard shall become effective ninety (90) days after its promulgation by the Commission or such later date as the Commission may determine; provided, however, that a Compacting State may opt out of a Uniform Standard as provided in this Article.

"Opt out" shall be defined as any action by a Compacting State to decline to adopt or participate in a promulgated Uniform Standard. All other Rules and Operating Procedures, and amendments thereto, shall become effective as of the date specified in each Rule, Operating Procedure, or amendment.

(4) Opt Out Procedure. A Compacting State may opt out of a Uniform Standard, either by legislation or regulation duly promulgated by the Insurance Department under the Compacting State's Administrative Procedure Act. If a Compacting State elects to opt out of a Uniform Standard by regulation, it must (a) give written notice to the Commission no later than ten (10) business days after the Uniform Standard is promulgated, or at the time the State becomes a Compacting State and (b) find that the Uniform Standard does not provide reasonable protections to the citizens of the State, given the conditions in the State. The Commissioner shall make specific findings of fact and conclusions of law, based on a preponderance of the evidence, detailing the conditions in the State which warrant a departure from the Uniform Standard and determining that the Uniform Standard would not reasonably protect the citizens of the State. The Commissioner must consider and balance the following factors and find that the conditions in the State and needs of the citizens of the State outweigh: (i) the intent of the legislature to participate in, and the benefits of, an interstate agreement to establish national uniform consumer protections for the Products subject to this Compact; and (ii) the presumption that a Uniform Standard adopted by the Commission provides reasonable protections to consumers of the relevant Product.

Notwithstanding the foregoing, a Compacting State may, at the time of its enactment of this Compact, prospectively opt out of all Uniform Standards involving long-term care insurance products by expressly providing for such opt out in the enacted Compact, and such an opt out shall not be treated as a material variance in the offer or acceptance of any State to participate in this Compact. Such an opt out shall be effective at the time of enactment of this Compact by the Compacting State and shall apply to all existing Uniform Standards involving long-term care insurance products and those subsequently promulgated.

(5) Effect of Opt Out. If a Compacting State elects to opt out of a Uniform Standard, the Uniform Standard shall remain applicable in the Compacting State

electing to opt out until such time the opt out legislation is enacted into law or the regulation opting out becomes effective.

Once the opt out of a Uniform Standard by a Compacting State becomes effective as provided under the laws of that State, the Uniform Standard shall have no further force and effect in that State unless and until the legislation or regulation implementing the opt out is repealed or otherwise becomes ineffective under the laws of the State. If a Compacting State opts out of a Uniform Standard after the Uniform Standard has been made effective in that State, the opt out shall have the same prospective effect as provided under Article XIV for withdrawals.

(6) Stay of Uniform Standard. If a Compacting State has formally initiated the process of opting out of a Uniform Standard by regulation, and, while the regulatory opt out is pending, the Compacting State may petition the Commission, at least fifteen (15) days before the effective date of the Uniform Standard, to stay the effectiveness of the Uniform Standard in that State. The Commission may grant a stay if it determines the regulatory opt out is being pursued in a reasonable manner and there is a likelihood of success. If a stay is granted or extended by the Commission, the stay or extension thereof may postpone the effective date by up to ninety (90) days, unless affirmatively extended by the Commission; provided, a stay may not be permitted to remain in effect for more than one (1) year unless the Compacting State can show extraordinary circumstances which warrant a continuance of the stay, including, but not limited to, the existence of a legal challenge which prevents the Compacting State from opting out. A stay may be terminated by the Commission upon notice that the rulemaking process has been terminated.

(7) Not later than thirty (30) days after a Rule or Operating Procedure is promulgated, any person may file a petition for judicial review of the Rule or Operating Procedure; provided, that the filing of such a petition shall not stay or otherwise prevent the Rule or Operating Procedure from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the Commission consistent with applicable law and shall not find the Rule or Operating Procedure to be unlawful if the Rule or Operating Procedure represents a reasonable exercise of the Commission's authority.

