Due Date – Annual Filings, Quarterly Filings

March 1, 2024 is the due date for filing annual tax forms and paying related premium taxes and filing fees. Quarterly Prepayments (Form 1071) are due April 15, 2024, July 15, 2024 and October 15, 2024.

Postmark Dates

The Form 1061 and Form 1076 must be filed online. For other tax forms and payments by checks, United States Postal Service postmarks are accepted to satisfy premium tax filing deadlines. If a carrier other than the U. S. Postal Service is used, the filing must be received by the Louisiana Department of Insurance no more than one day after the due date to avoid the assessment of a penalty. Electronic fund transfers must be posted to the Louisiana Department of Insurance – Revenue Account #7900406317 at JPMorgan Chase, National Association bank by March 1, 2024.

Tax and Filing Fee Payments:

Payments can be made online, by check or via EFT. Premium tax and financial regulation fee payments for a company may be combined into a single check and should be accompanied by the payer's tax payment coupon to ensure proper allocation by this Department. If a combined payment is issued and not accompanied by some type of backup, the Louisiana Department of Insurance does not take responsibility for improper allocation. Checks are to be made payable to Commissioner of Insurance, State of Louisiana.

If payments are made via EFT, separate transactions are not longer required for tax and fee payments. All payments must include the NAIC number and full name of the company to which the payment is to be credited. **Do not** consolidate payments into a single group payment for group members.

Minimum Premium Tax:

Life, Accident and Health Company	\$140.00
Property and Casualty Company	\$185.00
Property and Casualty Company -- (with Accident & Health authorization on your Louisiana C of A)	\$325.00

Annual Filing Fee now the Annual Financial Regulation Fee:

The annual filing fee (formerly \$100.00 or \$250.00 for HMOs) has been replaced by the annual financial regulation fee of \$1,000.00 for all admitted insurers including HMOs. See Act 191, Louisiana 2007 Regular Session. Risk retention groups are not required to pay the \$1,000 financial regulation fee.
