### Account Administrator Search

To search for a licensee, begin typing into the search bar. The search bar will automatically fill in possible results for your search. You can perform a search by typing the licensee's name, NAIC ID, NPN, or License Number. If you are searching for an individual, please begin by typing the last name, a comma and then the first name. Click the desired licensee once it appears to view the Industry Access Account Administrator (IAAA). The IAAA is responsible for approving requests for module access.

Effective in the 2018 3rd Quarter, Louisiana is now requiring that surplus lines policies that are exempt from taxation be reported by policy by uploading a spreadsheet with the exempt information to the quarterly filing of Form 1265 and/or 1265 A. A spreadsheet template is available with the correct format to use. Producers must report all Louisiana policies written that are exempt from surplus lines tax for any reason including:

- Excess insurance obtained by an interlocal risk management agency (La. R.S. 22:439 C)
- A college, university, school, institution or program under the management of a Louisiana system board of supervisors (La. R.S. 22:439 D (1))
- A political subdivision having a population of not less than 350,000 persons according to the latest federal decennial census (La. R.S. 22:439 D (2))
- An agency of Louisiana as defined by La. R.S. 39.2
- Ocean marine and foreign trade coverages outside of Louisiana or Louisiana waters (La. R.S. 22:443 A(1))
- Insurance on property or operation of railroads engaged in interstate commerce (La. R.S.22:443 A(2))
- Insurance of aircraft owned or operated by manufacturers of aircraft or of aircraft operated in scheduled interstate flight, or cargo of such aircraft ... (La. R.S.22:443 A(3))

Effective beginning with the 4th Quarter of 2015, the Louisiana surplus line tax rate is 4.85%, a decrease from the previous 5%. This tax is applied to the entire surplus lines policy premium and taxable fees where Louisiana is the home state. This includes the portion of risks that are located outside of the State of Louisiana.

The Form 1265 for the 4th Quarter now includes an annual certification that must be completed by all licensed surplus lines producers whether business was transacted or not. Each producer must check a box stating either that no business was done in the stated year, or that business was transacted during the year and was properly reported. If there is no business transacted in the 1st, 2nd or 3rd quarters, "zero" filings are no longer required.