ARTICLE VIII. COMMISSION RECORDS AND ENFORCEMENT

(1) The Commission shall promulgate Rules establishing conditions and procedures for public inspection and copying of its information and official records, except such information and records involving the privacy of individuals and insurers' trade secrets. The Commission may promulgate additional Rules under which it may make available to federal and state agencies, including law enforcement agencies, records and information otherwise exempt from disclosure, and may enter into agreements with such agencies to receive or exchange information or records subject to nondisclosure and confidentiality provisions.

(2) Except as to privileged records, data, and information, the laws of any Compacting State pertaining to confidentiality or nondisclosure shall not relieve any Compacting State Commissioner of the duty to disclose any relevant records, data, or information to the Commission; provided, that disclosure to

the Commission shall not be deemed to waive or otherwise affect any confidentiality requirement; and further provided, that, except as otherwise expressly provided in this Act, the Commission shall not be subject to the Compacting State's laws pertaining to confidentiality and nondisclosure with respect to records, data, and information in its possession. Confidential information of the Commission shall remain confidential after such information is provided to any Commissioner.

(3) The Commission shall monitor Compacting States for compliance with duly adopted Bylaws, Rules, including Uniform Standards, and Operating Procedures. The Commission shall notify any noncomplying Compacting State in writing of its noncompliance with Commission Bylaws, Rules or Operating Procedures. If a noncomplying Compacting State fails to remedy its noncompliance within the time specified in the notice of noncompliance, the Compacting State shall be deemed to be in default as set forth in Article XIV.

(4) The Commissioner of any State in which an Insurer is authorized to do business, or is conducting the business of insurance, shall continue to exercise his or her authority to oversee the market regulation of the activities of the Insurer in accordance with the provisions of the State's law.

The Commissioner's enforcement of compliance with the Compact is governed by the following provisions:

(a) With respect to the Commissioner's market regulation of a Product or Advertisement that is approved or certified to the Commission, the content of the Product or Advertisement shall not constitute a violation of the provisions, standards, or requirements of the Compact except upon a final order of the Commission, issued at the request of a Commissioner after prior notice to the Insurer and an opportunity for hearing before the Commission.

(b) Before a Commissioner may bring an action for violation of any provision, standard, or requirement of the Compact relating to the content of an Advertisement not approved or certified to the Commission, the Commission, or an authorized Commission officer or employee, must authorize the action. However, authorization pursuant to this paragraph does not require notice to the Insurer, opportunity for hearing or disclosure of requests for authorization or records of the Commission's action on such requests.

ARTICLE IX. DISPUTE RESOLUTION

The Commission shall attempt, upon the request of a Member, to resolve any disputes or other issues that are subject to this Compact and which may arise between two or more Compacting States, or between Compacting States and Noncompacting States, and the Commission shall promulgate an Operating Procedure providing for resolution of such disputes.

ARTICLE X. PRODUCT FILING AND APPROVAL

(1) Insurers and Third-Party Filers seeking to have a Product approved by the Commission shall file the Product with, and pay applicable filing fees to, the Commission. Nothing in this Act shall be construed to restrict or otherwise prevent an insurer from filing its Product with the insurance department in any State wherein the insurer is licensed to conduct the business of insurance, and such filing shall be subject to the laws of the States where filed.

(2) The Commission shall establish appropriate filing and review processes and procedures pursuant to Commission Rules and Operating Procedures. Notwithstanding any provision herein to the contrary, the Commission shall promulgate Rules to establish conditions and procedures under which the Commission will provide public access to Product filing information. In establishing such Rules, the Commission shall consider the interests of the public in having access to such information, as well as protection of personal medical and financial information and trade secrets, that may be contained in a Product filing or supporting information.

(3) Any Product approved by the Commission may be sold or otherwise issued in those Compacting States for which the Insurer is legally authorized to do business.

ARTICLE XI. REVIEW OF COMMISSION DECISIONS REGARDING FILINGS

(1) Not later than thirty (30) days after the Commission has given notice of a disapproved Product or Advertisement filed with the Commission, the Insurer or Third Party Filer whose filing was disapproved may appeal the determination to a review panel appointed by the Commission. The Commission shall promulgate Rules to establish procedures for appointing such review panels and provide for notice and hearing. An allegation that the Commission, in disapproving a Product or Advertisement filed with the Commission, acted arbitrarily, capriciously, or in a manner that is an abuse of discretion or otherwise not in accordance with the law, is subject to judicial review in accordance with Article III, Section (4).

(2) The Commission shall have authority to monitor, review, and reconsider Products and Advertisement subsequent to their filing or approval upon a finding that the product does not meet the relevant Uniform Standard. Where appropriate, the Commission may withdraw or modify its approval after proper notice and hearing, subject to the appeal process in Section (1) above.

ARTICLE XII. FINANCE

(1) The Commission shall pay or provide for the payment of the reasonable expenses of its establishment and organization. To fund the cost of its initial operations, the Commission may accept contributions and other forms of funding from the National Association of Insurance Commissioners, Compacting States, and other sources. Contributions and other forms of funding from other sources shall be of such a nature that the independence of the Commission concerning the performance of its duties shall not be compromised.

(2) The Commission shall collect a filing fee from each Insurer and Third Party Filer filing a product with the Commission to cover the cost of the operations and activities of the Commission and its staff in a total amount sufficient to cover the Commission's annual budget.

(3) The Commission's budget for a fiscal year shall not be approved until it has been subject to notice and comment as set forth in Article VII of this Compact.

(4) The Commission shall be exempt from all taxation in and by the Compacting

States.

(5) The Commission shall not pledge the credit of any Compacting State, except by and with the appropriate legal authority of that Compacting State.

(6) The Commission shall keep complete and accurate accounts of all its internal receipts, including grants and donations, and disbursements of all funds under its control. The internal financial accounts of the Commission shall be subject to the accounting procedures established under its Bylaws. The financial accounts and reports including the system of internal controls and procedures of the Commission shall be audited annually by an independent certified public accountant. Upon the determination of the Commission, but no less frequently than every three (3) years, the review of the independent auditor shall include a management and performance audit of the Commission. The Commission shall make an Annual Report to the Governor and legislature of the Compacting States, which shall include a report of the independent audit. The Commission's internal accounts shall not be confidential and such materials may be shared with the Commissioner of any Compacting State upon request provided, however, that any work papers related to any internal or independent audit and any information regarding the privacy of individuals and insurers' proprietary information, including trade secrets, shall remain confidential.

(7) No Compacting State shall have any claim to or ownership of any property held by or vested in the Commission or to any Commission funds held pursuant to the provisions of this Compact.

ARTICLE XIII. COMPACTING STATES, EFFECTIVE DATE, AND AMENDMENT

(1) Any State is eligible to become a Compacting State.

(2) The Compact shall become effective and binding upon legislative enactment of the Compact into law by two Compacting States; provided, the Commission shall become effective for purposes of adopting Uniform Standards for, reviewing, and giving approval or disapproval of, Products filed with the Commission that satisfy applicable Uniform Standards only after twenty-six (26) States are Compacting States or, alternatively, by States representing greater than forty percent (40%) of the premium volume for life insurance, annuity, disability income, and long-term care insurance products, based on records of the NAIC for the prior year. Thereafter, it shall become effective and binding as to any other Compacting State upon enactment of the Compact into law by that State.

(3) Amendments to the Compact may be proposed by the Commission for enactment by the Compacting States. No amendment shall become effective and binding upon the Commission and the Compacting States unless and until all Compacting States enact the amendment into law.

ARTICLE XIV. WITHDRAWAL, DEFAULT, AND TERMINATION

(1) Withdrawal.

(a) Once effective, the Compact shall continue in force and remain binding upon each and every Compacting State; provided, that a Compacting State may withdraw from the Compact ("Withdrawing State") by enacting a statute

specifically repealing the statute which enacted the Compact into law.

(b) The effective date of withdrawal is the effective date of the repealing statute. However, the withdrawal shall not apply to any product filings approved or self-certified, or any Advertisement of such products, on the date the repealing statute becomes effective, except by mutual agreement of the Commission and the Withdrawing State unless the approval is rescinded by the Withdrawing State as provided in Paragraph (e) of this section.

(c) The Commissioner of the Withdrawing State shall immediately notify the Management Committee in writing upon the introduction of legislation repealing this Compact in the Withdrawing State.

(d) The Commission shall notify the other Compacting States of the introduction of such legislation within ten (10) days after its receipt of notice thereof.

(e) The Withdrawing State is responsible for all obligations, duties, and liabilities incurred through the effective date of withdrawal, including any obligations, the performance of which extend beyond the effective date of withdrawal, except to the extent those obligations may have been released or relinquished by mutual agreement of the Commission and the Withdrawing State. The Commission's approval of Products and Advertisement prior to the effective date of withdrawal shall continue to be effective and be given full force and effect in the Withdrawing State, unless formally rescinded by the Withdrawing State in the same manner as provided by the laws of the Withdrawing State for the prospective disapproval of products or advertisement previously approved under state law.

(f) Reinstatement following withdrawal of any Compacting State shall occur upon the effective date of the Withdrawing State reenacting the Compact.

(2) Default.

(a) If the Commission determines that any Compacting State has at any time defaulted ("Defaulting State") in the performance of any of its obligations or responsibilities under this Compact, the Bylaws or duly promulgated Rules or Operating Procedures, then, after notice and hearing as set forth in the Bylaws, all rights, privileges, and benefits conferred by this Compact on the Defaulting State shall be suspended from the effective date of default as fixed by the Commission. The grounds for default include, but are not limited to, failure of a Compacting State to perform its obligations or responsibilities, and any other grounds designated in Commission Rules. The Commission shall immediately notify the Defaulting State in writing of the Defaulting State's suspension pending a cure of the default. The Commission shall stipulate the conditions and the time period within which the Defaulting State must cure its default. If the Defaulting State fails to cure the default within the time period specified by the Commission, the Defaulting State shall be terminated from the Compact and all rights, privileges, and benefits conferred by this Compact shall be terminated from the effective date of termination.

(b) Product approvals by the Commission or product self-certifications, or any Advertisement in connection with such product, that are in force on the effective date of termination shall remain in force in the Defaulting State in the same manner as if the Defaulting State had withdrawn voluntarily pursuant

to Section (1) of this article.

(c) Reinstatement following termination of any Compacting State requires a reenactment of the Compact.

(3) Dissolution of Compact.

(a) The Compact dissolves effective upon the date of the withdrawal or default of the Compacting State which reduces membership in the Compact to one Compacting State.

(b) Upon the dissolution of this Compact, the Compact becomes null and void and shall be of no further force or effect, and the business and affairs of the Commission shall be wound up and any surplus funds shall be distributed in accordance with the Bylaws.

ARTICLE XV. SEVERABILITY AND CONSTRUCTION

(1) The provisions of this Compact shall be severable; and if any phrase, clause, sentence, or provision is deemed unenforceable, the remaining provisions of the Compact shall be enforceable.

(2) The provisions of this Compact shall be liberally construed to effectuate its purposes.

ARTICLE XVI. BINDING EFFECT OF COMPACT AND OTHER LAWS

(1) Other Laws.

(a) Nothing herein prevents the enforcement of any other law of a Compacting State, except as provided in Paragraph (b) of this section.

(b) For any Product approved or certified to the Commission, the Rules, Uniform Standards, and any other requirements of the Commission shall constitute the exclusive provisions applicable to the content, approval, and certification of such Products. For Advertisement that is subject to the Commission's authority, any Rule, Uniform Standard, or other requirement of the Commission which governs the content of the Advertisement shall constitute the exclusive provision that a Commissioner may apply to the content of the Advertisement. Notwithstanding the foregoing, no action taken by the Commission shall abrogate or restrict: (i) the access of any person to state courts; (ii) remedies available under state law related to breach of contract, tort, or other laws not specifically directed to the content of the Product; (iii) state law relating to the construction of insurance contracts; or (iv) the authority of the attorney general of the state, including, but not limited to, maintaining any actions or proceedings, as authorized by law.

(c) All insurance products filed with individual States shall be subject to the laws of those States.

(2) Binding Effect of this Compact.

(a) All lawful actions of the Commission, including all Rules and Operating Procedures promulgated by the Commission, are binding upon the Compacting

States.

(b) All agreements between the Commission and the Compacting States are binding in accordance with their terms.

(c) Upon the request of a party to a conflict over the meaning or interpretation of Commission actions, and upon a majority vote of the Compacting States, the Commission may issue advisory opinions regarding the meaning or interpretation in dispute.

(d) In the event any provision of this Compact exceeds the constitutional limits imposed on the legislature of any Compacting State, the obligations, duties, powers, or jurisdiction sought to be conferred by that provision upon the Commission shall be ineffective as to that Compacting State, and those obligations, duties, powers, or jurisdiction shall remain in the Compacting State and shall be exercised by the agency thereof to which those obligations, duties, powers, or jurisdiction are delegated by law in effect at the time this Compact becomes effective.

Further, the notice shall inform the covered person that an expedited external review pursuant to R.S. 22:2438 is available if the adverse determination involves a denial of coverage based on a determination that the recommended or requested health care service or treatment is experimental or investigational and the covered person's treating physician certifies in writing that any delay in appealing the adverse determination may pose an imminent threat to the covered person's health, including but not limited to severe pain, potential loss of life, limb, or major bodily function, or the immediate deterioration of the health of the covered person. The notice shall also inform the covered person or his authorized representative that he may simultaneously file a request for an expedited review of a grievance involving an adverse determination as provided pursuant to R.S. 22:2401, but that the independent review organization assigned to conduct the expedited external review will determine whether the covered person shall be required to complete the expedited review of the grievance prior to conducting the expedited external review.

A health insurance issuer shall not use or disclose protected health information for any purpose other than in the performance of the health insurance issuer's

§ 2435. Exhaustion of internal claims and appeals process

A. (1) Except as provided in Subsection B of this Section, a request for an external review pursuant to R.S. 22:2436 through 2438 shall not be made until the covered person has exhausted the health insurance issuer's internal claims and appeals process provided pursuant to R.S. 22:2401.

(2) In addition, a covered person shall be considered to have exhausted the health insurance issuer's internal claims and appeals process for purposes of this Section, if both of the following conditions are met:

(a) The covered person or his authorized representative, if applicable, has filed a grievance involving an adverse determination as provided pursuant to R.S. 22:2401.

(b) Except to the extent the covered person or his authorized representative has requested or agreed to a delay, the covered person or his authorized representative has not received a written decision on the grievance from the health insurance issuer within thirty days following the date that the covered person or his authorized representative filed the grievance with the health insurance issuer.

(3) Notwithstanding Paragraph (2) of this Subsection, a covered person or his authorized representative may not make a request for an external review of an adverse determination involving a retrospective review determination made pursuant to R.S. 22:2401 until the covered person has exhausted the health insurance issuer's internal claims and appeals process.

B. (1)(a) At the same time that a covered person or his authorized representative files a request for an expedited review of a grievance involving an adverse determination as provided pursuant to R.S. 22:2401, the covered person or his authorized representative may file a request for an expedited external review of the adverse determination for either of the following:

(i) Pursuant to R.S. 22:2437, if the covered person has a medical condition in which the time frame for completion of an expedited review of the grievance involving an adverse determination made pursuant to R.S. 22:2401 would seriously jeopardize the life or health of the covered person or would jeopardize the covered person's ability to regain maximum function.

(ii) Pursuant to R.S. 22:2438, if the adverse determination involves a denial of coverage based on a determination that the recommended or requested health care service or treatment is experimental or investigational and the covered person's treating physician certifies in writing that any delay in appealing the adverse determination may pose an imminent threat to the covered person's health, including but not limited to severe pain, potential loss of life, limb, or major bodily function, or the immediate deterioration of the health of the covered person.

(b) Upon receipt of a request for an expedited external review under Subparagraph (a) of this Paragraph, the independent review organization conducting the external review in accordance with the provisions of R.S. 22:2437 or 2438 shall determine whether the covered person shall be required to complete the expedited grievance review process as provided pursuant to R. S. 22:2401 before it conducts the expedited external review.

(c) Upon a determination made pursuant to Subparagraph (b) of this Paragraph that the covered person must first complete the expedited grievance review process as provided pursuant to R.S. 22:2401, the independent review organization shall immediately notify the covered person and, if applicable, his authorized representative of this determination and that the independent review organization will not proceed with the expedited external review provided for by R.S. 22:2437 or 2438 until completion of the expedited grievance review process if the covered person's grievance at the completion of the expedited grievance review process remains unresolved.

(2) A request for an external review of an adverse determination may be made before the covered person has exhausted the health insurance issuer's internal grievance procedures as provided pursuant to R.S. 22:2401 whenever the health insurance issuer agrees to waive the exhaustion requirement.

(3) A request for an external review of an adverse determination may be made before the covered person has exhausted the health insurance issuer's internal grievance procedures as provided pursuant to R.S. 22:2401 whenever the health insurance issuer fails to adhere to requirements pursuant to R.S. 22:2401. Notwithstanding the provisions of this Paragraph, the internal claims and appeals process will not be deemed exhausted based on de minimis violations that do not cause, and are not likely to cause, prejudice or harm to the claimant so long as the health insurance issuer demonstrates that the violation was for good cause or due to matters beyond the control of the health insurance issuer and that the violation occurred in the context of an ongoing, good faith exchange of information between the health insurance issuer and the claimant. This exception shall not be available if the violation is part of a pattern or practice of violations by the health insurance issuer.

C. If the requirement to exhaust the health insurance issuer's internal grievance procedures is waived under Paragraph (B)(2) of this Section, the

covered person or his authorized representative may file a request in writing for a standard external review as provided for by R.S. 22:2436 or 2438.

CHAPTER 22. HURRICANE PROPERTY INSURANCE CLAIM ALTERNATE DISPUTE RESOLUTION PROGRAM

Change of Heading

Pursuant to the statutory revision authority of the Louisiana State Law Institute, in 2022, the Chapter heading was amended by deleting "The" prior to "Hurricane".

§ 2651. Short title

This Chapter shall be known as the "Hurricane Mediation Program", hereinafter referred to as the "program".

Added by Acts 2022, No. 591, § 1, eff. Jan. 1, 2023.

§ 2652. Purposes; public purpose

A. The purpose of this Chapter is to provide a nonadversarial alternative dispute resolution procedure that is prompted by the need for effective, fair, and timely handling of residential property insurance claims for residential properties that are damaged by a hurricane. In the wake of the property devastation caused in 2005 from hurricanes Katrina and Rita, the Louisiana Department of Insurance, hereinafter referred to as the "department", issued Emergency Rule 22, that established a mandatory mediation program. The mediations conducted pursuant to Emergency Rule 22 resulted in the mediation of approximately twelve thousand property damage disputes with a very high success rate. Due to the success of this mediation program, the department issued Bulletin 2021-08 that implemented the "Hurricane Ida Mediation Program". The mediation program was implemented to give property owners a way to settle insurance claims in a timely manner and a low-cost way to resolve a property insurance claim. Giving citizens an alternate way to resolve residential property insurance disputes and assisting citizens in the repair of their property in a timely manner and at a lower cost is a valid public purpose in the best interest of the citizens.

B. The Louisiana Legislature finds that the program is a valid public purpose providing the citizens of this state an alternate resolution dispute program to assist in resolving residential property insurance claims in a timely manner and at a lower cost.

Added by Acts 2022, No. 591, § 1, eff. Jan. 1, 2023.

§ 2653. Conditions to request mediation

Every insured may request mediation involving a residential property insurance claim for property damage that involves disputed amounts up to one hundred fifty thousand dollars in situations that the governor declares a state of emergency pursuant to R.S. 29:724 for a named windstorm event, and the insured has a claim for damage to property located within the geographic area that is the subject of the declared state of emergency.

B. If the insured decides to mediate a damage dispute through this program, the insured shall contact one of the participating mediation firms listed on the department's website.

C. An insured and insurer may agree to mediate and be subject to the provisions of this Chapter any claim for residential property damage that involves disputed amounts in excess of one hundred fifty thousand dollars, and the property is located within the geographic area that is subject to the declared state of emergency.

- (10) The mediation session may last up to ninety minutes of actual mediation with the insurer and the insured. The ninety minutes shall not include time spent on telephone calls, document review, research, or any other administrative tasks that the mediator may find necessary to prepare for the mediation.
